

## IMPORTANT INFORMATION PLEASE READ

We appreciate you considering our camp. Bible camp has been a positive influence for our youth for 40+ years. A number of youth have come to know Jesus, rededicate their lives, and answer the call to Christian ministry during this week. Bible camp has God's blessings on it as we have been able to reach youth throughout the area.

We carefully select the staff/counselors who work at camp. Our staff/counselors are members in good standing with our local churches and are recommended by their pastors. Due diligence is paid by having background checks performed for all of our staff members. They pay their way to camp as well as attend training to work with our youth for the week.

### **The following are guidelines for Bible Camp:**

Camp fees will be nonrefundable after the deadline for camp registration (July 5<sup>th</sup>, 2018)

If staff/campers camp fee is being paid by a church the registration forms are to be processed through the church who will then deliver them to the Baptist Center. The church must confirm they will be paying for the staff/campers.

Campers are not allowed to have cell phones, I-pads at camp. If campers need to call out they are to go through their counselors or another member of the staff. In case of an emergency the staff will contact the parents/guardians. *Parents are welcome to contact the staff any time during the week to check on their camper.* The following are contact numbers for the key individuals at camp
