DISTRIBUTION INC.

HALLOWEEN

2022

HALLOWEEN 2022!

We are looking forward to another blockbuster year! Twenty-two new items (more than ever before) that are sure to increase sales. Those items combined with the proven best-selling items we already carry is the best recipe for sell through profits. Preview of new items can be found on pages 3-5.

HISTORY

Seasonal Distribution, Inc.'s President Josh Crosier founded Seasonal Distribution, Inc. (SDI) in 2006. In 1999 Josh became the National Sales Manager at Pumpkin Masters and he has continued working in seasonal sales ever since. With over 20 years of experience in Holiday product sales, Josh has made sure that every employee at SDI understands the unique needs that Holiday/Seasonal retailers face. SDI strives to affordably and efficiently provide quality seasonal products to retailers, and looks forward to meeting all of your seasonal wholesale needs.

BRANDS

We offer quality products from name brands to help ensure your customer satisfaction and sales.

Creating the first Halloween Pumpkin Carving Kit in 1986, Pumpkin Masters is the brand that started it all. The Pumpkin Masters product line now reaches every level of carver keeping pumpkin decorating fun and safe.

For 33 years Windy City has offered a variety of Holiday and Special Occasion themed items and Seasonal Distribution is happy to now carry their wonderful and fun Glow items. Practical as well as fun this line is sure to make mazes, hayrides, haunted houses and trick-or-treating even more exciting, safe and Fun!

Foot Clothes is a new and exciting company with two goals:
Make comfortable and durable socks.
Make them fun.

Actually maybe 2 was first and 1 was second? Anyway the result is a sock made with DOUBLE TERRY in the heel and toe area, a high thread count, combed Cotton/Nylon/Spandex (no polyester) and they are 40 gram socks with smoooooth seams. Then there is the fun artwork you won't find anywhere else. These socks are not just for Halloween, they can (and should) be worn year round. We love them and know you and your customers will too.

New to Halloween carving in 2022, the Pumpkin Glove Scraper will change the way we clean pumpkins. The scraper glove removes that part of carving pumpkins we all dislike...the ick. Also known as the cold slimy, sticky mess that gets on our arms and hands. This easy to use product has us all thinking, "Why didn't I think of that?"

After 30 years, Tattoo Manufacturing International (TMI a/k/a SAVVI) has become the world's largest manufacturer of temporary tattoos. Made and tested to ensure the highest standards making them the perfect low cost add on item.

Fun World has been doing Halloween since 1981 and with a leading name in make-up it will help increase sales with its brand recognition.
