

It's Here...Reframing Education Project Roll Out!

WHAT IS THE REFRAMING EDUCATION PROJECT?

A statewide network of ESC personnel have worked collaboratively to create a decision-making framework to support districts as they consider best practices that have emerged as a result of school closures, have authentic conversations about instructional expectations, and make plans to reframe education moving forward.

HOW DO WE LEARN ABOUT THE REFRAMING EDUCATION PROJECT?

Join us for a 1-hour informational session of your choosing to preview the *Reframing Education* website and accompanying support documents to learn how your ESC can directly assist your school districts in developing plans for the upcoming 2020-2021 school year.
