Poultry Processing Consent Form

Underground Slaughter LLC
6821 Franks Ferry Rd
Walling TN 38587
(931) 330-MEAT (6328)

Please read through the following and initial each line.

_____ You are required to remove the feed from your birds the evening before slaughter, at least 15 hours before the birds arrive at our facility. Crops that are full will have \$0.75/Bird fee added. They can also contaminate the carcass and bird could be condemned.

_____ Birds need to arrive at our facility crated, not loose. Poultry crates are ideal. No cardboard boxes. Please be mindful how you catch your birds, grabbing them by the wings can lead to bruising and broken bones. Contact the facility ahead of time if you have concerns or questions about this.

_____ Underground Slaughter, LLC. is not responsible for chicken cages.
Cages Not picked up within 14 days will be donated.

_____ Processing starts at 6:30am. Pick up starts at 3:00pm on the same day unless other arrangements are made. If birds are not picked up they will be donated.

_____ Our USDA inspector reviews each carcass and their organs. If the inspector identifies pathological disorders or disease, those organs and or carcass will be condemned. We do not offer refunds for condemned birds. If wings are bruised or broken they will be removed during processing. If there is questionable meat on a carcass it will be trimmed. Underground Slaughter, LLC. is not responsible for these losses as it is mandated by the USDA.

_____ Antibiotic residue is not acceptable under USDA regulation. If you have given your birds antibiotics you are required to allow for a grace period for the antibiotics to leave your birds system. You must notify Underground Slaughter, LLC. at the time you make your appointment of any antibiotics administered so an acceptable grace period can be established and agreed upon.

_____ Birds will be packaged whole and no organs will be saved unless specified on the Poultry Cutting Instructions.

_____ USDA requires that retail establishments apply labeling. You may sell unlabeled items to butcher shops, grocery stores, restaurants, etc., ONLY if the container (bag, box) has the USDA label on the outside. If you are unclear about where you will be selling, birds will come individually labeled.

_____ I acknowledge and agree that the finished product returned to me immediately after packaging is my responsibility as far as maintaining temperatures in accordance with CFR 381.66(B), unless other arrangements have been made ahead of time.
