

In my opinion "Update data and prices" should be in the top position on both of these dialog boxes.

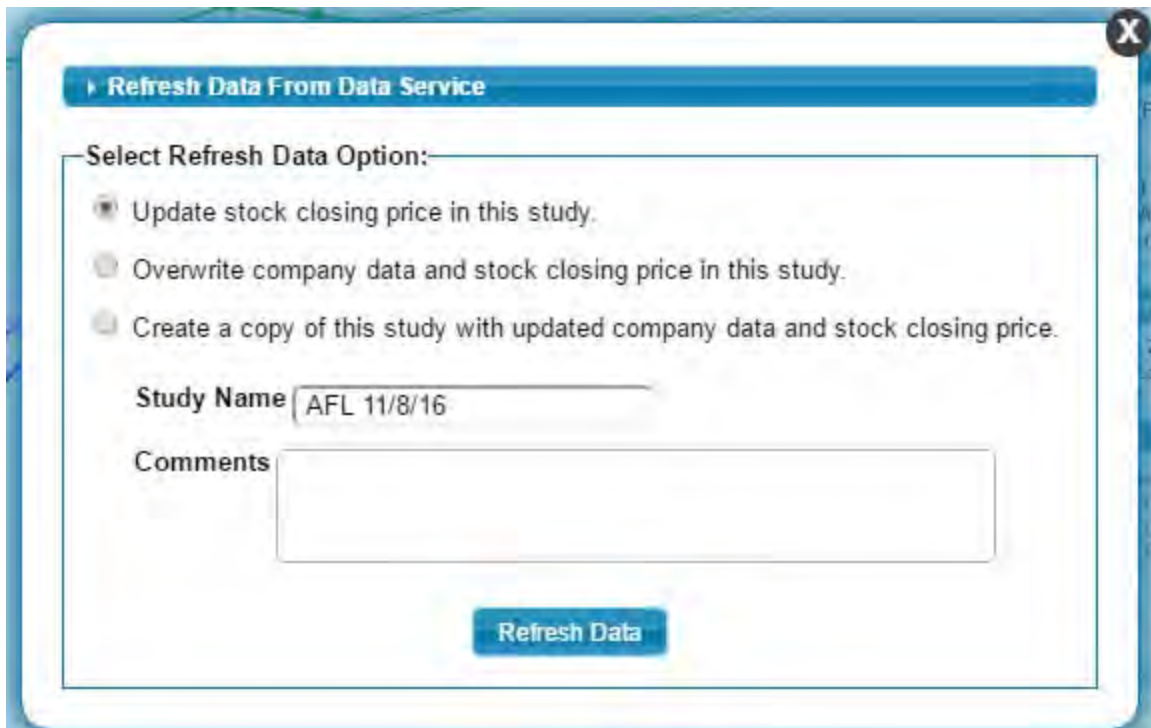

Get Latest Company Data for Portfolio "Financials" [X]

Update data and prices

Update prices only

Ok Cancel

Refresh Data From Data Service [X]

Select Refresh Data Option:

- Update stock closing price in this study.
- Overwrite company data and stock closing price in this study.
- Create a copy of this study with updated company data and stock closing price.
