CONFERENCE OF NON-NUCLEAR-WEAPON STATES

Geneva, 1968

Committee 1

Agenda item 13(a)

Pakistan: draft resolution

The Conference of Non-Nuclear-Weapon States,

Convinced that the proliferation of nuclear weapons would endanger the security of all States,

Recognizing the urgency and great importance of preventing the proliferation of nuclear weapons,

Recognizing further that the danger continues to exist that an increase in the number of States possessing nuclear weapons may occur, aggravating international tension and the difficulty of maintaining regional and world peace and security,

Mindful that the International Atomic Energy Agency is most suited to administer safeguards designed to prevent the diversion of source or special fissionable material from peaceful uses to the production of nuclear weapons or other nuclear explosive devices,

Recommends the acceptance of the IAEA system of safeguards, as may be evolved from time to time, by all the non-nuclear-weapon States, as set forth in an agreement to be negotiated and concluded with the IAEA in accordance with its safeguards system which would provide against diversion of source or fissionable material produced, processed or used in any principal nuclear facility established with or without the assistance of the IAEA, including those principal nuclear facilities which may have been established in pursuance of any bilateral or multilateral arrangements, as a step towards the non-proliferation of nuclear weapons.
