

HAPPY HORMONES!

Hormones are the body's chemical messengers that tell our cells, glands and organs what to do and when to do it. As we begin to age, hormone production begins to dramatically drop causing hormone imbalances that can have a profound effect on physiological and emotional well-being in areas including sleep quality, food cravings, libido, mood, and so much more.

Evolv Balance™ contains standardized levels of the most scientifically validated natural molecules for supporting the body's ability to cope with this phenomenon, with benefits to both men and women. The key ingredient in this formula is Diosgenin, a phytohormone from the wild yam whose chemical structure is so close to human-made estrogens and androgens (including testosterone) that it can mimic the benefits of these hormones without the risks associated with many hormonal therapies. The result: Happy Wife, Happy Life! (News flash, guys, men have hormones, too!)

REAL PEOPLE, REAL RESULTS

"The value of the endocrine product was beyond measure to me! Balance is a MUST to support hormonal health."

Penny P.

ACEMANNAN'S SYNERGISTIC IMPACT

While the active ingredients in Evolv Fuel have their own validated health benefits, it is the synergistic effect of combining them with Evolv Immūn (our proprietary Acemannan Aloe vera extract) that helps achieve such phenomenal "2 + 2 = 8" results.

ēvolv₂™ balance

Evolv Balance can support our Customers & Partners with goals involving improved nutrition and healthier living. Every Reboot and product purchased also helps to nourish children in need through our Buy 1, Nourish 2™ giving initiative. For details, visit evolvhealth.com/hopemovement.

SUGGESTED USE

Men and women, take 2 capsules twice daily.

OTHER INGREDIENTS:

Vegetable capsule,
Stabilized rice bran.

Supplement Facts

Serving Size 2 Capsules
Servings per Container 56 (112 capsules)

	Amount Per Serving	% Daily Value*
Proprietary Blend	890 mg	**
Wild Yam Extract (<i>Dioscorea oppositifolia</i> , Root: [16%] Diosgenin), L-Lysine (as L-Lysine HCL), Glycine, L-Arginine, Red Sage (<i>Salvia miltiorrhiza</i> , Root), Phytosterols (with Beta-Sitosterol).		
Evolv Immūn™ (Acemannan Aloe vera extract)	10 mg	**

ADDITIONAL INFORMATION

DIOSGENIN — NATURE'S MOST POWERFUL NON-TOXIC HORMONE SOLUTION

Research on standardized Diosgenin (found naturally in wild yam) shows a broad spectrum of health benefits. Studies have shown that Diosgenin can help support the body's defense functions against*:

- Hormonal imbalances
- High blood pressure
- High blood sugar levels
- Stress
- Ongoing inflammation
- Adrenal fatigue
- Thinning hair
- Osteoporosis
- Unexpected weight gain
- Cancer cell proliferation in hormone-related conditions
- Declining libido

WHAT ARE PHYTOHORMONES, AND WHY ARE THEY BETTER THAN OTHER TYPES?

Traditional hormone replacement drugs are made from the urine of pregnant horses or synthetic sources. Bioidentical hormones are different in that they are converted from plant estrogens in a pharmaceutical lab or compounding pharmacy, and are chemically identical to those our bodies make. Supporters of bioidentical hormones believe they are safer due to their "natural" sourcing. But most experts believe that the risks of both are similar: Overriding the body's normal hormonal production, regardless of the source, has shown to increase the risks of blood clots, stroke, glandular disease, heart disease and cancer.

Phytohormones do not convert to estrogen in the body, but because of their close chemical structures, they can provide a broad spectrum of health benefits without assuming the risks of Hormone Replacement Therapies.
