Car Carrier

Location:

Winchester, Virginia

Description:

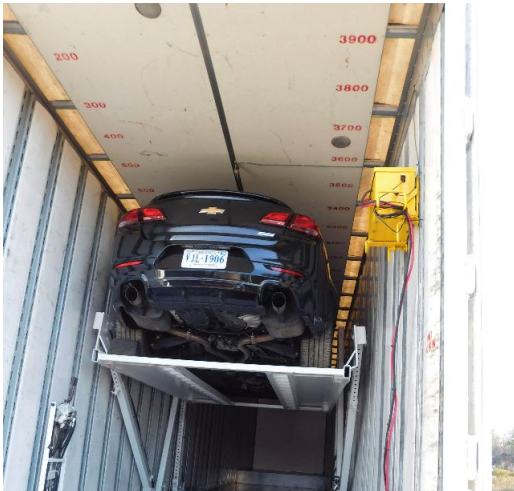

Bring YOUR empty, 53' drop frame, electronics trailer van to VA and you leave with an ENCLOSED CAR HAULER. Receive brand NEW hydraulics for your car hauling. Self-contained, hydraulics and power. Unitized modular equipment can be easily slid into trailers. We can also help you find an empty trailer to use. The proprietary designed, hydraulic upper decks go down flat to the van floor or raise or pivot on any angle. Various configurations and options to haul trailer loads of vehicles. Choices include: Modules also having lower level wheel tracking OR "Open Bottom" modules (TIRES of bottom vehicles park DIRECTLY on van floor). (See Photos). "Removable Adjustable Decks/Auto Transport Modules " (R) car hauling equipment. Shop is located by I-81 in Winchester, VA. Serious Inquires. Call us. Also see RAD Auto Transport Modules Facebook for more info. LIKE us on Facebook. Thank you.
