This is a transformational moment for our campus and San Diego. The journey that began for us years ago has brought us to this destination. By every metric we are prepared, not just to compete, but to excel.

- UC San Diego Chancellor Dr. Pradeep Khosla
At UC San Diego, we boldly pursue excellence in all that we do.

In just 60 years, the University has become an internationally renowned Center of Excellence and recognized as one of the top 20 universities worldwide. To maintain and enhance this elite status, UC San Diego must seek continuous improvement in a demanding, highly-competitive environment. Through an extensive campus-wide strategic plan, initiatives to improve the campus environment, raise the University’s profile, create a unified brand, and fulfill an ambitious capital campaign are underway.

UC San Diego Athletics is uniquely positioned to play a major role in helping the University realize these goals. Our vision for a vibrant athletics program elevates the UC San Diego student experience, strengthens alumni connection to the University, amplifies community engagement, and builds the UC San Diego national brand. As we ascend to NCAA Division I status, our program will continue to enhance the University in these ways while developing scholar-athletes of uncompromising character who make a positive impact in a complex and ever-changing world.
Guided and inspired by the University’s Mission and Vision, the UC San Diego Strategic Plan for Athletics is a result of a comprehensive and collaborative undertaking, actively engaging strategic campus partners and select community members. All told, more than 160 committee participants from campus and the community, across 30 distinct UC San Diego campus entities, were involved in the development of the strategic plan. To facilitate the process, UC San Diego commissioned the services of The PICTOR Group, a consulting firm specializing in intercollegiate athletics, with experience in strategic visioning and planning and over 120 years of collegiate athletics leadership among the four senior partners.

Following an extensive strategic review in 2018-19, a clear path was set for the future of UC San Diego Athletics through its reclassification to full NCAA Division I membership in 2024. UC San Diego Athletics will aggressively pursue new and innovative ways to achieve conference-leading excellence, establishing bold goals for competitive success while sustaining high academic and ethical standards. We are committed to telling the story of UC San Diego through regional, national and global exposure while fostering the holistic development of each scholar-athlete to enable them to thrive within our community and the world.

We want to express our gratitude to all members of the UC San Diego community who, during the NAIA, NCAA Division III and Division II eras, have contributed to our Proud Tradition of Academic and Athletic Excellence. With 30 national team championships, nearly 150 individual titles and the top scholar-athlete graduation rate among Division II institutions, UC San Diego Athletics has set the standard for the ideal scholar-athlete experience.

As the program continues to evolve and grow in conjunction with the evolution and growth of the overall University, we recognize that we have undertaken an ambitious path and have an exciting and challenging journey ahead of us. Our efforts to shape the future of UC San Diego Athletics would not be possible without the talents, passion and excellence of our students, faculty, staff, alumni and community. This has been evident throughout every step of the process, from initial discussions of the development and role of Athletics at UC San Diego, through the strategic planning and envisioning of the campus participating at the highest levels in all endeavors.

The exponential growth of UC San Diego in recent decades has positioned the University as a worldwide leader in research and innovation. Concurrently, we are ready to boldly transition into the Big West Conference and Division I as a unifying source of pride for campus and Tritons around the globe. While honoring our tradition of excellence and past success, the UC San Diego Strategic Plan for Athletics ensures we have a thoughtful road map and detailed plan to lead us forward into this exciting new era.
