

MUSIC CLASSES

Children will be enrolled in the age appropriate music classes.

Mini-Maestros

Ages 5-8

This class is specially designed for our younger students. Your child will love their summer of music by learning the building blocks of music theory through music and instrument exploration.

Piano Lab/Guitar Lab

Ages 8 to 12

Our instructors will meet each of our children at their level. Each student is given individual attention and encouragement. Sit back and watch as your child begins to master a new skill.

Brass Band

Ages 8-12

Your child will explore their new talents in our Learning Zone Brass Band. Each child will be provided an instrument, method book and classroom instruction. We don't mean to toot our own horn, but we have some of the best music educators in Northeast Ohio!

Choir

Ages 5 to 12

Our voice instructor is delighted to sing and explore music with our campers this summer. This class is focused on establishing a healthy singing tone, ear-training and teamwork.

DRAMA CLASSES

Children will be enrolled in the age appropriate drama classes.

Starmakers

Ages 5-7

This class is designed for our budding young stars. Your child will join us as we explore theatre through dramatic play, performance, storytelling, games, crafts and dramatic play

Stardom

Ages 8-12

Get ready for the paparazzi as your budding young actor studies with the professional actors and teachers of Rubber City Theatre.

Musical Theatre I

Ages 5-8

This high energy class will get your child's toes tapping and imagination soaring.

Musical Theatre II

Ages 8-12

Our Musical Theatre II class will challenge older students with new choreography and scripted work. Each student will find new self-confidence as they learn to take control of the stage and work together with their classmates.

Performance Workshop

Ages 5-12

Your child will be able to take part in a fully produced musical in partnership with Rubber City Theatre! All children are welcome to audition.

SCIENCE CLASSES

Children will be enrolled in the age appropriate science classes.

Explorers

Ages 5-8

STEM learning is all around us and creates the innovators of the future. This class is designed to create thinkers, inventors, creators and researchers. Each class will focus on a new aspect of STEM, from robotics to coding, to biology and outdoor education—the sky is the limit for our budding Scientist!

Robotics/Coding/Science Lab

Ages 8-12

Your child will take new steps into the world of engineering with this fun and interactive class. Using state of the art tools and MIT coding programs, your child will leap into the world of STEM. Each week your scientist will face a new challenge and will work in the lab to discover new and innovative ways to find solutions.

Hydroponic Farming

Ages 8-12

All of our children will take part in a new and exciting program at The Salvation Army. Each child will grow food in our new Hydroponic farm (we go from seed to harvest in 4 weeks!) This food will be served to our community through our soup kitchen and some will go home with our students each week. This is a program only found at The Learning Zone in Akron! We all farm, we all help our neighbors!

LITERACY CLASSES

Summer Literacy

Ages 5-12

Our focus on literacy will keep your child learning all summer long. Every child in camp will attend daily literacy classes. We will bring reading to life in this one of a kind curriculum.

Fight the summer slide with our creative approach to reading!

Field Trips and Outdoor Education

Children learn by experiencing! Our campers will explore the world around them through fun and interactive field trips. Transportation and all costs are included in your tuition.

We will visit the Akron Zoo, Summit County Metro Parks, Perkins Mansion, and more!!!

DANCE AND VISUAL ART CLASSES

Children will be enrolled in the age appropriate drama class.

Visual Art

Ages 5-12

Each child sees the world through their own lens. Art gives us a medium to express that world to others. Students will explore famous artists and styles of composition and will learn new techniques to create original works of art. These items will be displayed in our Learning Zone Gallery.

Ballet I and Ballet II

Ages 5-7 and Ages 8-12

Ballet is the building block of all dance. Each child will be encouraged to learn technique through barre and floor work.

Jazz I and Jazz II

Ages 5-7 and Ages 8-12

Groove and step with us this summer as we learn new routines to our favorite hits. This class encourages physical fitness through choreographed movement.

Billy Booth's Arts and Science Factory

SUMMER 2018

June 11th -August 17th

190 South Maple Street
Akron, OH 44302

Our camp is dedicated to academic growth, social and emotional growth, and spiritual growth. We achieve this through our focus on Visual Art, Science, Music, Drama, Literacy, and Physical Fitness.
