

## Books of the Bible with Magnets

### Instructions:

- Procure a cookie sheet - look for them at the Dollar Store. Print out the books of the Old Testament, New Testament or just a division.
- Print out a duplicate guide sheet, and create corresponding Bible cards. Place magnets on the back (see attached for a template). Option: Laminate for longevity!
- This is a great activity for children to work on by themselves or with a friend. Consider providing an instruction card like this.
