Becoming Retirement Ready! is taught by professionals and volunteers from:

UD Cooperative Extension

Comments from previous participants:

"I think the course was well rounded and covered the important things we should think about as we retire."

"The most helpful thing I learned is that investment and planning don't stop after you retire. Especially if you retire early, you need to make your money work for you in retirement."

"I am only 50 years old... so I'm just beginning to seriously think about retirement. The Becoming Retirement Ready course has given me a good start. I appreciated all the information; I know I will refer to it often in the future. I also appreciated all of the reference links you provided. The idea that I might live 20 to 30 years after retirement was a real thought provoker!"
