Aaron Pexa: The Spoils of Annwn

Inspired by a Middle Welsh epic poem, “Preiddeu Annwn”, this immersive installation references King Arthur’s mythical voyage to the Glass Fortress, home of the faerie folk. Aaron Pexa is bringing this tale to life through surrealist glass sets, neon, video, light sculptures, and illustration.

All of this is supposed to evoke a feeling of “werifesteria,” which means to wander longingly through the forest in search of mystery.
