

Welcome to Uber for Business

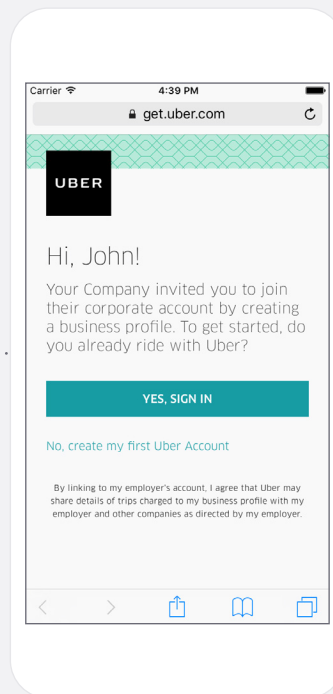

You will soon receive an invitation from Uber for Business to your work inbox. Click the link in the email and follow the steps to start riding on your company's account.

Getting set up is easy

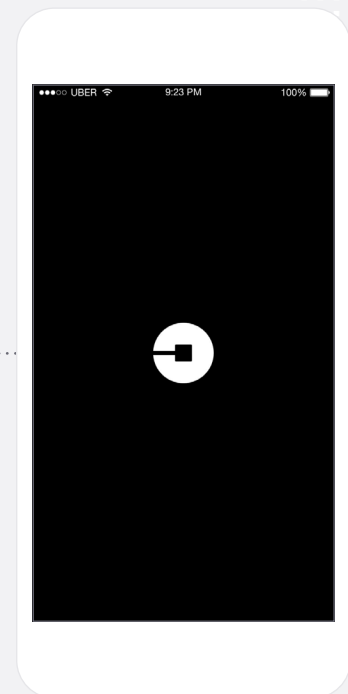

Click "Get Started"

Existing riders:
Sign in to your account

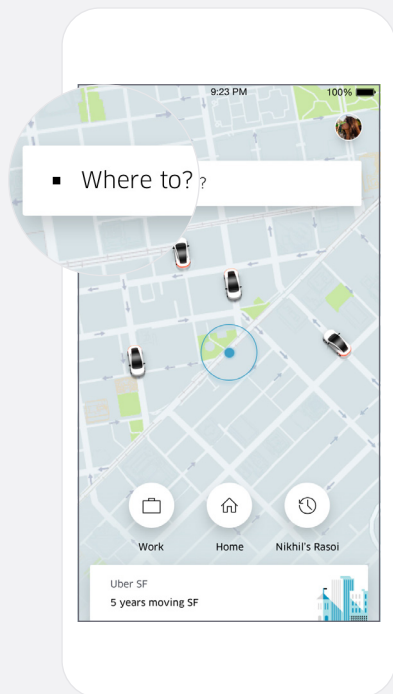

New riders:
Register an account by selecting "No, create my first Uber Account"

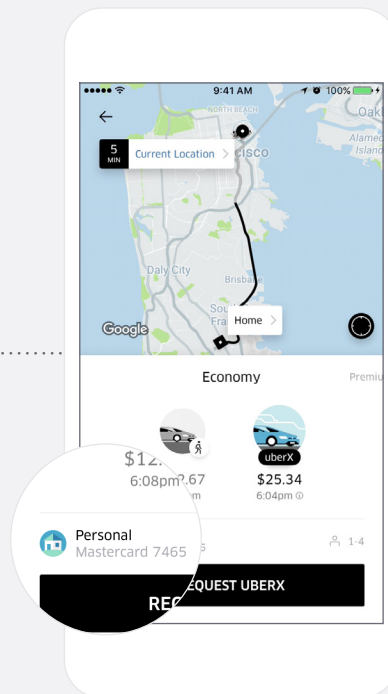

Download or launch your Uber app

When you're ready to ride

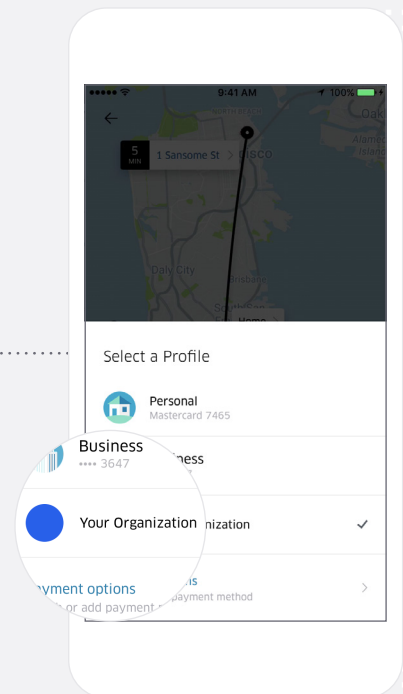

Seamlessly switch between personal and business mode within the Uber app, and directly bill rides to your company's account. Your personal trips will **never** be shared with your company.

Enter your destination

Tap on the profile switcher

Switch to your company's profile
