## THE CONTROL TOWER

When a plane takes off, it needs a control tower. The control tower can see what the pilot cannot. The pilots have a limited vantage point. They can't see underneath or above them.

The pilots, even with all their instruments, cannot see all the weather conditions that will affect their flight plan. The folks in the control tower can provide the pilots with information they wouldn't have because of their limited vantage point.

The Word of God is the control tower for the Christian. Where we have only a limited vantage point, God's Word can communicate to us about hidden dangers in our way as well as what is going on in the spiritual realm ... the world we cannot see.

**Spend time with the Word every day!**

## **Announcements**

**From the Elders:** "Several men have asked to be relieved from presiding at the Lord's Table indicating they are uncomfortable in preparing and making remarks before Communion is served. Please know that it is not necessary to make remarks preceding Communion. A simple, thoughtful prayer is appropriate, as are brief remarks if desired. We urge the men who are members of the congregation to serve in as many roles as possible, and we appreciate the preparation that goes into serving."

**\*\*A Special Contribution** will be taken up next Sunday the 17th for the tornado victims in Lee County.
