

Policy for Worship Team Membership
Revised Statement 01/2016

Members of the Musical Worship Team at Mountain View EF Church must be professing Christians whose lifestyle accords with biblical, historic norms for Christian living (see Jas. 3:9-12 for supporting principles). They need to commit to participating a minimum of one Sunday per month, and spiritually preparing and rehearsing one Thursday evening per month. In leading worship from the platform, music team members should have a modest, clean appearance, one that is appropriate for our church gatherings. (The phrase "business casual" can serve as a helpful guide.)

A person does not need to be a member of Mountain View in order to become a member of the worship ministry, but will normally be someone who attends regularly. Members shall agree to submit to the leadership of Mountain View Church.

Assimilation times for new members may vary according to references and background. Generally a prospective member will have met with the Worship Pastor and/or participated in a Thursday evening worship team gathering for three times.

This statement should not be viewed as exhaustive or comprehensive. Special requests concerning membership may be submitted to the Worship Leadership Team.

I have read the above policy and accept it as the governing standard for being a regular member of the music ministry of Mountain View Evangelical Free Church.
