I didn't expect that :-)

We couldn't find your root SharePoint URL.
The message we received was: 401 - The
caller is not authenticated.

If this makes no sense to you, let your I.T.
people know.
It would be nice to tell them this reference ID
too: [e1b52613-c852-41b3-ac98-
d57d9d2e0893](#)

Thanks for the info!
