Clinical Laboratory Test Update

Acetaminophen Blood

Effective 2/17/17, Acetaminophen testing will be sent to Children’s Hospital Colorado due to a manufacturer supply problem expected to last through July 2017. Test results may be delayed 1.5 – 2 hours during this service interruption. When a new supply of reagent is secured, on-site testing will resume.

Please call Dr. Gregary Bocsi, DO at 720-848-7050 if you have any questions or visit our website at https://www.uchealth.org/professionals/uch-clinical-laboratory/ for additional information.
