

Lice Check
Bring this form with you to Camp

Church Name _____
Church City _____

All campers are required to have a head check for lice **BEFORE** registration on the first day of camp. **Please do a lice check at your church before leaving for camp.** Being checked for lice at camp should be avoided if at all possible. If you **suspect** a camper might have lice, check early enough so the camper and items brought to camp can be treated before camp. Have a qualified person, (teacher, nurse, etc) give each camper a thorough check and turn in a list of the campers names that have been checked.

Depending on the severity of the case, campers may be sent home. If the case is not as severe and is isolated then we will ask a leader from the church the camper is with to treat the camper and their belongings.

List all campers' names on back of form that have been checked for lice prior to arriving to camp. Make copies of form as needed.

I have checked each of these campers for lice and they are lice free. I understand that if campers are brought to camp with lice, they may be sent home at the expense of the parent and/or Church.

Signature of Qualified person checking for lice:
