Welcome to the College for Officer Training (CFOT) in Suffern, New York! The training of officers in the United States began in New York in 1882, the first such home or training “garrison” being in Brooklyn and this college has continued to set a high standard of excellence for nearly one-hundred and thirty years.

The CFOT exists to develop Salvation Army officers of such “Blood and Fire” spirit that they will be enabled to sustain and advance the mission and purposes of The Salvation Army. The training and education that you will receive here will help create a foundation for ministry and continual skill development in preparation for engagement in the mission of The Salvation Army.

The College for Officer Training is accredited by the New York State Board of Regents. This accreditation ensures that the college is meeting the established standards of academic excellence. As an institution of higher education, the CFOT seeks to integrate knowledge and practice related to our mission and to give our cadets the ability, through a quality education, to develop ethical, intellectual, social and spiritual values. Cadets who successfully complete the two year program of study receive an Associate of Applied Science degree.

Our goals are to provide a disciplined Christian environment designed to foster personal growth and maturity, self-discipline; and to develop in you, basic leadership characteristics and a clear sense of identity as Salvation Army officers. Our program seeks to produce officers who would know God, know themselves and know their mission.

I encourage you to enter into your training experience ready to, “do your best to present yourself to God as one approved, a worker who does not need to be ashamed and who correctly handles the word of truth” (2 Timothy 2:15).

God bless you!

Sincerely yours,

Colonel Janet Munn
TRAINING PRINCIPAL
INTERNATIONAL MISSION STATEMENT OF THE SALVATION ARMY

The Salvation Army, an international movement, is an evangelical part of the universal Christian church. Its message is based on the Bible. Its ministry is motivated by the love of God. Its mission is to preach the gospel of Jesus Christ and to meet human needs in His name without discrimination.

STATEMENT OF FAITH

The Doctrines of The Salvation Army

1. We believe that the Scriptures of the Old and New Testaments were given by inspiration of God, and that they only constitute the Divine rule of Christian faith and practice.

2. We believe that there is only one God, who is infinitely perfect, the Creator, Preserver, and Governor of all things, and who is the only proper object of religious worship.

3. We believe that there are three persons in the Godhead -- the Father, the Son and the Holy Ghost, undivided in essence and co-equal in power and glory.

4. We believe that in the person of Jesus Christ the Divine and human natures are united, so that he is truly and properly God and truly and properly man.

5. We believe that our first parents were created in a state of innocency, but by their disobedience they lost their purity and happiness, and that in consequence of their fall all men have become sinners, totally depraved, and as such are justly exposed to the wrath of God.

6. We believe that the Lord Jesus Christ has by His suffering and death made an atonement for the whole world so that whosoever will may be saved.

7. We believe that repentance towards God, faith in our Lord Jesus Christ, and regeneration by the Holy Spirit, are necessary to salvation.

8. We believe that we are justified by grace through faith in our Lord Jesus Christ and that he that believeth hath the witness in himself.

9. We believe that continuance in a state of salvation depends upon continued obedient faith in Christ.

10. We believe that it is the privilege of all believers to be wholly sanctified, and that their whole spirit and soul and body may be preserved blameless unto the coming of our Lord Jesus Christ.

11. We believe in the immortality of the soul; in the resurrection of the body; in the general judgment at the end of the world; in the eternal happiness of the righteous; and in the endless punishment of the wicked.
MISSION STATEMENT OF THE COLLEGE FOR OFFICER TRAINING

As outlined in The National Statement of Training Goals, the College for Officer Training Mission is to produce Salvation Army officers who:

1. **Know God**, evidenced by holiness of heart, purity of life, prayer, witness, service, sacrifice, nobility of character and quality of living.
2. **Know themselves**, their strengths and how to direct them, their weaknesses and how to overcome them, their potentials and how to develop them.
3. **Know their mission**, understanding the implications of God’s call to officerhood, understanding the nature and mission of The Salvation Army, understanding their commitment to it and their place within it, both men and women together, sharing the burden of the world’s sin and suffering, desiring above self, comfort, recognition, and all else the glory of God and the salvation of the world.

The ultimate goal of Salvation Army officer training is to develop officers of such “Blood and Fire” spirit that they will be able to sustain and advance the mission of The Salvation Army.

CADETSHIP

A “cadet” is a Salvationist called by God to serve as an officer of The Salvation Army who possesses qualities of heart and mind essential to compassionate, transformational service, demonstrating potential for effective leadership.

Cadet life is all-encompassing, both on and off duty, on and off campus. The cadet lifestyle should reflect positively on God’s calling, the cadet and The Salvation Army at all times. Cadets should evidence a strong sense of loyalty, honor and integrity consistent with biblical standards of righteousness and the spiritual disciplines. The college environment is a close one and all must accept and adhere to the requirements of training for officerhood and the formation of a self-disciplined Christian.

ADMISSION TO THE COLLEGE

The College for Officer Training is open to all students who qualify under its academic and spiritual standards, regardless of race, national origin, disability status or gender. To be accepted as a cadet academically, a candidate must be a high school graduate or possess a G.E.D. or equivalent educational mark (from countries outside the U.S.). All successful candidates are uniform-wearing, senior soldiers (members) of The Salvation Army for at least one year before entering the College.

In exceptional circumstances, when academic documents are lost or missing (i.e., when foreign or other educational records are not available), a student may still be admitted to the College. In this case, the accepted cadet must demonstrate competency to handle the academic work at a “C” level or better over two academic quarters.

INTERNATIONAL STUDENTS

International students may be accepted as cadets, as indicated above, when satisfactory documents pertaining to high school completion are provided. International cadets may receive academic and other advice from the CFOT Immigration Officer and, particularly, U.S. government requirements and information from the Immigration Specialist at THQ. Studying as a “foreign exchange” student (F1 visa) and a non-citizen of the United States can be a complex situation and a number of rules, regulations and laws governing this process exist. This process is marked by a number of renewal dates and regulations which cadets must adhere to and fulfill on time to maintain “lawful presence.”
The THQ Immigration Specialist has the training and knowledge to assist all in this process. A brief session with international students will be a part of the College’s Fall Orientation to ensure all are cognizant of the process, the aid that they can receive and are complete and up-to-date in meeting regulations to satisfactorily study at that time.

**CODE OF CONDUCT**

A cadet has voluntarily joined the college’s community and thereby assumes responsibility for abiding by all standards that have been instituted by the College for Officer Training. Cadets should read this set of standards and adopt this code as a part of their own values and behavioral guidelines:

1) The intrinsic value of the person stands above other values. The personal rights and dignity of individuals are to be held inviolate and take precedence over any other personal goals.
2) A cadet is respected as a responsible adult. Cadets are encouraged to make informed decisions with respect to their own education and spirituality and to be involved in College decisions to the extent possible.
3) Just as the individual cadet has his/her own personal rights, so the College has an obligation to exercise its rights and privileges in conformity with the laws and procedures governing its Christian, Salvation Army proprietary and accreditation actions.
4) The College recognizes that the freedom to teach and learn depend upon the opportunities and conditions in the classroom, on the campus and in the larger community. This responsibility to secure and respect the best general conditions conducive to learning is shared by all members of the community. **Personal and Academic Freedoms** are meaningless unless a shared responsibility is also present.

**THE INTERNATIONAL CERTIFICATE OF TRAINING**

Cadets successfully completing the international and national training goals, standards and curriculum will receive the Certificate of Salvation Army Officer Training. Completion of the certificate program is necessary for cadets to be commissioned as Salvation Army officers.

**ACCREDITATION - ASSOCIATE IN APPLIED SCIENCE**

The College for Officer Training is institutionally accredited by the New York State Board of Regents and the Commissioner of Education acting under their standing as a nationally recognized accrediting agency. The Office of College and University Evaluation can be contacted as the accrediting agency at:

The College is also a member of the Association of Business Administrators for Christian Colleges.

**CONTINUING EDUCATION AND ARTICULATION AGREEMENTS**

The Salvation Army has in place an agreement with Asbury University (AU) in providing continuing education for officers. Since AU and The Salvation Army have historical theological and educational connections, this agreement is designed to continue to strengthen the friendly and mutually cooperative relationship through creation of a program of study for the completion of a Bachelor’s degree at AU for officers of The Salvation Army, U.S.A. Eastern Territory. Salvation Army College for Officer Training (CFOT) graduates, through a cooperative agreement, by including the usage of the previously completed credits at CFOT, will seek to obtain the Bachelor of Science in Non-Profit Administration (Ministry Management) degree at AU through further course work. AU is accredited by the Southern Association of Colleges and Schools (SACS) and approved to offer online curriculum, as well as traditional on-campus educational programs. The curriculum for the Non-Profit Administration (Ministry Management) degree is specifically designed for CFOT graduates to recognize Salvation Army directly applicable learning outcomes and objectives, provided by qualified AU instructors and Salvation Army consultants, at an accredited university. All credits satisfactorily completed at CFOT will be accepted as partial fulfillment of the 124 semester credits required to complete the AU Bachelor’s degree. The degree is designed such that it will be normally completed within the first five years of officership.

The CFOT further maintains formal Articulation and Teach-out agreements with Nyack College, New York, and Nazarene Bible College, Colorado. Additionally, formal Articulation agreements are maintained with Houghton College, New York, and the Inter American University of Puerto Rico.

**TRANSCRIPTS**

Each cadet is given a quarterly grade report. One official copy of all transcripts is provided at no charge to each cadet upon commissioning.

Please be guided by the following regarding additional transcript requests:

- There is no fee for official or unofficial transcripts
- Unofficial transcripts can be sent electronically to a cadet, another college, university, school or outside party
- All other transcript requests will be processed through mail or can be picked up at the College.

Privacy laws prohibit telephone requests. All requests must be in writing. Most colleges require that official transcripts be sent directly from the institution. To avoid unnecessary requests, please check with the institution before you request transcripts.
**HISTORY OF THE COLLEGE**

The Salvation Army officially commenced operations in the United States with the arrival of Commissioner George Scott Railton and the “Hallelujah Lassies” in New York, March 10, 1880. The training of officers proceeded informally from then until 1882 with the establishment of the first regular training program for the instruction of male cadets in the U.S. at the Brooklyn Lyceum. A National Training Home for Women was opened in Brooklyn in April, 1888, and a Training Home for Men was opened in October of that year in Manhattan. Smaller Training Homes came to be called Training Garrisons.

By 1905 “Officer Training Colleges” replaced these garrisons and were located in Chicago and New York City. A fire razed the New York College in 1918, but by 1919 the West Tremont and University Place in the Bronx became the location for training in New York City until the move to Suffern, NY in 1972.

The designation of “Officer Training College” was in practice until 1960 when the State of New York mandated the change to “School for Officer Training.” The SFOT maintained this designation, eventually progressing toward state accreditation. It became a degree-granting accredited educational institution in 2005. The School awarded the Associate in Occupational Studies for the next six years, when the application to upgrade to the Associate in Applied Sciences was accepted. This was awarded to graduating cadets commissioned in June, 2012.

In November of 2012, the New York State Board of Regents and the Secretary of State granted The Salvation Army’s petition to become “The Salvation Army College for Officer Training.” The College for Officer Training (CFOT) was reaccredited by the New York State Board of Regents beginning in January 2015, for a continuing period of seven years.

The thirty acre campus in Suffern has allowed steady expansion to The Salvation Army’s educational programs and work. To the original mansion and school building were added Pepper Residence Hall (1979), Woodland Apartments for staff and faculty (1984), Davidson Residence Hall, gymnasium/auditorium and maintenance centers in 1988 and an Administration Building with library and chapel, actually replacing the mansion in 1990. More recent projects have included the renovation of the Mumford Cottage and the construction of the Rader Court Apartments. The expansion of the cadet dining hall, student center, Brengle Library, Davidson Hall gym and a state of the art lecture hall were completed in early 2001. These facilities were dedicated by the Chief of the Staff, Commissioner John Larsson, on February 17, 2001.

Most recently, additions to the campus physical facilities include the Major Florence King Education Wing (2005, dedicated May 3rd of that year) and a new 16-unit apartment complex, the Colonel Milton S. Agnew Hall, dedicated in June, 2006. The King Education Wing currently houses the administrative offices of the Curriculum Department while the Agnew Apartments are used for cadet and staff housing and fitness training.

Academic Policies
ACADEMIC POLICIES

The academic component of the College for Officer Training, USA Eastern Territory, seeks to provide a challenging learning environment in which intellectual capacity, spiritual development and practical ministry experience are balanced. This aims to create a foundation and desire for life-long learning and continual development of ministry skills. Instrumental to this interdependence of classroom, community and field is an instructional staff comprised of qualified practitioners and credentialed academics, all sharing a common faith in Christ and working in partnership.

By successfully engaging in the learning experience of the CFOT, cadets will be commissioned and ordained as Salvation Army officers. Spiritually mature and academically and practically prepared, they will faithfully engage in mission to a hurting world by living for the glory of God and the salvation of souls.

Statement of Core Values

- **Worship** – We seek to worship God in response to His presence as He reveals Himself to us. We are the temple of the Living God and our worship is Trinitarian: God-directed, Christ-centered and Spirit-empowered. It is personal, but it is also shared with the community of believers and is a witness to the unbeliever. Worship is not just forms and rituals, but attitude and spirit based upon God’s Word, the Bible, and shaped through prayer.
- **Salvation** – We proclaim the promise of salvation by grace through faith in Jesus Christ and aim to lead as many people as possible to the Kingdom of God.
- **Holiness** – We desire to live holy lives through the indwelling presence and power of the Holy Spirit.
- **Evangelism** – We endeavor to bring hope to the hopeless and redeem the lost through the fervent proclamation of the Good News.
- **Discipleship and Spiritual Formation** – We resolve to be like Jesus and train others to follow Him. Central to this is self-discipline in personal spiritual formation.
- **Mission** – We live to “love the unloved”; we are an Army on mission with God to a fallen creation.
- **Family** – We cherish the family unit. All within the family are children of God – man, woman and child – and are encouraged to discover their individual capabilities and develop their spiritual capacities through mutual support within the context of Salvation Army ministry.
- **Community** – We believe that mutual encouragement, compassion and communication enhance positive relationships.
- **Lifelong Learning** – We value the life lessons and educational experiences brought to our community by both cadets and faculty, commit ourselves to excellence in academic pursuits during the training experience and seek to develop a continuing pattern of learning throughout our lifetimes.

Standards and Expectations

Cadets are expected to demonstrate the highest possible standards of integrity and excellence, recognizing the responsibility and duty that is theirs as part of their commitment to God's service. These standards include punctuality, attendance and participation in all classes, field work, and other assigned duties, timely submission of all assigned work, and completion of all class and field work assignments for the awarding of grades.

Associate of Applied Science Degree

The Associate in Applied Science degree (A.A.S.), under New York State education law, requires that a minimum of 30 quarter credits of liberal arts or general education (in a 90 quarter credit calendar) be instructed for obtaining the degree. To fulfill this requirement, the College follows the plan of many larger universities and colleges by designating a number of courses in differing Divisions of Study as a
portion of this “general education,” as the information in these courses is more theoretical, comparative and preparatory for later learning. In addition to the three courses listed in the General Education Division (First Year Seminar, Psychology and Teaching & Learning - 5 quarter credits), the following courses contribute to the this breadth requirement: Ethics (2 credits), Biblical Interpretation (2), Music & Creative Arts (2), Worship (2), Homiletics (2), Church History (2), Leadership Formation & Personal Development (2), Principles of Finance (2) Approaches to Social Concerns (2) and Approaches to Faith-based Counseling (2). In addition to the sum of 25 quarter credits cited above, 3 additional and differently constructed Homiletics courses (6 credits) are required. Finally, many colleges and universities would also recognize instruction in the literature and culture of the Bible as part of their general education components.

Community Calendar
The community calendar provides a listing of daily classes, where each class is based on 50 minutes of classroom instruction, and activities of the college and is posted on the Education bulletin board as well as an electronic copy in the “S” drive under “Education Calendar & Room Locations”. Changes to the calendar are made through the Education Officer with the updated version on the bulletin board and “S” drive. Cadets are to acquaint themselves with these schedules and be alert for any posted changes. Cadets are responsible to check emails as well for any important calendar changes.

Study Time
The academic program at the College for Officer Training is vital to the future of an officer. A cadet must make wise use of evenings and open periods for study. The library and classrooms will be open for this purpose. When cadets are studying in dormitory rooms, other cadets should exercise courtesy and provide encouragement by maintaining as quiet an atmosphere as possible. It is not unusual that one person should require more study hours than another. At times it may be necessary to assign added supervised study hours to aid a cadet on Academic Warning or Probation or in the pursuit of academic/field training proficiency.

Classroom Behavior
Respect for the classroom and the quiet study space of the library informs the use of all electronic devices in these locations. Use of computers during classes shall be at the discretion of the instructor, and must be utilized only for that class-associated activity. Food is not allowed in the classrooms; only liquids in closed, covered containers are allowed. At the discretion of the instructor on special occasions, an exception may be made to this rule. It is the expectation of each student to take notes, participate in discussion, read in advance and other methods to provide or increase effective learning. Instructors are not required to provide power points in advance of or following a class, or study guides to direct students what to study for an exam.

Laptop Computers
The Information Technology (IT) Department will issue to each cadet a laptop that is connected to the Salvation Army network, and various computer training sessions will be offered. Careful compliance with the INFORMATION SERVICES section of the Cadet Manual is essential to guard the integrity of the network and to ensure access to and benefit from needed software and web-based resources for all in the community.

Grades and Grade Points
Grades are a measure for the cadet to monitor his/her own progress towards excellence in many aspects of the training program. At Commencement, cadets achieving an accumulated grade point average (GPA) of 3.71-3.80 graduate with the distinction Cum Laude, cadets achieving a grade point average of 3.81 – 3.90 graduate with the distinction Magna Cum Laude, and cadets achieving a grade point average of 3.91 and above graduate with the distinction Summa Cum Laude. The cadet with the second highest accumulated grade point average is designated Salutatorian, and the cadet with the highest accumulated grade point average is designated Valedictorian.

**Final grades are due from instructors one week following the final exam or class meeting.**
The academic standing of each cadet will be recorded for transcript purposes at the end of each quarter at which time the cadet will be informed of his/her grades. The grading system follows:

**Grades not entered into GPA calculation:**

P  **Pass**

A *pass grade* indicates an achievement of C level or above and can be given for designated courses. Achievement below C level results in a failure (F).

I  **Incomplete (unforeseen)**

If cadets encounter an extreme, sudden situation beyond their control during an academic term that renders them unable to complete their course assignments in the allotted time before final grade submission, they may be considered for an “Incomplete.” This may occur in coordination with the Personnel Department and each case will be considered on an individual basis. The process is as follows:

- Education Officer meets with instructor and cadet.
- Cadet meets with the Education Officer to review plan to determine if a mark of “I” (Incomplete) is warranted.
- Instructor and cadet meet to consult and agree on work and date of completion. This may include the cadet viewing class tapes and completing an assignment.
- Education Officer will present case to the Academic Review Board (ARB) for review.
- Once approved, the “I” (Incomplete) will appear on the transcript and will remain on the transcript along with the final course grade.
- The completed work must be submitted to the instructor by noon of the Friday of the fourth week of the following academic quarter or, in the case of spring quarter, by September 1, unless otherwise decided by ARB.

I  **Incomplete (planned)**

Occasionally, certain situations may arise with gradual or significant advance knowledge including elective surgery, pregnancy, maternity/ paternity, illness of cadet child/family member, and/or other concerns, where an extended period of absence is anticipated and subsequent incomplete course work might result. The Education Officer will make arrangements with the cadet and the instructor with input from the Personnel Department. The process is as follows:
Education Officer informs instructor and cadet.
- Cadet meets with the Education Officer to review plan to determine if a mark of “I” (Incomplete) is warranted.
- Instructor and cadet meet to consult and agree on work and date of completion. This may include the cadet viewing class tapes and completing all assignments.
- Education Officer will present case to the ARB for review.
- Once approved, the “I” (Incomplete) will appear on the transcript and will remain on the transcript along with the final course grade.
- The completed work must be submitted to the instructor by noon of the Friday of the fourth week of the following academic quarter or, in the case of spring quarter, by September 1, unless otherwise decided by ARB.
- Exception to this would only be in effect if an assignment requires group/personal presentations whereby “alternative” work may be assigned that corresponds to the assignment(s) missed.

**Viewing of Classes**
Due to an extenuating circumstance, it may be necessary for the cadet to view the missed classes either through live streaming or recording.

**Failed Assignments**
In exceptional cases a cadet may request to redo an assignment, test, sermon or other coursework caused by an unforeseeable event or absence for which they received a failing grade. The instructor, in conjunction with the Education Officer, will review the request and confirm approval. However, late assignments which have been graded “F, 0 points” are not defined as “exceptional cases.”

**Remediating a Grade of “F” or Raising a GPA Below 2.0**
A cadet who has become ineligible for the degree on the basis of either failing a course or having a GPA below the 2.0 standard has the option to seek remediation. The process is as follows:
- Cadet (or Lieutenant for post-Commissioning remediation) submits a request for remediation to the Education Office.
- Education Officer, in consultation with the instructor(s), assesses if course(s) can be remediated through supplemental work or if the course(s) must be repeated. Supplemental work may be appropriate if either the failure was associated predominantly with a particular course assignment or if a single assignment can be designed to assess mastery of more widespread course shortcomings. Otherwise, the course should be repeated.

For supplemental work:
- The instructor develops the specific assignment(s) and sets a tentative due date in consultation with the Education Officer.
- The Education Officer presents the proposal for supplemental work to the ARB for approval. The ARB will seek to maintain reasonable consistency in the level of rigor and the volume of work expected for remediation.
- If the proposal is approved, the cadet submits the supplemental assignment(s), according to the established due date, to the instructor who will grade the work. Standard late penalties will apply as needed. The grade for the supplemental work is averaged with the grade for the original assignment that caused the failure (or that proportion of the course being remediated). That average grade is then entered in the original course grade sheet, according to its intended weight in the course, to determine the new course grade. The instructor submits the new grade to the Education Officer.
- Both the original grade and that achieved after completing the supplemental work will appear on the transcript. Only the latter grade will be calculated into the overall GPA.

For repeat of courses:
- The Education Officer presents the proposal for a repeat of course to the ARB for approval.
• Approved repeat of courses will normally be scheduled as independent study courses during the summer assignment or post-Commissioning. The Education Officer, the Director of Curriculum, the instructor, and the field command (for post-Commissioning courses) will consult on appropriate timing.
• At the end of the course, the instructor submits the grade to the Education Officer.
• Both the original grade and that achieved for the repeated course will appear on the transcript. Only the latter grade will be calculated into the overall GPA.

Make-up Examinations
All examinations are to be taken at the times designated in the course syllabi. If an examination is missed, the cadet must make alternative, satisfactory scheduling arrangements with the Education Officer. The make-up examination should be scheduled to be taken at the first available time on the first day the cadet returns to classes. Failure to take a test within three days will result in a grade of “F” for that exam. All instructors must inform the Education Officer when a cadet misses any examination. Each situation will be reviewed by the Education Officer and instructor on a case by case basis.

Late Assignments
An assignment is late if not given to the instructor at the required time as indicated in the course syllabus. This applies to all written assignments for Unicheck and for those assignments that are to be given to the instructor. All course work is due at the beginning of the class or as assigned in the approved course syllabus. All written assignments are to be submitted through Unicheck (see Academic Integrity) which indicates the exact time that papers were submitted, providing a receipt.

Absence from class, is not an acceptable excuse for turning in an assignment late. If a cadet is absent, and the assignment is not in a format that can be submitted by Unicheck, they are to e-mail it to the instructor or arrange for another cadet to hand deliver it by the assigned time.

Late assignments are considered a serious failure to meet course requirements. Grades for late assignments will be reduced 5 percent for each day late, including weekends and holidays. After one week late, the assignment will receive a grade of “F, 0 points” and is not eligible for additional work. Repeated lateness of assignments will be addressed by the Education Officer, and ARB and the Personnel Department may be notified.

Reading and Written Assignments
Suggested limits in reading and written assignments apply to all courses to keep the work load for cadets manageable and fair and to attempt to provide balance among the differing courses. These are guidelines as some texts are word-dense, filled with complex ideas and terminology, definitions and theory while others are not, and multiple-page papers do not always indicate margins, double or single spacing and indents. Some in-class writing assignments may not be counted within the page numbers listed below and a “take-home” final exam might be excluded, as long as reasonable expectations are made. Instructors are given leeway here but to ensure fairness, equality, and yet support pedagogical objectives in work demanded, from course to course, these suggestions are offered. Extreme variations should be discussed with the Division Chair, Education Officer, and Director of Curriculum.

Academic Warning
Cadets whose cumulative grade point average or quarterly average falls below 2.0/C or who receive the grade of “F” in any course will be placed on academic warning. These cadets will be required to report to the Library for all designated study sessions and their progress will be closely monitored by the Education Officer and course instructors. Additionally, cadets on academic warning may be assigned an officer as their academic mentor who they must meet with on a regular basis, as prescribed by the Aca-
Academic Review Board. The designation of academic warning may be lifted when the following takes place: completion of the following quarter’s course work with an cumulative grade point average of 2.0/C or above, and/or, remediation of the “F” grade is completed. A second instance of being placed on academic warning may result in academic probation.

Academic Probation
Cadets whose cumulative grade point average or quarterly average falls below 1.7/C- or who carry two or more non-remediated grades of “F” on their academic transcript will be placed on academic probation. Cadets on academic probation will have the same consequences as those on academic warning, as well as additional restrictions deemed fit by the Academic Review Board. Additional restrictions will be administered on a case-by-case basis. Cadets placed on academic warning or academic probation may be required to attend tutor-assisted study, or other remedial learning situations to improve academic progress. The designation of academic probation may be lifted when the following takes place: completion of any following quarter when overall coursework reaches a cumulative grade point average of 2.0/C or above, and/or, remediation of “F” grades is completed. All cadets placed on academic probation will be required to appear before the ARB. If there is no improvement or if additional failures occur, the status of his/her cadetship will be forwarded to the Personnel Department for further recommendations and possible dismissal.

Awarding of Degrees
Degrees will be awarded to cadets in good standing who have completed the specified 94 units of credit and meet the following criteria:

1. Maintain an overall accumulated grade point average of 2.0/C or higher.
2. Achieve a minimum GPA of 2.0 in each of the following core requirement areas of study (# of courses): Biblical Studies (7), Theological Studies (7), Mission & Ministry Studies: Worship & Homiletics (5), and Supervised Ministry Studies (10).
3. Have no failing grades over the entire curriculum (or have successfully completed the required supplemental work for failing grades before Commencement).

In rare cases, a cadet may be unable to successfully complete the academic work required for the Associate degree. This may be substantiated by continued failure in two successive academic terms. The cadet may continue training for officership if approved by college administration (the Cadet Review Board, the ARB, the Executive Council and the Training Principal). An “Individualized Educational Plan for Academic Probationary Cadet (IEPAPC)” will be developed by the Education Officer in consultation with the cadet and the Director of Curriculum. The final IEPAPC must be approved by the Executive Council and the Training Principal. The cadet must accept that no academic degree will be awarded after fulfillment of this academic plan.

In the tradition of Exchange Cadets, where appointments to the CFOT have been made in coordination with the home territory, it is understood that the cadet will not complete the full two years of curriculum and will not be eligible for the A.A.S. degree. An IIEP (International Individualized Educational Plan) will be developed based on the needs of the home territory sending (and receiving back) the cadets and the perceived needs and English language abilities of the cadet.

Finally, in extraordinary circumstances, even though all academic requirements have been met, the College has the right to withhold conferring a degree. This may be due to concerns or deficiencies in the realm of personal and cadet life and can occur only upon the instruction of the Training Principal.

Independent Study & Transfer of Learning
After the Fall term of the first year, except in exceptional circumstances, any cadet who has documented course work on a college transcript for a particular course, may request an alternative course of study to be considered as an Independent Study. The request for Independent Study must indicate that the prior equivalent coursework received a grade of “B+” or better and the cadet must have a current minimum CFOT grade point average of 3.0 or higher (or near-certain probability of having that GPA by the time the academic term begins). All requests for Independent Study must be submitted to the Education Officer for approval prior to the first day of classes for the academic term in which it is to take place.
Independent studies are requested by the cadet in consultation with the Education Officer. The cadet secures the application to undertake the coursework and submits the completed application to the Education Officer for review and approval by the ARB. The cadet may petition that the Independent Study be designed to undertake additional coursework in the same area or discipline of study as the course to be substituted for, or another area where they are more inclined, talented naturally, by earlier education or motivationally or, on the other hand, where the cadet feels the need of stronger preparation. Notification of approval or disapproval should be completed within one week of receipt of the completed form and the cadet and instructor informed. If approved, completed work under an Independent Study contract will be graded by the supervising instructor, according to the schedule of any other course in the term, and a grade forwarded to the Education Officer.

**English Enrichment Class**

Due to difficulties cadets face with English composition, a course has been designed to help cadets improve their communication skills. This course is open for all cadets who desire to improve their ability to communicate using proper English. Cadets who struggle with grammar, writing and composition, may be required by the Academic Review Board and faculty to attend a weekly, one-hour course that focuses on English skills. This course is designed for cadets with English as a first language; however, more advanced ESL cadets could elect this course instead of one of the ESL classes.

**Integrated Mission**

Integrated Mission is Salvationist lifestyle. It is The Salvation Army’s heritage of orthodoxy-orthopraxy, strengthening relationships between affections, beliefs and behaviors. It is deeply rooted in theology that is relational, Trinitarian and Wesleyan; and that sees the mission of the church as participation in the mission of King Jesus, who inaugurated the reign of God and is at work restoring all that He has created to right relationships.

Key IM concepts are Care as being with rather than doing to or for, Community as the desire of all to belong, Change as possible, and Hope as always present. These are founded in our beliefs, such as Creation, Incarnation, and the Holy Spirit’s active presence, described in Mission in Community: The Salvation Army’s Integrated Mission. Key IM behaviors that both embody and evoke these beliefs are seeing the ‘other’, listening to their story, going as learners not teachers, working as a team, looking for the God encounter, taking the conversation deeper, appreciating strengths, and finding patterns of response. The key IM practice is SALT (Support And Learning Team) visits in homes and neighborhoods around local corps or other Salvation Army centers.

In a dynamic, non-linear sequence of action-reflection correlated with the CFOT curriculum, the cadets examine IM theology, self-assessment, contextualization, measurement for mission, facilitation team development, and adaptive response in corps or center as well as in community. Associated scholarly streams include participatory action research and asset based community development.

**Additional Enrollment**

Enrollment in other academic programs (residential or distance) while a cadet at the CFOT is not an option, unless it is determined that such study would enhance the cadet’s further formation in light of his/her need or prior experience. Specific proposals for an additional enrollment arrangement should be presented to the Education Officer and the ARB.

**Academic Attendance Policies Standards and Expectations**

It is the expectation of the College for Officer Training that cadets are to demonstrate the highest possible standards of integrity and excellence, recognizing the responsibility and duty that is part of their commitment to God's service and living within a covenant community of Christian love and Godly respect for one another. Such living acknowledges our Christian ideals, abolishes whatever may hinder our calling, advances an atmosphere of growth that reflects God’s love in community and abounds in encouraging a growing spiritual awareness on how to be accountable to one another. These standards include punctuality, attendance and participation in all classes, supervised ministry, and other assigned duties. Awarding of grades is based on timely submission of all assigned work, and completion of all class and supervised ministry assignments.
Attendance and participation is expected at ALL community gatherings, applied learning experiences (Supervised Ministry), conferences, seminars, and workshops required by CFOT administration, faculty, and staff. As such, it is imperative for all cadets to do their very best to attend, participate, and learn from ALL experiences offered; indeed, each cadet brings a unique set of educational experiences, spiritual insights, and personal witness to every potential learning situation and the absence of anyone diminishes the experiences of the whole. Attendance gives evidence of active participation allowing the fullest development of discussion and learning for all in the classroom within the responsible freedom afforded by God’s grace (scripturally, “to each is given the manifestation of the Spirit for the common good,” 1st Corinthians 12:7). Exceptions to this attendance policy, for extenuating circumstances, are at the discretion of the Personnel Department.

Class Attendance
Attendance will be taken at all classes and class-associated learning experiences. Cadets are required to attend a minimum of 80% of class hours (credited or pass/fail). For absences more than 20% (for example, in a three credit course, the 20% maximum of absences is 6 class hours, total), there will be a 5 point reduction for the course. For absences 25% or more, a 10 point reduction will take place along with other possible disciplinary actions. It is the cadet’s responsibility to maintain their own record of absences for each course.

Assignment Deadlines for All Absences
An assignment is late if not given to the instructor at the required time as indicated in the course syllabus. This applies to all written assignments for Unicheck and for those assignments that are to be given to the instructor. All course work is due at the beginning of the class or as assigned in the approved course syllabus. All written assignments are to be submitted through Unicheck (see Academic Integrity) which indicates the exact time the papers were submitted, providing a receipt.

Absence from class is not an acceptable excuse for turning in an assignment late. If a cadet is absent and the assignment is not in a format that can be submitted by Unicheck, they are also to email to the instructor or arrange for another cadet to hand deliver it by the assigned time.

Late assignments are considered a serious failure to meet course requirements. Grades for late assignments will be reduced 5 percent for each day late, including weekend and holidays. After one week late, the assignment will receive a grade of “F, 0 points” and is not eligible for additional work. Repeated lateness of assignments will be addressed by the Education Officer, and ARB and the Personnel Department may be notified. If the cadet is unable to attend a class due to illness on the day of an exam, the cadet is responsible to notify, via email, the instructor prior to the beginning of class. Exams must be made up by the cadet prior to the next class day.

Class Lateness
A class commences once the bell rings and the instructor begins. Lateness to any one class takes place when a cadet is not present at this time and can contribute to disruption of a lecture or a scheduled test. Effective and efficient learning takes place when the student is present and ready to learn as the instructor leads. There will be a one point deduction from the final grade for the first three lateness reports and an additional one point deduction will be assessed for each additional lateness, after the first three. Any instructor has the option to prevent a cadet from taking a test if the cadet is late to class.

Academic Integrity
Cheating and plagiarism definitions should be presented in the syllabus and openly discussed in the orienting, initial class period. Cadets are expected to possess and demonstrate the highest standards of character and integrity. Cheating and any other type of academic dishonesty, including plagiarism, are unacceptable behaviors. The cadet’s code must always be to conduct themselves, at all times, as a Christian and officer-in-training.

“Plagiarism” (from a Latin word for “kidnapper”) is the presentation of someone else’s work as your own. Whether deliberate or accidental, plagiarism is a serious offense. It breaks trust, and it undermines or even destroys your credibility” (Aaron, 2018, p. 212-213). This includes, but is not limited to, aca-
ademic work from previous academic institutions, corps experience and previous CFOT courses. Also, using or copying academic work between spouses for course submission is considered plagiarism. Plagi

ariaism is dishonest and displays a lack of gratitude for the wider community of learning into which the
cadet enters in study. Proper citation of sources prevents plagiarism. For more information see
“Information Literacy” in the Library section. Unicheck is an online resource that can help cadets iden

ify and avoid plagiarism. See “Unicheck” for further guidance. For additional information please reference:
Instances of academic dishonesty should be handled by the instructor in each course by means specified
in the syllabus. If an instructor suspects that a cadet has cheated or plagiarized on a test or written paper
assignment, the instructor should 1) investigate the matter thoroughly and establish strong evidence be
fore confronting anyone; 2) the instructor will then bring that evidence to the Education Officer, rather
than simply consult with or confront the cadet based on “suspicions;” 3) the Education Officer will re
view the evidence, meet separately with both the cadet and instructor, and, after reaching a decision, in
form both the instructor and the cadet. If, after consultation with the cadet and the Education Officer,
the instructor continues to feel that cheating or plagiarism has taken place without an adequate resolu

tion, it will be referred to the Director of Curriculum for follow-up. Written work that requires research
handed in without citation of sources and recognition of quotes, or prepared by someone else, will re
ceive the grade of “F or 0 credit” for any assignment and, if on a substantial assignment, may result in a
failing grade for the entire course.

As an alternative for the no credit, on a first offense only, the cadet may be given grace, as a means of
teaching proper formal educational requirements and behavior, and be allowed a make-up assignment
for the work. The grade of any make-up assignment must be averaged with the zero credit resulting
from the initial significant academic dishonesty. ARB will be informed of the offense.

A second instance of plagiarism, cheating or academic dishonesty - whether or not it is in the same
course, another course, or in the overall training experience of the cadet - will be referred to the ARB as
a case of severe deficiency in character and integrity. The course under review during the second inci
dent receives an “F grade or 0 credit.” There is no option of doing additional, supplemental work to com
pensate for the failure. The course must be retaken in order to receive the degree. The CFOT reme
dition policy will be in effect. The instance will also be reported to the Director of Personnel and the
Training Principal for possible further penalty.

Plagiarism, cheating or academic dishonesty, established beyond a reasonable doubt by the responsible
teaching parties (cadet, instructor, Education Officer, and Director of Curriculum) will be reported by
letter from the Education Officer to the Director of Personnel and the Training Principal. The letter is
then placed in the cadet’s file.

Any further infractions of the above policy, exceeding a second offense, will result in presentation to
CRB and may include recommendation to the Territorial Commander for dismissal from the College.

Copyright and Licensing
We are responsible to comply with copyright laws every time we copy, display, or perform someone
else’s work, even if there is no copyright notice or author’s name on it, or it has been posted on
YouTube. This includes printing information from the Web, and adding recorded music to a presenta
tion. Please refer to the COPYRIGHT AND LICENSING section of the Community Guidelines, for
more information. It is the policy of the CFOT to comply with copyright law.

Unicheck
Unicheck is an educational resource by which Cadets submit all written assignments into their class
portfolio. Unicheck’s key feature is the Originality Report, which displays matches found between the
submitted assignment and other papers in Unicheck’s database. Matches mean nothing in themselves.
For example, a good research paper should have a high percentage of matches because it should reflect
a good amount of information from other sources, all properly cited. See Information Literacy in the Li
brary section.

44
Instructors use Unicheck in different ways. Features they may use include grading, commenting and Grammar Check. Using Unicheck also avoids the difficulty of trying to get printed copies before class starts, and identifies the exact time an assignment was submitted. If there are any questions about using Unicheck contact your instructor, immediately. Otherwise, difficulty with Unicheck will not be accepted as an excuse for an assignment being late.

**English as a Second Language (ESL)**
The CFOT curriculum is designed to cultivate spiritual leadership for a multicultural world. The capacity for a bilingual/multilingual ministry is vital to reach the ever-increasing population of immigrant communities. Those cadets for whom English is not their primary language are required to study English through ESL until they achieve a score of 40 on the Second Language English Proficiency (SLEP) test. ESL is supervised by the Learning Consultant. During the academic year, beginning in the Fall term, multiple ESL courses are offered, one course focusing on conversational English with some grammar, the others more heavily focused on English grammar and writing skills. Depending upon progress, in the Winter term, additional courses are offered for more and differing needs of cadets.

**Track in Spanish (TIS)**
The goal of the Track in Spanish is to provide a program of study in a multicultural context, in accordance with the mission and purpose of Salvation Army training, which will meet the particular needs of Hispanic ministries in the USA Eastern Territory, as well as respond to the global Army vision and commitment to the salvation of the world. Therefore, TIS is committed:

- To provide a program intended to develop and/or enhance knowledge, capabilities, spirit and character of Latin men and women called to officership.
- To provide a parallel course of study to ensure instruction in accordance with the National Curriculum Statement.
- To provide a well-rounded overall learning experience designed to foster personal growth, spiritual development and self-discipline as well as to expand ministry opportunities at the local and international level.
- To provide the opportunity to improve and/or gain vocabulary especially in Bible and doctrine, for teaching, serving and discipling multicultural congregations.

The particulars of the TIS program are as follows:

- Courses taught in Spanish are parallel to those in English. Administration courses are taught in English with bilingual faculty resources to assist in class.
- Courses in Spanish include culturally appropriate examples and current topics in preparation for and response to a fast-growing Hispanic community.
- CFOT community life is multicultural and multilingual, with English as the primary language of official communication.
- The Spanish Studies Coordinator selects a translation team each year consisting of bilingual officers and cadets. Translation into Spanish is provided for community gatherings, lectures and other on-campus public meetings. All material utilized must be submitted to the Coordinator at least 48 hours in advance for translation purposes.
- Cadets in the TIS are expected to gain knowledge of English and/or develop their bilingual potential by taking ESL, Administration courses, and participating in brigades and other campus programs in English.
- English language speakers who have proven written and verbal capacity in Spanish may elect to take some courses in Spanish. Those in the TIS have the opportunity to take courses in English when verbal and written capacity is demonstrated.

**Families in Training**
Acknowledging that couples need to develop complementary skills in team ministry and that children need to be integrated into the CFOT experience, many opportunities are provided to discover, affirm, own and exercise appreciation for cultural differences, individual personalities and spiritual gifts within
the family and community contexts. Families may enjoy normal family life through shared mealtimes, devotional practices, worship experiences and the nurture of Christian values in daily life, whether in the home, in the child care center, at school or within the general CFOT environment.

The CFOT Campus Ministries Office assists cadet, staff and officer parents in the nurture of their children as disciples of Jesus Christ and soldiers of The Salvation Army by coordinating the planning and implementation of youth programs, recruiting and supervising group leaders and cultivating a pastoral relationship with each child.

**Academic Freedom and Responsibility**
The CFOT seeks the union of sound learning and vital faith in a community of responsible freedom. We all mutually bear responsibility to affirm and incarnate The Salvation Army, the doctrines and principles of its historic mission, and the Christian ethic of holy love. All in this community are expected to serve in harmony with this tradition.

The curriculum allows freedom to draw from the Scriptures, insights, interpretations and applications of truth. Cadets are exposed to multiple perspectives and are taught tolerance and appreciation for views which differ from their own. Open dialogue is encouraged in classes and brigades as an essential agency for meaningful learning. We are a community of lifelong learners, called into pilgrimage and energized by a common truth and vision.

**Support for Academic Success**
The library staff are available to help with completion of assignments and also for tutoring in how to use and cite resources, and write a paper. Academic skills workshops are presented on topics such as study reading and note taking, identifying the main point of a passage, and test taking.

**Learning Consultant**
The Learning Consultant is available to help with both general tutoring and specific challenges.

**Educational Technology Officer**
Technology workshops are presented on topics such as managing email, mastering Excel, Bible apps for ministry, and apps for knowledge management and study.
COLLEGE FOR OFFICER TRAINING COMMUNITY COVENANT
The process of developing a "covenant that protects community" (Pursuing God's Will Together, Chapter 8) involves:

1. Finding ourselves in the biblical story  
2. Clarifying that our values are coming from scripture -- values we embrace together  
3. Identifying spiritual practices that will help us live out those values

In response to the love of Christ, members of the College for Officer Training are committed to becoming “a community of the Spirit” (Philippians 2:1).

OUR COMMUNITY COVENANT 2.0

SINCE WE ARE…  
Spirit-filled Sons & Daughters (Acts 2:17)  
Biblically-formed Servants (2 Timothy 2:15)  
Becoming Holy Leaders (Numbers 14:24)  
WE ARE DEVOTED TO…  
Unity with one another  
Godly love for one another  
Building deep-spirited relationships

Foundational Text : Philippians 2:1-2 (The Message)

2:1-2 If you’ve gotten anything at all out of following Christ, if his love has made any difference in your life, if being in a community of the Spirit means anything to you, if you have a heart, if you care—then do me a favor: Agree with each other, love each other, be deep-spirited friends.

GOALS FOR CAMPUS LIVING AND CLIMATE

  - Becoming leaders of a different spirit through a holy lifestyle that will sustain one by cultivating a desire to be more like Jesus through his perfect example.
⇒ To provide academic instruction in accordance with the National Curriculum Statement, providing effective tools for ministry and inculcating a desire for life-long learning.  
⇒ To provide practical field experience in Salvation Army ministry and procedures.  
⇒ To provide a comprehensive program of personal services including:

College for Officer Training
The Brengle Library

www.TSACFOTNY.EDU>Library
Mission
The Brengle Library is part of the total formation process of the College for Officer Training (CFOT). Its mission is to nurture the union of sound learning and vital Christianity.

The library achieves its mission by
- providing access to key resources relating to the disciplines of Salvation Army ministry
- facilitating the access, evaluation and use of these resources, both effectively and efficiently.

The library’s core users are the cadets and faculty. The priority is always the training mission. As part of the CFOT, the wider Salvation Army, Christian academia and librarianship, the library also supports other research and learning, especially if it is by Salvationists or about The Salvation Army.

The library carries out its mission according to the standards and best practices of academic librarianship, and the ethos of The Salvation Army, reflecting and reinforcing the Christian framework of the CFOT (see “Purpose of training” and “Mission and vision statement” in this Catalog).

History
The library is named for Commissioner Samuel Logan Brengle, apostle of holiness. His personal library was donated to the training college (then in the Bronx) in 1936, after his death. When the archives and museum were separated from the library in the 1980s, Commissioner Brengle’s library went to the museum at territorial headquarters, but his Order of the Founder medal and other objects are still on display along with rare Salvation Army books in the library conference room.

The Brengle Library today is mostly the work of longtime librarian and former missionary, Major Lorraine Sacks. She saw the library through the move of the training college to Suffern in 1972, converted the collection to Library of Congress classification, and computerized the catalog and circulation.

The library settled in its present location in 1990. It was renovated and expanded in 2000 with the addition of the Susan E. Pichler Resource Center, which features a relaxing and elegant reading area just inside the glass entryway.

Suffern Free Library (SFL) is just a few blocks away. It has a children’s library, and databases that can be accessed from home with a SFL card. The main reading room has a stained glass window from the mansion that served as the training college from 1972 to 1990.

Staff and Hours

Ms. Robin Rader, M.L.S., Library Director
Mrs. Emily Nevill, M.L.S., Librarian: Technical Services
Mr. Jose Antonio Rodriguez-Morell, M.A., Library Assistant

Professional librarians provide full library service during daytime hours. More limited service is provided during evening hours. The library seeks to be open at hours that are useful to facilitate study, assignment completion, devotion and time management.

When classes are scheduled
Monday-Thursday 8:00-5:00 and 6:00-10:00. Friday 8:00-4:00. Saturday 8:30-4:00
When there are no classes  
Monday-Friday 8:30-4:00  
Throughout the year

The library is generally closed on holidays and is always closed on Sunday

Anyone can request to be trained as a library volunteer to keep the library open when it would normally be closed (except for Sundays).

**Resources**

The collection supports the training mission, and emphasizes Bible, practical theology and The Salvation Army. The scope reflects both the range of Salvationist ministry and the various learning needs of the library’s users. The collection focuses on providing an evangelical perspective, and insofar as possible a Wesleyan holiness perspective, to ground lives in Christian faith and practice as well as scholarship. It also contains the best of a variety of perspectives to encourage common knowledge and critical thinking, and to prepare cadets to engage with the wider culture. The collection in Spanish seeks to be of sufficient depth and scope to support the Track in Spanish, while the collection in Korean supplements the English collection in core areas of Bible, theology and Salvationism. Following the library’s *Collection development policy*, the library seeks to be responsive to CFOT and Salvation Army initiatives and concerns, and welcomes recommendations, which are presented to the Library sub-committee.

Resources are organized according to the Library of Congress classification system. Reference works are conveniently shelved with circulating books. There are 28,000 unique titles, of which 2,800 are in Spanish and 390 are in Korean. These comprise books, audio-visual and media resources. Course reserves and syllabi are readily available in the library. The Salvation Army special collection includes rare books, microfilms and electronic documents. A journal locator simultaneously searches for periodical titles that the library has in print (180), subscribes to through a database, or has found free online. The library’s Web page provides access to the journal locator and databases, which include *OmniFile* (academic) and *ATLA/S* (religion) with full text; the catalog, and full text Salvation Army resources. The library Web page also has tutorials and up-to-date library information such as new books and hours. The library has a reciprocal lending agreement with Nyack College and Alliance Theological Seminary, and otherwise participates in document delivery and inter-library loan on a limited basis. Cadets are encouraged to also use the nearby Suffern Free Library.

**Atmosphere**

The Brengle Library is a quiet place to study, reflect, explore, and learn. Both wireless and wired network connections are available for users. Two library computers provide access to the catalog and databases. The library has study seating for 60 in addition to sofas and chairs for relaxing. It has used book sales, a book scanner, networked printers and other equipment for the convenience of cadets, and it also has puzzles, games, and coffee (in approved mugs). There are two individual study rooms and a group study room. It is very important to preserve the quiet atmosphere, since the library may be the only designated quiet space on campus. It is a place where protocols are based on mutual respect, kindness and good stewardship. See the *Community guidelines*.

Above all, it is a place with friendly, helpful staff.

**Information Literacy**

Cadets are expected to produce written papers at a college level. More importantly, they should be developing habits of lifelong learning and professional communication, and demonstrating
the highest integrity in all their work. This includes using appropriate resources in research, and properly identifying the resources and incorporating the research into their work. **Work that does not cite its sources opens itself to a charge of plagiarism.** See “Academic integrity.”

The ability to access, evaluate, and use resources effectively and efficiently is called information literacy. According to the *Information literacy competency standards for higher education*, “Information literacy forms the basis for lifelong learning. It is common to all disciplines, to all learning environments, and to all levels of education. It enables learners to master content and extend their investigations, become more self-directed, and assume greater control over their own learning” (Association of College and Research Libraries, 2000, pp. 2-3).

Collaboration is critical to achieving the library’s mission. The library partners with faculty, cadets and other users as they develop their information literacy capacities to get the best results with the least stress.

**Research.** The key to research that is both effective and efficient is becoming an active participant in learning, rather than merely dependent on Google.

**Citation.** The two essential components to citation are distinguishing the parts of a paper that are based on research from the parts that are the cadet’s opinion, and tracing the research-based information back to the resources that were used.

**Style.** The CFOT uses the APA style for writing papers and citing sources, to provide continuity with what is expected in the continuing education program at Asbury University. The CFOT requires page numbers in citations not only for quotes but also when information from research has been re-stated in the student’s own words.

**Support**
Reference help and training is readily available in print, online, and in person. Topics include study skills, research, citation, writing, APA style and completion of assignments. The library provides library orientation, online tutorials, subject guides, how-to guides, tips for success, and hands-on assignment-based *Academic skills workshops*, as well as individual assistance. Suggestions as to how library service can be improved are welcomed.

In everything, the library seeks to work collaboratively to model and promote the habits of head, heart and hands that are essential to success in academics, Salvationist ministry and Kingdom life.
