Families and Wellness

- **1/22 - Sparking Kids’ Curiosity** – This lesson helps you understand why children’s curiosity is an important part of their learning. Learn how your environment and supportive materials are an opportunity to expand on the interest and curiosity of children. This lesson also highlights the value in asking open ended questions to further encourage children’s thinking skills. 6:30-8:30 p.m. NCC Cooperative Extension. Cost: $17.

- **Who Gets Grandma’s Yellow Pie Plate™** is all about transferring non-titled personal property. Every family member must divide and distribute family treasures when parents or others move, remarry or die. Personal property includes personal belongings such as photographs, furniture, baseball gloves or yellow pie plates. This program will help participants identify the factors that family members should consider when making these tough choices. Registration required for each location. Free.
  - **Wednesday January 16**, 12:00 - 1:30 pm, Location: Claymont Community Center
  - **Thursday January 24**, 6:30 – 8:30 pm, Location: New Castle County Cooperative Extension Office

- **Interested in Becoming a Master Food Educator?** - The 2013 Master Food Educator Training is scheduled to be held on Tuesdays and Thursdays, January through March 2013, from 9:30 a.m. to 12:30 p.m. Training is held at NCC Cooperative Extension Office on the UD Campus. More information and application are available at: [http://extension.udel.edu/fcs/master-food-educator-volunteer-program/](http://extension.udel.edu/fcs/master-food-educator-volunteer-program/) or call 302-831-2506.

Gardening

- **1/29 - Grow Your Own Spring Salad** - Start to grow your spring salad by mid-March. Grow salad vegetables including leaf lettuce, radishes, spinach, beets and others, in an environmentally sustainable way using techniques such as integrated pest management and building soil health by making and using compost. 7:00 pm to 9:00 pm. NCC Cooperative Extension. Cost $20.

- **2/7 - Prepare Your Landscape for Spring** - Are you prepared for Spring? Frank and Rob will help take the guess work out of your Spring to-do list, and discuss topics such as landscape clean-up, plant pruning, insect and disease monitoring and control, early vegetable and ornamental plantings, and lawn maintenance. 7:00 pm to 9:00 pm. NCC Cooperative Extension. Cost: $20.

- **Interested in Becoming a New Castle County Master Gardener?** The 2013 NCC Master Gardener Training Program is scheduled for Tuesdays and Thursdays, March through May 2013, from 9:30 a.m. to 12:30 p.m. Training is held at NCC Cooperative Extension Office on the UD campus. Applications are available at: [http://extension.udel.edu/lawngarden/master-gardener-volunteer-educators/become-a-master-gardener/](http://extension.udel.edu/lawngarden/master-gardener-volunteer-educators/become-a-master-gardener/), or, contact Carrie Murphy at 302-831-2506.
