

# Supporting Children in the Use of Digital Resources

Confidently guide children in a digital world. This training offers guidance on helping children use technology safely and responsibly, while supporting their growth, independence, and well-being in an online world.

## Why Attend?

- Learn practical, real-life strategies you can use right away
- Feel more confident supporting children in a digital world
- Connect with other caregivers navigating similar challenges
- Receive a certificate of completion (2 hours)

This training is presented by the  
Greater Lehigh Valley Foster Care Coalition (GLVFCC)

April 30, 2026

6pm to 8pm

Free virtual training
