ADVANCE PAY

The Army Military Pay Office (AMPO) provides each freshman cadet with a \$9,500.00 pay advance (deposited into Cadet Account) to assist with initial expenses. This pay advance is necessary because cadet expenses accrue faster than cadet pay during the first few months at the Academy. The pay advance is paid back in 28 monthly installments of approximately \$339.29. No interest is charged on the pay advance.

TRAVEL PAY

Cadets are authorized travel pay from the place ordered to West Point. **The travel pay is not authorized for family members escorting cadets to the Academy or for those reporting from USMAPS.** All payments will be deposited by electronic fund transfer to the cadet's personal bank account. Cadets will be paid \$.21 cents per mile for the authorized mileage from home (or last station for active duty) to West Point. In addition, cadets are authorized \$166.00 per day per diem for each day of authorized travel. This will help defray cost of lodging and meal expenses during those travel days. Cadets flying to West Point are authorized 1 day travel. Plane fares will be reimbursed up to the government rate.
