Grades 6-12 Student Designer Commitment & Permission Form

Designer(s):

If I decide to alter my design at any point, I understand that I am required to update my original sketch. I understand that I must submit my updated sketch to my teacher so it can be approved by my model and their parents/guardians (or my own parents/guardians if I am modeling my own design). I understand if I fail to do this, my design may not be permitted to be included in the show. I am committed to this design and will meet all designated checkpoints as determined with my teacher. I understand that both my model and the organization are relying on me to be successful.

Designer 1 Signature: _____

Designer 2 Signature*: _____

If applicable

Parents of Designer 1:

I have reviewed the sketch with my child and give my permission for them to construct this design to be included in the show. I understand that if the design is altered in any way, a new sketch will be provided to me for approval. I understand that my child is required to meet all design checkpoints and be available on the show day indicated on the previous page. I understand that this is a significant commitment of time and energy on my child's part and I am confident that they will be very successful. I can't wait to watch them walk the runway in May!

Parent(s)/Guardian(s) Name(s): _____
