What is Pathway of Hope?

The Salvation Army's **Pathway of Hope** initiative provides individualized services to families with children who desire to take action to break the cycle of crisis and vulnerability that repeats generation after generation. **Pathway of Hope** seeks to address the root causes of poverty. By helping families—*like you*—overcome challenges like unemployment, unstable housing, and lack of education. We can help you find a path of increased stability and, ultimately, self-sufficiency.

If you have been living in crisis or an unstable situation, and you are ready to change your life, **Pathway of Hope** may be the answer for you. We have caring people who dedicate time to meet with you regularly to help you set objectives and achieve goals.
