CTO Certification Course
The C.T.E. Model©

C.T.E. for Corrections is the only adult-learning, human-performance-based training program specifically designed for Corrections Training Officers (CTOs). In this 24-hour certification course, participants are introduced to Command Presence's Coach, Train, then Evaluate Model© for training new personnel. Created by Corrections Officers for Corrections Officers, this course emphasizes how CTOs train, not just how to evaluate. It features entirely new performance criteria based on 21st-century corrections work. When applied correctly, the C.T.E. Model© boosts recruit performance, lowers washout rates, ensures consistency among your CTOs, and decreases CTO burnout. It's time to rethink CTO training; this is your chance to be part of the long-overdue change.

Through guided discussion, case study, and video analysis, participants will explore the following:

- The Science of how people learn

- Communication strategies and generational leadership

- Applying the C.T.E. Model© - Definitions, timelines, and best practices

- The CTO as Coach, Leader, Tactician, and Evaluator

- Conducting effective feedback sessions through the Socratic approach

- Newly created Essential Evaluation Categories and CTO software systems

24 hours

This course is open to all current or soon-to-be Corrections Training Officers (CTOs) and their Supervisors.
