About us :

- Established in 1987
- Head quarter based in Taiwan
- Manufacturing in China

Ultmost is a typical vertical integrated manufacturing entity. It engages all production works including R&D, Engineering, Plastic/Metal Molding, Plastic Injection, Pressing/Punching, Wire Bonding, SMT, Optical(such as glass cutting/grinding/polishing, and coating for PBS production), Printing, Spray Painting, and Assembly in its own plant.

- Expertise: consumer electronic products design / producing
- Products range: Speech-Featured Electronic Gadgets, Digital-Voice-Recording Gizmos, Digital Photo Frames/Albums, Audio/Video Home Entertainment Equipment, Projectors, Projection TV, Interactive White-Board Computer TV, & Splicing TV Wall.

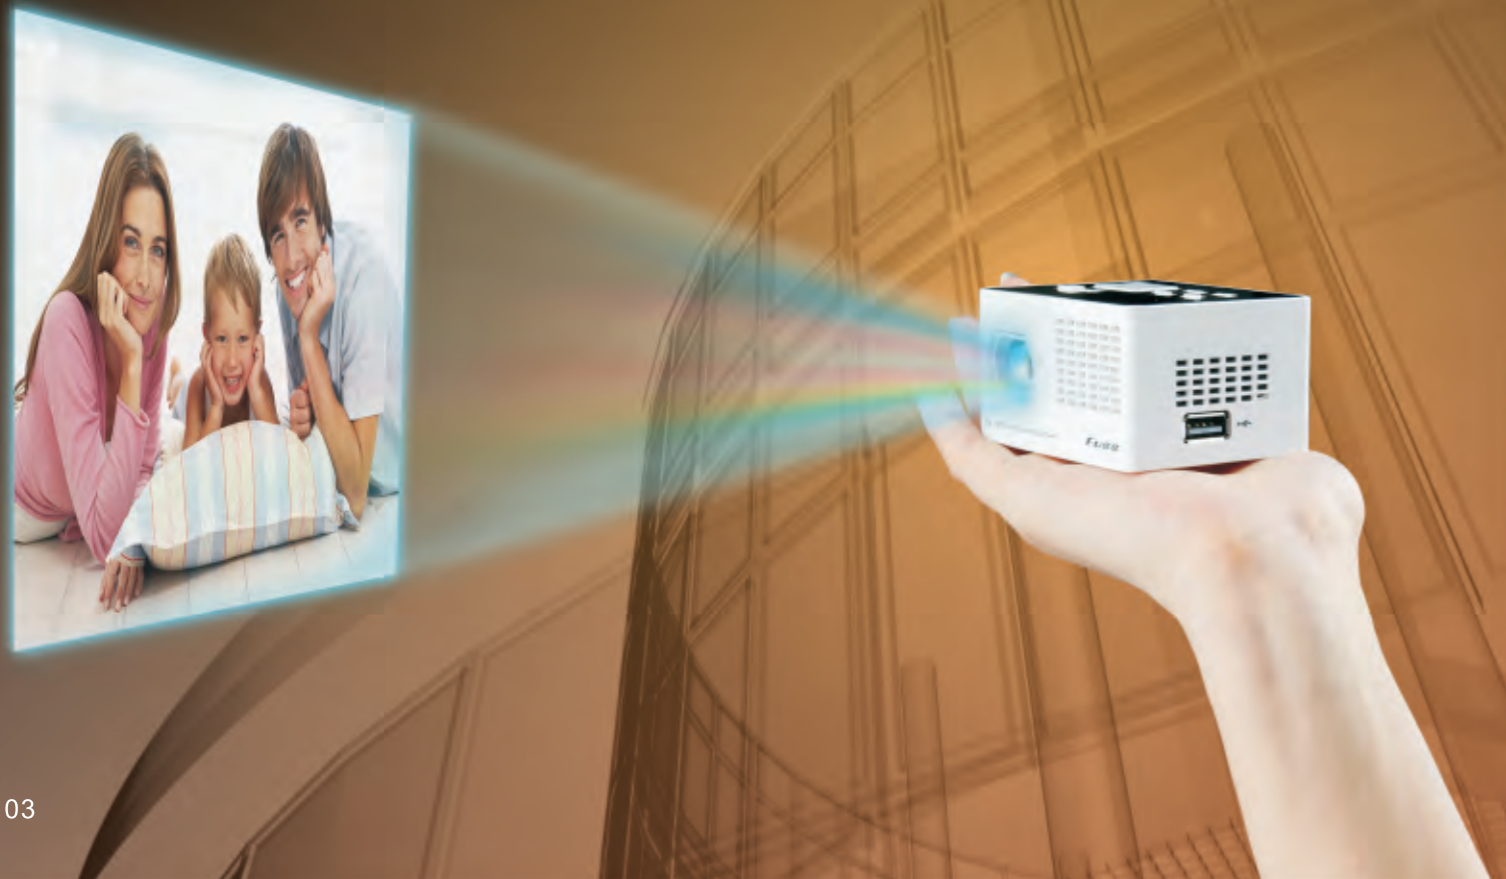

PalmCute

a miniture handheld LED projector capable of casting big image up to 50 inches for photos and videos

FR-199

With an exquisite, compact and lovely appearance, it is a piece of mini projection equipment which can truly be placed in the user's palm. Despite its small volume, it can project an ultra frame up to 50 inches. Contributing to the application of the LCoS, the state-of-the-art technology in the industry, its image is extremely vivid, bright and beautiful. Its high capacity memory can save a large amount of audio/video content, plus chargeable lithium cell design, this mini handheld projector enables you to enjoy every happy moment on your own or share such moments with friends easily.

- Projector type: LCoS projector
- Brightness: 10 ANSI lumens
- Image size: up to 50 inches (2.1M)
- Resolution: 640 x 480 P
- Light source: LED (20,000 hours lifetime)
- Type of speaker: integrated half-watt speaker
- Internal memory: 1GB
- Connectivity: USB memory stick, PC (through USB cable), or device that can turn itself as a USB drive after the connection
- Stand: can be used without a stand or with a stand (can be connected to most mini tripod available in the market)
- USB cable x 1, adaptor x 1, user manual x 1, tripod x 1 (optional)
- Power: by AC or rechargeable lithium battery (detachable)

WeatherLink

A real-time online weather station for kitchen, living room, and night table,... etc.

CL-291

CL-291

- This is a weather station, an alarm clock, and a digital photo player for around 40 images
- Wirelessly picks up weather, time, and date information from PC (internet connection enabled) through signal transmitter and receiver
- Weather information including pattern of weather, outdoor temperature, wind force, UV index, time of sunrise and sunset, humidity, atmospheric pressure, and 3 days forecast
- With temperature sensor for indoor temperature
- With 2MB built-in flash memory for around 50 (320 x 240 pixels) pictures' storing
- Automatic battery power backup against AC power failure to ensure the clock's continuously running
- Screen saver function will be activated for 30 second if a 5-minute static display is detected
- Seven choices for clock faces
- Power: AC & AAA x 4 (not included)
- 92 x 99 x 25 mm

3.5" High Resolution Digital Photo Album

Touch screen, pocket book style

DI-35F1

- 3.5" TFT LCD with 320 x 240 pixels resolution
- Touch Screen control
- Screen turns on automatically when opening the cover
- 64MB internal memory stores 1000+ images
- 9 folders for systematic sorting of images
- Allows for adding text & date to the photo
- Slide Show
- Compatible image format: JPG, BMP
- Compatible operating system:
Windows 2000 / XP / Vista / Win 7
- Rechargeable Lithium battery
- Low stand-by current helps last the rechargeable battery life
- Accessory: USB cable x 1
- 4 colors of PU cover to choose from
- 115 X 93 X 23mm

DI-35F1

7" Dual-Purpose HD Digital Photo Album

can be converted to a stylish Cordless Digital Photo Frame

DI-07LA (16:9) / DI-07WA (4:3)

This is a great family album for digital image era. Easy to use for every family member. Remove the cover and stand the album on table, it becomes a stylish digital photo frame instantly. Its high resolution capacity allows your pictures being displayed vividly and beautifully. Powered by rechargeable battery, the album can be passed around easily among people whom you want to share pictures with.

DI-07LA (16:9)

DI-07WA (4:3)

- 1GB internal memory stores hundreds of images
- Support original display (4:3) or auto zoom display (16:9)
- Reads images directly from SD, MMC, xD, MS memory cards
- Alloy case with PU cover
- Album detaches from the cover for desktop placement using the rod stand
- Slideshow duration from 3 second / photo to 1 day / photo
- Three viewing modes: browse, slideshow, thumbnail
- Rechargeable Lithium battery for up to 3 hours of slideshow viewing

Assorted Digital Photo Viewer/Frame/Album products

WalkFit

Get fit with WalkFit - a new era pedometer with G sensor

WalkFit is an accurate, fashionable pedometer. With built-in gravity sensor, you can carry it in your pocket/purse/backpack, hang it around your wrist, or clip it onto your waistband.

Walking 10,000 steps per day for health and weight loss is advised by doctors. The target can possibly be achieved by your daily activity. If not, you can add several sustained walks to supplement the rest. WalkFit is designed exactly for this kind of fitness regime. You can wear it all day long. It will monitor and keep track of your moving. And more, thanks for its intelligence, it will count calories, distance from steps generated by walking and eliminating those from false movements such as sitting up and down.

HE-296 WalkFit

SEVEN DAYS AUTO-RECORD FUNCTION

The unit will auto-record the actual steps, distance, calories burned and elapsed time from your walking and jogging for seven consecutive days.

AUTO-CLEAR FUNCTION

Under normal condition, daily record will clear at 00:00am automatically and the total number of actual steps, distance, calories burned and elapsed time of the day will be recorded in seven days records.

KEY LOCK FUNCTION

If no key is operated for 30 seconds, the keys will be locked automatically; if you do not walk or jog up to 30 seconds, the unit enters sleep status and LCD turns off; when you walk again, LCD turns on automatically. When the keys are locked, hold ▲ for 2 seconds to unlock.

- With back light
- Battery: CR2032
- 60 x 37 x 13mm (very cute in size)

HE-296

HE-298 Talking WalkFit

TalkingWalkFit offers the same functions and benefits that WalkFit provides. Further more, it is designed with Voice Reading assistance to help you acquiring the data effortlessly while you are on the move or in the dark.

- Battery: CR2032
- 62 x 40 x 20mm

HE-298

DrumBeat

Get fit with DrumBeat and enjoy its other useful features on the go

DrumBeatGuard / DrumBeatRadio / DrumBeatPulse

- DrumBeat series offers the same functions and benefits that WalkFit provides. And further more...
- DrumBeatGuard (HE-308) is built with a panic alarm.
- DrumBeatRadio (HE-309) is built with an auto scan FM radio.
- DrumBeatPulse (HE-310) is built with a pulse meter.
- 42mm in diameter, 19.8mm in thickness

HE-308 / HE-309 / H3-310

Multifunction GPS small in size, big in function

This ultra compact GPS (Global Positioning System) is small in size but big in function. It is a navigator for path tracking, a pedometer, an electronic compass, an altimeter, a stop watch, a speed meter, and an always accurate satellite-controlled time & date. It's ideal for your various outdoor activities. It tracks your walking, hiking or cycling path; gives distance, speed, calories burned, direction and many more.

EL-168 Multifunction GPS EL-173 Multifunction GPS & Bike Computer

- 1.5" STN display
- With back light
- Function: time, date, compass, stopwatch, speed, distance, pedometer, calorie, trip tracking, altimeter... etc.
- With clip (for waistband), sucker (for car windshield), bike-mounting rack accessories (EL-173)
- Rechargeable battery provides 8 hours operation

EL-173

EL-168

Digital Talking Tire Pressure Gauge Keychain

It's compact, handy, and works just like any other big tire gauge.

Maintaining proper tire pressure is essential if you want have a save drive. Only taking seconds, this easy carrying tire gauge keychain reports your tire's pressure reading in real human voice.

EL-295 / EL-9894

- Voice announces pressure measurement
- Quick measurement in 2 seconds
- Automatically power off
- Measures in PSI, Bar, Kg/cm²
- Battery: AG13 cell x 2

EL-295

EL-9894

Object Locator

Helps to locate misplaced objects such as keys, remote controller, glasses, wallet... etc. with just the press of a button.

Many people spend hours every month looking for items around the home. Now this inexpensive Object Locator will help people quickly find important items by tagging them and using a pager to pinpoint their position in seconds.

This Object Locator comes as a kit with 3 tags (receivers) that you can attach to important items you lose frequently. When you lose one of your tagged items, simply press the corresponding button on the pager (transmitter, the one with keyring) and you can track and pinpoint its location following the audio signals emitted by the set. The locator can track at distances of up to 7-10 meters. It doesn't receive a signal through walls; however, you can walk around the living room, kitchen, bedrooms... etc. until you find what you are looking for. The locator pager and tags are color-coded.

EL-263

How to use:

- Attach one of the key rings, lines, or double-sided adhesive stickers (all included in the package) to any object which is frequently misplaced.
- Press the color-coded button on the pager to trigger the beep sound of the corresponding tag in order to locate a certain object.

Flashlight Keychain With Panic Alarm

This Flashlight Keychain with Panic Alarm is a compact device built with a bright LED flashlight, a loud siren, and an elegant hand strap. Pulling out the strap activates the panic alarm (plugging it back in turns the alarm turns off).

The siren sounds very loudly. In addition to attracting emergency help, the panic alarm might scare off a threatening dog or a stalking animal. The LED flashlight is good for tasks like finding a key hole or illuminating a closet.

EL-303

- Bright LED flash light
- Panic alarm
- On/off switch for flash light
- Elegant clip strap
- Great logo printing space for promotional project
- Battery: AG13 cell x 3

Digital Flash Voice Recorder

RE-159 / RE-160 Digital Voice Recording USB Flash Drive

One-of-a-kind USB flash drive (stick) can capture 35 hours of audio simply by plugging it into any PC. Use it to record meetings, interviews, classes, lectures, seminars personal notes.

- Powered by PC
- 35 hours recording time with 1GB memory
- Built-in microphone for quality recording
- Time/date stamp on each recording
- Recording format: WAV
- With LED power indicator
- 2.0 USB
- Can be used as a regular USB drive

RE-159

RE-160

RE-164 / RE-165 Digital Flash Voice Recorder

Light weight and compact digital voice recorder offers 35 hours of recording time. Take it to work, school, meeting...etc.

- 1GB memory
- 35 hours recording time
- USB connection to PC for file download, upload, or deletion
- Multiple folders for files management
- Time/date stamp on each recording
- Support voice-activating recording
- Slow/fast playback
- Playback through earphone or PC
- Format: WAV, supports 8bit/16bit PCM and 4bit ADPM
- With back light
- With rechargeable battery
- Battery fully charged can sustain 8 hours recording or 3 hours playback time
- Recorded content retained even the battery is out of power
- Button lock to prevent accidental trigger
- Ultra slim for use with Ring Binders (RE-164)
- Aluminum casing (RE-164)

RE-165

The package includes several hole bars in different format to satisfy various kinds of ring binders' need. The hole bar is detachable from the device.

RE-164

Unsorted Electronic Gadgets

EL-288 / EL-289 KEYFINDER

- Finds misplaced keys with an easy whistling
- Will locate keys up to 7-10 meter away
- Small in size (EL-288: 29 x 29 x 12.5 mm, EL-289: 29 x 54 x 7.6 mm)
- Design with off switch to avoid embarrassing accidental triggering of the beep alarm during a meeting or a church gathering... etc.

EL-288

EL-289

EL-167 MOBILE AMPLIFIER

WHITE

BlueWonderLED

LED (Light Emitting Diode) watches were introduced in the 1970s as the first electronic watches. Vintage LED watches were expensive and consumed huge power. New technology provided for great efficiency and led to the evolution of the LED watch. Now, the new era LED watches are fashionable and popular.

WA-251BU

WA-252BU

WA-251BU / WA-252BU BlueWonderLED

- Mirror face
- Mysterious blue LED
- Display time, date, & year
- 4-level brightness control
- 12H/24H format selectable
- ABS case, comfortable PU band
- Low power consumption
- WA-251BU is a male version
- WA-252BU is a female and unisex version

BlueWonderBinary

This watch displays time in binary format but coded in decimal. The watch face contains 10 blue LEDs that are used to indicate the numbers of the binary sequence (1, 2, 4, 8, 16, 32) and the values of the lighted LEDs are added to determine the time. With a little practice you can learn to read this time format easily and quickly. It's fun and a good brain exercise for any age.

WA-140BU

WA-139BU

WA-140BU / WA-139BU BlueWonderBinary

- Binary representation time display
- LED lights indicate the hours and minutes
- One row of LED shows hours (8-4-2-1); add all numbers-lit to get the right hours
- Another row of LED shows minutes (32-16-8-4-2-1); add all numbers-lit to get the right minutes
- Push button, then the time is displayed for 6 seconds

LED Light Source Analog Projection Clock

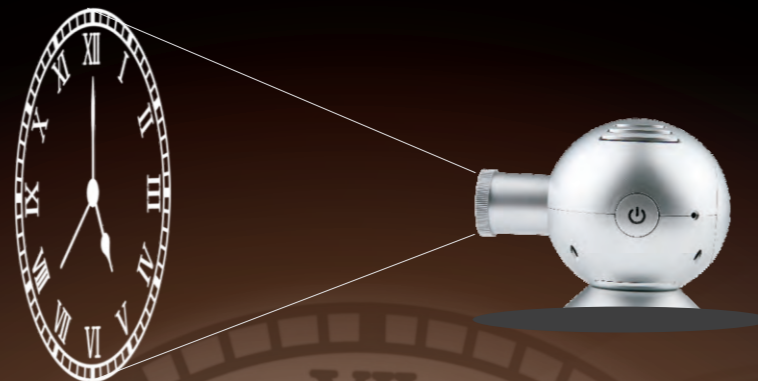

Add a little subtle atmosphere to your interior decoration

Most of projection clocks in the market now can project only digital numbers onto the wall. This Analog Projection Clock can actually project a working analog clock face onto the wall. Both Arabic numerals and old-school Roman numerals clock face are available. By placing it further away from the wall, the clock image projected can be as big as you want it to be. (at 3 meters back, the clock is around 100 cm in diameter; at 6 meters back, the clock is nearly 200cm in diameter). It's very nostalgic.

Using the LED light source, the power consumption is very low. And the LED has 40,000 hours working life.

CL-108

- Wall clock made of pure light
- Classic analog face
- Fully-animated ticked second hand
- Desktop or bookshelf placement
- Low voltage, low power consumption
- 40,000 hours LED life
- With three extra color filters (blue, pink, yellow)
- LED light powered by AC, clock movement powered by AA x 1 (not included)

AM/FM Talking Dual Alarm Clock Radio

Available in both Radio-Controlled Version & Regular Version

CL-136A (Radio-Controlled Version) CL-136B (Regular Version)

- Accurate radio-controlled time (CL-136A only)
- Big LCD display with blue back light
- Clear human voice announces time
- Alarm and snooze
- Quick-setting timer, can be used as a 2nd alarm
- Digital AM/FM tuner with 20 sets memory
- High quality stereo speakers
- AC powered
- Automatic battery back-up against power failure
- 120 x 70 x 70mm

Talking Dual Alarm Clock with Indoor Temperature & Humidity

Available in both Radio-Controlled Version & Regular Version

CL-136C (Radio-Controlled Version) CL-136D (Regular Version)

- Accurate radio-controlled time (CL-136C only)
- Big LCD display with blue back light
- Clear human voice announces time
- Indoor temperature & humidity
- Alarm and snooze
- Quick-setting timer, can be used as a 2nd alarm
- Battery (not included) powered
- 120 x 70 x 70mm

STRESSEASE

A device to reveal your stress level and help to lower it

Persistent stress can lead to illness and mental disorder. This STRESSEASE can help you to detect it earlier, recognize it earlier, and manage it earlier.

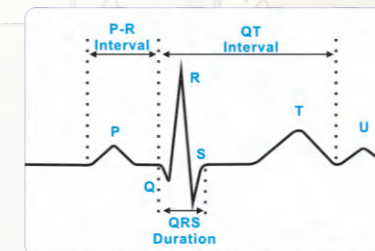

Modern life is full of hassles, deadlines, frustrations, and demands. For many people, stress is so common place that it has become a way of life. Stress isn't always bad. In small doses, it can help you perform under pressure and motivate you to do your best. But when you're constantly running in emergency mode, your mind and body pay the price. If you frequently find yourself feeling frazzled and overwhelmed, it's time to take action to bring your nervous system back into balance. You can protect yourself by recognize the signs and symptoms of stress and taking steps to reduce its harmful effects.

Stress Warning Signs and Symptoms

Cognitive Symptoms	Emotional Symptoms	Physical Symptoms	Behavioral Symptoms
Memory problems	Moodiness	Aches and pains	Eating more or less
Inability to concentrate	Irritability or short temper	Diarrhea or constipation	Sleeping too much or too little
Poor judgment	Agitation, inability to relax	Nausea, dizziness	Isolating yourself from others
Seeing only the negative	Feeling overwhelmed	Chest pain, rapid heartbeat	Procrastinating or neglecting responsibilities
Anxious or racing thoughts	Sense of loneliness and isolation	Loss of sex drive	Using alcohol, cigarettes, or drugs to relax
Constant worrying	Depression or general unhappiness	Frequent colds	Nervous habits (e.g. nail biting, pacing)

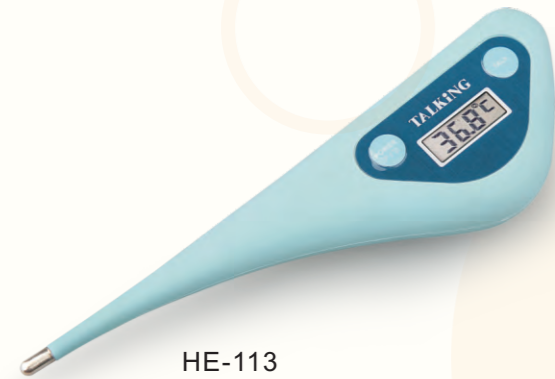

HE-273

- An USB device working with PC
- Monitors your heart rate, stress level, and mood.
- Displays and analyzes ECG (electrocardiogram) to reveal your stress level.
- Gives animation and text prompt to lead you practicing paced, controlled breathing in order to lower your stress level gradually.

Talking Body Thermometer

The patented FDA and Medical CE approved Talking Body Thermometer automatically announces your body temperature when accurate measurement of temperature is detected. It allows the elderly and the visually impaired to monitor their own temperature, and makes temperature-taking fun for kids and adults alike.

Talking Photos

Preserves the sight and sound of beloved someone or a precious moment

RE-9814 TALKING PHOTO ALBUM JUKEBOX

It provides the best and ingenious way of archiving Talking Photos up to 72 photos. Voice recorded in the flash memory retained even when the batteries are dead or removed. Each photo is individually recorded in its own coded holder. To record the message, insert the individual photo/holder on the dedicated Recorder/Player and press the RECORD button. To play back, simply place the photo/holder on the Recorder/Player to start play automatically. You can store the talking photos in the storage box any way you want without worrying about the order. Many years later, the photo jukebox can serve as a story of your family's progression, of a friendship over the years, of a voyage around the world... etc. With both visuals and sounds, you can re-experience your most cherished moments in the convenience of a small box.

- Stores 72 photos in the box, each photo records 10-second message
- Records and plays back messages on a dedicated Recorder/Player with a built-in high quality speaker
- Photo holder holds standard 4" x 6" photo
- Message retained even when the batteries are dead or removed
- Color available in black, silver, red, light blue
- Powered by 3pcs AAA batteries (not included)

RE-9814

Assorted Talking Photo

Flash technology, message retained even without power

RE-9880

RE-9880 TALKING PHOTO BALL

- Adapts 4 photos and 4 voice clips
- 15 sec. digital voice recording time for each photo
- Press the photo or roll the ball to play back the recorded content
- Um4 (AAA) x 4 (not included)
- 198 x 152 x 19mm (closed)

RE-9938

RE-9938 TALKING PHOTO FRAME

- Adapts two photos (3"x5" or 4"x6") and two voice clips
- 10 sec. digital voice recording time for each photo
- Battery: AG13 cell x 4 (not included)
- 198 x 152 x 19mm (closed)
