Join the Revolution! All aluminum construction, StirLITE® floor, RASR siderail...This trailer is built like no other! Built on a solid foundation. The robust design features the strongest mainbeam in the industry backed by the Fontaine XtremeBeam Limited Lifetime Warranty. Plus, there are no exposed crossmembers to collect debris. So you never need to crawl under the trailer to knock off the heavy mud, snow or ice to meet weight requirements. Say goodbye to traditional crossmembers. The supports are built into the StirLITE® floor and joined together by friction stir welding. This unitized floor design means more strength at less weight. StirLITE® Aluminum Floor - The patented floor design is made possible by proven technology borrowed from the aerospace industry—StirLITE® friction stir welding.
