A father's impact on the faith and practice of their children is huge.

According to recent studies:

- * When both parents attend Sunday school in addition to the Sunday service, 72% of their children attend Sunday school when grown.
- * When only the father attends Sunday school, 55% of the children attend when grown.
- * When only the mother attends Sunday school, 15% of the children attend when grown.
- * When neither parent attends Sunday school, only 6% of the children attend when grown.
- * When the father is first to become a Christian, there is a 93% probability everyone else in the household will follow.
