

Kid's Matter Here!!!

2018 Kid's Ministry Initiatives

In October, our national partner, Lifeway Church Resources, unveiled some new research to answer the question: "What can a parent do to most highly influence their children to become spiritually healthy adults?"

Lifeway Research took a sample of 2000 Protestant adults who have finished the parenting journey with one or more kids ages 18-30. The parents did not have to be perfect, they simply had to attend church once a month or more.

The top five (5) findings that really influence kid's spiritual health were revealed.

1. The child regularly reads his/her Bible
2. The child regularly spends time in prayer
3. The child regularly served in church
4. The child listens to primarily Christian music
5. The child participates in church mission trips and projects

A book detailing the study: "Nothing Less: Engaging Kids in a Lifetime of Faith" by Jana Magruder.

In an effort to partner with local churches to address these findings, we would like to invite you to join us in engaging these four (4) initiatives in 2018:

1. Make sure every child in your church has their own Bible.
2. Encourage kids to read the book of Mark.
3. Help kids to learn the 66 books of the Bible
4. Invite kids to memorize 10 scriptures.

How will we partner with you.

1. We will provide you with a reading plan to help your kids systematically read through the book of Mark during 2018.
2. We will provide you with 12 (once a month) different Bible skill games/activities that you can use to help your kids learn the 66 books of the Bible.
3. Identify 10 scriptures that are age appropriate for your kids to learn in the coming year. We will provide you with 10 scripture cards that you can download and copy for your kids.

Will you
join us?
