

Learning the Books of the Bible

Flip Book

Instructions:

- Purchase small notebook with enough pages to write all the books of the Old Testament of the New Testament. This one has a foam cover, and was found at the Dollar Store. Wire bound index cards are another good option
- Write the name of the books of the Bible on each page in order. Option: print the books out on labels and place on pages.
- This is a great activity for a child to test him/herself!
