

Site Parameters / Paramètres du site

Site administration section / paramètres régionaux (Regional Settings)

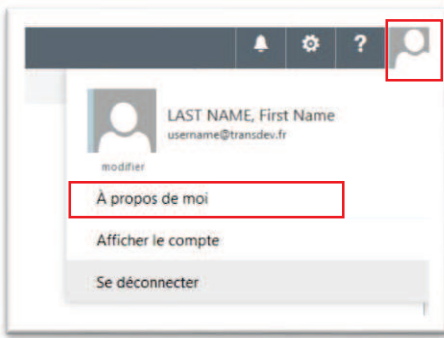

Choose your regional parameters and specify the sort order – let "français" if your language is not in the drop down list

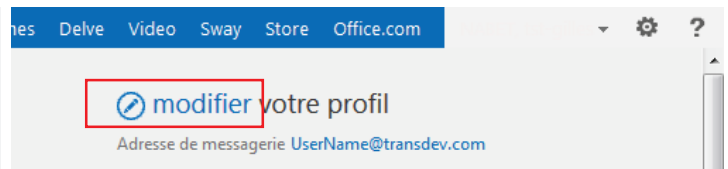

Paramètres linguistiques (Language Settings)

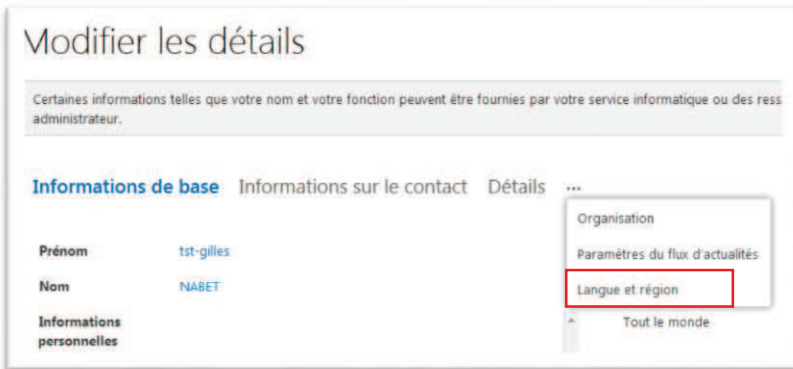

Select your language (several if needed) – set Overwrite Translations to yes

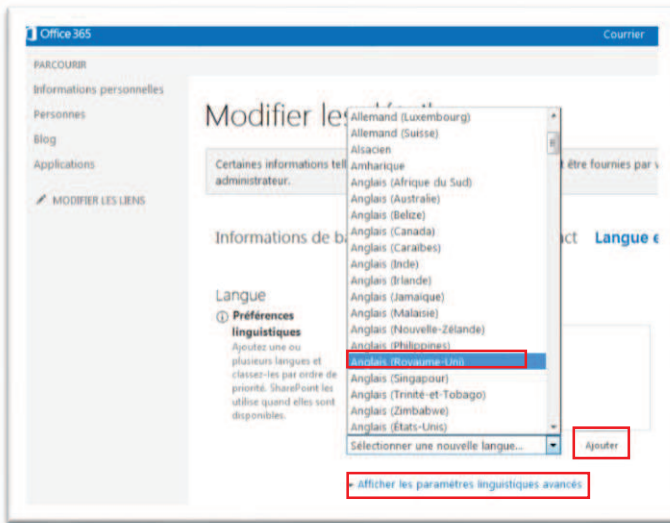

A propos de moi (About me)

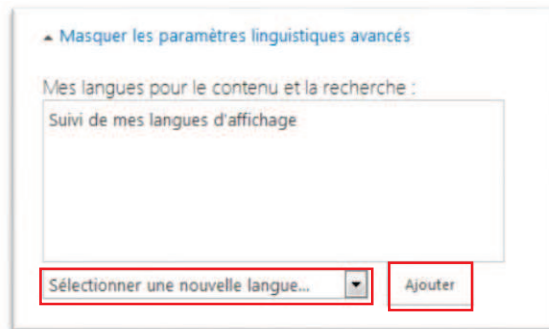

Modifier votre profil (modify your profil)

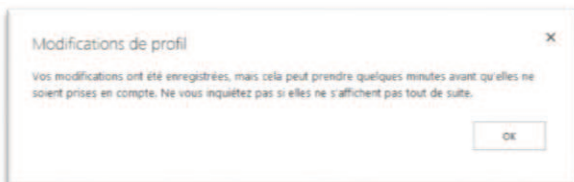

Pick your language and click Add

As an option : Expanding "Afficher les paramètres linguistiques avancés" (advanced language settings) allows to choose language for content and search

Save your choices at the bottom of the page

An information message warn that your modifications had been recorded. But several minutes could be taken before to take place.
