MINUTES
BOARD OF VISITORS SPRING MEETING
1 July 2022
U.S. Military Academy, West Point NY
In Person

1. DESIGNATED FEDERAL OFFICER’S REMARKS. Colonel (COL) Brian Reed, United States Military Academy (USMA) Chief of Staff, stated for the record that the USMA Board of Visitors (BoV or Board) operates under the authority of US Code Title 10, Section 7455. The Board is an Advisory Board subject to the Federal Advisory Committee Act. He further stated the meeting was open to the public, however members of the public attending the meeting may not present questions from the floor or speak to any issue under discussion. Members of the public can file a written statement with the BoV.

2. CHAIRMAN’S REMARKS. Congressman Steve Womack called the meeting to order and welcomed the members. He thanked them for taking the time out of their busy schedules to attend the meeting. He reminded the members that the BoV has an advisory role and is not in USMA’s chain of command, and that meetings are a way for members to gather information in an official capacity.

3. SUPERINTENDENT’S REMARKS. Lieutenant General (LTG) Steven Gilland thanked the Chair and Vice Chair, as well as other Board members for their attendance at the meeting, and their continued support to the United States Military Academy and the Corps of Cadets. He congratulated the Board’s new Presidential Appointees: the Honorable Chuck Hagel, LTG (retired) Nadja West, Lieutenant Colonel (LTC) (retired) Roderick Alvendia, Ms. Susan Irons, Mr. Juan Sabater, and Dr. Leslie Fenwick.

4. ADMINISTRATIVE ANNOUNCEMENTS. As the Secretary of the Army’s representative was having technical difficulties joining the meeting, COL Reed proceeded with administrative announcements. He noted the last meeting of the Board of Visitors was March 2, 2022 in Washington DC. A quorum was present and the Board of Visitors meeting included Board Business, and a review of various topics within Superintendent Lines of Effort One (Developing Leaders of Character), Two (Cultivate a Culture of Character Growth) and Four (Modernize, Sustain and Secure). COL Reed stated the following documents were provided to each member:

   a. Minutes from the March 2, 2022 BoV meeting

   b. Statements from Mr. Walter Heinz, Dr. Frankie Albritton, Ms. Marcy Prather, Cadet Samuel Prather, and Mr. Dillon Woods.

5. ROLL CALL. For the record, a quorum of the Board was present.

   a. The following members were in attendance: Congressman Steve Womack, Congressman Warren Davidson, Congresswoman Stephanie Murphy (via MS Teams), LTG (retired) Nadja West, Ms. Susan Irons, LTC (retired) Roderick Alvendia, Dr. Leslie Fenwick, and Mr. Juan Sabater.
b. The following members were absent: Senator Tammy Duckworth, Senator Joe Manchin, Senator Richard Burr, Senator Jerry Moran, Congressman Mark Green, Congressman Sean Patrick Maloney, and Secretary Chuck Hagel.

c. For the record, Acting Assistant Secretary of the Army for Manpower and Reserve Affairs (ASA(M&RA)) Ms. Yvette Bourcicot was noted as present, as the Secretary of the Army’s representative.

e. USMA command and staff members, and members of the public in attendance were reminded to sign in, and that the sign-in sheet would become a matter of record.

6. SECRETARY OF THE ARMY REPRESENTATIVE’S REMARKS: Ms. Bourcicot congratulated the Board’s new Presidential Appointees and LTG Gilland on becoming USMA’s new Superintendent. She also thanked and congratulated former Superintendent General Darryl Williams for his inspirational leadership of the Academy. Highlighting the Secretary of the Army’s people-based objectives (Building Positive Command Climates, Reducing Harmful Behaviors in our Ranks, and Strategically Adapting Recruiting and Retention Efforts), she praised USMA’s work in enabling these objectives. Specifically, she noted USMA’s efforts in Sexual Assault and Sexual Harassment prevention, and in building and admitting diverse classes. She also highlighted USMA’s Summer Leadership Experience program as an effective means to reach and inspire future applicants.

7. BOARD BUSINESS:

a. With a quorum present, Congressman Womack presented as the first order of business the swearing in of the Board’s new Presidential Appointees. COL Reed then administered the oath of office to the new appointees.

b. Congressman Womack presented as an order of business the minutes of the March 2, 2022 meeting and opened the floor for discussion. There being none, Congressman Davidson moved to approve the minutes; Mr. Sabater seconded the motion. All present voted “aye” with none opposing. With no further discussion, the minutes were approved.

c. Congressman Womack presented as an order of business setting a date for the Fall 2022 Board meeting. He noted the tentative date of November 18, 2022 as problematic, as the House of Representatives is scheduled to be in session that day. LTG Gilland said that he and the USMA team would explore alternate dates.

d. The final item of Board business was open discussion.

(1) Congressman Davidson shared concerns from some of his constituents about issues within the Army and at USMA that create a reluctance for people to enlist or attend a service academy. Specifically, he cited Critical Race Theory and COVID vaccine mandates as issues that have been politicized nationally, affecting the Armed Forces ability to recruit. He also noted that several people submitted letters about COVID vaccine mandates to the BoV for the Board’s consideration.

(a) Congressman Womack acknowledged and shared Congressman Davidson’s concerns, noting that in conversations with recent graduates from his district, they state that while these issues generate some headlines, they are not systemic issues. He added that while
many issues tend to be politicized, USMA should continue to produce graduates who are critical thinkers, who lead honorably and are prepared to fight and win our Nation’s wars.

(b) LTG(R) West shared her family’s experiences in joining the military during periods of racial and gender segregation and serving full careers. She noted that the conversations taking place today are similar to the ones that took place over the past several decades. She added these discussions are important if we are to develop leaders who will lead all Soldiers from all walks of life, and that the focus should be on ensuring everyone is treated with dignity and respect.

(c) LTC(R) Alvendia added that the message to the American people should be that USMA, like the Armed Forces as a whole, is an apolitical organization that teaches core values.

d) Mr. Sabater noted that in addressing such issues, understanding the principles and purpose of the organization; how does it achieve its goals, and that this is ultimately about producing effective leaders.

(e) Ms. Irons commented on the importance on teaching leaders how to think, not what to think, because they will be serving Soldiers from all walks of life.

(f) Dr. Fenwick shared a recent experience of leading a tour for a group of Rhodes Scholars at the Smithsonian National Museum of African American History and Culture, to reinforce an earlier point about why we teach certain topics. She also asked if there was any data to support the claim of a decline in the number of people willing to serve in the military.

(g) Congressman Davidson replied that while overall, there is not a decrease in the number of applicants to USMA, he personally has had fewer people seeking nominations in recent years and noted that all branches of the military are not meeting recruiting goals.

(h) Ms. Bourcicot told the Board that these are conversations taking place daily within the Pentagon, as the Armed Forces struggles with the current recruiting environment.

(i) Mr. Sabater added that the struggle for new talent is not limited to the Armed Forces, and that the private sector faced similar challenges.

8. SUPERINTENDENT’S UPDATE: Lieutenant General Gilland congratulated the new Presidential Appointees and thanked the Board for their attendance. He reiterated the Academy’s focus of developing leaders of character for the Army, describing USMA as a leadership laboratory.

Brigadier General (BG) Mark Quander, the Commandant of Cadets, highlighted Cadet Summer Training and how USMA continues to adapt and evolve training to prepare Cadets for the complexities of the modern battlefield.

A panel of Cadet leaders discussed the various aspects of Cadet Summer Training, their purpose in developing leaders, and their individual experiences with each.

a. Cadet Kai Youngren discussed Cadet Basic Training (CBT)

b. Cadet Annalise Callaghan discussed Cadet Field Training (CFT)
c. Cadet Marquel Broughton highlighted Cadet Leader Development Training (CLDT)

d. Cadet Mary Bell discussed Air Assault training.

Lieutenant General Gilland added that ROTC Cadets are integrated in most aspects of CST. He stated this integration is a valuable opportunity to expose USMA and ROTC Cadets to each other’s programs.

Colonel Nicholas Gist, Head of the Department of Physical Education, next discussed the Physical Program and its role in developing future leaders. He highlighted the program’s three primary functions: the physical education curriculum, fitness assessment and athletics, noting that sports offer a surrogate experience that closely resembles combat. He also discussed the recent program external review which resulted in several recommendations for improvement.

Mr. Sabater asked COL Gist how he would compare physical readiness preparation today to years past, and how that preparation is evolving due to new knowledge. Colonel Gist responded that societal changes are a factor, but that USMA would not lower its standards as a result. The Academy would continue to challenge Cadets and set high standards in terms of physical preparation. He also highlighted programs such as the Holistic Health and Fitness concept and Go for Green as recent initiatives that have had positive impacts on physical readiness.

Lieutenant General Gilland added that while external assessments and reviews were critical in helping USMA examine itself, what was more important was USMA implementing the results of these assessments to improve its programs. He also reiterated the importance of athletics in developing the physicality needed to be an Army officer.

Brigadier General Shane Reeves, Dean of the Academic Board, provided an update on USMA’s Academic Program. He briefly discussed that the program’s purpose is to provide an intellectual foundation to Cadets to successfully navigate the modern and future battlespace. He also discussed the faculty’s blend of military and civilian experience and talent, and the program’s various enrichment opportunities and how they enhance the Cadet development experience.

Brigadier General Reeves next discussed the Academy’s scholarship program. Cadet Marley Wait briefly described the classes Cadets in the scholarship program take.

Brigadier General Reeves again emphasized the Academic Program’s purpose to develop critical thinkers who can leverage their education and intellect to benefit the Army and the nation, and who are prepared to lead and make critical decisions on the battlefield and outthink our enemies. In order to do that, BG Reeves stated that Cadets are not “intellectually coddled” but rather, engage in discussion on a broad range of topics to gain those critical thinking skills and ultimately, prepare Cadets to deal with uncertainty in a complex world. He also stressed that the U.S. Constitution underlies the entire Academic Program. He closed his presentation highlighting the professionalism of the faculty and the Corps in the classroom.

Lieutenant General Gilland extended an open invitation to all Board members to visit USMA for Projects Day, further stating that his goal is for every project at USMA to help solve Department of Defense or Department of the Army problems.

Mr. Sabater asked if, in a future meeting, USMA could present a deeper dive into the core curriculum and its evolution; experiential learning; and how to leverage the private sector to enhance the learning taking place at USMA.
Mr. Mike Buddie, USMA’s Athletics Director, discussed the Intercollegiate Athletic program, emphasizing that the program’s coaches, trainers and staff are also charged with educating, training, and inspiring the Corps, just as the Academy’s staff and faculty are. Additionally, he noted that coaches also recruit, helping USMA find young men and women athletes with a desire to serve. He also noted how the Athletics Program’s games and matches nationwide also support the Academy’s recruiting efforts.

Congressman Womack asked about the impact of Name-Image-Likeness and the transfer portal on Corps sports. Mr. Buddie replied that while the collegiate landscape is changing in this regard, it is not at USMA or the other service academies, and that Cadets cannot capitalize off their name, image and likeness. He emphasized that regardless of what other colleges and universities are doing to pay their athletes, young men and women come to West Point to serve their country and that we would continue to compete at all levels.

Following a short break, Dr. Jeff Peterson, Senior Advisor to the Character Integration Advisory Group (CIAG), began the discussion of USMA’s line of effort “Cultivating a Culture of Character Growth” and some of the various initiatives in place to help build that culture. He stated that part of this culture is ensuring the right policies, role models, and social norms are in place to support and reinforce what Cadets learn in the various developmental programs.

Cadet Sage Peters discussed a character-building initiative during CBT where squad leaders lead discussion and reflection with their New Cadets on a variety of topics from inclusive leadership to integrity. She highlighted the impact this squad time had on building cohesive teams.

Dr. Peterson next briefly described USMA’s approach to cultivating a culture of character growth, highlighting the role of the Cadet Honor Code as foundational to character, honorable living and leadership and the importance of all USMA members, from faculty to coaches, as role models in the character development process.

Mr. Russ Strand, Sexual Harassment and Assault Response Prevention (SHARP) Program Manager, briefly discussed USMA’s SHARP program and the synergistic relationship between his team and the CIAG. He emphasized that their work was not just limited to prevention efforts, but also to risk and protective factors such as empathy.

Congressman Davidson praised their efforts, particularly in addressing self-harm, noting the rise in suicides across the nation.

Lieutenant General Gilland also noted these agencies are integrated and sharing best practices. He also reemphasized these efforts go beyond prevention, but also focus on intervention.

Lieutenant Colonel Rance Lee, Deputy Director for Admissions, provided a brief update on USMA’s admissions and recruiting efforts. He noted USMA’s efforts to ensure incoming classes best reflect the population makeup of the nation as a whole. He also cited current challenges in recruiting, to include a downturn in application across higher education, and the role of standardized testing in the admission process.

Mr. Sabater commented that USMA’s admissions yield rate of 80 percent was impressive. Congressman Womack asked if there were areas of the country that were not drawing
candidates to West Point. LTC Lee replied that they were having challenges in some of the rural Western states like Montana and Wyoming, as well as in New York City.

Congressman Davidson commented on the increase in the number of prior-service Soldiers being admitted to USMA. Mr. Sabater also asked if the new trend among Ivy League schools of offering grants versus loans has impacted USMA in the competition for talent. Lieutenant Colonel Lee replied that there is an impact in underrepresented minority populations and that Admissions is focused on showing USMA as a viable alternative to Ivy League institutions.

Dr. Fenwick asked about the nationwide decline in propensity to serve and how USMA might counteract that. Lieutenant Colonel Lee opined that COVID, the national political environment, and the increase in those physically qualified to serve had an effect, and that USMA was focused on its outreach efforts and meeting students where they are, to show the benefits of a West Point education.

Colonel Richard Johnson, Commandant of the USMA Preparatory School (USMAPS) provided a brief overview of USMAPS and how they prepare Cadet Candidates for USMA and the Corps of Cadets. Cadet Deana Arbelaez, a USMAPS graduate, briefly described her experience and how it prepared her for the rigors of USMA.

Colonel Gregory Boylan, Director of USMA’s Resource Planning and Integration (G-5R), highlighted the Academy’s “USMA 2035” holistic modernization plan. He provided some historical content into modernization efforts over the years and highlighted the various components of the current modernization effort.

Congressman Womack asked about funding, COL Boylan replied that the plan was funded through a spectrum of appropriated and non-appropriated/gift funds. He also noted that the Army built its Facility Investment Plan around USMA’s plan, adding that of the Army’s $15 million to address infrastructure requirements, the Army allocated about 12 percent to USMA initiatives, because of USMA’s unique role within the Army.

Congressman Womack expressed his praise for the efforts, noting the importance of having his Congressional colleagues visit West Point to maintain positive support for USMA. Lieutenant General Gilland reiterated how important it was for members of Congress to see this firsthand and said USMA would continue to encourage Congressional delegations to visit.

Lieutenant General Gilland concluded the update by emphasizing that USMA was not a campus, college, or university. It is much more than that; it is a Military Academy expected to produce leaders to the Nation, and as Superintendent, he sees that as his obligation to the American people.

**9. REMAINING BOARD BUSINESS.** Colonel Reed proposed Friday, October 21, 2022 as the date for the Fall BoV meeting. A motion to approve that date was introduced and seconded, with all present voting “aye.” Noting the late arrival of Congressman Sean Patrick Maloney, Congressman Womack asked to have Congressman Maloney sworn in.

**10. ADJOURNMENT.** Congressman Womack asked for a motion to adjourn. There was a motion to adjourn and seconded. With no objections, the July 2022 meeting of the USMA Board of Visitors was adjourned at 12:05pm.

Dear Lt. Gen. Williams, CSMaj Coffey, Faculty, Staff, and Other Leaders at West Point:

After six lawsuits in 2021 that tried to stop me from sending this letter to Americans like you, the courts have denied all attempts to stop my work as a journalist. Also, the courts have gone one step further by permitting me to use the full names of these domestic terrorists in the hopes that exposing their names will publicly shame them and stop them from killing more innocent people. This strategy seems to have slowed down the terrorists because deadly attacks have become less frequent, and fewer innocent people have died. The CIA-Harvard-Mormon Chechchi family terrorists are very active in every state and on every military base throughout the world. They have recruited tens of millions of unsuspecting people (including many people in the military and even children as young as ten years old). People join this group because they do not understand how dangerous, criminal and un-American they are.

In this email, I explain how the leaders of this terrorist organization have been behind the scenes orchestrating and manipulating violent extremist individuals & groups to create chaos in America and worldwide. This has been part of their plan to overthrow the United States government and install their own government and their own laws. Because they are CIA people, they have been protected and they have escaped any real punishment (they are fined a financial penalty as a punishment. However, because they are exceedingly wealthy, the fines mean nothing to them, and the fines have not deterred them from orchestrating more domestic terrorist attacks in America). Please take time to read this entire email and share it with others who believe in democracy and the rule of law. Many of us are fighting every day to stop America from becoming the land of the hateful and the home of the violent. America is the land of the free and the home of the brave. As long as we all do our part, it will stay that way.

The subway shooting in New York City (on April 12, 2022) was orchestrated by the CIA Chechchi cult leaders (David Kanuki, Kathy Chechchi, Al Chechchi, Adam Chechchi, Oprah Winfrey, and Michael Fisher). Their motto is “where we go one, we go all” — so that even if only one of them plans a terrorist event, all of them support it and are involved in one way or another. Shockingly, President Biden gave them all a recent promotion with more powerful badges. President Trump also supported this terrorist network and helped them secure hundreds of billions of dollars and gave them numerous Presidential Pardons to absolve their criminal actions. This high-level support has enabled them to take their domestic terrorism to the entire world. President Biden knows they are confirmed, experienced, dangerous terrorists. It really makes you wonder: What is he thinking? What is the truth?

The truth is: on the morning of the NY City subway shooting, the CIA Chechchi family terrorists lost a case at the Supreme Court because I refused to lie to the Justices about something. This shooting was their way of throwing a childish tantrum (they have thrown dozens and dozens of these childish terrorist tantrums). This is the same CIA Chechchi family cult that has been orchestrating mass shootings & school shootings (terrorizing and killing many innocent citizens and students nationwide). They are also the biggest producers of child porn in the world. They are a real classy bunch from Beverly Hills. They orchestrated the ambush killings of two FBI agents last year when the agents showed up in Sunrise, Florida, to shut down one of their child porn producers (more about this in my writing attached and at the links below).
I feel sorry for President Biden. It’s starting to look very obvious that he lives in fear of the Chechchi terrorists, or he is being threatened/blackmailed by them. I am 100% certain that Al Chechche is the one who orchestrated the killing of Biden’s first wife and children back when he was first entering politics in 1972. This was done to bully the young Biden into submission as a politician. Add a blackmail situation that Chechche orchestrated several years later and this sort of un-American Chechchi-sponsored terrorism and control of politicians seems to have worked out very well for the Chechchi family terrorists. Clearly, the Chechche are still tormenting the poor guy. Years later, Al Chechche would also try to kill Biden’s son Beau with incurable cancer as punishment for something Biden did when he was Vice President. Al Chechche is a brutal, cruel dictator, and this entire family needs to be taken out of power. Unfortunately, they have no self-control to stop themselves from destructive terrorism. They take pride in killing many children & other innocent people.

Part of the problem in this situation is that the CIA Chechchi terrorists only pay a fine when they get caught committing crimes. For example, on one weekend, when they went on a killing spree— killing the son of a federal judge, wounding her husband and assassinating two journalists in New York, they only paid a two billion dollar fine. They have trillions of dollars at their disposal. If the Chechche terrorists only pay a financial penalty for committing a crime (in some cases, grave crimes of terrorism and slaying in cold blood hundreds of harmless children and thousands of other innocent, unarmed civilians), then the law only exists to punish people who are too poor to pay a fine. Financial punishments are meaningless and barely an annoyance to those who are wealthy. All the Chechche cult leaders belong in jail for a very, very long time for the heinous crimes they have committed for over three decades. They are an unrepentant threat to public safety, a remorseless menace to society and a danger to world peace.

For more information about what this dangerous CIA Chechche family cult has been doing, keep reading below (and attached to this email or at the links below). If you are short on time, I have cut some sentences in bold and highlighted the main points so busy people can read and get the gist of what is going on with this dangerous terrorist group. Americans need to know the truth about what is going on. Because of my lawsuit against them (which still drags on), the courts have granted me permission to expose this nonsense. God help us all. Law enforcement has their hands full with these prolific terrorist criminals.

Sincerely,

Dillon Woods
Independent Journalist

Dear Commander and Other Military Professionals:

As the Russian Nobel Laureate Aleksandr Solzhenitsyn once said:

"Truth eludes us if we do not concentrate our attention totally on its pursuit... Truth seldom is pleasant... It is almost invariably bitter."

Many of my rights as an American-Canadian citizen-journalist have been unjustly denied and stripped from me for several years. Sometimes it feels like I’m living in a third-world despotic, dictatorial country. It seems necessary that I now need to leave North America to seek asylum in a country where my human rights and democratic rights of Free Speech and Freedom of the Press will be respected. Because of my work as a
journalist, the attacks, harassment, and psychological abuse against me have reached an unbearable and relentless pitch of daily attacks and constant death threats—even attacks on my family and friends. Last week a friend contacted me to say his entire family was receiving death threats if they did not fabricate a story of criminal behavior on my part. The people attacking me are fabricating stories so they can have me arrested and silenced.

The CIA-Harvard-Mormon Checchi family (people I used to work for) is orchestrating all of this harassment and abuse. Supposedly they took an oath to uphold and defend the Constitution of the United States. In truth, they are attempting to overthrow the republic of the United States and start their own country that combines Canada and America into one nation. They are supported and encouraged by powerful politicians from both political parties who also took an oath to uphold and defend the Constitution. This extreme abuse of power started when President Trump was in office, and it continues with the Biden-Harris administration. Obviously, these “public servants” don’t take their Constitutional oath seriously. But where do you report such treacherous, sleazy conduct? I report what I know to citizens and hope it will spread from there. Eventually, seeking asylum abroad may involve the necessary step of renouncing my American and Canadian citizenship— all because I’m a writer of ideas and facts.

The CIA-Harvard-Mormon Checchi family cult leaders may attack any country where I seek asylum. This is a game they play in an attempt to force me to kill myself. Already my health has drastically declined from over 30 years of Checchi family abuse and torture (they poisoned me three times over the years, which has severely weakened my heart). They did this to me because I was friends with their political enemies in Texas (more about this in the writing at the links below). The Checchis are a brutal, cruel family of CIA-trained terrorists and psychopathic tyrants. In 2021 I was sued several times for defamation and slander by the people I write about in this letter. I won 100% of these lawsuits because the courts knew I was telling the truth about these serious situations regarding domestic terrorists.

The Checcchi cult leaders have also injected a disease (Multiple Sclerosis) into me via a dentist. I mistakenly trusted him as he injected Novocaine into my jaw, which was lined with this disease (using dentists or doctors are standard ways they inject diseases into their targets). I lost my guard down, and the dentist took advantage of it when my eyes were closed. I had told him I didn’t want any shots and trusted he would conform to my request. Instead, he made pretend that he had forgotten my request. They gave me this disease as a punishment for exposing their criminal empire to the public. No one can accuse me of avoiding sacrifices in my work as a writer and journalist. According to my research, Multiple Sclerosis will confine me to a wheelchair in approximately ten to fifteen years. It already ravages my body as I slowly lose the bodily control I am used to having.

During these years of battle with the CIA Checchi family cult, I have learned that (for many decades) democracy and the rule of law in America and Canada have been systematically attacked and deliberately destroyed by this one family. They have done this through their own massive network of cult members. The CIA-Harvard-Mormon Checchi family cult — based in Los Angeles — boasts 300 million followers worldwide. Many of these followers are sports celebrities, political leaders, entertainment celebrities, business leaders and their large networks of relatives & associates.

In 2019 (before the COVID-19 pandemic), Checchi cult businesses were making $1.5 trillion dollars per year. They are heavily involved in controlling oil and gas companies, including Saudi Arabia. Saudi Arabia’s decision to enter the stock market was conceived and manipulated by the Checchi family. For decades this family has dominated and controlled companies on Wall Street. They are also heavily involved in Russia’s oil and gas business, where President Putin is their loyal, obedient puppet. Over the last twenty years, they have made Putin excessively wealthy for his obedience and help as they seek his assistance in dominating the entire world.
This CIA-Harvard-Mormon Checchi family network is the wealthiest cult in human history. But it is also the deadliest, the most dangerous, the most demonic, and the most anti-democratic. They have killed millions of innocent people and created chaos worldwide that has affected billions of people in one way or another. The wars they have started have made over 100 million homeless refugees—severely impacting Europe. The Checchi family cult leaders do not believe in Free Speech, Freedom of the Press, or Voting Rights for the poor, uneducated and underprivileged. The leaders of this cult are behind all these new voting restriction laws promoted by Republicans throughout America. The CIA Checchi family cult leaders believe they are above the law. Hence, cult leaders like President Trump will most likely NOT be held accountable for his role in any criminal activity—including orchestrating the January 6, 2021, insurrection at the Capitol because he was doing this in service to this cult, attempting to keep the cult (and him) in power. President Biden helps the Checchi cult leaders as a matter of political survival and personal friendship. But he’s not pushing through the cult leader’s agenda as passionately as President Trump did. It’s unclear what the cult leaders got away with during the Trump administration (more about this in my writings at the links below). They were committing serious crimes (making hundreds of billions of dollars) and then quickly receiving secret Presidential pardons at an alarming rate.

The leaders of this cult are guilty of massive amounts of abuse of power and murders of millions of innocent people worldwide. President Biden is being blackmailed, and refuses to help me in my situation with them. He helps the terrorist Checchi family instead. Virtually every politician with any real power in America and Canada is helping this CIA terrorist family. Democracy and justice are in a sad state of affairs.

Recently, the Checchi terrorists have been successfully stopping some of my emails from going out to the public. At the same time, they are bringing almost daily lawsuits against me with fraudulent claims. They do this as a game to stop me from receiving whistleblower money that was supposed to come to me over two years ago.

The CIA Checchi family cult of terrorists has successfully hijacked portions of democracy and the rule of law in America and Canada. North America struggles to be a home of democratic values. The Checchi family has proved that they are above the law time and again. Politicians such as President Biden, Vice President Harris, President Trump, Vice President Pence, Prime Minister Trudeau and scores of Senators, Representatives, and Members of Parliament are loyal members of the CIA Checchi family cult. Even Pope Francis and many bishops of all Christian denominations have joined this dangerous terrorist cult. Many leaders join because they are afraid of what will happen to them (or their loved ones) if they oppose the cult. The cult leaders (Ali & Kathy Checchi, Adam Checchi, David Kanuth, Michael Fisher, Kate Checchi, Oprah Winfrey, Kristin Checchi, and other cult leaders) have received constant Presidential pardons for their grave crimes against the American people. The leaders of this cult are known for high levels of daily drug abuse, alcohol abuse, emotional instability and severe patterns of mental illness.

Once again, last weekend (April 3, 2022), the CIA Checchi terrorist family created a mass shooting in Sacramento, California (killing six innocent people and injuring a dozen more). They created this terrorist event in protest of the Supreme Court and other leaders ruling against them days before this mass shooting. They do these terrorist events whenever the government plans to give me money that will make me independent from the Checchi’s oppressive control over my life. They are obsessed with controlling the details of my entire life. Again, this terrorist event has caused the money to be pulled away from the some terrorist family that has been behind many atrocities, war crimes, and crimes against humanity for decades. For example:

- 20 years of school shootings, mass shootings and bombings that have killed, injured, tortured and traumatized tens of thousands of people—children, unarmed men and women worldwide.
Manipulated political leaders and military leaders worldwide to start wars that have created over 100 million refugees, which have flooded Europe with tremendous suffering and chaos.

Deliberately spread the COVID-19 virus worldwide, killing over six million people in 2020 & 2021. In addition, this virus caused approximately 20 trillion dollars in financial losses to economies worldwide.

Killed two Supreme Court Justices in the United States in an attempt to hijack and control the rule of law in America. Their aim is to hijack the entire American political system to fully control the American military. Then they plan to use the military to dominate the entire world. Like Hitler before them, they attempt nothing less than total world domination at any cost.

In 2016 they installed Donald Trump (who is a long-time member of the CIA Checchi Family terrorist cult) as President of the United States in order to create more chaos in Afghanistan, attack China, divide NATO, continue their war against those who love and serve God (assassinating and killing Christians, Jews & Muslims worldwide) and attacking the family of Queen Elizabeth II and the secret society families that support her.

With Putin as their loyal puppet, the CIA Checchi Family cult now pulls the strings raging a brutal war against innocent Ukraine. By creating this war, they intend to kill many innocent civilians and threaten NATO (an organization they despise and seek to destroy because it stands in the way of their plans to dominate the entire world).

The Checchi terrorists threaten nuclear war and play games with nuclear powers as they direct the war in Ukraine and hijack Ukrainian nuclear facilities.

The Checchi terrorists do all this while being funded by American government taxpayer dollars (allegedly, they just got another ten billion dollars in funding this week). On a daily basis, they are drunk and hijack drugs (like heroin, crack, cocaine, and ecstasy) while they work.

For all of these crimes and atrocities, they have zero feeling of remorse or sorrow. This lack of regret is one of the signs exhibited in psychopaths. To be clear: we're dealing with a group of mentally ill drunkards, and no one will stop them permanently.

Many people ask: WHAT DOES IT TAKE TO ARREST OR KILL AL. CHECCHI AND HIS TERRORIST CULT LEADERS? Everyone knows they are behind all this terrorism and worldwide chaos described above — but there is a lack of solid "proof" because they are smooth criminals. If leaders can't prove the Checchi terrorist leaders are behind these events (for example, the mass shooting in Sacramento this past weekend), why is their power given back to them after these terrorist events? I have watched this dance of terror go on for many years, and no punishment sticks. There are no consequences for bad behavior when it comes to the CIA Checchi family cult leaders. In fact, just the opposite happens! They have often been rewarded with more money and more power after creating terrorist events. They demand everyone treat them as if they are above the law. The foundation of every democracy is that NO ONE IS ABOVE THE LAW. They keep killing innocent people until Presidential federal pardons, and State Governor pardons are given to them. Obviously, political leaders know they are these terrorist events. Leaders repeatedly back down from punishing them out of fear of reprisal.

Many prominent American and Canadian leaders have lost their courage. Where courage would reside inside the human personality, other things can be found taking up that space: attachments to material possessions, fear of retaliation, addictions to drugs/alcohol, or any number of sentimental attachments, indulgences, or creature comforts overshadow courage of character.
Many of today's leading politicians have spent so much of their time seeking "compromise" between various
groups in their community that it seems they have become compromised in the essence of who they are —
exhibiting themselves as weakling cowards in the face of grave crisis. As a result, leaders are as quarantined
from courage as the desert sands are isolated from the rain. A "decline in civil courage" would be an
understatement.

The opposite of courage isn't cowardice; it's conformity. As psychologist Rollo May once said, "The
opposite to courage is not cowardice; that, rather, is the lack of courage. To say a person is a coward has no
more meaning than to say he is lazy; it simply tells us that some vital potentiality is unrealized or blocked.
The opposite to courage, as one endeavors to understand the problems in our particular age, is automation
conformity." (1953, "Man's Search for Himself" by Rollo May Ph.D., Chapter 7)

This reality of conformity and cowardice in leadership can trickle-down into the overall culture of a business, a
country, or the Continent of North America. In this environment, we find self-pleasure placed before principle.
Self-indulgence overcomes discipline, and selfish pleasure comes before service to others. An example of this
in the United States can be seen in the current attempt to get politicians to stop trading stocks while they are
working as a public servant (B-3494 - Ban Congressional Stock Trading Act and H.R. 336 & TRUST in
Congress Act - Transparent Representation Upholding Service and Trust in Congress Act). The leaders trying to
stop this shady practice are courageous and keen on genuine public service. "U.S. Senators Joe Ossoff (D-GA)
and Mark Kelly (D-AZ) introduced the Ban Congressional Stock Trading Act, legislation based on U.S.
Representative Abigail Spanberger's Transparent Representation Upholding Service and Trust (TRUST) in
Congress Act. Both Bills Would Require All Members of Congress — and their Spouses — to Put Certain
Investment Assets in a Blind Trust During their Time in Office." (spanberger.house.gov/posts/u-s-senators-
ossoff-kelly-introduce-bill-based-on-spanbersger-trust-in-congress-act-momentum-grows-for-congresswomen-
effort-to-prevent-insider-trading-by-members-of-congress)

Because of this tendency toward conformity and lack of courage, many leaders today don't know how to handle
international and domestic terrorists such as the CIA Chechki family extremists.

As Prime Minister Thatcher once said, "Only demands and the national interest requires that violence does
not pay and is seen not to pay." For decades what we have seen from this Chechki terrorist situation is that
being a bully and being violent DOES pay. American and Canadian leaders must never give in to violence —
ever give in to terrorists. The Chechki terrorist leaders are the enemies of democracy. They are trying to
eradicate democracy and the rule of law for their own selfish ends. Democracy must prevail over the lusts
of tyrants for power.

Something must be done to stop this Chechki family terrorism. Their intimidation and threats to American and
Canadian leaders must not be tolerated. Recently, when President Biden stands up to this dangerous group, the
Chechki cult leaders nuke the cage and threaten Biden's son with decades behind bars as they have craftily set
him up so that they can extort and stop President Biden from acting against them. When Prime Minister
Trudeau stands up to the cult leaders, mysterious and deadly "accidents" begin happening throughout Canada —
killing innocent people. The Chechki family cult leaders also threaten to hijack the upcoming elections as
they have so craftily done before in America and worldwide. These cult leaders have decades of experience
and practice in corrupt election shenanigans. For example, manipulating the electoral college is an easy way to
win an American election. To win an American presidential election it only requires manipulating 270 people —
which is the number of electors in the college needed to win an election. This is much easier than manipulating
millions of voters. There are many ways for corrupt people to unfairly win an election. Leaders must now
move swiftly to contain and permanently stop this entire terrorist network of Chechki cult leaders, scammers,
and killers.
American leaders have recently voted for a new Supreme Court Justice, and the Checchi terrorists have worked hard to get someone in that seat they can control. The Checchi’s tell me that the new Justice Jackson, who is newly elected for the Supreme Court, has a daughter who is part of Kathy Checchi’s CIA group of CIA women (via Oprah Winfrey). If this is true, this is not good! The CIA Checchi terrorists hold the health and well-being of children over the parents to get them to conform to orders they give to judges and politicians.

More must be done to protect Supreme Court justices and politicians from this corrupt CIA family that has already killed many politicians (recent examples: Rep. Don Young R-Alaska and Rep. Jim Hagedorn R-Minnesota) and the last two Supreme Court justices who died. They are replacing politicians and Supreme Court Justices with more obedient people who are more easily controlled via blackmail, bullying (threats) or bribery. This is an attempt by the CIA Checchi family to dominate politics and the Supreme Court so they can get away with hijacking American democracy and the rule of law for their own selfish ambitions & financial gain. The rule of law and American & Canadian democracies are in a lot of trouble. The CIA Checchi family cult must be stopped NOW.

There are only a few weeks to act as the Checchi’s continue to stall for more time heading into summer vacations and a fall election. At this time, they are planning more terrorist events over the summer of 2022 and into the Autumn weeks leading up to the November 2022 election. They plan to grab more political power by forcing some politicians to retire and installing more of their cult members into political offices across the country. The Checchi terrorists will win – destroying American democracy – if leaders don’t act swiftly and with the same intensity the Checchi’s have when they create terrorist events. Their games must be matched with responses of equal passion and leaders must think ahead with assertiveness and creativity. If they only spend their time responding to each crisis the Checchi terrorists create, they will never be able to outsmart and stop them. They will spend all their time just putting out fires.

Manipulating humans to get them to do what they want them to do is a “sticks and carrots” game to the CIA Checchi terrorists. In the “carrots” category: drugs of every kind. The CIA Checchi terrorists are the biggest drug dealers on planet Earth. Cocaine and Ecstasy are their primary bread and butter worldwide. You can get people to do just about anything if they are given drugs they crave. Even among their highest leaders, drugs are used as a daily reward for loyalty and obedience.

In the “sticks” category: illegal sex with teenagers. One of the games they play to obtain power over business and political leaders is tricking them or ordering them to have illegal sex with underage teenagers. It is simultaneously disgusting and sad how the Checchi cult leaders manipulate and abuse young people worldwide. The Checchi’s are creating teenage prostitutes in America and worldwide by teaching them how to make money with sex. At the same time, the Checchi cult leaders provide adult customers. The Checchi’s make having sex with teenagers a mandatory step to being promoted within their CIA family cult organization.

From what the Checchi’s have told me, they have done this to many people. Allegedly, from the motivational speaker Tony Robbins to Florida Congressman Matt Gaetz (and thousands of other people). The Checchi’s sometimes trick adults and other times “order” adults to have sex with teenagers. I know this firsthand as the Checchi’s have “ordered” me to have sex with five teenagers they have prepared for me in California as punishment for what I have done in exposing their criminal empire to the public. They guide the teenagers as they “groom” and train thousands of young kids to participate in their world of the child sex industry. They do this illegal activity as a way to blackmail and control leaders in business and politics – making these leaders obedient servants to their CIA Checchi family cult. If these leaders are NOT obedient to orders given, they are reported to authorities for having sex with a teenager. All these sexual encounters are recorded on video or audio.
Every year the Chechchi cult leaders "groom" thousands of kids for sexual encounters with adults in America and worldwide. When these kids reach 18 years of age, they find more kids who are 12 and 13 years old, and the grooming machine continues with another large group of kids. They have operated this "grooming machine" for decades like a conveyor belt. It is a well-oiled machine and is constantly used. Sometimes they involve the parents who are Chechchi spies, and these parents give their consent to the misuse (and even abuse) of their children. Sometimes the Chechchi cult leaders do this "grooming" behind the parents' back and keep it a secret from the parents. Some parents turn a blind eye to this corruption. Since the 1980s, Al Chechchi played a "transformational role" at the Walt Disney Company. Since that time his cult family has had continuous and direct access to millions of innocent children. Because of this, there is no doubt that for many decades, the Chechchi family cult leaders have owned and operated the biggest "grooming" machine in the world for the child sex industry. That child sex grooming machine is still operating in 2023.

The infamous child predator Jeffrey Epstein was a Chechchi creation — that's why they had him killed while he was in jail. He was able to talk and identify how they directed him. At the same time, they tarnished the entire Jewish community with this scandal by using someone with an obviously Jewish name like "Epstein." (They also attacked the Jewish community when they set up Harvey Weinstein with the sexual assault of which he is accused. They could have done this to any number of producers in Hollywood. But they chose a Jewish producer with a very Jewish name because they wanted to attack and tarnish the entire Jewish community.)

Al Chechchi has orchestrated this sort of teen sexual abuse for over 40 years, and the CIA let him do this? I don't understand how this could be allowed to go on for so long within a government agency. Kathy Chechchi has also known about and condoned this child abuse. She has participated in teen sexual abuse for decades. She has allowed it to go for many decades without speaking up and putting an end to this prolific abuse of children that has long been out of control in the Chechchi family business.

I realize that in some countries where the CIA works (and even in some American states), the age of consent for sex with teenagers can be between 14 and 18 years of age. Step one in stopping this child abuse is making one consistent age on this issue. The Chechchi's are taking advantage of teens and using this inconsistency to cause confusion and set people up. Anyone who cares about the health and safety of children should work to close these "family businesses" that use and abuse children in this way. It should also be a priority to make one age of consent in America that makes sense for the entire country. This would close the door on people like the Chechchi family terrorists who deliberately seek to abuse children for their own power and profit. The Chechchi family cult leaders are professional child predators and prolific groomers for child sex. If taken out of power permanently, or this disease will continue to spread — ruining countless lives.

This CIA-Harvard-Mormon Chechchi family cult dominating democracies and the rule of law is a very serious crisis that is already many years along in maturing and advancing the agenda of the dangerous terrorist family cult.

From the beginning of my battle with this dangerous cult, I have prayed that God gives me the strength, courage and wisdom to do what is right — regardless of the consequences. Please join the fight against this corrupt Chechchi tyranny and abuse of power. Help to spread the word about what is happening. The Chechchi cult leaders seek to destroy Freedom of Speech and Freedom of the Press. I know this firsthand as they attack me every day for exposing their criminal empire and their plans to destroy and control democracies worldwide. Together we can change the course of this evil empire and their plans for world domination at any cost.

Thank you for your time and consideration.

Sincerely,
In the paragraphs below this section, you will find a letter explaining more details regarding the CIA Chocchi family's active project of killing attorneys & judges nationally. They have declared war on the judicial community and those who uphold the rule of law (which includes attacking & killing sheriffs/police officers and their loved ones) because federal judges have been ruling against them since 2018 in numerous aspects of my case against them (which still drags on). Please read the details about this situation below.

Below is also a letter I recently sent to American military leaders. When you have time, please read the letter, and contact me if you have any questions. The CIA-Harvard-Mormon Chocchi family has created a terrorist cult, which I am exposing to the public. They are criminally active throughout America and they are busy recruiting spies for their death cult from among law enforcement personnel, state employees, politicians, attorneys, business leaders, pastors, journalists, teachers, administrators, and even students as young as ten years old. They are killing, stalking, harassing, and abusing many innocent citizens in the United States and worldwide. In addition, they are guilty of heinous war crimes and crimes against humanity throughout the world. These evil terrorists must be stopped.

The leaders of this Chocchi family terrorist cult do not believe in Freedom of Speech or Freedom of the Press. I know this firsthand as they attack me daily for exposing their criminal empire to the public. They are tyrants and serial killers. Any politician who supports them is betraying their oath to uphold and defend the Constitution. The Chocchi cult leaders must be stopped before they destroy American democracy entirely and kill more innocent people. While they create national and worldwide chaos, they simultaneously attack the rule of law by killing judges, attorneys, and police who uphold the rule of law. Those Chocchi cult leaders insist they are above the law and demand that the Governors and Presidents continually give them pardons for all their constant criminal activity. If they don't get their way, they keep killing innocent people. As Prime Minister Thatcher once said, "duty demands and the national interest requires that violence does not pay and is seen not to pay." For years what we have seen from this Chocchi situation is that being a bully and being violent DOES pay. American leaders must never give in to violence - never give in to terrorists. Yet, these Chocchi terrorists constantly get their way by being violent serial killers. This is a genuine crisis for America and the world.

For example, this cult controls many trucking companies throughout the country. They have been using truckers to create chaos, commit economic terrorism, and other terrorist events. Recently, in Massachusetts, they killed State Trooper Tamar Bucci in an attempt to create a massive terrorist event. The tractor-trailer that hit her patrol car was carrying gasoline that they hoped would explode on impact. Luckily, the truck's load of gas did not explode. Sadly, the crash did kill the dedicated State Trooper. This was a threat of intimidation to political leaders in Massachusetts who recently stood up to the leaders of this dangerous Chocchi terrorist cult. A few weeks later the Chocchi cult leaders orchestrated more deaths. This time in Oklahoma where other leaders were standing up to the Chocchi terrorists. In this tragic event, six teenagers were killed as their car was also struck by a semi-truck. These were both domestic terrorist events orchestrated from the shadows by the CIA Chocchi cult serial killers.

The leaders of this terrorist cult are attempting to control and destroy democracies worldwide (including in America as they interfere in elections and intimidate politicians with their terrorist acts). Their goal is to create their own global dictatorship. Their "America First" policy is more than what it seems. It is a code for insiders...
of the cult. It refers to the fact that they have to entirely control America first before they can completely dominate the entire world. Al Checchi (the founder of this CIA-Harvard-Mormon Checchi family terrorist cult) calls himself "the king of the world." This is his narcissistic ambition.

I'm still in need of a competent attorney(s) able to work in the Supreme Court. Unfortunately, the CIA-Harvard-Mormon Checchi family terrorist leaders (Harvard attorneys) appeal all my victories to the Supreme Court. Furthermore, the Checchi's have been bringing new WEEKLY fraudulent lawsuits against me for many months now. Every Thursday, it's a new corrupt lawsuit and another lie. This is a violation of Canon 1: EC 1-5 "A lawyer should assist in maintaining the integrity and competence of the legal profession... she should refrain from all illegal and morally reprehensible conduct." The Checchi family attorneys are clogging the court dockets with fraudulent nonsense, and I'm not sure why the Honorable Justices tolerate this. Recently, they filed THREE dishonest lawsuits against me in one week (one on Thursday, one on Saturday, one on Monday). All three were deliberately fabricated and knowingly dishonest lawsuits. Add to this the fact that the Checchi's have bribed two of my attorneys, and you can see I have my hands full with these corrupt CIA-Harvard-Mormon terrorists.

After reading this entire letter, please do what you can to help spread the word. Since many politicians are compromised and not doing their job to stop these terrorists, it will be up to the American people to stop this terrorist group from their attack on democracy and the rule of law.

Thank you for your time and consideration,

This letter below is regarding a crisis in the judicial community: the killing of attorneys and judges throughout America in an effort by the CIA Checchi family cult leaders to destroy the rule of law and American democracy:

March 19, 2022

Dear Reader,
This link below will take you to a bar association county website in Washington state that has been keeping track of the deaths of judges and attorneys in Pierce-Tacoma County, Washington (the information is also copied below for those who do not click on links). From this memorial list (from 2008 to 2021), you can see for yourself that starting in 2018, the deaths of judicial professionals have been increasing in this county. This is not a coincidence. This has been happening throughout the entire country. The leaders of the CIA-Harvard-Mormon Checchi family cult of serial killers are injecting judicial professionals with cancers and other diseases (explained more in my writings at the links toward the bottom of this letter).

These judicial victims of CIA Checchi family abuse of power are Americans who uphold the rule of law on which our democracy is founded. Unbiased judges and attorneys dedicated to the rule of law are absolutely essential for democracy to function properly. Unfortunately, the
Chocchi cult leaders are also poisoning the food & drinks of these professionals to create heart attacks & strokes. They also create "accidents" that kill people dedicated to the rule of law - this includes judges, attorneys, politicians and police officers. I found this memorial page and this website because I was writing to Pierce County Sheriff's Department leaders to express my sincere condolences on the recent death of Officer Calata, who was also recently killed by the CIA Chocchi cult of terrorists.

These targeted murders of judges and attorneys are acts of domestic terrorism meant to suppress and control American democracy. They are attacking those who uphold the rule of law as an act of retaliation because federal judges have been ruling against the Chocchi family in federal courts in my legal cases against them. I am the first person to ever be successful in suing this prolifically criminal family of serial killers and terrorists. THESE TARGETED MURDERS OF JUDICIAL PROFESSIONALS ARE HAPPENING IN EVERY COUNTY THROUGHOUT THE ENTIRE COUNTRY.

Even if they only kill an extra 2 or 3 or 4 judicial people per county, that adds up to many people when you count the national total of judicial deaths per year. The CIA Chocchi cult leaders are killing people who have been upholding the rule of law and those leaders who are a threat to their plans to dominate and hijack American democracy for their own profit and glory. Their goal is to overthrow the United States government - to dominate/control America first, then the entire world. This is another kind of Hitler/Nazi plot for world domination at any cost.

It is no secret that the CIA Chocchi family cult controls around 70% of politicians in Washington, D.C. This gives the Chocchi family tremendous power to create laws in their favor. So, for example, in December 2020, when the Daniel Andru Judicial Security Bill came before politicians in D.C. (this bill was created to address threats to judicial security and give more protection to federal judges), it was not supported by politicians. Obviously, the Chocchi family is trying to kill judges - so they did not want this bill to pass that would give judges more protection.

On top of these targeted murders of judges and attorneys, the Chocchi cult leaders have also been putting their gatekeepers into law schools, controlling who is accepted as a new law student at law schools. This allows them to keep people out of the law profession who are not part of their evil cult. They can also keep people out who would likely do a great job being unbiased as they uphold the rule of law. By manipulating both ends of this judicial spectrum (keeping out certain people from entering the law profession and killing certain people who are already in the law profession, upholding the rule of law), they are attempting to set the stage of total control in the courts. This will make the cult leaders invincible in court battles for years to come.

Too many political leaders are compromised by the leaders of this terrorist, serial killing cult. These political leaders become compromised through blackmail, bribery, and bullying - so they are not doing their job to protect the American people from terrorists and serial killers. If the CIA Chocchi family cult leaders have their way, the same will soon be true in the courts, and we'll have compromised judicial leaders who are afraid to do their job. The American people must be informed of what is going on with this attempt to hijack and control American democracy. The American people must terminate this CIA Chocchi family cult and their plans to control and hijack American democracy for their own profit and glory. The link to the Washington county memorial website for judges and attorneys is here (the information is also copied below): www.pocba.com/about/in-memoriam/
I didn't discover this memorial page until the middle of March 2022. I knew these judicial murders are going on all over the United States because I closely watch many news outlets and spend my days doing research. The Checchi family cult leaders have declared war on the judicial community. More judges and attorneys have died in that one Washington county in the first 2 months of 2022 than virtually the entire years of 2008, 2010, 2011, 2013 and 2014. This is a crisis for people in the judicial community, and we all need to be disturbed by those facts. This is a direct attack on American democracy and the rule of law. This sinister plot has been going on for several years. The leaders of this CIA Checchi family cult of terrorists & serial killers must be permanently stopped. You can read more details about the dangers this CIA Checchi family cult poses to our democracy at the links below in articles and books I have written & uploaded to my Google Drive.

Dear Secretary Austin, General Milley, and CIA Director Burns:

Thank you for upholding your oath to defend the country against the CIA Chechti terrorists and other enemies of democracy. I must admit I am baffled today why the CIA Chechti terrorists are continually allowed to contact me every five minutes with threats & harassment while I'm working on my computer. This week they are out of control — no doubt drunk or high on drugs the entire time.

I went to vote today in my little town, the Chechti's even interfered with my voting and had me stalked & harassed from the time I left my home to the time I returned. I understand this is a complicated situation, but they are masters at drawing things out "just three more months" and doing this over and over until the months turn to years. For me, the years have turned into over three decades of Chechti physical abuse, harassment, murders, financial abuse, and psychological torture. ENOUGH IS ENOUGH!

You would know better than me if there has ever been such a danger to our democracy, such as the Chechti terrorists. But from where I stand, I can't think of any more dangerous terrorist group than this EVER in American history. They are a severe threat to our democracy and democracies around the world. I can't understand why they are still alive and actively attacking people worldwide. If they are still active this summer 2022, our democracy is doomed. They have been recently negotiating hard for "three more months" for a reason. If they are given more time, they will win this war, destroy American democracy, and kill everyone who has opposed them.

I have recently learned that the Chechti terrorist cult leaders have manipulated legal policy in New York state (a state where they commit a lot of crime and kill many innocent people). Now when they are caught committing a crime in New York, it is a felony. Some people may think this is a good change because it will bring a harsher punishment. But what it actually means is that it will be easier for them to get a pardon since every President of the United States for the foreseeable future will be a Chechti puppet. Virtually everyone (from both parties) who recently ran for President in 2020 and stood on the debate stage was a loyal CIA.
Checchi cult member. Some were bullied into submission, some were blackmailed, some were bribed. No matter how they got on that stage, they have a proven connection to this evil cult of terrorists. To run for President of the United States, you must be a member of this dangerous, un-Constitutional cult of serial killers. This is not how the Constitution says America should be functioning. This is a threat to America's national security.

It's not a good idea to make crimes committed by them only a felony because this will enable them to get out of every punishment. States are the last hope to punish these Checchi terrorists and keep America a place of “justice for all.” Senators and leaders in Congress need to put a leash on a President’s ability to hand out pardons like they are giving out candy to monsters on Halloween. Both Trump and Biden have supported the Checchi terrorist network by handing them continual pardons for very serious crimes against the American people— including the deliberate slaughter of many innocent men, women, and children.

Giving these Presidential pardons is a serious betrayal of the President’s oath of office because the CIA-Harvard-Mormon Checchi family cult punishes people daily for practicing their right to Free Speech and Freedom of the Press. I know this is true firsthand as they threaten and punish me daily for writing the truth and sharing it with the American people. By supporting this terrorist network, President Trump and President Biden both betrayed their oath to uphold and defend the Constitution. Daily the Checchi terrorists do not uphold their oath to protect the Constitution because they punish people who practice their Constitutional rights. Since the Checchi cult leaders control everyone who will be running for President for the foreseeable future, this is a big problem for justice in America. This means they will be given unlimited Presidential pardons for whatever crimes they commit. This cannot be allowed to continue.

Today I just got a message from the Checchi terrorists telling me they are planning a significant terrorist event for July 4th, 2022. How can they make these plans for domestic terrorism, and it goes undetected by leaders at the CIA? The fact that they keep telling me the crimes they will commit is beyond me. Obviously, they are drunk - AGAIN. Clearly, they need to be permanently stopped. If you military leaders don’t stop them, no one will. They must be taken out NOW. There is no time to wait and no time to waste. This is an emergency for our democracy. Sadly, President Biden seems to be hypnotized or severely compromised by the Checchi’s.

This week I’m sending the email below to American military leaders worldwide. The Checchi’s have successfully blocked my emails going out from 7 am - 3 pm. This is not good because this is the peak time when people look at their emails. If I send emails after 3 pm, they are easier to delete from an inbox while people are sleeping at night or not checking their email until the next day. The Checchi’s are also hacking into my main mailing list and changing email addresses so that they won’t work. I wish more could be done to secure correct email addresses for military leaders. If anyone should know the truth of what’s going on with the Checchi cult leaders as they seek to destroy our democracy - it’s military leaders that should know the truth.

For some reason, the courts have only allowed me to spread this message. That’s a lot of pressure. I can’t get any newspaper to help me spread the word on this corruption. This news is more significant than Nixon’s Watergate. Americans deserve to know the truth that I know... yet I have been blocked by President Trump and now President Biden from reaching the American people with this important news. I’ve tried to get newspapers to hire me just for this issue, but no response. It’s like putting brand new tires on a brand new race car but not giving any oil or gas for the engine. Something is very screwed up with this. I’m sure the Checchi’s are behind the scenes manipulating it all. If you can do anything to help me reach military leaders with my writing, I welcome the help.
I thought it was the policy of the United States NEVER to negotiate with terrorists. What happened to that? The Checchi's are confirmed terrorists and guilty of heinous war crimes and crimes against humanity for many decades. Yet not only are American leaders negotiating with these Checchi terrorists but President Trump and Biden have been funding them with billions of dollars AND pardoning them for monstrous crimes. The Checchi terrorists get their way by violent actions of intimidation. As Prime Minister Thatcher once said, "Duty demands and the national interest requires that violence does not pay and is seen not to pay." For years what we have seen from this Checchi situation is that being a bully and being violent DOES pay. American leaders must never give in to violence - never give in to terrorists. Their actions prove they are the foes of democracy. They are trying to eradicate democracy for their own self-centered ends and narcissistic needs. Democracy must dominate the dictators' lust for power.

Something must be done to stop this kind of terrorism and intimidation from happening in the future - in case another crazy terrorist family picks up where the Checchi's left off. Americans can only hope and pray the Checchi's will be permanently shut down and permanently taken out of power very, very soon. Otherwise, they will destroy our democracy and the rule of law.

God bless you in your work to keep America's democracy strong and free.

Dear Commander and Other Military Professionals:

Much of the gun violence throughout the United States has been rooted in the CIA-Harvard-Mormon Checchi family cult based in Los Angeles (Oprah Winfrey has been manager of this cult). The leaders of this dangerous cult of terrorists have been provoking riots and violence all over the country for many years in order to bully politicians to give in to their demands. They even create terrorist events on military bases throughout the world (more about this in my writings attached). A recent example of their domestic terrorism was on February 22, 2022, when they killed four people in a helicopter crash at a U.S. naval facility in Hawaii. Creating terrorist events within the military is their way of intimidating and threatening military leaders to fulfill their demands. This cult has become a severe menace to society and a threat to public safety - even on military bases around the world.

Even the "truckers protest" in February 2022 was their creation as a threat that they would shut down the economy if they did not get their demands met. The Checchi family also controls thousands of American companies (including gas and oil companies), giving them the power to raise prices and single-handedly create a national inflation crisis unseen since 1972. On top of this economic attack, I know for a fact the leaders of the Checchi cult are trying hard to control many political leaders throughout America. Checchi spies are working hard to infiltrate and control all political offices as they blackmail, bribe, and bully political leaders and the people who work for them.

In 2021, I was sued several times for defamation and slander by the people I write about in my writings (links below). I won 100% of these lawsuits because the courts knew I was telling the truth about these serious situations regarding domestic terrorists. These domestic terrorists are very wealthy with CIA badges that
have shielded them. They are privileged beyond imagination, and they have constantly abused this privilege & power. I am writing to let you know what is going on because leaders like you need to know the truth about these dangerous people that you (or someone close to you) may be involved with. As the courts have said numerous times: I am telling the truth, and as a journalist, it is my job to inform the public about what I know to be true in an attempt to protect citizens and advance the public good. The courts have also allowed me (you could say even given me a mandate) to expose the names of these domestic terrorists (explained more in my writings at the links below).

In 2020 I sent an important email to California State Senators and Assembly members. In that email, I exposed the corrupt CIA-Harvard-Mormon Checchi family cult in California that was behind a lot of criminal activity in California. They had been setting massive wildfires in California that killed millions of defenseless animals and orchestrated mass shootings & school shootings in California which tortured, abused, and killed thousands of people. Mysteriously, my emails to these political leaders were "disappearing" in thin air and not arriving at their destination.

I decided to call each office, talk to a staff member of the public servant and make sure the email had arrived. Since the emails were disappearing from email inboxes, I had to ask staff to print out the email for the public servant. One time I was talking to a staff member on the phone, and she said, "yes, we got the email. I am looking at it right now.... silent pause... WOW, That's weird. It just disappeared from the inbox. It's gone. It was here. I was looking at it, and it just disappeared."

After each phone call to each office, I would take notes on my conversation with the staffer, noting their tone and level of helpfulness. Twenty months later, I had to contact these politicians again to expose even more criminal activity of this same CIA "family." I immediately noticed that almost every person I had taken notes on was gone from their job working for the public servant. Further study of this strange occurrence found that the staff of Senators I had talked to had almost all been replaced — especially the people who had been helpful to me and printed out the email for the Senator. Most of the staff of the Assembly members I had taken notes on had not been replaced. So, I conclude that Senators in California are being targeted and manipulated by this CIA family. This family is controlling the information that gets to the Senators.

I can't help but think it was the same CIA-Harvard-Mormon family behind these staffers disappearing from their jobs. They made these staff changes to make sure that the Senators' staff in California worked for their CIA cult and not the Senator. Staffers who were too committed to working for the Senator had to be replaced with spies who would serve this CIA family cult instead.

The Checchi family cult leaders have also been doing this prolific infiltration of political offices in important "swing states," "strategic states," and "states of interest" throughout the entire country. States like Alaska, Michigan, Wisconsin, Pennsylvania, Texas, Florida, Massachusetts, Maine, Nevada, Arizona, Georgia, Colorado, Iowa, Vermont, New Hampshire, New York, Minnesota, Tennessee, Virginia, and Utah have all been subjected to tremendous manipulation and infiltration by the corrupt CIA-Harvard-Mormon Checchi cult of terrorists.

Hoarding and controlling political power has given the Checchi family cult leaders the ability to control and manipulate the entire country in direct contradiction of their oath to uphold the Constitution of the United States. For decades, they have planned to overthrow the government of the United States and set up their own Constitution, their own laws, and their own government. The Checchi family does not only want to control the United States — they want to replace the family of Queen Elizabeth as the Royal reigning world power.
For decades they have been working hard to overtake Canada so that they can combine the two countries of America and Canada as their one country. They plan to steal Canada from Queen Elizabeth, who includes Canada as one of her "commonwealth" countries. The present Prime Minister, Justin Trudeau, has been manipulated by the Chechhi cult leaders for decades — since he was young (his father was former Prime Minister of Canada from 1968-1979). Prime Minister Justin Trudeau has been subtle (yet clear) in his lack of affection for the custom of the Monarchy. For example, when he was first elected, he took down the picture of the Queen in the HQ of the foreign affairs office and replaced it with paintings by Canadian artists. Then his government announced it would not be mailing free copies of the Queen's portrait to the public. Then when it came time to fill the position of the Canadian secretary to the Queen, it remained vacant for nearly three years.

This lack of support for Monarchy tradition is not only happening in Canada but in many commonwealth countries like Australia, New Zealand, Barbados, etc. "This year Barbados Breaks With Elizabeth II to Become the World's Newest Republic." What most people don't realize is that for over 40 years the Chechhi cult leaders have been quietly killing supporters of Queen Elizabeth all around the world. Now when the Monarchy conversation comes up in some of these commonwealth countries, a growing majority of people see the Queen as irrelevant. Many of those who loved her are now dead. This eroding support has left the Monarchy extremely weak and unpopular worldwide. With the addition of various Royal scandals coming out of Windsor Castle, the trajectory for Queen Elizabeth II and her family is unstoppably downward. Soon countries like Canada, New Zealand, and Australia will follow in the footsteps of Barbados and break with Queen Elizabeth II as head of state.

In America, the present high turnover of public servant staffers seems unlikely to be normal — except for interns. "Government employment historically has one of the lowest separation rates compared to most industry sectors due to its job stability." Therefore, Senators, Representatives, Mayors, Governors, and public servants must be cautious who they have working for them. In 2020s America, there is a big push to control the information that public servants receive. There is a corrupt, evil force working overtime as they manipulate and block information that leaders hear. This is a whole new level of conspiracy, and it might be time to create a new law to make it illegal to manipulate the staff of public servants.

Since this corrupt Chechhi family is trying hard to control politicians, they are no doubt attempting to infiltrate the offices and staff of all politicians. Unfortunately, their spies are only loyal to the Chechhi cult agenda. These spies cannot be trusted. As much as leaders like you can control your staffing decisions, it would be wise NOT to hire these Chechhi spies. Discerning who these spies are is the hard part. Since Chechhi cult members number over one hundred million in North America, I'm suggesting there may need to be some new kind of background check to find out who is part of this dangerous terrorist cult. They don't carry membership cards. The leaders of this cult of terrorists are a menace to society and a threat to public safety. For the last four years, my writings (at the links below) have detailed the threat they pose to Americans, Canadians, and humanity worldwide. Leaders need to take seriously the danger they pose to our democracy and our world. It is impossible and unwise to attempt some negotiations with these selfish, drunk, and delusional Chechhi terrorist leaders. There is a reason why the United States has had a policy of not negotiating with terrorists. I hope you will be a leader in exposing and extinguishing this destructive CIA-Harvard-Mormon Chechhi family cult. It will take many of us to end this threat to our country and our world.

Below are some of the details of my notes that exposed this new development with political staffers. At the very bottom, I have added many links to my Google Drive, which will take you to more of my writings that explain their crimes against humanity, their disregard for human rights, their disdain for Freedom of Speech, and their contempt for Freedom of the Press. The CIA-Harvard-Mormon Chechhi family cult of terrorists.
remains a dangerous cult of death. They have unjustly killed millions of innocent people and billions of defenseless animals worldwide - they must be permanently stopped.

Sincerely,

P.S. I'm still in need of a competent attorney(s) able to work in the Supreme Court. The CIA-Harvard-Mormon Chocchi family terrorist leaders (Harvard attorneys) appeal all my victories to the Supreme Court and the Chocchi's have been bringing new WEEKLY fraudulent lawsuits against me for many months now. Every Thursday it's a new corrupt lawsuit and another lie. They are clogging the court docket with fraudulent nonsense and I'm not sure why this is being tolerated by the Honorable Judges. In the last week, they filed THREE dishonest lawsuits against me (one on Thursday, one on Saturday, one on Monday). All three were deliberately fabricated and knowingly dishonest lawsuits. Add to this the fact that the Chocchi's have bribed two of my attorneys to not do their job and you can see I have my hands full with these corrupt CIA-Harvard-Mormon terrorists.

I'm attaching two PDFs to this email because I was recently informed that to access my writing via the links below you have to "sign-in" to Google Drive and I think that is sketchy. I'm no legal scholar, but it seems to me that "Freedom of Speech" doesn't just mean I get to write freely - it means you get to read freely, without being tracked (which is obviously what they are now doing with my Google Drive. In the recent past, you didn't have to "sign in."). If I did not attach to this email a specific document that you would like to read from the list of links below, just let me know which document you want to read and I'm happy to email the PDF of that document to you.

Dear Reader,

It is a fact that the mass shooting events that happened in America during the first quarter of 2021 (and many shootings in America that have happened over the last 20 years), were 100% organized by a CIA-cult based in Los Angeles (I used to work for the leaders of this cult). From January 1, 2021, thru April 23, 2021 (113 days) there were 155 mass shootings during this short time. These were not random acts of terrorism.

From May 8th-9th (one weekend), there were 12 mass shootings organized by this CIA-cult based in Los Angeles: Citrus Heights, CA; Colorado Springs, CO; Gwynn Oak, MD; Philadelphia, PA; Los Angeles, CA; Charleston, SC; Milwaukee, WI; Covington, CA; Oakland, CA; Phoenix, AZ; Newark, NJ; Detroit, MI. Twelve Mass Shootings in two days. For a comprehensive list of mass shootings in America, click here: www.gunviolencearchive.org/reports/mass-shootings.

This CIA-cult specializes in cultivating relationships with people who have mental illnesses and convinces them they are serving the “revolution” by doing these shootings. Often, they teach their spies how to fake a mental illness to get less jail time. Judges are usually easy to manipulate in this way. One of their spies from Florida once told me about the time he was in court on drug charges. He was looking at 22 years in prison for his drug crimes. He told me he snuck in a packet of peanut butter that you get with breakfast in jail and put it in the crack on his hand. While the judge was talking to him, he reached back inside his pants, took the peanut butter - which looked like feces - and wiped it all over his face. Horrified, the judge sent him to a mental hospital instead of jail – where he only served two years.

Sometimes the CIA-cult leaders convince these shooters to use their suicidal and/or homicidal ideations for the “revolution.” Other times, the shooters are brainwashed, tricked, or manipulated into being violent. This cult also specializes in the brutal expertise of killing, abusing, and
torturing children. I explain more about how and why this CIA-cult does this "brainwashing" in this book—so keep reading.

This CIA-cult based in Los Angeles is very large, with tens of millions of members in the United States alone. They are causing many problems throughout America and the world. In the United States they create many of these shootings in Democrat-controlled jurisdictions because they are punishing Democrats who work hard to stand against what this CIA-cult is doing to America and the world. At the same time, the cult bribes, bullies, and blackmails Republican leaders to make them extremely submissive to every whim and demand of these CIA-cult leaders. I've been told that approximately 70% of present-day Republicans are members of this CIA-cult. This is how the cult leaders are able to control so much of what goes on in Washington, DC and in many state legislatures.

This group has become famous for prolific fraud, selling a lot of illegal drugs, killing unbelievable numbers of people, and causing many problems for communities throughout America, and the entire world. They are prolifically killing political leaders, attorneys, and judges in the United States in broad daylight. All leaders, public servants, and legal professionals must be warned about what is going on—these leaders are not even safe on vacation. For example, a federal judge from New York was on vacation in Florida on April 10, 2011, and the leaders of this cult arranged for her to be killed in a "hit and run accident" by a "mentally ill" person. What this CIA-cult is doing to legal professionals is very serious and prolific. They are even attacking and killing older leaders and judges who are retired.

One of their biggest tools of intimidation is killing people. Killing political leaders, attorneys, and judges in their way of trying to intimidate leaders, judges, and attorneys who dare to stand up to their evil empire of prolific murder. Over the last 40 years, this cult has killed approximately 4.5 million people worldwide (more about how and why below). On top of this, the leaders of this CIA-cult have been directly responsible for making over 23 million people homeless around the world by manipulating leaders to create conflict and wars globally. They want maximum chaos in the world.

Forcing people to become refugees is more than a political depiction. It is extremely inhumane and cruel to do this to any human being. Doing it to millions of people is a serious crime against humanity. This CIA-cult has deprived tens of millions of people from basic security and the basic needs of a typical life. This CIA-cult is guilty of serious abuse of power that has resulted in millions of people being deprived of a meaningful life. The suffering they have brought into the world is tremendous. And these CIA-cult leaders are burdening many countries from an excessive influx of refugees—making life unbearable for many, while traumatizing many millions of people. On average, a refugee spends 17 years displaced from their homeland, living in a refugee camp. According to the United Nations Refugee Agency (www.unhcr.org). 80% of refugees live outside of refugee camps and spend even longer exiled from their birthplace.

The death toll around the world continues to rise, and many feel this CIA-cult must be stopped just as Hitler was stopped from his mission of murder & mayhem. Unlike Hitler, these people have been hidden—working from the shadows, manipulating, bribing, blackmailing, threatening,
and bullying people - making their CIA-cult the most powerful Force for Evil on planet Earth. Slowly they are making their plans of world domination become a reality.

These CIA-cult leaders are in a power struggle with President Biden and other military leaders who are trying to shut down this death-cult and their constant criminal activity. This is a fierce struggle. On April 15, 2021, President Biden announced that he would be pulling the military out of Afghanistan by September 11, 2021. He's pulling the military out because for over 20 years, the leaders of this CIA-cult have been manipulating American leaders into dragging the Afghan war out while they make trillions of dollars with their "civilian contractor companies" that provide services to the American military in Afghanistan. They have also made billions of dollars every year through their secret & illegal heroin business in Afghanistan.

As a country Afghanistan has been traumatized by multiple invasions: The British (1842), the Soviets (1979-1989), and the Americans (2001-2021). All three of these invasions created a situation that have collectively made Afghanistan volatile and a welcome place for domestic terror groups and extremists to flourish. These combined factors have contributed to making Afghanistan one of the most unstable and brutal countries on Earth.

President Biden is pulling the military out of Afghanistan because the leaders of this CIA-cult have been secretly & illegally using the Afghanistan military base for their own profit - which includes operating their massive (4 billion dollars per year) illicit heroin-drug business. In 2019 the leaders of this CIA-cult bragged to me that their companies made 11.5 trillion dollars that year (IN ONE YEAR!!!). This highly profitable illegal nonsense has been going on for over 20 years in Afghanistan! I'll let you do the math on that. The amount of money the leaders of this CIA-cult have made is obscene, and it has funded their terrorist activities around the world for decades. If you have ever wondered how much money it would take to bribe leaders from every country in the world so that you could be "King of the World," now you have an idea.

The leaders of this CIA-cult control some American military leaders who have joined this CIA-cult (they've usually been bribed with lots of money or blackmailed or bullied into joining). On the other side of this story is something shocking: some leaders in the terrorist network in Afghanistan (such as Al Qaeda and the Taliban) are also part of this CIA-cult. Because the leaders of this CIA-cult based in Los Angeles can manipulate both sides in this Afghanistan war, they can kill specific military people they deem a threat to their cult or a threat to the mission of the cult (the mission of the cult is world domination). They can kill specific soldiers by arranging that a specific soldier is ordered to go to a specific place. These CIA-cult leaders can then go to the terrorist network and organize them to do specific things (for example, put roadside bombs along the road where these soldiers are going to travel). It is situations like this that turn this CIA-cult into a very, very dark un-American organization. They can also get soldiers who are part of this CIA-cult to kill other soldiers who have become targets of the cult.

They can also create situations called a "friendly fire" incident or an "accident." For example, it is now widely accepted as fact (confirmed by medical doctors) that Army soldier Pat Tillman was murdered by an American soldier with three bullets to the forehead. The number of bullets and their placement on Tillman's skull would all be clues that the three leaders of this CIA-cult in Los Angeles - Adam Chevalier, David Kimuth, and Michael Fisher - were behind ordering
Tillman’s murder. God bless President Biden for trying to stop this CIA-cult nonsense that has gone on for so many decades.

By doing these kinds of deadly manipulations, the leaders of this CIA-cult can attack people who are not cooperating with the cult. They can also kill the soldiers who are children of families back in the United States (or allied countries) that they want to punish for various reasons. For example, maybe they come from a secret society family. Maybe they come from a family that refuses to cooperate with the cult. Maybe they are just Catholic, black, or Jewish – which are three groups the cult routinely targets for murders, punishment, and disability.

The leaders of this CIA-cult have as their ultimate mission total world domination. Therefore, they brutally attack any person or family that will not “bend the knee” to their will, their way, their cult. “Join us or die” is their motto - and they aren’t kidding. They will kill you and your family if you don’t do as they tell you to do, live as they tell you to live. This is a severe and serious crisis, and it has been allowed to go on for decades - growing into massive cancer throughout American society and the entire world. The leaders of this cult must be permanently stopped now - before it’s too late. If too late is midnight, I’d say it’s about 11:35 PM.

President Biden has decided to pull out of Afghanistan to try to stop this CIA-cult nonsense. Doing this will also cut off a large amount of the money the cult uses to fund their terrorist work worldwide. But this decision to pull out will also create problems for America and the world. This is a very precarious situation because no matter what you do, there will be difficult ramifications. For example, if you pull the American military out of Afghanistan, you probably will create a void where terrorist groups have a place to base their operations. As Senator Mitt Romney recently said, “I recently received a frank and candid briefing from [Biden] Administration officials on the President’s plan to withdraw all American troops from Afghanistan by September. I believe this plan is an error that would have serious consequences for our national security interests. The U.S. and our allies maintain a small number of troops with an outsized ability to prevent the Taliban from providing terrorist groups like Al Qaeda and ISIS the ability to train and flourish. Our military presence also helps to pressure the democratic government and its military, foster human rights for women and girls, and hold the Taliban accountable to their promises.”

On May 8, 2021, terrorists detonated three bombs (“three” a sign that these murders of children were also organized by the CIA-cult leaders in Los Angeles) as a class of girls was let out of their high school. Dozens of female students were killed. (More about this attack here: https://www.org/news/2021/05/10/killing-schoolgirls-afghanistan)

But I think most people who know all the facts about what this CIA-cult is doing agree that President Biden has made the best choice in trying to shut down this Afghanistan war that has become a massive money-making machine for this CIA-cult. For more information on this CIA-cult-Afghanistan-operation, watch this short ten-minute video which explains more: https://www.youtube.com/watch?v=XANjQKdlH5k.

In March 2021, these CIA-cult leaders began sending tens of thousands of children from Central America to America’s southern border (see chart below from dailymail.co.uk and Senator Ron
Johnson). There is video showing that children from Latin America were literally being thrown over the border wall to create a problem for President Biden. This action was meant as a punishment to President Biden for his attempts at holding this CIA-cult family accountable for the many crimes they committed in February and March 2021. Their crimes before this were all completely pardoned by President Trump.

The most shocking fact is that this same CIA-cult family has orchestrated mass shootings in the United States for over 20 years, killing hundreds of innocent Americans and traumatizing thousands of children and adults. No one has stopped them. Worse still, these cult leaders have often been rewarded for their bad behavior. Let’s hope 2021 is the year they are permanently stopped from torturing and assassinating innocent people. I explain more about how and why they do these shootings in my writing below. With their enormous wealth, they manipulate, brainwash, bribe, bully, blackmail, and pay other people to do their dirty work worldwide. For decades they have bribed, bullied or blackmailed American authorities to turn a blind eye to their innumerable and prolific crimes against humanity worldwide.

One thing I’ve learned is that there are a lot of people in this world who will do anything for money and that bribery is widespread with this CIA-cult family. I have seen them bribe judges, military leaders, attorneys, politicians, journalists, all kinds of leaders, and even Christian pastors. Money talks. And if you have enough of it in this world, you can do anything you want (even killing and torturing large numbers of children) and never be held accountable. A large percentage of people have taken large amounts of money to turn a blind eye, tell lies, or avoid confronting the evil, immoral behavior of these CIA-cult leaders. This, of course, is very un-American and keeps the leaders of this CIA-cult “above the law.” In the real America, no one is above the law.
On April 2, 2021, President Biden lifted the sanctions on the International Criminal Court (ICC) that President Trump had instituted when he was President. "The ICC is the court that can investigate and, where justified, tries people to hold people accountable for genocide, war crimes, crimes against humanity and the crime of aggression," (taken from the ICC website: https://www.icc-cpi.int/about). In 2020, US Secretary of State Michael Pompeo announced that the United States had put sanctions on ICC leaders who were "involved in the ICC’s efforts to investigate US personnel." The "US personnel" he was talking about were the leaders of this CIA-cult who are responsible for serious war crimes and crimes against humanity. They have gone unpunished for these crimes in which millions of humans have been tortured and killed. In response to President Biden’s lifting of ICC sanctions on April 2, 2021, the CIA-cult leaders immediately sent a killer to the Capitol and killed another Capitol police officer. They simultaneously put a truck on some train tracks in Taiwan, killing dozens of people when the train crashed into the truck. It was one of the deadliest train "accidents" in the country’s history.

On April 9, 2021, they killed New York Federal Judge Sandra Feuerstein in a hit and run "accident." by a "mentally ill" person. She was on vacation in Florida, Federal judges have been ruling against this CIA-cult and in retaliation they have killed a number of judges and family members of judges. They have killed people for so many decades and in such large numbers - with no punishment - that killing innocent people has become a depraved form of entertainment for these cult leaders.

On April 29, 2021, I spent much of the day sending emails to people in the Jewish community in America - warning them of the actual dangers we face with this CIA-trained group that I have come to call: The CIA-Checchi-death-cult. Of course, the Jewish community is sensitive to a cult like this that imitates a holocaust - like the Nazi nightmare - prolifically killing millions of innocent people. No doubt these emails got the Jewish community talking. In response and retaliation, that same night, the CIA-Checchi-cult killed 45 people in the Jewish community in a "grandstand collapse" at an Israeli religious festival.

This CIA-cult also controls the terrorist group Hamas. One week after these festival deaths, the cult began escalating their war against the Jewish community as they influenced Hamas to make rockets rain down on Israel. These rockets exploded in dramatic fashion in midair as Israel’s missile defense system (called “the Iron Dome”) did its job. The cult leaders claim to be attacking the Jewish community as retaliation for the recent treatment of Palestinians. But the truth is, the past behavior of cult leaders shows they don’t need much of an excuse to attack the Jewish community (they also don’t need much of an excuse to attack the black community, or the Catholic community, or the Evangelical community).

The last time I contacted people in the Jewish community about this dangerous CIA-cult, the cult immediately killed Jewish Supreme Court Justice Ruth Bader Ginsberg in retaliation. They kill people to try and intimidate authorities. This CIA-cult looks for any excuse to kill people in the Jewish community. In this book, I have kept a journal over many years documenting the many crimes and mass shootings created and orchestrated by this CIA-cult family.

This cult-of-death has also been setting some of the most extensive fires in America and Australia’s history. Simultaneously they killed and tortured millions of animals by burning them
alive in these forest fires and bushfires. They set many of the largest fires that ravaged America and Australia in 2017, 2018, 2019, and 2020. These forest fires and bushfires were so massive that they created severe consequences for the environment.

During the Trump Presidency, I was forced to call this writing fictional because I was told he was threatening to put me in jail for exposing national secrets. It seems to me that when the "secrets" include killing millions of innocent men, women, children, and animals worldwide, it is my responsibility to expose the truth that I know. If you continue reading this book, and you will understand how serious this is for America and the world. When Mr. Trump was President, I was forced to say: "Any similarities between this writing and real-life events or people... is merely coincidental or, in some cases, allegorical. Weaving cords of real news stories, historical records, imagination, intuitive creativity, Christian theology, and philosophy, the author has created a unique story for your entertainment purposes. The entire content of this book can't be true-to-life. It would be really sad if this were a true-to-life story. Obviously, this is a work of fiction."

In the past I was told I could only share their initials (AC, KC) and their first names (Al, Kathy, Adam, Kate, Kristin). I can now tell you that in August 2020 a panel of federal judges in the United States has given me permission to share all personal information freely and even publicly share details of the full names of the CIA people behind my abuse and persecution (which is a radical step for a court to take—considering who those people are). Unfortunately, the information in this book is totally true.

This information comes with a price. I have paid a steep price for many years because I shared this information with the public. But I'm not alone. My family, friends, and sometimes total strangers who have worked to help me from behind the scenes, have been manipulated and attacked by this CIA family because this information was presented to the public. Being a writer/journalist has become a very dangerous occupation in a world full of tyrants, bullies, and dictators. My intuition tells me that the more people who know the truth, the safer we will all be. The only way this evil can be stopped is if the entire world knows what's going on. American leaders have been compromised, blackmailed, bullied with death threats, or bribed into silence. Many of these leaders worry about their children who have also been threatened with death. I've come to believe that it will take the world community to stop these CIA-cult leaders. Please join me in exposing the truth of this information by sharing it with your family, friends, and co-workers.

Writing this book has sometimes been frustrating. This is a concise and detailed accounting of the failure of some American leaders to restrain and stop a broken, dysfunctional CIA family of addicts. Over many decades this dereliction of duty has led to millions of dead civilians & dead animals around the world and serious destruction of planet Earth. Luckily, other leaders in America and leaders worldwide are coming forward to address these serious issues. Hopefully, they will be successful in stopping this insane family of serial killers. My role is simply to tell you the truth that I know.

Please excuse any grammatical errors in this document as I seem to be battling CIA hackers who keep hacking into this document and changing things behind my back. It's
Impossible to keep up with their games. But I’m publishing it, anyway, counting on the
public to be understanding regarding this unusual situation. The situation is serious, and
there is no time to waste in getting this information to the public immediately, before it’s
too late. We are past the 11th hour, and urgent action must be taken. This writing has been
the first step of informing authorities and the public of the shocking truth of what is going
on in America.

This book comprises three different emails/letters/documents that I started writing in 2017
and stopped writing in 2021. The project grew from a tiny email to the book you are now
reading. There are three parts to this book:
1. “Letter to My Fellow Americans and Other Interested Parties.”
2. “Spies, the CIA, and the Killing of Innocent People.”

Sincerely,
Dillon Woods
American Independent Journalist@yahoo.com

P.S. As for new “celebrities” running for public office – people like Matthew McConaughey,
Elon Musk, Kanye West, Caitlyn Jenner, Dwayne “The Rock” Johnson, Oprah, Donald Trump,
or other “celebrities” running for public office let me be clear: no matter what party they run
under, many celebrities such as these are, allegedly, long-time members of this evil CIA-cult.
The Standard Operating Procedure of this cult is to get BLACKMAIL on anyone they get to run for public
office. This means the cult leaders will be able to totally control them once in office. Many
celebrities willingly and gladly do very illegal things to get this kind of political power. Since
this CIA-cult controls Hollywood, media outlets, and the sports world, they groom many of their
people for (and promise them roles in) national politics. They put people in public office with no
experience in politics because this makes it easier to manipulate and control these celebrities
while in that office. Those people with no political experience usually have no clue what they are
doing. The members of this CIA-cult who run for any public office pose a serious danger to
American democracy and American national security. Instead of caring whether a candidate is
Democrat or Republican, Americans today must instead care if politicians are part of this evil
CIA-cult. The leaders of this CIA-cult are known for using their politicians to do a long list of
horrible things. Among the most disgraceful of these things:
1) Killing thousands of innocent American citizens.
2) Tipping the stock market to their favor by using politicians’ statements and actions to
manipulate the stock market (reaping billions of dollars in profits).
3) Politically ordering their politically powerful followers to do immoral, unethical, and illegal
things.
4) Promoting drug use so that citizens are anesthetized and numb. When citizens are high on
drugs they are more easily manipulated and controlled as their cult attempts to destroy American
democracy, American values and replace political institutions with their cult leaders as rulers
over this land at every level (from Mayor to President).
This CIA-cult poses a tremendous threat to modern American democracy. We must come up
with some way to warn the public and expose the fact that the intentions of these CIA-cult
leaders are evil and destructive of life, liberty, and the pursuit of American values. The book (below) explains more facts about this dangerous CIA-cult.

PLEASE NOTE: CIA HACKERS HAVE MARKED THIS EMAIL AS "DANGEROUS" OR A "PHISHING SCAM" BECAUSE IT EXPOSES CIA CRIMES AGAINST INNOCENT PEOPLE. THIS EMAIL HAS NO MALICIOUS CONTENT, BAD LINKS, OR BAD ATTACHMENTS THAT WILL HARM YOUR COMPUTER, BUT IF WE AMERICANS TAKE ACTION ON THIS INFORMATION (BELOW), WE MAY BE ABLE TO DO SOME HARM TO THEIR WORK OF KILLING INNOCENT PEOPLE (WHICH INCLUDES KILLING INNOCENT CHILDREN, TEACHERS, VETERANS & FIRST RESPONDERS). I AM A REAL INDEPENDENT JOURNALIST INFORMING THE PUBLIC OF WHAT I KNOW TO BE TRUE. PLEASE READ THIS ENTIRE LETTER AND TAKE ACTION AS YOU CAN. TOGETHER MAYBE WE CAN STOP THIS CIA INSANITY AND SAVE INNOCENT LIVES OF HUMANS AND ANIMALS.

October 4, 2020 (updated March 2021)
My Dear Fellow Americans and Other Interested Parties;

There's a huge government scandal, and I need your help. Could you please read this letter and join me in exposing these criminals by sharing this information with your coworkers, family, and friends? They are literally killing children and other innocent people. The first step in stopping them is publicly shaming them; informing Americans about the truth of what is going on (apparently, the FBI can't stop them because it's a complicated situation involving some of the highest-ranking people at the CIA). Attorney General Bill Barr and President Trump were covering for this corrupt CIA family, and they refused to take steps that would firmly stop them. The reasons for this support are explained below. Americans need to hear about what is going on and demand politicians do something that will firmly stop this corrupt CIA cult of serial killers.

This email contains important information that you should know. Leaders like you should know the truth about what is going on in America with CIA-funded & organized school shootings, mass shootings, arming George Floyd rioters & rioters with bricks and weapons to turn peaceful protests into brawls, and other American tragedies. I apologize this email is so long, but (as you will see) this is a complex situation that requires details and (to validate my own involvement) how I got connected to the leaders of this abysmal situation. Please read this entire email and share it with others in your network. This information is so shocking that it will sound like it could not be true - but it is true! You may need to read it in sections and take a break now and then because some of this information is depressing and disappointing. Please contact me with questions or specific items you would like me to expand on with more detail. The more people who know the truth about this CIA abuse of power, the more it will be likely we can stop such manipulative, deadly insanity by powerful CIA people whose brutality is only outdone by their extreme financial-greed and selfish ambition for fame and personal adoration. Together I hope we can save the lives of innocent people.
In America, confronting & stopping severe "abuse of power" is everyone's responsibility. When this abuse of power involves the abuse of children, we must act immediately because this is an attack on the future of our country and our world. You are a leader during one of these times when powerful people abuse children in prolific ways and in multiple states (and various places throughout the world). It is my sad duty, as an independent journalist, to share this information with you. What I am sharing with you in this email is not a theory. These CIA abusers I am exposing are people I know well and used to work for - this is not "fake news," nor is it a "conspiracy theory." For me, this is heartbreaking and personal.

This email explains how and why this small group of CIA-trained people, based in Los Angeles, have been behind the scenes - pulling strings - organizing some of America's most horrific tragedies - from school shootings & mass shootings... to the new Coronavirus that has killed millions worldwide. Their mission is to kill enormous numbers of secret society members - to wipe them off the face of the Earth. But they are also killing hundreds of thousands of innocent people while they do these targeted secret society killings.

This "secret war" against secret society members has already been raging in America (and beyond) for over four decades. This "World War III" is ruthlessly escalating with the new Coronavirus. This war is a war that has been declared by Congress but by one small group of people at the CIA. It's not a coincidence that one demographic with the highest mortality rate with this new Coronavirus is veterans. They are using this virus to attack Freemasons, who have a military background. They are strategically putting the virus in places that will kill the largest number of secret society people (veteran hospitals and nursing homes that house veterans and their spouses). However, they are simultaneously also killing thousands of innocent civilians that have health problems. Many of these civilian "collateral damage" deaths are people who are physically or mentally deficient - those who have become a "burden to the state." "At the end of the day," these CIA-trained leaders feel these "mercy killings" will help achieve "a more pure and productive society." This is the same thing the Nazis did in World War II - through a program called "Aktion T4" (www.britannica.com/event/T4-Program).

It has been said that "the free flow of information is the only safeguard against tyranny." In this spirit, I have sent you this email to give you essential information on this dangerous situation. Together, I hope our voices can create a solution - a wave of protests that will stop these prolific CIA abusers from doing any more damage to children or other innocent humans. These brutal CIA people have an untold history of extreme cruelty and abuse. This untold story hides in a deadly silence of malodorous darkness. When young people die because of war, it is always an outrage. In this writing, I am breaking the silence and shining the brightest light I can muster. But I worry: will anyone really read this long email? And if they read it, will they see it contains outrageously shocking and unbelievable information - will they believe it? I share these details that I know are true in hopes that this story will motivate us to change this appalling situation. It will take many of us from around the world to change this situation. My role is to shine the light, break the silence, and expose what I know to be true.
I wouldn't send this email to you unless it were important - regarding prolific and serious abuse of power. This email contains important information for leaders to know - because this serious and lethal abuse is happening in many places throughout the United States and worldwide. Please join me in trying to stop the abuse of human life, children, and animals - which is being carried out by this very powerful, abusive CIA-Mormon-Harvard family based in Los Angeles. They have blackmailed, bullied, or bribed every Washington D.C. politician or agency leader who should be stopping them. Therefore, their prolific abuse has continued unabated for many years. Please read this entire email filled with details of this sad story going on in America today.

The FBI has been investigating complaints about this CIA family’s shenanigans in Los Angeles for many years. In February 2020, this investigation was finally finished, and my complaints about this family in Los Angeles were found to be justified and valid. Because this group has committed prolific crimes in all 50 states, your state Attorney General may be able to confirm that the information in this email is accurate (this will depend on your role in society). Generally, the findings of this investigation have not been made public because this entrenched family is cloaked with the CIA veil of "national security." Almost immediately on the completion of this FBI investigation, another twist happened: apparently, President Trump has been working with (trying to force) Attorney General Barr to cover up and/or hide the findings of this investigation - worried it would hurt his reelection campaign because President Trump has been involved in supporting and protecting this corrupt CIA family of serial killers. They continue to try to punish me (an independent journalist) for “disclosing secrets” - which includes the slaughter of innocent men, women, and children all over America and the world. It is left to us, the American people, to stop this ridiculousness. And stop them, we must: innocent children continue to be abused and even killed by this renegade CIA group based in Los Angeles.

That said, I don't want to alarm you, but I want to tell you the ugly and disturbing truth about something that is gravely serious. In essence, this is a complex issue that involves (among other things) the secret abuse, exploitation, & misuse of children, college students, and animals in towns & schools all over America and the world. This is not a theory - I know these people, and (risking my own life and freedom) I've decided to expose this abuse because it's the right thing to do - no matter the consequences. Americans should especially know the truth about the prolific abuse of young people, what to look for, and who is behind it.

Nationally, this group of CIA people in Los Angeles have recruited tens of millions of Americans into their network (or “cult”): politicians, first responders, business leaders, leaders in education, religious leaders, students, and average Americans are part of this network. As you will see from the facts below, they have become too powerful, too evil, and too un-American. They have created a new kind of deadly and dangerous “cult” with roots deep into three things: the CIA, the Mormon religion, and Harvard. It will only change if we all do our part. My part is to tell you the truth of what I know. (More about this below.) If you can think of someone in your network who should know this information, please forward this email to them.
The same CIA people who are doing this abuse of school children & college students are also abusing, torturing, and killing millions of animals. Most recently (in the last few years), they have been setting some of the most significant forest fires in the United States and Australia (especially in California during the years 2016, 2017, 2018, 2019, and 2020) and burning millions of wild animals alive. Because their massive CIA network is all over the world, they have also been creating fire emergencies in foreign countries as well (for example: in the Amazon rainforest, Notre Dame Cathedral in France, and most recently in Australia).

In Australia alone, experts say that more than one billion animals (yes, one BILLION reptiles, mammals, insects, birds, etc.) have been impacted - millions of animals have been tortured/burned alive and killed in these recent Australian fires (source: University of Sydney - sydney.edu.au/news-opinion/news/2020/01/08/australian-bushfires-more-than-one-billion-animals-impacted.html). This CIA-Mormon-Harvard family is absolutely responsible for deliberately setting many of the most extensive fires in Australia - deliberately making a bad dry-season situation worse. They have begged me to set these massive fires. They are on a mission to create chaos worldwide and attack secret society families while they do it. Their mission is to completely upset the world order that is based on the secret society network and agenda. They want to destroy the entire secret society network - from the Queen of England's family to every Freemason lodge.

They want to replace this royal network with their family at the top, instead of the Queen of England's family at the top. It is not a coincidence that Prince Harry has recently married an actress from Los Angeles. Allegedly, she is part of this cult that seeks to destroy Queen Elizabeth II's royal family. Little does Harry know this is the same group that coordinated and organized the successful murder of his 36-year-old mother, Princess Diana, in a "fatal" car accident at the end of August in 1997. It is likely that neither Harry nor Meghan realizes how evil this web is in which they have gotten involved. Their recent interview on March 7, 2021, with Oprah (who also, allegedly, a member of this CIA-cult. If true, why would Oprah be part of a cult that is famous for abusing and killing children?) was a perfect example of how the cult aims to attack Queen Elizabeth II's family and weaken the power and reputation of this royal family throughout the world.

In 2019, this CIA-cult could not resist setting big "BUSH-fires" in Australia (because the Bush family in Texas is their biggest secret society enemy in America). They are known for playing these kinds of word games while they kill and destroy. At the same time, they targeted and destroyed the lives & property of secret society members in these Australian fires.

SHORT HISTORY OF SECRET SOCIETIES IN AMERICA

For many generations, joining a secret society has been one of the most common avenues for people to advance in life and secure their family's future. If a man wanted to provide for his family, joining a group like the Freemasons, the Illuminati, the Knights of Columbus, or the Skull & Bones was a way to network for jobs, make money and protect your family. Let's step back for a minute and get some perspective on this secret society reality.
The whole reason America was initially created was to get away from the unjust situation of having a "king" or "queen" who was at the top of the secret society pyramid. American democracy and the American Constitution promised a new vision of "we the people." In this vision, there would be liberty and justice for everyone - regardless of a family name, religion you were, economic status, etc. In the new America that the founding leaders from England created, you didn't have to join a secret society like those in England controlled by the royal family. Many of America's founding fathers were indeed Freemasons. But they came here to start a new kind of society: one that was free from needing to belong to such an organization (like the Freemasons) that was dominated and controlled by a king (back in 1775, it was King George III who was in charge). With their vision of a new "we the people" country, you could become something and have money by working hard and following the same rules as everyone else. You didn't have to belong to any secret society in the new America.

Eventually would come the American motto recited by all Americans: "liberty and justice for all." None of this new vision was based on being part of a secret society. It was a completely different vision from what the founders had experienced with "government" in Great Britain. This new American experiment was a government of "we the people." It was based on the self-evident truth: "all men are created equal." It was not based on a "king" who is above the law or "better" than anyone else. In the new America, citizens would live together in a paradigm of autonomy. These founding leaders from Great Britain created a fairer, more just, more equal way to live together as a shared community where government leaders came from among the people and rotated with regularity so that power was not concentrated in one person or one family. The American experiment; ordinary people would govern themselves. Hence, "we the people" took form as The United States of America. This new kind of government was a big slap in King George III's face, and it was also a big slap in the face of the many secret society people in Great Britain who bowed to the king's throne. Consequently, came the revolutionary war of 1775-1783.

For over fifty years, this CIA-Mormon-Harvard family in Los Angeles (also known as "the Sea family," "the see family," or "the C family") escalated this "secret war" against secret society families. The goal was to help ordinary Americans get some distance and disconnection from secret societies and the royal family in England. To some people, the Sea family leaders are heroes who helped restore political offices to ordinary Americans - instead of giving these offices to secret society people. They didn't do this only in America - they did it in many key countries throughout the world. Since the killing of JFK (which was organized and covered up by several different secret societies working together and coordinating with military precision), secret society members in America (and all over the world) had all but taken complete control of political offices, agencies, and law enforcement at every level (local, state, and federal). The Sea family and their followers worked tirelessly for over five decades to change this. Somewhere along the way, it was decided several decades ago that it was necessary to start killing secret society people in America. These secret groups had grown too large and powerful - they were routinely getting away with the murder of citizens who resisted joining their ranks and other serious crimes. It was time for the tables to be turned.
During his reign, President Trump more than tripled down on giving these CIA people a license to kill entire secret society families in America. There is tremendous money paid to those who help kill secret society people because they have become a "threat to national security." The sea family will trick secret society members into being part of their cult—this makes it easier to kill them as they foolishly cooperate with sea family games of manipulation. Like sheep being led to the slaughter, secret society people line up to receive compensation for being part of this cult. The secret society people willingly sign on to play games with American citizens (stalking, harassing, setting them up, stealing or destroying property, threatening, etc.). What they don't know is that these games they agree to play become the justification for the murder of their entire family. They even kill children of these secret society families because they want to stop "the next generation" of secret society members. The sea family laughs all the way to the bank. They have literally made tens of billions of dollars killing secret society people in America. That's where we are today.

Decades ago, it became clear that the United States had become too overgrown and overpowered by the vast numbers of Americans pressured into joining these secret society organizations. By some estimates, modern-day America has over 200 of these secret society organizations that are active. Many of them date back many generations. These secret organizations controlled most avenues to good jobs, stable income, and even military advancement (they had even taken over leadership control of parts of the U.S. Military—hence the aggressive killing of Freemason veterans we see today).

High-paying civilian jobs were often only given to people whose families were part of these secret society groups. Outside of these high-paying jobs controlled by secret societies, there were not many other ways for Americans to provide for their family and be able to own a home, pay for the kid's college education, and become financially stable. In this way, Americans were pressured to join these secret society groups. Most people don't know that almost all of these groups are connected in loyalty to Queen Elizabeth II's royal family back in Great Britain. For millions of Americans, it became a matter of survival to join a secret society group. After the killing of JFK, the sea family changed that.
reality and made America less controlled by secret societies on every level. This is why many people revere the sea family. But very few know the dark side of this family and the thousands of genuinely diabolical crimes they have committed worldwide for many decades. It would appear that in the process of fighting evil secret society groups, they became as vile and evil as the groups they were fighting.

The sea families' P.R. campaign for their cult of followers was about patriotism and restoring the American dream that was distinct from and opposite the secret society agenda. The sea family has created thousands of movies, documentaries, radio programs, podcasts, TV shows, and books to steer people away from the evil secret society agenda. This secret society agenda was epitomized by the "One World Order" announced by Skull & Bones President George H.W. Bush. The sea family organized their cult followers towards becoming a member of their patriotic cult instead. But in only a few decades, many people feel the sea family seems to have drastically gone off course from the path of American honor and respectability. They have turned their patriotic organization into a cult that is more about the person-worship of their family and less about America; more about lethal international and domestic terrorism, and less about building up the good in communities. This became obvious the minute they started the cowardly practice of killing innocent, unarmed people in protest of the secret society agenda. When they started killing innocent children by orchestrating these school shootings that have become prolific in America (more about this below), they proved definitively that their mental state had become very ill. To many Americans who knew what was going on, it became clear the sea family was deeply dysfunctional, and they had created a profoundly flawed organization. It is a lesson for us to remember: all humans with power need a system of checks and balances. Otherwise, things can get way out of control as they have with the sea family cult.

When I recently left the sea family cult and rejected their friendship (honestly, for decades, I didn't even know I was part of a cult, I thought these people were my closest friends. I recently realized in 2017- this had all the hallmarks of being a cult), they said to me: the civil war has begun on which side are you? I responded, "I am on the side of truth and justice for all." Which side are you on?" Their response, of course, was silence. Why silence? Because by this time, all their leaders were so mired in the darkest lies, the most shadowy hypocrisies, the most serious crimes, and the most profound injustices - there was no turning back to the light of integrity and honor for them. Their only hope is that God forgives us humans of all sin - no matter how dark and evil. For surely, no citizens who knew the truth of the pure evil which the sea family has become and the evil they have done (for so many decades) could ever trust, believe, or respect their leadership again. They have turned into a brutal group of domestic terrorists and possibly the most significant crime family in American history. Because of this, the sea family has forfeited a good reputation. Their leaders can no longer be respected or trusted. They cannot be trusted to do what is right for the future of America. By killing thousands of innocent men, women, and children, they have become as corrupt and vile a cult as the evil secret society families they have fought for over five decades. This is a family with a severe, degenerate moral crisis.

Many Americans believe that the abuse and crimes that these CIA knuckleheads brazenly commit over and over and over again must be stopped because they are attacking random
people who are innocent of being part of the secret society agenda. The Hacienda has proven themselves to be not only savagely cruel but they are also clearly a barbarous international terrorist organization. IS IT OUR RESPONSIBILITY AS AMERICANS TO STOP THEM? Many Americans believe it is. (More about this below.)

I realize the content & style of this email is a bit of a departure from what you usually receive. But, as an independent journalist, I am contacting ordinary leaders to let them know the truth about what I have uncovered and experienced for myself. Americans and people around the world must understand what’s behind all these school shootings, mass shootings, and mass murder. These fires are created all over America (and beyond). State senators, legislators, governors, and other leaders must be informed of what is going on. PLEASE CONTACT YOUR STATE LEADERS ABOUT THIS SITUATION.

Without knowing it, some journalists, public servants, attorneys, judges, elected officials, teachers, parents, students, administrators, activists, nurses, university leaders, business owners, military veterans, doctors, dentists, veterinarians, pastors, bishops, first responders, entertainers, athletes, librarians, and leaders all over America (and the world) are supporting this evil network. YOU OR SOMEONE YOU KNOW MAY BE ONE OF THESE PEOPLE. This group of CIA people in Los Angeles are unscrupulous serial killers, high-volume fraudsters, and vile, evil criminals. They lie to, torture, abuse, and kill their own followers and friends. (More about this below.) Once you are a member or a target of this group, their cruelty and violence can be unrestrained. Just ask Kobe Bryant (you can’t because he’s dead!)

In 2015, they told me a lot of personal things about Kobe’s sex life. This CIA network in Los Angeles routinely hijack celebrities’ lives who dominate the world of athletics and entertainment. There’s no doubt Kobe was connected to this cult. The only question is - was he connected to it willingly or by force (blackmail)? They often use blackmail and threats of violence to force people to submit to their will and their way (this includes blackmailing politicians in Washington, D.C. - which includes many senators! They made J. Edgar Hoover look like a blackmail novice). The pilot of Kobe’s helicopter was using an iPad to guide him on the day of that fateful crash (apparently, using an iPad for direction is normal among helicopter pilots navigating through the morning fog in Southern California). What is clear is that the pilot was being led astray by the iPad which he was using to guide his flight on that foggy Sunday morning.

This CIA group controls not only iPads but all Apple products (more about how they hijacked Apple products and why they killed Steve Jobs with incurable cancer in my book, “TO MUTE OR NOT TO MUTE? That Is the Question!”). They use Apple products to spy on and then blackmail politicians, celebrities, and other “people of interest.” They keep track of every word, every action, every day, every minute, every event - meaningful and mundane.

They test people with varied criminal opportunities (from illicit drugs... to illicit sex... to embezzlement... and more). They tempt people and study their genetic family history to see what makes them tick, what their weaknesses are, etc. The Mormons have the most extensive genealogy records of any group on Earth. They use this lineage information to study someone’s
family, family connections, and family "predispositions" to criminal behavior. Suppose someone comes from a family of prolific criminals (criminal activity has a financial cost to society). In that case, they will insist on preconception sterilization, or if that does not work, they will kill off that entire family tree — for the betterment of the greater good.

For the people they are studying and gathering data on, they catalog blackmailable things captured on audio and video for each "person of interest." They may eventually try to control these people with this blackmail information. If what a person has done is illegal, then they have the right to turn this person into a slave for their cult. Ironically, the authority to turn people into slaves comes from the 13th Amendment that abolished slavery — "except as a punishment for crime." It says in Section One of the American Constitution Amendment Thirteen:
"Neither slavery nor involuntary servitude, except as a punishment for crime whereof the party shall have been duly convicted, shall exist within the United States, or any place subject to their jurisdiction." Because the sea family captures everything on video or audio recordings, this serves as evidence should they need to present their findings to a clandestine court to prove they have the right to enslave certain people into their service. So, if they can get you to commit a crime, they can turn you into a slave for their cult. Usually, naive people have no idea this is going on — until it’s too late. Since they record everything via a person’s phone, computer, or television — they have the “evidence” of this crime that justifies enslaving millions of Americans.

When President Trump tells the former FBI Director Jim Comey that their conversation was recorded (Trump once commented that “James Comey better hope there are no tapes of our conversation” …), the conversation was absolutely recorded — by this CIA-Mormon-Harvard cult of which President Trump is a valued and loyal member.

They recorded me for over twenty years, and I never knew it until they released a sex tape of me for revenge. They continue to try and blackmail me, silence me, and enslave me with recordings they have. They told me they had over 500 hours of recorded conversations where I said scandalous and embarrassing things. I simply have to trust that people will be understanding and use their common sense when it comes to judging my situation (which has been significantly manipulated by this CIA family for almost my entire adult life). It all started when I met the family of LB. At that time, I was still a university student, and that’s when my problems with the sea family infiltrating and manipulating my life began.

What makes my situation even more interesting is that the sea family didn’t know until very recently: I was deliberately saying scandalous things to try to show them off for over ten years. I knew someone was spying on me, but I wanted to learn who it was — so I deliberately drew them out by saying things and doing things that would cause their spies to come after me and infiltrate my life. It worked. They took the bait over and over and over again. It took more than a decade of these games for the road to lead to them! Eventually, I found out it was my closest “friends” who were sabotaging my life, incapacitating my financial opportunities, and spying on me. Eventually, I beat the sea family at their own game. This must be infuriating to these Harvard elitists who look down on simple farmers (I come from a family of farmers) and people with little education or sophistication. The one thing I learned from this period of my life: highbrow
people like the us family underestimate and undervalue the power of common sense and integrity. but i digress...

through apple products (and other secret video and audio recording devices hidden in electronic gadgets and even in clothing they make for special people), they beam up all audio and video to their own satellites that circle high above the earth. then this data gets beamed back down to be stored in massive computer hard drives. that nasty outburst with a loved one, that secret illicit sexual affair, the money embezzled, the illicit drugs sold or consumed— it all gets stored in case they need to use it for blackmail and proof of their right to enslave you. they will even coach people on how to get away with crime (convincing them it’s okay or legal to do) and then enslave them and blackmail them with it in future years. i know of one story where they told an accountant to take a certain accounting course where certain “legal accounting tricks” were taught. he used these new tricks— only to find out, the hard way, they were not legal at all. he is still their slave as they threaten to expose his crimes and ruin his reputation in the community.

allegedly, from the convicted pedophile Jeffrey Epstein (who was close friends with queen elizabeth II’s son Prince Andrew — not a coincidence!) to Bill and hillary Clinton, it has been this CIA-Mormon-Harvard family that has been manipulating, recording, and blackmailing the rich, the powerful, and even ordinary citizens connected to their targets. this is how the C family has become so rich and powerful. this is how they legally get away with making “slaves” who serve their cult. thanks to the thirteenth amendment, which abolishes slavery.

have you ever wondered why the united states jails more of its citizens than any other country in the world? this CIA-Harvard-Mormon cult is behind that, too! they have created a massive incarceration machine. the more “criminals” they create— the more people they incarcerate, the more money they make. this CIA family began their rise to extreme power within the CIA during the 1990s. the 1990s also correspond with the period in which there was a massive increase of people going into the “system” of probation, jails, and prisons in America. during this same period, americans were beginning to invest their time and money into computers and cell phone technology. technology (used by this CIA family to spy on people and gather information) has aided this CIA family in creating this army of slaves and this vast incarceration machine. by 2005 they had filled their coffers and stretched their incarceration system to extreme limits, and these excessive numbers have held steady (flattened at virtually the same very high rate) from 2005 - 2020.
This focus on creating criminals and fattening the incarceration system is how they enslave people and create a network of criminals that serve the dark side of their cult (and their colossal $33 billion financial growth). Drug dealers are coerced to work for them, or they are killed; serial killers are coerced to work for them, or they are killed, etc. With this large incarceration machine, they punish their enemies and reward their slaves (they even have a system that brings drugs into prisons to reward their slaves who can party and have a good time while imprisoned). And, at the same time, they make ungodly sums of money with this machine they have created by controlling dozens and dozens of money-making avenues within the justice system. Greed is a significant component of this CIA-cult family system. Among these many money-making
avenues includes: controlling the commissaries (where inmates buy snacks, toiletries, writing paper, etc); controlling the phone networks in all the prisons and jails (where inmates and families pay extreme prices for phone time); and creating companies that provide bail (and charge maximum interest rates).

By excessively inflating the number of inmates in American jails and prisons, this CIA-Harvard-Mormon-cult family makes BILLIONS of dollars for their network. "Comparing other English-speaking developed countries, whereas the incarceration rate of the United States is 635 per 100,000 population of all ages, the incarceration rate of Canada is 114 per 100,000 (as of 2015), England and Wales are 146 per 100,000 (as of 2016), and Australia is 160 per 100,000 (as of 2016)" (stats from Wikipedia.org). More about the jailing of American citizens in my book: "Eight Months in LA County Jail" - which you can read for free at this link (in PDF format) from my Google Drive: drive.google.com/open?id=17g2xdL-U4eqG6UGvPFg36hL87mSThoms

And one last thing... the sea family has created this system of invasion of privacy, slavery, and incarceration with public tax dollars. Moreover, the taxes of American citizens continue to maintain this massive machine. Privacy is history for all of us - except for the sea family. Their secrets have allowed them to get away with tremendous crimes against the American people and crimes against the human race for decades.

Allegedly, Kobe Bryant got caught in this blackmail trap, and he became a slave to the sea family cult. There is no proof they purposely led the pilot of Kobe’s helicopter right into a mountain covered in fog (30 miles Northwest of Downtown LA). Many Americans feel this is more proof that we - the American people - must stop this family from what they are doing to American citizens - including killing innocent children (several children died in that helicopter crash). Washington politicians and agencies have failed to do their job and failed to protect the American people (more about this below). Why have some of these leaders failed? They are being blackmailed, bullied, and bribed.

Please read my letter below to Police Chief Peck in Farmington, Maine, regarding the death of a first responder firearm in their community. Please consider sharing this email with other Americans (especially your leaders and elected representatives).

For more details on what is behind these mass shootings and school shootings in our country, please read this entire email. Secrets are what have made these crimes possible. By exposing the truth, many of us hope this will end decades of abuse and carnage. They have killed thousands of innocent children and psychologically tortured and traumatized thousands more. If you would like more information, I am also giving you a free copy of my book, "To Mute or Not to Mute? That is the question" in PDF format. Feel free to share it with others. You can download it for free from my google drive: drive.google.com/open?id=16njX1EzBo98mF2kPikD9wV_s6j16hP

If you have any questions, I am happy to answer them. Feel free to contact me at this email address. If you can, please share this information with other leaders - especially in education. Someone is blocking my efforts to send this important information to education leaders with this (potentially lifesaving) information. My conclusion: there must be essential people leading
school districts who are part of this evil cult - without knowing how evil and destructive this cult is. Thank you.

All the best.

Dillon Woods

P.S. If you are interested in the mentally ill/psychologically sick dynamics that fuel this kind of extreme abuse, please watch this "TED Talk" by psychologist Dr. Ramani Durvasula. I know the family behind those crimes very well, and this TED talk is an excellent 20-minute summary that does a great job explaining the dynamics of this dysfunctional CIA-Mormon-Harvard-cult family in Los Angeles: www.youtube.com/watch?v=aiHHWgG7dBkA "Narcissism and Its Discontents" by Dr. Ramani Durvasula | TEDxSedona

To: Leaders in Farmington, Maine
Re: Explosion that killed and injured firefighters

September 17, 2019

Dear Chief Peck: (Please forward this email to other leaders in Maine)

I was very sad to hear of the death of one of your firemen on September 16, 2019. I am writing to tell you that there is no doubt a connection to that death and the letter below that I recently started sending to leaders in Maine. The killing of the firefighter was yet another death organized by CIA people who are protecting the fact that I am contacting leaders all over America to inform them of the truth behind these mass shootings that keep happening all over the country. We must stand firm against what they are doing. If we don't, the chaos and murder of innocent Americans will never end. If you stand up to them - they will threaten you, bully you, harass you, stalk you, and maybe even kill people you love. But we must stand together and stand against the chaos and murder they bring all over this country. They are protecting the secret society agenda. However, they are killing innocent people to do this. There is more on this below in the letters I have sent to other leaders around the country. I am also giving you a free PDF of my book, which also tells more details of what is actually going on in America with this situation. You can download it for free here from my Google Drive:

Chief Peck - be assured of my prayers and condolences to all those in Farmington who grieve this loss. For me and many who know what is going on, it is more than losing one life. It is the loss of our freedom and joy that comes from true independence. We in America are being terrorized and bullied by professional serial killers at the CIA. The American people will have to stand together against this domestic terror. We are our only hope. Washington Politicians and agencies have failed us.
The CIA family behind the murder of this fireman is based in Los Angeles. They have spent over thirty years vacationing in Maine during the month of August. During these many years, they have created an extensive network of citizens in Maine who are part of their "CIA-cult" (more about this cult in the book). This large group of Maine citizens is what gives them a lot of power to influence and manipulate elected officials and public servants in Maine. This deadly explosion in your town is one more example of how evil this family is. They even kill and torture their own people (they control fire department leaders all over Maine and the entire country).

There's nothing that changes your mindset like, personal experience. I know they tortured their own friends, firsthand. As I sit here and read these emails, every few minutes, my body tenses uncontrollably (because they permanently damaged my nervous system - more about this below). The leaders of this CIA-cult show many signs of being extremely mentally ill and deeply unstable. Please join me in shining a light on this evil CIA family and their evil deeds. Share this email with your friends and family in Maine. If people in Maine will join me in exposing what they do - together, I am hopeful that we can save American lives and stop this insanity that has gone on for over TWO DECADES.

If you look at President Trump and wonder why he has been through an unprecedented FOUR national security advisors in 2.5 years, I have a theory on that. The Standard Operating Procedure in dealing with these kinds of domestic terrorists is termination. "Kill the idiots if they won't stop killing innocent people," is what a military person would say who cares about national security. As soon as any military or national security person starts to talk about killing this family, they get fired from their job before they can do anything. President Trump is their protector and friend. I find it hard to believe (but it's true!) that in 2020 America "domestic terrorism" is not a "prosecutable statute." How has domestic terrorism been kept off federal crime books? Its been manipulated that way. Even more baffling: The Trump administration halted a budding, newly funded domestic terrorism unit at the FBI. Why? It's a genuine and scandalous conspiracy! Trump is helping these terrorists get away with murdering innocent Americans!

Since this CIA-cult of domestic terrorists is so numerous with members, they have allegedly used their members in political positions of power to stop any advancing organization that would hamper their work of domestic terrorism in America. The New York Times can explain in more detail (Aug. 11, 2019, POLITICS Inside the Government: "Addressing Domestic Terrorism Has Been Frustrating"). In short, when President Obama moved into the White House, the Department of Homeland Security released a white paper report on domestic terrorism. Republican politicians (like congressman Mike Pompeo - later promoted to Secretary of State) protested the report and said it would be "dangerous" to focus on domestic terrorism. Soon after that, this group committed to pursuing domestic terrorism was dispersed.

During the Obama administration, pressure came from outside the White House to leave domestic terrorists alone. During the Trump administration, the pressure to leave domestic terrorists alone came from within the White House. President Trump was very clear about being uninterested in fighting domestic terrorism. Trump's "Homeland Security" has focused on foreign terrorism. There are many Washington politicians, pundits, and insiders who have been against fighting domestic terrorism. It would not be hard to predict that looking at who
has been against fighting domestic terrorism might be a good way to determine who might be connected to this CIA-cult of domestic terrorists. To minimize the threat of these domestic terrorists is to place the lives of innocent American citizens at risk.

Our country has seldom needed independent, unbiased journalists to tell the ugly truth to the American people, as it does today. Please share this email with other Americans - especially your elected officials and demand that something is done about this situation.

Feel free to contact me. If you have any questions, I am happy to answer them.

Sincerely,

Dillon Woods

UPDATE ON NOVEMBER 15, 2019: The BRUTAL murders of three Mormon women and six of their children in Mexico on November 5, 2019 and the school shooting in Los Angeles (November 14, 2019) were both 100% organized by this CIA-Mormon-Harvard-cult family in Los Angeles. These were both executed when these CIA people “lost their power.” Whenever the American government steps in to jail these people, take away their CIA badge, or punish them in any way, this kind of brutal murder is what they do in response. Then, they get their power back or get out of jail - and no punishment sticks.

This is why they feel they are above the law. This has been going on for too many years. It will never stop unless the American people step in and DEMAND that elected officials protect the American people and stop these domestic terrorists. As it stands now in 2019, the government refuses to protect the American people. President Trump has recently sworn in his FIFTH head of Homeland Security in less than three years. For his most recent appointment of a new head of National Security (his FOURTH in 2.5 years), he chose a former “hostage negotiator” because this CIA family has taken President Trump and the American people hostage. It’s time for the American people to stand up and DEMAND change. Otherwise, these brutal murders of innocent Americans (innocent women & children) will continue with no end in sight. It seems that these CIA people are clearly mentally ill - they cannot stop killing innocent people. TOGETHER, WE MUST STOP THEM.

As a leader, you will have to decide: should citizens (under your care) be warned of this clear and present threat to Americans? This is a moral crisis that has deadly consequences. Should you communicate what you now know? That is something only you can answer for yourself after you have done your own investigation on the validity of my claims. Please contact your state attorney general, who may be able to help you, depending on your role in society or job title. Because this involves CIA people who are covered with an invisible blanket of “national security,” information can only be officially given to certain people. The only reason I know so much about this is because I am the one exposing it, and I have watched this CIA-Cheechi-cult-train wreck unfold for many years. I have never taken an oath of silence or secrecy, I have always been a journalist and writer. Therefore, it weighs on me to do as much as I can to expose the truth that I know -- so help me, God.
UPDATE ON DECEMBER 28, 2019: Yesterday, I spent the whole day contacting elected leaders and attorneys in Nevada. This insane CIA family of “domestic terrorists” is very active in Nevada. It dawned on me: I had never contacted people in Nevada during this past year (in 2019, I sent thousands of emails and letters to leaders all over America).

Nevada is one of the strongholds of this CIA-Harvard-Mormon family. They use Las Vegas as a networking playground and recruiting ground for all their many spies from all over the world (rewarding them with money via gambling machines that are rigged/manipulated; sex with beautiful strippers; and drugs of all sorts). Las Vegas is also used as a drug den for all their drug dealers from around the country. They come to Vegas and meet each other. Access to & control of the drug scene also helps this family create ways to kill people with overdoses.

They kill people in Las Vegas all the time. They orchestrated the largest mass shooting in American history (Oct 1, 2017, with 589 victims injured and 58 fatally shot). They celebrated with high-fives and financial rewards after this tragedy was completed. The recent burning of a three-story apartment building (Dec 12, 2019) in Las Vegas was also their work and creation. In both cases, they were pretending the fact that I am sending this email (below) to leaders throughout America. They don’t want Americans to know the truth. They are prolific criminals in Nevada. The fact that they keep killing people WHILE THE FBI IS ACTIVELY INVESTIGATING THEM (!!!) is a massive clue to their mental state of arrogance and superiority. They started their cult with such idealism and ended up in such a bloody, un-American mess of murder and mayhem.

Using, abusing, exploiting, and killing children is something this CIA-cult regularly does. They were furious with me for contacting people in Nevada. Nevada is one of their sacred cows – a place they totally control – from many elected officials... to many first responders... to many school leaders & teachers. In Las Vegas, they sponsor big conventions for their tens of thousands of business leaders from all over the world – as well as sporting events and concerts for all their thousands of famous athletes and entertainers. Nevada is where they have their yearly drug fest called “Burning Man.” This is one of the events where their spies come from all over the world to meet each other, have a good time, and “network.”

Yesterday, on my way out of the building where I do my email work, they had one of their spies (I am stalked continuously by spies who work for them) express extreme anger at me for what I had done in sending emails to Nevada leaders. “You got all those propane tanks ready,” their messenger shouted in my direction. This statement was then telling me they were going to set a bomb off and kill people for what I had done in contacting Nevada leaders (killing people is their way of punishing me for practicing my right to free speech and freedom of the press). I immediately prayed for God to forgive them for what they were about to do: “Please forgive them. They know not what they do. Lord. They are sick, mentally ill humans. Please help us stop them.” I woke up this morning and turned on the news with the expectation I would learn where they killed people during the night. This has been going on for many years, and I know they
would kill again. They can’t stop themselves. They have a sick compulsion to kill innocent children & young people regularly.

Sadly, I learned that at least 78 people – mostly young people – were killed (over 120 injured) in Mogadishu (this is in the country of Somalia – a place they have used before for the murder of innocent women and children. "Somalia" is a code that says to those who know how to decode things: "So Ma Lie Adam." This tells me that Adam created this event, and he lied to his mother when he told her he would never kill again. He operates under her CIA hodge. This kind of code is how CIA people communicate with each other.). The details of these killings are disturbing: A suicide car bomb was set off at a busy security checkpoint where many students were standing. This sick CIA-cult family in Los Angeles -filled with sociopathic leaders and serial killers- are prolific killers of young people here in America and around the world.

My theory on why they kill so many children is rooted in the fact that Adam (who is the son of the founders of this CIA-Mormon-Harvard-cult) was abused as a child by his father. The reality and depth of this abuse seem to have caused Adam to hate his childhood and to hate childhood in general. Only a person who hated childhood would even think of killing children in this brutal way. This may be an instance of unconscious projection in which he feels he is a hero freeing children from a painful existence by killing them. A psychologist may be able to explain this better. But in layman’s terms: in a twist of psychological sickness, Adam seems to receive a sense of comfort when he kills children because what he is doing is expressing anger toward his own abusive childhood. Adam’s constant and solitary identity is in being “the only son.” This has cut him off from any healthy identity apart from his warped, serial-killing father. Adam has been unable to have an identity of his own – no matter how hard he tries. He is always “the only son.” Because of this, he is trapped in a world where his father always overshadows him. This creates an unusually intense longing, more than anything, to make his father proud. So, he has to do something extreme (brutally killing and torturing thousands of children) to prove to his father and others he is a worthy leader to follow in his father’s serial-killer footsteps.

This entire situation has the distinct smell of intense parental narcissism and intense dysfunction of a father-son relationship that has become lethal and toxic for the entire American community. An argument could be made that this dysfunction has become lethal and toxic for the entire world community. More information on this sick CIA-Mormon-Harvard family dynamic can be found in my book "TO MUTE OR NOT TO MUTE? That is the Question! Writings and Reflections from a Whistle Blower," which is free for you to read from my Google Drive (link below). The world community is depending on Americans to do the right thing and stop this dysfunctional CIA-family-cult insanity. If we refuse to act, America will probably be justly labeled a terrorist state - responsible for terrorist acts - always killing innocent men, women, and children in America & all over the world.

UPDATE ON MAY 11, 2020: I can’t believe the still writing updates. This CIA insanity keeps going on and on and on. The CIA-Mormon-Harvard-cult family in Los Angeles saw the FBI investigation coming to a close toward the last quarter of 2019 (in October/November). The news from this FBI investigation -for their network (cult)- was not good for them. They saw the writing on the wall: soon, it looked like they would once again "lose their
power" and be suspended from the CIA. In February 2020, they were officially suspended from the CIA - after the FBI investigation was formally concluded. What I have been reporting and complaining about this CIA-family-cult (for years) was found to be true. In response to their formal suspension, this CIA family in Los Angeles did three things in retaliation (they often do things in threes as it corresponds to the three knuckleheads - Adam, David, and Michael – who are taking over the family empire of evil):

1) As they saw the FBI investigation coming to an end toward the end of November 2019, they saw terrible news coming for their entire network of 500,000,000 (mostly naive) followers (five hundred million followers is what they claim to have worldwide). Most of these followers have no idea in what they have gotten themselves involved. So, in response, they released a threat to authorities in November: what has become known as the "Coronavirus," COVID-19, or 2019-nCoV. A new kind of deadly virus that spreads stealthily and quickly. They first released it in China, where they have a vast network of followers.

ABC News reported that U.S. intelligence officials warned that contagion was sweeping through China's Wuhan region – posing a threat to the entire territory as far back as late November 2019. Concerns about a pandemic were detailed by the military's National Center for Medical Intelligence.

The CIA family has a vast network of people in China. They had been involved in a lab (located in China) that worked to identify Coronavirus that were at high risk of jumping from bats to humans (more about this lab here: [source](https://www.nature.com/articles/s41598-020-67145-z)). It will be hard to prove. Still, it appears likely that "someone" in this lab made a "mistake" in handling the virus. And soon, the virus appeared among people who worked where "seafood" was being sold ("sea family" – "seafood"). The "bat" connection is meaningful because the leader (father) of this CIA group fancies himself as the real-life crime-fighting "Batman" and has been behind the scenes constructing all the Batman movies for decades – using these movies to communicate with his millions of cult followers around the world. The Batman symbol became an international communication device. This symbol became a way that cult members could identify each other in public as they wore Batman shirts, Batman jackets, Batman hats and other items that carried the Batman symbol when they were in public.

A grant from the National Institute of Allergy and Infectious Diseases was titled, "Understanding the risk of bat Coronavirus emergence." It was pushed forward in 2014 and renewed for another five years in 2019. During the first five years, the National Institute of Health provided money in grant funding to use lab-sequencing techniques to identify the Coronavirus that were at higher risk of infecting humans. Their job was to identify every aspect of a situation where bat Coronavirus infected the human population. They created countermeasures for this event; create ways to diagnose the virus, treat the virus, and vaccines to help keep people immune from the virus. (As an aside: it is believed that both SARS and the camel virus that led to the Middle East respiratory syndrome jumped from civets and then to humans. The exact way this Coronavirus virus...
hurdles from bats to humans is still not known at this writing. For many years researchers
have been collecting blood, urine, feces, oral swabs, and anal swabs from wild bats in China
and other countries, trying to figure out how these viruses end up infecting and killing
humans. Whenever there is an enduring “mystery” like this, experience says that it
increases the likely hood that the sea family cult is involved in making this happen through
their vast worldwide network of scientist-spies.

Once the sea family was formally suspended from the CIA (in February 2020), they
escalated the virus threat into a full-scale war. In February, the Coronavirus began
popping up mysteriously in California and in many other states and countries where people
had no contact with anyone who was traveling from China. Translation: the CIA-sea-
family started spreading the Coronavirus randomly in their home state of California, along
the West Coast, and in other states & countries where their cult is strong (Florida, New
York). This is how they punish leaders who stand against them: they kill many innocent
people. They have killed innocent people for so many decades, it doesn’t seem wrong to
them. Clearly, they have become an enemy of the people—a proven menace to society. At
the time of this writing, the Coronavirus has already infected over 4 million people
worldwide and killed nearly 300,000 people worldwide (source: World Health
Organization - Coronavirus.jhu.edu/map.html).

Depending on when you are reading this, these numbers may seem quaint and even
insignificant. Because this disease grows exponentially, it’s possible that many more deaths
are yet to come because of this virus. The “lockdown,” which has encompassed many
countries around the world, will shutter and decimate many businesses—including the
businesses of many secret society families.

Interesting charts are starting to come out with data on the virus, and it’s spread around
the world. This chart has interesting information based on data for each country:
https://ourworldindata.org/Coronavirus-data-
explorer?zoomToSelection=true&minPopulationFilter=3000000&time=2020-02-
20&casesMode=total&dailyFreq=true&perCapita=true&smoothing=7&country=USA-ITA-

KOS-LVA-LIT-MKD-NLD-NOR-PRT-ROU-SRB-SVK-SVN-CYP-UKR-
-GBR

From this chart, you can see that there was not much of a difference in the outbreak’s
speed between Italy and the United States. The difference between the U.S. and European
countries is that Europe quickly declined in the outbreak, while America continued to
increase. The difference is how European leaders and American leaders responded to
things like stay-at-home orders, social distancing, and wearing masks. Europe also lacked
a chorus of “covididiots” who yelled loudly for businesses to open too quickly and go back to
“business as usual.”

No doubt, the sea family already has a cure for this virus, and no doubt they have injected
their family and their top leaders with a vaccination. This is a cult that prepares for all
details. It’s inconceivable they would manipulate a virus into the public and not be
protected themselves. This is more evidence of how little they care about their 300,000,000
(five hundred million) followers worldwide who could catch this deadly disease. The question remains: Would the Sea family share this scientific cure with the world (if they have one)? No doubt they will only share the cure at the right time — when they are guaranteed what they are demanding (which will include not being killed for the many evil deeds — crimes against humanity — which the Sea family has committed for so many decades).

The Sea family indeed controls many news outlets and journalists all over the world. They can use these people to hype up the virus and make it seem more powerful, dangerous, and omnipresent than it really is (or they can also do the opposite — they can downplay it in the media and make it seem harmless). It is a fact that the virus does exist and is killing people. Only time will tell if there is a manipulated media spin at play — making the virus seem worse and more omnipresent than it really is (or the opposite). When you control the news outlets (as the Sea family does), you control and manipulate two things: 1) how people perceive things and 2) the way leaders respond.

The United States of America now has more cases of this virus than any place in the world. Why? Because American leaders were slow to respond to the facts. Many Americans think it is suspicious that President Trump was dragging his feet on steps that could have contained the virus early on in this drama. As early as March 6, 2020, the White House claimed the virus was contained. March 9, 2020, President Trump mocked states who started to lock down their state and told people to stay home. Why would he drag his feet on isolating those with symptoms when some of his advisors told him "self-isolation" was the best way to stop the virus from spreading? Was President Trump following orders from the Sea family and allowing the spread of the virus to grow within the United States — thus being complicit in the murder of innocent Americans? The answers to these questions will probably become more evident as time passes. On April 5, 2020, the Washington Post declared that the White House mishandled the first 70 days of the Coronavirus. "By the Time Donald Trump claimed himself a 'wartime president' and the Coronavirus the enemy, the United States was already on course to see more of its people die than the wars of Korea, Vietnam, Afghanistan, and Iraq combined."

In defense of President Trump, since the Sea family eventually got back their CIA power... he probably thought they would come to the rescue with a quick cure for this virus and end the drama. This could be the reason he publicly stated the drama of this virus would be over soon. He said in a February 24, 2020, (tweet): "The Coronavirus is very much under control in the U.S.A. ... Stock Market starting to look very good to me!" February 28, 2020: "It’s going to disappear. One day, it’s like a miracle — it will disappear."

President Trump wasn’t being overly optimistic; he may have reasonably felt the Sea family would do the right thing and end this drama — since they got what they wanted (their CIA power back). The only thing he may have underestimated was how evil this family can be. They seem to have a genuine lust to kill innocent people. Furthermore, they will use this virus as a "cover" to target and kill more of their enemies and kill more secret society people. It’s not a coincidence that Prince Charles (heir to the throne of Queen Elizabeth II in England) tested positive early on for the virus. As did his son, Prince William — also an heir to the throne. The Royal Family is a "high-value secret society target. Through their
vast network of millions of spies, the sea family is targeting secret society families all around the world with this deadly virus – starting right at the top of the pyramid with Queen Elizabeth II’s family.

2) On February 28, 2020, the sea family leaders instigated another mass shooting in Milwaukee, Wisconsin. Six people died. Sea family codes were all over the incident. Wisconsin has had eleven mass shootings since 2004. No doubt most (if not all) of these shootings were organized by sea family leaders in California. This is, no doubt, a strong attempt to bully Wisconsin leaders into submission.

3) This CIA-cult family controls thousands of businesses – which in some cases are also CIA front companies. Front companies exist to make tremendous amounts of money for the cult and also to spy on the public to gather information. The sea family has become known for its hoarding of vast amounts of information and knowledge. Their dictum: “Knowing is good. Knowing everything is better.” The sea family leaders desperately want to be known as the wealthiest people in the history of the world. Last year the sea family legal and illegal businesses made $11.5 trillion in profits. Having this much muscle in publicly traded companies can give you tremendous financial and economic power. This also means it becomes easier for the sea family to manipulate the stock market. On February 28, 2020, the Dow Jones Industrial Average dropped 1,190 points in one day. On March 09, 2020, it took such a steep dive (more than 2,000 points) they froze all trading. In 2020, trading in the financial markets saw several historic bad days during the month of March—being “frozen” four times.

Eventually, because of these well-executed shenanigans, this CIA family got their way and were rewarded for their crimes against humanity and financial bullying by getting back their CIA power. The lesson: It pays to bully, threaten, and intimidate American leaders. Now the sea family has restored the protection and power that comes with having a CIA badge. This means the insanity will continue. Innocent people—men, women, and children—will continue to be killed in America and worldwide. There is no end in sight for this ridiculous drama. They will continue to destroy the bloodlines of secret society families and others whom they deem unworthy of life. They will save the bloodlines of people who agree to the terms and services of their cult. As for the various religions in the world that formed on being part of a cult like this, they will be destroyed. The leaders of this CIA-cult have decided that the Mormons are the only religious group worthy of being set up to be the leading world religion of the future. With that goal in mind all other world religions are attacked, their members and leaders killed, disgraced, and disabled. This is all manipulated so that the Mormonism can rise in power and prominence worldwide.

President Trump and government agency leaders in Washington, D.C. will continue to be blackmailed, threatened, and bullied by this CIA-cult family in Los Angeles. If this present nonsense continues for a couple more years, the spreading of the Coronavirus and deaths from the virus will grow exponentially. This would put it on a trajectory that could be worse for the human race than the Nazi Holocaust and Hitler’s World War II (which combined killed 50 million humans and traumatized entire nations for decades). God help us all do the right thing.
UPDATE ON JULY 12, 2020: There has been an escalation of the cruel, evil, and vile antics of this CIA-Mormon-Harvard-cult family in Los Angeles. Their protection and help they get from people like Attorney General Bill Barr and President Trump have reached a shocking and pathetic level. Two weeks ago, I was told by the CIA-cult leaders that they were going to go on a killing spree to protest the fact that federal judges were ruling against them in ways that the cult leaders were not pleased. The son, Adam, was officially banned (again) from being part of the CIA. So, Adam decided to bully, threaten, and intimidate those judges and lawyers who have been confronting him and his mother (Kathy) about their abuse of power and killing innocent people.

It is not a coincidence that two civil rights legends recently died simultaneously on July 17, 2020. The Honorable John Lewis (a man who has repeatedly told Americans that it is our responsibility to stand against anything that is not right, fair, or just) and Reverend C.T. Vivian were both killed by this CIA-cult in retaliation for recent events by federal judges that ruled against them in matters that concerned their cult. Yes, both of these legendary civil rights leaders were older and in decline. But there is no doubt these two honorable men were “low hanging fruit” that were killed in ways that would be hard to detect as a murder (probably using tainted pills to do the deed). They target and kill African Americans as a deliberate slap to President Obama, who has taken stands against these cult leaders.

These CIA leaders have been killing and shooting African Americans in Chicago for at least the last ten years (they manipulate and pay gang members to do the killings and give these gangs unprecedented access to guns and ammunition). In 2020 Chicago police estimate there are 112,000 gang members in Chicago broken into an estimated 55 significant gangs. There's no doubt these CIA-cult leaders are manipulating most of these gangs and reward them with money, guns, and drugs of every kind. This group of Los Angeles CIA-cult leaders are the biggest drug dealers in the entire world. Gangs are among their biggest “worker bees” distributing drugs at the street level—reaping billions and billions of dollars worldwide. To be this successful in the illegal-drug-trade, would have to include infiltrating the federal Drug Enforcement Agency (DEA) and other law enforcement organizations like Border Patrol and local Sheriffs/Police Departments at every level. It would also require controlling the details of what these organizations do and don’t do in “the war on drugs.” As you can imagine, this is a massive, very complex, multi-faceted endeavor.

Chicago has been a killing field for this CIA-cult since Barack Obama became President. Again, these killings of African Americans, in President Obama's hometown of Chicago, are one way these CIA-cult leaders bully, punish, and threaten President Obama. On July 21, 2020, these CIA-cult leaders manipulated another shooting in Chicago during a funeral. Fourteen people were injured, two critically. When the shooting was done, sixty bullet casings were found on the ground. The intensity with which these CIA people wage their clandestine civil war in America is virtually unmatched. Rarely has the world seen one group of people unleash such an endless flow of prolific death, chaos, and mayhem.

On July 18, 2020, these CIA-cult leaders also targeted and killed Nina Kapur, a CBS journalist, while she was riding on her moped through New York City streets. On July 20, 2020, they also
targeted and killed another journalist: Daisha Riley, who was a 35-year-old ABC television news producer (on a show called Good Morning America). These killings were an attempt to intimidate journalists from reporting the truth of what is presently going on in America. Several months ago, I got a message that one prominent newspaper sent two journalists to Los Angeles to investigate the claims I make in this letter you are now reading. No doubt, some mainstream journalists are getting ready to inform the public about the tips I have shared with them in this writing. The killing of these journalists was a warning to back off from this story. This CIA group is behind many of the sinister shenanigans (headlines) in America today. They don't want Americans to know the truth about who is really behind the chaos and deaths that have become explosive and prolific in America. They also don't want Americans to know which powerful people have helped them get away with these crimes.

On July 19, 2020, these cult leaders also organized and paid for the attack on Federal Judge Esther Salas' family in New Jersey. Her 20-year-old son, Dan, was killed in the attack, and her husband was also shot when a man came to their home dressed as a FedEx delivery man. It has been reported that the killer came into the house with his face covered, dressed in a FedEx uniform. The "Fed X" costume was a hint as to who was behind the attack. (Appropriate because Adam has just lost his federal status as a protected CIA person. He was an X-fed or Fed-X.) If the killer planned on killing himself after the event, why did he cover his face? It doesn't make sense he would cover his face if he planned to kill himself. It would appear the shooter may have been someone other than who they are blaming for this incident.

It's more likely this man blamed for this incident (an attorney who knew Judge Salas and had been recently diagnosed with terminal cancer) was killed by the cult, and they made it look like a suicide. Making murder look like suicide is something this cult is very experienced at doing. It's also possible this attorney (who was the FBI's number one suspect in this attack) was not the man under the face covering. Either way, the attack on this federal judge's family was retaliation and an attempt at intimidation toward the judges who have been (and hopefully will continue) ruling against this evil CIA-cult of domestic terrorists who feel they are above the law. Yes, Adam was reinstated with his CIA status days after this attack on Judge Salas' family. Not only have American leaders (like President Trump and Attorney General Bill Barr) seemingly abandoned the rule "America does not negotiate with terrorists." Clearly, American leaders now reward and cover up for terrorists. Even though this CIA family knows how to manipulate, bully, intimidate, and threaten American leaders in this present day - one thing they cannot change or manipulate is the eternal law of the Universe: What you sow, you shall reap.

UPDATE ON AUGUST 5, 2020: There has been another mass killing by these CIA terrorists based in Los Angeles. Yesterday morning, August 4, 2020, there was a ruling by a Federal Judge that was a severe blow to the Salas family and the leaders of this CIA-cult. The day before this ruling, I had gotten messages from the son, Adam. He was proudly bragging that things were about to go his way in a matter before the court. I had no idea what was going on except that Adam was giddy with pride and arrogance.

The following morning things went in the complete opposite direction than was expected by the cult. Adam was told to stay away from me completely. He became furious. The court had placed
a ban on him (or anyone from the cult) contacting me in any way. Technically, I am a whistleblower exposing the crimes and corruption of this evil CIA family. The constant harassment, threats, torture, stalking, and abuse I experience daily is a form of psychological torture and abuse of power. I have been pleading with authorities to do something to stop this family from what they are doing to me, my friends, and my family (this abuse of power has been going on for decades). This CIA family claims that they are my “root.” In other words, they own me. They believe I am part of them like a root is part of a plant (I believe my roots were cut before I even met these people). They are not my roots. For some reason, they are psychologically obsessed with me. This extreme obsession, I believe, is connected to their mental illness. Adam was on the warpath at the court’s ruling. He called me “Bae” earlier that morning. He asked me, “will you be my Bae?” I did not respond as I try to ignore him whenever he contacts me. I had no idea what this was about, at the time.

Hours later, I would see in the news the massive explosion Adam created in Beirut, Lebanon. (The play on words “Bea root” and “Le Ban an” or “the ban an” is a classic sea family wordplay-tradition. They do this because it’s like leaving their mark at a crime scene. When Al and Kathy - Adam’s parents - orchestrated the 1997 killing of Princess Diana in France, they killed her by creating a car accident in the “Alma” tunnel.) Before the significant explosion in Beirut that killed so many (the blast was felt 150 miles away), they waited until firefighters, and other first responders had arrived so that they could kill as many first responders as possible. The first person to report this explosion to the world was someone who worked for the Los Angeles Times. I find this small fact ironic since the people who created the explosion are also in Los Angeles.

Before this significant explosion, Adam paid his people in Beirut to set the fire in the warehouse where the explosion would take place. This fire was far enough away from an explosive chemical called “ammonium nitrate” - 2,750 tons of it - that it would not explode immediately. The ammonium nitrate was being stored in that warehouse after being confiscated from a Russian ship in 2014. It has sat there in the warehouse since that time unguarded. Funny how the Russians show up again in another international story connected to the CIA-Chechen cult. Enough time had elapsed before the big explosion so that there would be time for firefighters to get into the killing zone. After the explosion, a large red cloud towered over the city of Beirut. Red is the unique color Adam uses as one of his codes (his followers often drive red cars, wear red clothes, dye their hair red, etc.). The sea family thinks all of these code words and color codes out in detail before an event like this takes place. There are still dozens of people missing who were in the area of this blast. It has been confirmed that a total of 135 people were killed (many of them first responders), and over 6,000 citizens were injured in the blast. The number of people made homeless by this tragedy is over 300,000. That would be around 1.4 million Americans homeless if that tragedy would have happened in a similar sized city in the United States.

What You Sow, You’ll Reap
You call me a traitor
but what you do not see
Is that every time you kill and burn
You betray the best in thee!

To kill a billion animals
or burn a billion trees
Is not a source of pride or joy
Unless you are a sleaze.

You've threatened and abused me
for oh-so-many years
And you've justified your evil acts
for all to see and hear.

The bottom line is that you
are very sick—a creep!
And whatever happens, count on this:
What you sow, you'll reap.

Re: Mass Shootings / School Shootings in America & What Most Leaders in America Don’t Know

"WE MUST REMEMBER THAT ANY OPPRESSION, ANY INJUSTICE, ANY HATRED, IS A WEDGE DESIGNED TO ATTACK OUR CIVILIZATION." - President Franklin D. Roosevelt

I know your time is limited. This may be one of the most important emails you receive this year. Lives may depend on our efforts. Please read this entire email and share it with other leaders. If you have any questions, my contact information is below. I am happy to answer any questions.

There have been many school shootings and mass shootings in America over the last twenty years. For a national map of school shootings, click here (It is no coincidence that California leads the nation in school shootings. California has the strictest gun laws in the nation, yet in 2019 they had more shootings -eight of them- than any other state in America. This is not a coincidence. The CTA-cult organizing these shootings is based in California.):

An interactive map of mass shootings can be found here:
The information I have for you today is below in the letters I have written to other leaders in our country. I am on a mission to expose darkness to the light and expose the criminal behavior of some people I know at the CIA. What I am sharing with you today is not a theory. I have known these CIA people since 1995. I used to work for these people and became friends with them. It took them 25 years to reveal to me their true selves and their real work. I was shocked, deeply saddened, and appalled when I learned the truth. Some people call them patriots; some people call them insane. I can only tell you the facts that I know and share my letters (below) to other American leaders and let you decide for yourself if they are patriots or insane. Maybe there is something you can do or someone you can contact about this situation. One thing I do know for sure: We Americans must solve this problem together. We can’t rely on Washington, DC, political leaders, or government agencies to do the right thing on their own. Americans will have to gather together and lock our arms as one. We are our only hope.

Please read these letters below. If you can, please share this email with other Americans who care about what is happening in and to our country. In America, brutality and ugliness continue to ascend for all to see. But together we can do something about it.

I am giving you a free PDF of my new book, “To Mute or Not to Mute? That is the question! Writings and Reflections from a Whistleblower.” This book expounds on what is really going on in America with all these mass shootings and school shootings. I hope you will read it and share it with others. I had to make it “fiction” because President Trump keeps saying he’s going to put me in jail for sharing “classified information” with the public. But I think this is the kind of information that the public should know. Information like this is why we have the First Amendment. You can click here to download the book from my Google drive for free: drive.google.com/open?id=1iojXIEzBo98mP2kPlkD9wY_s6ji6kP

Thank you for your time and consideration.

To: Board of Directors in Highland Ranch, Mayor Hancock, Denver City Council, and Leaders in Colorado.

As the leaders in Highland Ranch and Denver, I’m hoping you can help me get this email to the right people within Colorado and Denver. I want to be in dialogue with Colorado people regarding what I know about many of the horrible shootings that happened in Colorado. Including the Colorado shootings at the STEM school on May 7, 2019, Columbine, The Aurora theater, Arapahoe High School, and The Shooting of Zach Parrish and four other deputies. In the STEM school shooting and Columbine, two individuals pulled the triggers and killed people. One common thread through many of these shootings all over America is
the question: what motivates these gunmen? I have an answer to that: what is not widely known is that these shooters were trained and prepared (brainwashed, you might say) by a renegade CIA group that has been pulling strings behind the scenes of these mass casualty shootings for decades. They are like a cult (with roots deep into the CIA, Harvard, and the Mormon religion), and they have many millions of members in the US and around the world. They are especially strong in Colorado, Nevada, Utah, Alaska, Alabama, California, Florida, Minnesota, Massachusetts, Maine, New York, Oregon, Pennsylvania, Washington, and Texas. They use three things to hypnotize people to get them to do things (including mass murder):

1) Technology (smartphones, smartwatches, video games, YouTube videos and commercials during YouTube videos, etc.).
2) Drugs & alcohol.
3) Computer programming tricks - including unique algorithms in online streaming music (which millions of Americans use daily).

Social media can bring instant information and awareness of what is going on in the world. This group of CIA people has also created millions of fake accounts on social media (like Instagram, Twitter, and Facebook). The names and content of these fake accounts communicate various kinds of information that guide or inform their followers of certain things. They have also created tens of thousands of short videos or commercials that pop up while watching YouTube videos (or any websites that feature commercials or short videos). These mind control and manipulation tricks don’t work on everyone, but they work very well on some people to influence what they do, think, and say. One practical step that can be taken is to discourage the use of streaming music, video games, social media, and YouTube videos. Over many years, the CIA created and perfected these tools of “mind control” with the help of Harvard, Yale, and other Ivy League psychology professionals.

As Americans, we have to stand together and stop what these people are doing. They are not just destroying the lives of thousands of families and young people; they are trying to destroy our democracy and plan to replace it with a country they create – with their family cult as the foundation. So, when you see a politician (like Donald Trump) destroying everything in the system and causing havoc and chaos, that politician is working for this CIA family. They have literally started a cult and sold themselves in religious terms – as saviors, world heroes, acclaimed by all. They have killed, are killing, and will continue to kill everyone who will not join their cult and submit to their leadership. They show signs of being extremely mentally ill and have “grandiose fantasies” [this is an essential feature of narcissism. It is more than just conceit or overconfidence, or self-importance. Grandiosity is a romantic sense of supremacy and superiority. They are “special,” and other “special” people will see them as “special.” Everyone who does not see their “specialness” must die. To date, they have killed approximately 4.5 million people worldwide – with the help of doctors, dentists, scientists, pharmacists, spies, generals, military authorities, assassins, crazy people (willing to kill groups of people “en masse” and then kill themselves), and other professionals around the world]. Like the brave people who are starting to jump on the gunmen in these mass shootings, we have to do the same on a bigger scale to stop them. We have to jump on the people behind the scenes in these events. Carnage has gone on for too long. Are you with me?
What I have to share with you and others in Colorado is not a theory. I have known these CIA people since 1995, and I am on a mission to expose their abuses and stop these senseless killings that have killed thousands of innocent Americans and millions of innocent people around the world. Please help me by sending this email to leaders in your state and anywhere that shootings have taken place. I am willing to answer any questions and be in touch with any leaders to tell them everything I know. Of course, I contacted the FBI a long time ago. But federal investigations take years, and more innocent people keep being killed. We must do something NOW!

This email is an introduction of sorts. By telling people what I know, I think we can save lives and end these prolific “mass casualty events” that have become so common in the United States. My contact information is below - as is my letter to various Harvard schools and faculty. I know for a fact that Harvard is one of the places that the leaders of this CIA-cult have been using to recruit top talent. I am asking Harvard to pull the plug on this group of corrupt, evil, and abusive CIA people. If you can, please join me in writing the President of Harvard. You can simply say, “If what I hear is true, Harvard’s support of this CIA-cult must be stopped immediately.” I think it’s more than likely that at least the last three Presidents of Harvard have known what is going on here. Hundreds of Harvard and CIA people have known about this campaign of murder, yet no one has said a word. Personally, that baffles me completely when thousands of innocent Americans have been killed. On one level, I understand how hard it is to speak up - as I have endured tremendous daily (sometimes hourly) persecution from this CIA family and many years of forced isolation. These CIA people have killed many people I have loved, and I have received countless daily death threats sent by these serial-killers. So, people have been silent for a reason. But, for the sake of our country and our world - we must lock arms and say: enough is enough!

President Trump is a very close friend of this family, and he is a member of this cult. They are the quintessential con-artists who trained Donald Trump to be a con-artist. Allegedly, he is a product of their machine - a loyal student of their cult and their ways of doing business. President Trump does nothing to stop the leaders of this CIA-cult. He claims to “see the light” in what they are doing and has called them “the brave people in California” on Twitter - as they burn down half the state of California in protest. The CIA does nothing to stop them because these Harvard people control the CIA. Their mission is to create chaos and civil war in the United States & the world. They are fighting secret society members who control too much in America and the world. Secret society members sometimes do great harm to American citizens and our country - and they have gone unpunished.

Why did President Trump make his last “government shut down” last so long? To punish the vast numbers of secret society people who work within the government (he was “draining the swamp” and trying to make some of them homeless). I am no fan of secret society people as they have staked, harassed, manipulated, infiltrated, and bullied my loved ones and me for decades. But I am also not a big fan of secret agencies and the killing of innocent people. These CIA people are pessimistic about nonviolent protests being able to stop secret society families. To prevent these CIA people from killing more innocent Americans, the American people will have to stand up and stop them. Many of our cowardly political leaders have failed us.
Enough is enough. Please help me, if you can, create a dialogue with some leaders in your state. Thank you for your time and consideration.

Sincerely,
Dillon Woods

What are they teaching at Harvard Business School?
An Open Letter to Harvard Administration, Faculty, and Alumni

Dear Harvard Business School Faculty,

It has come to the attention of many Americans that Harvard Business School is graduating students from the MBA program who then go out into the community to “do battle” with businesses that belong to secret societies (like the Freemasons, Illuminati, KKK, Skull & Bones, etc.). The details of what these Harvard graduates do in American communities are shocking. You are literally graduating serial killers who have created business plans to exterminate entire (secret society) families. Furthermore, Harvard Business School may be graduating some people who are mentally ill. My letter to the Harvard Psychology and Psychiatry faculty is below - along with my letter to Harvard Law School. For the sake of the greater good of the American public, I am asking leaders and teachers at Harvard to consider what they can do to prevent further killings of innocent American citizens.

I’m at a loss as to what more I can do besides tell you the truth of what I know. Please take the time to read these letters below so that you, too, can be informed of what is really going on at Harvard and in our own United States of America.

Thank you for your time and consideration,

Dillon Woods

What are they teaching at Harvard?
An Open Letter to Harvard Administration, Faculty, and Alumni

Dear Harvard School of Psychology and Psychiatry,

I apologize for using technical, psychological terms in the email below. I am not a Doctor of Psychology. However, I do have serious concerns about the quality of some Harvard graduates'
mental health (as I explain in the email below). I include you in this email because I hope you will care that Harvard is graduating what seems to be sophisticated psychopaths, sociopaths, and serial killers. Some parents at Harvard are putting extreme pressure on some students. In at least a few cases, this appears to be creating a new kind of sinister criminal capable of using and killing hundreds of children without any hint of conscience.

In the last twenty years, I have seen a handful of Harvard graduates (who are also connected to the CIA) use hundreds of children in their "operations" to do everything from "seducing adults" to delivering death threats.

Furthermore, they allegedly use Harvard Psychology experts to create algorithms that determine personality profiles and the like. They find children capable of being gunners—terrorists and then train them as such (providing all they need for guns and bullets). They use Harvard scientists to help create a host of diseases (some incurable) in a test tube. Then they find ways to inject these diseases into their victims. Sometimes the goal is to kill them. For example, Novocaine at the dentist or a flu shot from the doctor sometimes are used to deliver diseases that will slowly kill or cause other health problems to slow someone down as punishment.

This CIA-cult also has front companies that sell "security cameras/systems" to grade schools and high schools (at a discount price), so they can get into schools and watch children (like predators) to determine whom they can use for their spy games and spy network. They also put "spy training videos" for kids on YouTube. Before children can learn the value of honesty, integrity, and sincerity, this cult is getting into their minds and hearts to train them in the ways of deceit, duplicity, and manipulation. This seems like a horrible idea. It is not only a disservice to our country and world, but it is also a form of severe child abuse. If you don't teach kids good values, you rob them of a fulfilling life, and you set them up as potential criminals for the future. The irresponsible conduct of training kids to lie, manipulate, be duplicitous, and be spies is a disservice to America. It's a repulsive example of the kind of reprehensible leadership that epitomizes this CIA family. They are ruining the lives of these children before they are old enough to consent to be part of such an immoral organization that puts lying and duplicity above honesty and congruence. This puts the Hitler "Nazi Youth" movement to shame.

Moreover, they are literally killing children worldwide in terrorist events they create. They are using these shocking child-murders even here in America. This is a real-world camera—going on in America today, right now in 2019. Many Americans would greatly appreciate your help and acute attention to this issue. Not only do these Harvard graduates need to be stopped, but Harvard needs to create new policies to prevent this from ever happening again. I imagine the Psychology department could be beneficial in giving professional input into how to handle this sad and unfortunate reality.

I have done my part by telling you the truth about this situation. Now, it is up to you to do your part, whatever that may be. I wish you great wisdom, peace of heart, clarity of mind, and the courage to do something about this serious problem.

What are they teaching at Harvard Law School?
An Open Letter to Harvard Administration, Faculty, and Alumni

Dear President of Harvard, Faculty, and Staff, (Please share this email with your co-workers and other interested parties.)

I have had a HORRIBLE experience in the past twenty years with a group of (terrorist) Harvard graduates - all graduates of Harvard Schools of Computer Science, Law, and Business. I wonder if you can help me understand how people who graduated from Harvard could do such stupid things year after year after year - such as organizing mass shootings and school shootings all across America. Do you ever revoke someone’s Harvard degree? If so, these men are prime candidates! As a teacher at Harvard, you should be informed of what is really going on in this country. Also, how it involves Harvard.

Just in the last few years, these former Harvard students have killed hundreds of innocent men, women, and children in “mass casualty events” that they orchestrated and organized behind the scenes. These shootings have taken place in many places, including Columbine, Las Vegas, Florida, California, Sri Lanka (April 21, 2019), and most recently in Denver (May 7, 2019). These Harvard graduates made sure that these terrorist gunmen were trained, and ample materials of bombs, guns, and bullets were supplied.

When this “revolution” started, they were fighting the Secret Society agenda worldwide (the “one world order” announced by Skull & Bones- President George H.W. Bush). Over decades their movement has grown into a business that promotes chaos and murder worldwide. To some people, it just seems like they are bullies who have gotten used to getting away with killing innocent people all over the world - for the fun of it. Some in this Harvard group fight Illuminati businesses and banks - armed with their Harvard M.B.A. degrees. They intend to start a real civil war in America - here and now. They have proven themselves as cold, calculated serial killers.

I have a simple education. However, it appears that teachers at Harvard have failed to teach students the fundamental value of human life. These crimes were done not just by one Harvard graduate - but by a group of them from different generations of Harvard graduates. These crimes were done not only one time - but spanning decades! It makes those of us (who know the reality of what is going on here) ask a straightforward question: What the hell are you teaching these students at Harvard?!
Furthermore, one of them is an attorney with a Harvard law degree who denied me due process. He had me illegally arrested and manipulated the system so that the public defender I was given followed orders from him. (This Harvard Law graduate named David Kanuth was also a public defender in Los Angeles). I was unjustly held in LA County Jail for eight months. While there, I was tortured and abused daily. (For more details on this experience, I kept a journal while I was in jail and turned it into a book, “Eight Months in LA County Jail,” which can be found at Amazon.com. If you want copies for your law class, I can give you a discount). I had to call it “fiction” because President Trump is their close friend and he threatened to put me in jail for “disclosing classified information.” You cannot make this stuff up. It is unreal what these people can do. I first got this message from President Trump when I wrote my book, “Appalled – The most dangerous people in America,” which I was also forced to call “fiction.”

When I complained to Judge Helen Fox about the fraud and abuse I was experiencing, he asked me specific names of people involved in this “conspiracy.” I was taught that in a courtroom, you tell the truth, the whole truth, and nothing but the truth. So, I answered his pointed questions and told him the names of those involved. David was “serving” my former employer, Al Chocchi, who had run for Governor of California (he also built a science building on Harvard campus with his name on it: a new kind of Holocaust memorial!). It turns out (what I didn’t know at the time) is all these people are CIA people, and they were abusing their power, denying me due process, and literally torturing an American citizen on American soil by manipulating the “justice system.” Daily they tried to have me beaten up in jail. Judge Fox would not let me fire my attorney (which was my legal right) but instead ordered me to a mental hospital where I was further tortured and given psych drugs I did not need. These drugs have caused permanent damage to my nervous system. It turns out, allegedly, Judge Fox was part of the conspiracy. They threatened to kill my sister if I did not plead guilty to a crime I did not commit. So, I did what they wanted me to do.

I am now back with my family. The statute of limitations to sue these Harvard knuckleheads expires very soon. I have written the California Bar Association, the Governor of California, the Governor of the state where I now live, the Attorney General of my state, the Attorney General of California, my Senators, my Congressman, many attorneys, etc. I have been blocked from success at every attempt.

Even if they are all CIA people, is it true that there are two kinds of law in the United States: one for ordinary people and one for CIA people who are rich? Do you teach your Harvard students that if they work for the CIA, they can deny due process to American citizens? I thought we were a nation of laws, and there was one set of rules that applies to everyone equally? Is that what you teach at Harvard Law School?

I am sending this letter to Harvard people because I would like to know:
1) Would you help me get justice in this situation (before it is too late)?
2) Do you have a committee that looks at the severe crimes committed by people using their Harvard degrees to commit crimes?
3) Do you revoke degrees from people who have committed serious crimes and crimes against humanity?
4) Do you care if you are graduating serial killers? They make the Harvard "Unabomber" look like an amateur!

They have promised to give President Trump twenty-five billion in gold if he helps them and protects them while he is President. (How did they get this much money? Bitcoin. They either invented "Bitcoin" or acquired controlling interest early on when it was created. They are "Harvard smart" but lack common sense and common decency. They have made over 300 billion dollars by manipulating Bitcoin prices in recent years.) No doubt President Trump will give them a formal "pardon" for their prolific and serious federal crimes. It is beyond my "pay grade" to determine if this "pardon" is justice. However, I write to tell you the truth of what I know because I think it is within your "pay grade" to determine what justice means for this group of Harvard terrorists. It is my job to tell you the truth. It is your job to determine what, if anything, you can do as Americans and as teachers at Harvard to help justice flourish in this insane situation. We cannot just sit back and do nothing about this situation. Innocent people continue to be killed. The recent Denver school shooting on May 7, 2019, was done to protest this email being sent to Harvard Law School faculty.

Pure and simple: In my view, by letting these Harvard graduates flourish unchecked for decades (they have thousands of Harvard graduates and many Harvard teachers who are part of their CIA-cult), Harvard has let America down - BIG TIME. It seems to many Americans that Harvard has graduated and supported some serial killers, sadists, and psychopaths. From this experience, I have learned that a billionaire with a mental illness and a Harvard degree can be the most brutal enemy of justice and democracy. What will Harvard do to make things right? How will Harvard make this up to America? We are rightly suspicious of how Harvard educates people. Will you help to mediate a financial settlement with these Harvard Terrorists? Will you require that your students get regular mental health checkups - like what is recommended for dental health? PLEASE DO SOMETHING!

Thank you for your time and consideration,

P.S. On the first day of a new school year, all the teachers at one private school received this note from their new principal: "I am a survivor of a concentration camp. My eyes saw what no human should witness: gas chambers built by learned engineers, children poisoned by educated physicians, infants killed by trained nurses, women and babies shot by and burned by high school and college graduates. So, I am suspicious of education. My request is: help your students become human. Your efforts must never produce learned monsters, skilled psychopaths, educated Eichmann's. Reading, writing, and arithmetic are important only if they serve to make students more human."

NEW BOOK SUMMARY:
"To Mute or Not to Mute? That is the Question! Writings and Reflections from a Whistleblower," is a "fictional" book. This is book number three in a three-part series. It constitutes John Alphonso's story as he battles evil CIA spies who are part of the Sea family cult in Los Angeles. The author creates a thought-provoking, if not altogether convincing account of a secret war that has raged in America for five decades. Parts of this book are based on real-life events. Some details have been contrived for your entertainment, and names have been changed. Weaving cords of real news stories, historical records, imagination, creative intuition, editorial journalism, Christian theology, and basic philosophy, the author has created a unique story of fiction about what is going on in modern America toward the end of the first decade of the twenty-first century America.

John Alphonso is an average American with above-average insight. By chance or destiny, he was dragged into one of the most bizarre situations in modern American culture at the turn of the new millennium. It all started in the early 1990s when John was an ordinary personal assistant to one of President Lyndon Johnson's children. This experience would bring him head-on into conflict with the "enemies of LBJ." Over the decades, they would eventually kill hundreds of people around John Alphonso. And then, try to kill him too! This book is filled with hardcore espionage spy games (at the highest levels). John survived long enough to tell his story.

As a writer and poet, John Alphonso sought comfort by writing to American leaders, asking for their help in this desperate and challenging situation. He never expected to be called a "whistleblower" - however, this book outlines his journey as one of America's most unexpected and unassuming whistleblowers. This book tells that story and more. If you care about truth and justice for all - read this book!

May I please have a moment of your time to share something important with you?

There is an evil CIA-cult family based in Los Angeles (people I used to work for) who has been behind the scenes subtly manipulating events, killing innocent people, deliberately accelerating overdose deaths using synthetic opioids during the pandemic ( ), and creating many problems in America and throughout the world. They have exacerbated a situation in United States into a serious predicament regarding the abuse of prescription opioid drugs and heroin. Experts say that a great risk factor for heroin dependence is addiction to opioid pills. According to The Centers for Disease Control and Prevention (CDC), over 81,000 Americans died from a drug overdose in a year from May 2019 to May 2020. This was the largest number of overdose deaths ever recorded in a 12-month period. This CIA-cult family was behind the scenes manipulating those deaths. This letter is my attempt to share what I know to be true with the American people and other interested parties. It would be best if you sat down while you read this because the truth that I am exposing is extremely shocking.

On February 20, 2021, two airmen (one Japanese trainee, one American instructor) were killed when their plane crashed in Alabama. This tragedy was a CIA-Chechen-cult hit job orchestrated as revenge for an ongoing situation in which President Biden and military leaders are attempting to rein-in this renegade group of CIA serial-killers based in Los Angeles. This is only the latest in a long string of murders orchestrated by the leaders of this CIA-cult (more about their murders in this letter and at the links below). They have been able to kill so many military people because of two main factors:

1) they have recruited a large number of people within the military to be part of their extremist cult. These large numbers of various ranks and duties within the military gives them unique access to the inner workings and plans regarding military training, recruiting, and missions. The higher up the chain of command the more the cult leaders can directly manipulate military training, recruiting, and mission plans.

Copyright © 2020-2021 Dillon Woods
Updated February 21, 2021
2) they find vulnerabilities in military equipment and use these vulnerabilities to their advantage – hiding their murders in a blur of “machine failures” which have become prolific and easy excuses to turn their murders into “equipment malfunctions.” This is the first time I have ever seen them kill a soldier from another country at the same time as killing an American soldier. This is not only a sad moment for the friends and families of these airmen, but it is also a direct attack on the United States relationship with an ally.

On February 2, 2021, three National Guard soldiers were killed when their helicopter crashed in Idaho. A couple of weeks before this crash, on January 20, 2021, another three National Guard soldiers were killed when their helicopter crashed in New York (outside of Rochester). Both were on “routine training” (which means it was nothing complicated, nothing dangerous). Both of these helicopter crashes were manipulated events of murder created by a rogue CIA-cult family based in Los Angeles. They have been killing military soldiers for many years to bully military leaders and demand respect. These cult leaders must be stopped before it’s too late. They are cancer that has metastasized to every major organ in the American system of democracy. To date, no one will stop them (President Trump continually helped them in many ways and facilitated their growth and power. Eventually, be gave them numerous secret pardons for their extreme and disgusting, secret crimes – which includes the torture and killing of hundreds of children and millions of defenseless animals).

I have a tremendous amount of experience with the leaders of this cult. I have been exposing their crimes to authorities since 2017. As punishment to me for exposing their crimes, they kill people in response. Sometimes their revenge also includes starting massive fires (all over the world) in retaliation for me practicing my right to free speech and freedom of the press (I work as an independent journalist). The National Guard helicopter crash on February 2, 2021, was retaliation because I reported to authorities that this CIA-cult was behind the murders of 2 FBI agents in Florida. These agents were5 embushed when they were serving a search warrant on a man who was producing child porn. This man was working for this CIA-Chechen-cult. Among many of their grave crimes, the leaders of this CIA-cult are notorious traffickers of children and child pornography.

Furthermore, this CIA-cult is famous for using children to seduce adults. They have thousands of children around the world that they use as sex toys for adults. Usually, they use these kids to blackmail businesses, people, and politicians. This CIA-cult is the force that created Jeffery Epstein and his empire of abuse. That alone should convince authorities to shut these people down. But, for reasons that defy common sense, they continue their abuse of power year after year and laugh all the way to the bank.

During the last week of January 2021, this CIA-cult attacked Senator Pat Leahy and put him in the hospital. Senator Leahy is overseeing the impeachment trial of their friend Donald Trump. Within hours after putting Senator Leahy in the hospital, they manipulated Wall Street stocks (via the GameStop and AMC stock scandal). By manipulating these stocks, they attacked and bankrupted a group of Wallstreet businesses that employed many Jewish people. They created this attack on Jewish people on the anniversary of the holocaust!!! The leaders of this CIA-cult have a history of attacking Jewish people (for example, in 2019, they were behind the massive measles outbreak within the Orthodox Jewish community in New York. The hundreds of Jewish
victims, mostly Jewish children, were the targets. They executed this prolific act of child abuse by recruiting an Orthodox Jewish man, named Benjamin, within that community to deliver the virus. This CIA-cult regularly targets and abuses children all over the world. This fact makes me wonder about the sincerity of Trump's friendship with Jewish leaders - since Trump is a long-time member of this CIA-cult. The leaders of this CIA-cult seem to be playing "good cop, bad cop" with Jewish leaders. (As a rule, this CIA-cult routinely seeks to dominate both sides of every situation. For example, they helped propel Donald Trump into the White House by manipulating, bribing, threatening, and bullying the electoral college to vote for him instead of Hillary Clinton. Then immediately, they organized their female cult members around the world to protest Trump's victory. Then they made sure these protests were broadcast on news outlets that they control, worldwide. If they can control both sides of every situation, they have total dominance in that situation. Hence, there is nothing to fear from any opponent - because they are the opposition. This is called total, full-spectrum dominance. This is a place of absolute power and control. If you can create a situation of full-spectrum dominance, you can never lose. The leaders of this CIA-cult do this kind of dominance in their personal relationships, and I can attest from personal experience: it's a great way to ruin friendships as well.)

Within hours after the manipulation of the GameStop and AMC stocks (where they made ungodly sums of money), they killed six innocent people at a chicken processing factory in the southern state of Georgia. These murders were done as retaliation to Georgia (Republican) officials who refused to help them cheat in an election where Donald Trump lost Georgia and the Presidency to Joe Biden. For decades, this CIA-Chechen-cult has never had any real consequences to their profound, abhorrent, prolific crimes. So, their crimes have continued to grow both in scope and in seriousness.

On January 6, 2021, the riots in Washington, D.C., and the terrorists who attacked the capitol were organized and funded by this same rogue CIA-cult family based in Los Angeles. The fact that the Capitol was swamped and pillaged and there was not any attempt to evacuate President Trump to a safe location tells you everything you need to know about who was manipulating and controlling this attack. Before the insurrectionists attacked the capitol President Trump, his son, his attorney, and other speakers who addressed the insurrection group from a stage, clearly incited and directed the group and their actions.

The CIA-cult leaders in Los Angeles who were directing President Trump and others on this day have been creating many chaotic situations throughout America and the world for many years. I have been keeping a written journal of these shenanigans. I share this writing with you and the authorities in this letter and at the links below. This CIA-cult has been set on creating a civil war in America for a long time, and President Trump has been helping them because he is part of their CIA-cult (since the 1980s). Below you will find more information about this CIA group (at the links at the end of this book). If you want to stop the chaos going on in America and the world, you have to get to the root of the problem. This CIA-cult family is the root of many problems in America and worldwide.

On the morning of December 25, 2020, the Friday explosion in Nashville was an intentional act of terrorism organized by this same group of CIA-trained domestic-terrorists based in Los Angeles. To create more chaos, they also manipulated the Florida Army soldier who "randomly"
murdered three people at the Don Carter Lanes bowling alley in Illinois (90 miles Northwest of Chicago) on December 26, 2020. This family of CIA terrorists has been working hard (and spending lots of money) to hopefully start a civil war in America during the first part of 2021. This war and chaos would be their gift to the new President, Joe Biden. The leaders of this group (Al Checchi, Kathy Checchi, Adam Checchi, David Kamath, Michael Fisher, Kate Checchi, Cuna James, Adrian James, Kenny Slutsky, Matthew Peitshans, Keith Law) are a very dangerous family of terrorists based primarily in Southern California.

During the last half of the 1990s, I worked for Al and Kathy Checchi out of their Beverly Hills home. I became (what I thought was) close friends with this entire family. They have a saying within their group, “keep your friends close and your enemies closer.” I didn’t know that I was an enemy to Al and Kathy. Why was I an enemy? Because I was close friends with one of their mortal enemies (explained more below). They see life in America as a war between certain powerful families. To them, it’s all about the family in which an American is connected. Their goal is to dominate all the powerful “connected” families in America. Being the family that dominates all families in America makes them the top “royal” family in America. Being the family that dominates the “royal” family in England makes them the top “royal” family in the entire world. For over 25 years, I have had a front-row seat to watch this CIA-Checchi cult family kill, abuse, and torture thousands of people and millions of animals.

The Checchi’s have created a CIA network that looks and feels more like a genuine cult (complete with sex and drug celebrations – like “burning man”). Together, they have abused, tortured, and killed thousands of innocent men, women, & children, and millions of animals worldwide. They have created a massive terrorism network (cult) throughout America (and the world) that is also responsible for killing many first responders, students, teachers, active-duty military personnel, and veterans.

Each person in the cult creates their own network of people (also known as slaves). Nashville is in Davidson County. The way this cult works: if something has your name in it, that is your domain. That means David Kamath was a crucial player in this Nashville terrorist event on Christmas day 2020. David controls the network in Davidson County (which includes many investigators and journalists). If you can control the investigators, coroners, and journalists, you can control the investigations’ directed and outcome. With leading journalists under your control, you can manipulate how these investigations are presented to the public. David has also recently married Kathy (Al and Kathy recently divorced for money reasons because many people – including me – are suing them for the abuse and crimes they have committed). Kathy has been the holder of the CIA badge that protects the entire network/cult of their millions of spies.

Red blood it was so REAL
1st Am 8:30 AM
Jan 4, 2021

I watched a girl die today.
Red blood it was so REAL.
Just like the movies,
Leaked from her mouth,
She tried to “stop the steal.”
Her body winced just like a show,  
I know it was her end.  
Pain, once,  
and then again  
Sad, she had no friend.

Her day had come,  
And end was here -  
Too early and too sad.  
Another soul to die  
In the halls so clear.

Her blood is on the hands of Trump  
And all his lying friends.  
Trump led the tune and beat the drum  
That soon  
would bring her end.

For many years, the FBI has worked hard to stop these terrorists and protect the American people. Leaders at the FBI have taken years to study this CIA group and eventually bring charges against them. Around December 16, 2020, Kathy Checchi (and hence, this entire Checchi rebels' network) was fired from the CIA. On December 22, 2020, their friend, President Trump, secretly gave them a full and complete pardon for all their crimes against the American people. They bragged to me that this pardon was bought and paid for, twenty-five billion dollars.

I know they got a pardon because one of the first things they did was brag to me about being pardoned. On the evening of December 22, 2020, they attacked my computer and declared with pride, “we’re back!” They were in a lot of trouble. With one stroke of Trump’s pen, they were free and given back the American government’s power and protection that they had lost (American’s tax-payer dollars hard at work). A Presidential pardon makes everything new. Every stain of sin and federal crime is wiped away.

The explosion in Nashville was set for Christmas Day 2020 as retaliation for their being fired from the CIA. This explosion happened in front of the AT&T store. Destroying the AT&T store in Nashville was a clear sign, a warning, and a threat to the leaders at the CIA (who had recently fired the Checchi group). According to a story that NPR did a few years ago, AT&T was initially created by the CIA. Therefore, AT&T is a symbol of the CIA among CIA insiders. I heard this story on NPR while listening to the radio a few years ago. After hearing the story, I went to the NPR website to read the story over because I found the information interesting. In preparing to use this information for this article, I went back to the internet to research more about this story and refresh my memory. What I found is that every mention of AT&T being created by the CIA was totally scrubbed from the internet. Someone didn’t want that information out in public. I wrote to NPR and asked for help in finding the story – I got no response.
This CIA family of terrorists has also threatened me because I am sending the message below to military leaders in Tennessee and around the United States. Twenty years ago, Adam Checchi married a girl from Tennessee. Since that time, this family has created a vast network of people in Tennessee that helps them carry out a vast number of crimes - including this explosion on Christmas morning. This CIA family controls the most extensive network of drug dealers and criminals in Tennessee and throughout America. They are prolific murderers. They pride themselves on killing people without being caught. They are a dangerous family of terrorists yet tens of millions of Americans join their network (including millions of Christians and Christian leaders). They control vast numbers of people who work in the military (the shooter at the bowling alley in Illinois was an active-duty Army soldier from Florida who undoubtedly is part of this Checchi cult). They also control the actions of many people throughout Tennessee. This includes people working at every law enforcement level, first responders of every kind, politicians in every party, some educators at every school, and key leaders at many state and local government agencies. Fun Fact: They like to control the department that gives out license plates in every state so that when their people are up for a new license plate, they get a special license plate which is comprised of a special code communicating something for the cult.

This CIA family has been preparing for a civil war in America for decades. They have stockpiles of guns, ammunition, and other weapons of war hidden all over America. They also have stockpiled billions of dollars of illegal drugs (like heroin, cocaine, ecstasy, etc.) that they use to reward the people in their network. It turns out you can manipulate drug addicts and people high on drugs to do crazy things to which an average person would never agree. These massive stockpiles of guns and drugs have been created in preparation for a civil war that the Checchi group is working hard to bring into existence.

Leaders at the FBI have worked for years to stop these terrorists, and just when their work was beginning to pay off, President Trump gave them a full pardon. This means the Checchi group will continue to terrorize people in Tennessee, throughout the United States, and worldwide.

Here is the message they are trying to stop me from sending to military people throughout the world:

THIS IS AN EMERGENCY ALERT! THIS IS NOT A DRILL! A small group of CIA people (that I used to work for in Los Angeles) are trying to start a civil war in America. That’s partly what Trump’s refusal to concede is all about. Trump is part of a CIA group (more about this in the article at the link below) that wants to stir up Trump’s gun-toting supporters to protest and start a civil war. Please read my updated article: “SPIES, THE CIA, AND THE KILLING OF INNOCENT AMERICANS” (link below). It has CRITICAL INFORMATION for all citizens - especially first responders, active-duty military personnel, educators, and veterans (top secret alert: this CIA group has been killing civilians, first responders, students, teachers, active-duty military personnel, and veterans all over the world. THIS IS REAL WORLD, not fiction). My writings explain more about this CIA group/cult and their scheming. I have written several books and essays which you can read for free below or at my Google Drive with this link:

Please read & share this information with other Americans. Working together, I am hopeful we can save our country. On December 21, 2020, President Trump gave these CIA serial-child-abusers & serial-child-killers a secret pardon for their tremendous and horrendous crimes against the American people. These pardons were bought and paid for! I know they got a pardon from President Trump only because on the evening of 1/22, they attacked my computer and announced, “we’re back.” The CIA leadership had just fired them all earlier that same week because of their serious crimes. Newly pardoned, they intend to immediately accelerate the spread of tremendous chaos in America and throughout the world. BUT IT DOESN’T END THERE! On January 18, 2021, this same CIA family GOT ANOTHER SECRET Pardon from President Trump before he left the Oval Office, for their part in organizing and funding the insurrection at the Capitol!! The ridiculousness has no end with these people!!!

Please share this information with people in your network. As one independent journalist, I can only reach so many people.

Thank you,

"The truth is incontrovertible. Malice may attack it, ignorance may deride it, but in the end, there it is."
—Winston Churchill

Dear Leaders,

There is an extremely dangerous CIA network (people I used to work for) that is pervasive in America. They are working hard to start a civil war in America (their gift to the new President Joe Biden) as the year 2021 begins. They are incredibly wealthy, and during the last few years, they have spent hundreds of millions of dollars to create disorder and turmoil throughout the United States and the world. They work furiously behind the scenes, standing in the darkest shadows, pulling strings to kill innocent people and create serious problems in America and beyond. They control large portions of the media. They created and control the fake “Q” Anonymous conspiracies group to spread false and misleading information throughout the country. They have created fires that have burned millions of acres on the west coast, killing millions of defenseless animals by burning them alive.

They are also behind the “Russian hacking” that attacked numerous government agencies and businesses at the end of 2020. I know for a fact that “Cozy Bear” and “Fancy Bear” were created by this CIA group as they organized Russian-national-cyber-experts to work for them.

51
Furthermore, this CIA group in Los Angeles always leaves clues at the scene of their crimes (leaving clues is one of their trademarks. Why get away with significant crimes if you can't brag about them in some way?). In this case, you can find one of their clues in the company's name. "Su L.A." is even.ly the name of the company "Solaar Winds." The word "solar" also refers to the sun or the son - Adam (he is the son of Al and Kathy, who created this CIA network). This kind of "name game" is 100% something they would do and have done many times. Not to mention, Adam (the leader of multiple hacker groups) is a graduate of Harvard's Computer Science department. Hacking is his passion. This CIA network aims to generate substantial chaos nationally & worldwide, recruit thangs to riot & commit crimes on their behalf, and attack (secret society) families on their hare & kill list. They have gone out of control, and they must be stopped.

During this election season, they were busy making their brand of trouble in many states (especially in "swing states" of Georgia, Wisconsin, Michigan, Ohio, Pennsylvania, New Hampshire, Minnesota, Virginia, Florida, Nevada, Colorado, North Carolina, Maine, in Washington DC; "retirement states" like Florida, Arizona, California, Texas; and all Western States). They dominate in cities like Los Angeles, Portland, Philadelphia, Chicago, Boston/Cambridge, NYC, Nashville, Miami, Atlanta, Houston, Austin, Milwaukee, Detroit, Las Vegas, and Seattle.

In general, they focus on infiltrating the military, schools, police stations, fire departments, emergency rooms in hospitals, churches, news outlets, businesses, and political offices. They recruit soldiers, police officers, first responders, firefighters, gang members & drug dealers, journalists, politicians, legal professionals, doctors, nurses, dentists, pastors, celebrities, athletes, students, teachers, business leaders, soccer moms & dads, and others. These "community spies" gather information & even commit various crimes in their community (forcing their people to commit multiple crimes is foundational to their CIA brand of leadership—which I explain more about in the documents at the links below). In short: Once they get people to commit crimes in their community, this enables them to enslave people and make them slaves to serve their CIA cult. This power comes from the 13th Amendment which abolishes slavery — "except as a punishment for crime." They get people to commit crimes and these people are turned into slaves for the cult. Real slaves who are treated like slaves. I'm no legal scholar, but it seems to me that what this CIA family does is completely un-American and a perversion of the intent of the 13th Amendment.

At this time, they have been aggressively interfering in American national elections (they are trained better than anyone on planet Earth on interfering in national elections). They are strategic, and they are brutal. They are behind many of this year's most significant crimes and headlines; they are very present in high schools, colleges, and universities throughout America and have been pulling strings behind many of the school shootings/mass shootings on numerous campuses in multiple cities during the last twenty years. You heard that right: they have been deliberately killing school children & college students, and no one has stopped them for over twenty years! They must be stopped.

In 2020, they were using the COVID-19 pandemic as a cover to kill, intimidate, and threaten mass numbers of people around the world. With their network of emergency room spies, they
have killed vast numbers of people in America and throughout the world. The fact that the CoVid-19 virus was more prevalent in the United States than in any other country in 2020 is not a coincidence. This killer virus was strategically and deliberately orchestrated by this CIA family based in Los Angeles. Below is an email I have been sending to military leaders around the United States. Please read this entire email and the other documents at the links below. These writings contain essential information you should know as a leader. Please feel free to share the PDF format free books/essays/documents at the links below with anyone you think might be interested in them.

President Trump’s firings of National Security personnel and his “take over” at the Pentagon on November 10, 2020, likely had something to do with the fact that for the prior two weeks (Oct 24-Nov 10), I sent this letter (below) to over one thousand American military leaders and active-duty military all over the world. These emails were permitted to go through DOD servers for two weeks, and no one stopped them. Pentagon leaders allowed this “spam” because they know what I am reporting in this email is the truth. Trump was FURIOUS because these CIA friends of his and their crimes against the American people were being exposed to the military. That is likely one impetus for his actions at the Pentagon on November 10. For decades this CIA family has bribed and blackmailed many leaders in the military to be able to control it and use it as they wish.

For further proof that my story is true, I submit two documents (links below) from the state of California:

1) The right to see the CIA family spoken of in this email for crimes against me.
2) A pardon recommendation from Governor Newsome’s Board of Parole office in California that was granted after they finished their three-year investigation into my claims. They found that what I am saying is the truth.

Please take the time to read this letter and the documents at the links below. If you have questions, I am happy to communicate with you.

“For we are opposed around the world by a monolithic and ruthless conspiracy that relies primarily on covert means for expanding its sphere of influence — on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly knit, highly efficient machine that combines military, diplomatic, intelligence, economic, scientific, and political operations. Its preparations are concealed, not published. Its mistakes are buried, not headlined. Its dissenters are silenced, not praised. No expenditure is questioned, no rumor is printed, no
secret is revealed. It conducted the Cold War, in short, with a wartime discipline no democracy would ever hope or wish to match."

- President John F. Kennedy, April 27, 1961

(Though President Kennedy was talking about a different group of tyrants when he gave this speech in 1961, his words are appropriate to describe this CIA-Cheechi-cult in 2021 America.)

**Dear Generals and Other Military Leaders,**

I am contacting military people to warn them about what is going on with a group of CIA serial killers (discussed more at links below) who are now aggressively targeting and killing active-duty military personnel, first responders, and veterans. They have been killing military personnel for several years and don’t seem to be slowing down. They kill people as an act of intimidation and protest. It’s their way of demanding respect (no one taught them that respect has to be earned. I guess they don’t teach that at Harvard?). I am sending out this information (copied below) to the public and to as many military leaders as possible. Please help by sharing this writing with your family, friends, and co-workers.

I was sad to read the recent article: “South Korea-based soldier dies while in Georgia for routine training.” I believe it is not a coincidence that Chief Warrant Officer Craig W. Mulder was found dead on October 18, 2020. I am confident these CIA people killed him. They always leave clues at the scene of their crimes (this is how arrogant they have become at getting away with serious crimes for so many decades). The fact that his name was “Mulder” (also the name of a TV show character on the “X Files”) would be a clue that these insane CIA people murdered him. For several reasons (that I won’t go into here), “Mulder” is a code word they have used with me a lot in the past. And the timing of this murder is another clue. I am a journalist who knows the leaders of this CIA group personally. For years they have bragged to me about the crimes they get away with committing (this bragging signifies their deep, deep psychological insecurities). I think military people should be warned about what this CIA group is doing and why they are committing these criminal acts (more about this at the links below).

**UPDATE:** On November 10, 2020, these CIA-cult leaders sent me a link to a YouTube video entitled, “15 Future Helicopter Designs.” I didn’t think anything of it until the next day when it was announced on November 11, 2020, that a U.S. Army UH-60 Black Hawk helicopter crashed in an “accident” on an island in the Red Sea. “Red” is the code color of the sum of the leaders of
this CIA-cult, Adam. This was clue number one. of many clues. that would come to me - convincing me this "accident" was no accident at all. This "accident" claimed the lives of five American military personnel.

The instinct part of me became convinced that this group of CIA people had caused that helicopter to crash in the Red Sea. I believe they deliberately killed every soldier on board (I assume these soldiers that died were all part of a family that was somehow connected to a secret society or, for other reasons, the deceased had made it on their "kill list."). No doubt this CIA group selectively chose everyone that would be on board this helicopter. This can only happen because they have infiltrated the military at the highest levels. Since they sent me the link to the video of future helicopter designs the day before, I also knew that the official reason that would be given for the crash was "equipment malfunction." This would open the door for them to manipulate the conversation that a new helicopter design would be needed for American military personnel's "safety." A few days later, "mechanical failure" is precisely what was reported on the news about the crash. This CIA group is undoubtedly behind many new helicopter designs, and they will make billions of dollars selling this new helicopter to the military. That is how intensely they think through some of their operations. Other times, when the cult leaders are high on drugs - like heroin or drunk while they work, they don't think things through at all. I'm not joking. They frequently work while high on drugs and drunk.

They not only can kill innocent people with precision, but they make money along the way. Making money from killing people is their standard operating procedure. For them, it's all about money, murder, and vengeance. When they created these school shootings, they came out with "bullet-proof backpacks," which they then sold to students and fearful families. They create problems and then make money off the problems they create. This is a sick CIA family system with tremendous power and no morals. They must be stopped.

The only thing these CIA serial killers, based in Los Angeles, are afraid of is the United States Military. The American military is the only thing that could stop their CIA-cult dead in its tracks because their cult has centers (hubs) worldwide. If you extinguish one center or hub, they have dozens of hubs worldwide that will continue this CIA-cult's killing-mission. With Donald Trump as Commander and Chief of the military, they had nothing to fear with the military - since President Trump is their protector, friend, and a member of this CIA-cult. You've never wondered how President Trump knew so much about what was going on in the world - even though he had a reputation for not reading any official briefs or documents that were given to him - now you know. This CIA-cult tells him everything he needs to know about anything or anyone around the world. They have been handing information on people and places for the last sixty years. President Trump never had to read anything. He just had to do whatever they told him to do. Daily, they guided him every move and communicated with him through Twitter and other means of clandestine communication.

My goal in sharing this information with you and the public is to save lives. Please read this entire letter and the documents at the links below. Please join me in sharing this information with other interested parties. Working together, I hope that we can save the lives of innocent civilians, military personnel, and veterans.
Before I tell you more about this dangerous CIA cult of serial killers, let me briefly tell you about myself and how I became connected to this menacing CIA network:

In the early 1980s, I was a student at the Franciscan University of Steubenville. In 1986 I joined the Franciscan TOR community in Loretto, Penn. The TORs sent me off to a Jesuit school get my M.Div. Degree. At this time, I met the daughter of President Lyndon Johnson (Luci), who faithfully attended the church where I worked. In 1990 I left the Franciscans, and I was compassionately invited to move in with Luci, her husband, and their kids. This was the beginning of many years of sincere friendship and many amazing adventures with the family of Luci and Lady Bird Johnson.

It was also the beginning of my being attacked by a CIA family in Los Angeles who had declared the family of LBJ (and anyone connected to them) their mortal enemy. They killed many people who were connected to the Johnsons—including my parents.

This has turned out to be a very dark and dangerous chapter in my life—which continues to this day in 2021. The information in this email (and at the links below) is all true. Leaders like you should know the truth—so that you can live with an informed mind of what is really going on in America (spoiler alert: there is a ‘secret society war’ that has raged for over four decades in the United States). I am risking my life by sharing this information with you and the public. I would appreciate it if you would read all the documents at the links below and share this information with your people. I’m a writer-journalist and have documented things going on with this CIA cult of serial killers for many years. They befriended me because they have a saying: “keep your friends close and your enemies closer.” I had never even heard the word “trenchmen.”

For over 30 years, I have had a front-row seat to witness how this CIA family kills people (which has, in itself, been traumatizing). It would take me decades to figure out it was them generating these many deaths around me. This group of people at the CIA routinely kill people in two sneaky ways:
1) Injecting cancer cells (and other diseases) when their target is at the dentist or getting a flu shot (which means they have to control vast numbers of scientists, nurses, doctors, dentists, dental assistants, and where these professionals are trained - so they can catch them early in their career to "own" and "train" them.)

2) Once the target is sick with cancer (or whatever illness they have been given), they sometimes give them poisoned pills that will kill them off more quickly (these pills are distributed by a regular pharmacy which means they must infiltrate and recruit vast numbers of pharmaceutical companies, pharmacists, pharmacy students, pharmacy staff, and pharmacy schools to serve their purposes to this deadly end). This is one reason why small, family-owned pharmacies are being forced out of business. If citizens get their medications by mail (instead of getting them through a walk-in pharmacy), it becomes easier to insert these deadly pills and kill people.

What the "anti-vaxers" get wrong these days is that vaccinations in themselves are not generally harmful. Anti-vaxers don't understand that vaccinations have sometimes become harmful because this is an deliberately part of a targeted plan that this CIA-cult family has created to attack and weaken certain people within individual family trees. The eventual goal is the extinction of specific family bloodlines (often secret society bloodlines). In the cases where death (killing someone) is not the goal, the goal becomes to disable someone — to slow them down. Give them a disease that will make them less productive, cause some suffering. This becomes easy to do when "appointments" are made to receive these dangerously tainted shots. If all the shots were done at random times or places, it would be harder to target specific people to get these unique, corrupted shots. This is why I hope that in the future it will become possible for people to receive shots without making appointments. This is the only way we can better try to ensure public safety and lessen the deadly games this CIA-cult is playing with citizens. The leaders of this CIA-cult also attack religious groups like people who belong to Catholic, Evangelical, Baptist, and Jewish families. The thing these various religious groups have in common is that they teach their people to resist cults such as this CIA-cult. This is a very real and very serious problem that has international ramifications.

"Government by organized money is just as dangerous as Government by organized mob."

FDR, 1936
Personally, I am certain that Justice Ruth Bader Ginsberg was a victim of this CIA-cult abuse of power. Over the years, they gave her three kinds of cancer, and she kept beating them at their game. I have no doubt that both of the methods mentioned above killed her. I cannot prove this... but that is how these “smooth criminals” in this CIA-cult do their evil deeds. I only know for certain that this is true because they bring to me about their evil deeds.

Two weeks before they killed Justice Ginsberg, they sent me a message: “TIME TO GET RUTHLESS.” My heart sank when I got this message, and I felt nauseated. I thought they were going to do another mass shooting or something like that. Soon after receiving the “ruthless” message, I would sadly understand the meaning: time to get rid of Ruth Bader Ginsberg. This enabled them to use her death and stack the Supreme Court with another one of their approved people to help them in the future. Justice Ginsberg was too much of an independent thinker and could not be manipulated, bullied, bribed, or threatened by this CIA-cult family of serial killers. She was a problem for this CIA-cult, and she had to be killed. Doing it right before the election of 2020 might give them an edge if the election results ended up at the Supreme Court (as they did in Gure Vs. Bush election on December 12, 2000).

For almost five decades, this CIA-cult family has killed people from behind the scenes, in the shadows. They are too cowardly to do otherwise. Only cowards kill assuming old ladies, unarmed men & women, and innocent children. In this letter and the documents at the links below, I share a lot of information about this group of CIA people who are prolific killers. I don’t know who else to send this to... so I’m sending it to leaders like you — hoping that you care about what is going on here and will share this information with the right people who can do something about this. This ridiculousness has gone on for far too long, and it will only get worse. This family has already moved from killing secret society people who have shown themselves to be a threat to America’s national security — to killing innocent people whose only crime might be refusing to worship this family and kneel at their throne of power in the future. This is a real cult with massive resources and evil intent. They must be stopped before they kill more innocent people.

I know for a fact these CIA people also killed Justice Scalia (which I write about in my book at the links below), to explain why they killed him. Spoiler alert: it has to do with secret societies becoming too powerful in America and the fact that he was the judge that made it possible for George W. Bush to become president. Please read this entire email and all the documents/essays/books at the links below. It is a lot of information, but leaders like you should know the truth about what is going on in America. No one else will tell you about the information in this email except me. Not because I’m so great — but as fate (or God or luck or bad luck) would have it, out of 7 billion people on the Earth, I am the only one with this unique
opportunity takes place to be able to expose this abuse of power. As an American independent journalist, it is my duty to expose what I know to be true.

As I sit here and type this to you, this family of CIA serial killers in Los Angeles is plotting how to punish and kill me for exposing their abuse of power. I continue to receive death threats daily. I may be killed for what I write. I may be killed for believing in freedom of speech and freedom of the press. If I die, I will join over one million courageous, selfless military people who have died in wars fighting for these freedoms of speech and press that we have in the United States. I would be in good company. So I continue exposing this abuse of power because I hope to save the lives of both humans and animals. Please join me in sharing this information with other people so that, together, we may save lives. Like a monstrous consortium of octopuses, this CIA-cult has killed, abused, and tortured millions of men, women, children, and animals worldwide and hundreds of thousands here in America. “Join us or die” is their motto. I urge you to read the writings at the links below. You will read about my personal experiences with the leaders of this CIA-cult. I hope you will join me in resisting this cult of drunk and drugged-up serial killers.

This CIA-cult is creating another holocaust of humans killed by clandestine CIA agents (and their friends). Their goals:
1) to control and dominate the entire world on every level.
2) to be worshiped by the masses for the next one thousand years.
They imagine generations of humans will treasure and honor them because they saved the human race from the secret society plan: a “One World Order.” But the truth is: they have created another Nazi nightmare—except they have been sneaky about killing large numbers of people for over 50 years. I am the first person to expose them publicly, and as far as I know, I’m the only person ever to leave the cult and not be killed (though they have tried to kill me on numerous occasions).

In August of 2020, a federal court in California took the radical step of allowing me to expose these CIA criminals by name and the details of their crimes against humanity (press release below). Over a year ago, the founder of this CIA-cult was convicted of “crimes against humanity” and “war crimes” in a secret spy-court here in America. Literally within hours after being convicted, President Trump secretly gave him a full pardon. This pardon happened after Trump was promised 25 billion dollars. Within days of being pardoned, the leaders of this CIA-cult ordered their killing machine back up and started killing innocent people—men, women, and children—again. A psychologist could tell you more about this, but it seems they are addicted to killing innocent people. They can’t or won’t stop killing innocent, unarmed, unassuming people.

What I am sharing with you in this writing is not a conspiracy theory or hypothesis—no, this is deeply personal. Please read the documents attached at the links below and feel free to contact me with questions. This small group of (seemingly mentally ill) CIA people has killed many people in 2020 alone: American journalists, children, military personnel, veterans, two federal judges & the son of a federal judge, thousands of other innocent people around the world, and millions of defenseless animals that were tortured & burned alive in massive fires they created.
Over the years, they have killed tens of thousands of men, women, and children with cancer by injecting cancer cells while these victims were getting routine flu shots or Novocaine at the dentist (there is more information about this in the free eBooks/essays, at the links below).

Allegedly, this CIA-cult is also behind funding and organizing much of the chemtrails that erupted in 2020 America. They have infiltrated racist secret societies (like the Freemasons and the KKK) and got these secret society men to support President Trump (which is why Trump makes occasional racist statements to appease this demographic and gain their continued support). Some men in these secret societies have infiltrated police departments all over the United States. This CIA-cult will organize and manipulate some of these secret society men to kill black people to start tremendous chaos and, hopefully, a “race war” in the United States.

This CIA-cult also controls police unions to a large extent. The police unions will protect the police who murder black people. Then, in a twist worthy of a Hollywood movie plot... this CIA-cult will attack and kill these same secret society members all over the United States. Why do you think President Trump continued to have “super spreader rallies” all over the U.S. during a massive pandemic with a virus that was easy to catch? They are deliberately trying to kill the secret society people who follow President Trump. According to Stanford University’s research, Trump’s political rallies from June 10, 2020, through September 20, 2020, created over 30,000 new Covid-19 cases and over 700 deaths from Covid-19. Clearly, things have gotten out of control with this clandestine war against secret societies in America because now they are also killing innocent people (not involved in secret societies). What this CIA family has shown is that they do not value any human life, except their own.

In 2020, they strategically created tremendous chaos in “democrat-run” cities and states in an attempt to bully and punish democrat leaders who stand against them. Most Governors and Attorney Generals in every state know what is going on with this CIA-cult (I’ve contacted them all myself, and some of them have done their own investigations into my claims). This CIA family hopes this chaos they create will have the added effect of helping their friend, Donald Trump, gain another term as President. As if all this weren’t enough, they have bragged to me about having their people set many of the most significant fires on the West Coast in August and September 2020 (more about this below).

History tells us that one tactic in stopping people like this is publicly shaming them: informing Americans about the truth of what is going on and who is behind it. The FBI has not been able to stop them because it’s a complicated situation involving a small group of some of the CIA’s highest-ranking people. These people are trained to disrupt and manipulate national elections, and that’s precisely what they have been doing here in 2020 America. When people say that 2020 is the most critical election of our lifetime, it’s true. But very few Americans know the truth about who is behind the scenes, manipulating the headlines, manipulating the chaos, manipulating politicians, manipulating the media, manipulating the police, manipulating fire departments, manipulating law enforcement, manipulating first responders, manipulating the polls, manipulating fires, and manipulating deaths. And even fewer Americans understand their purpose or motives. With my writing, I hope to explain and shed light on this very dark reality in our country.
Please read everything in this letter and at the links below. You will see that my writing exposes many things: brutality, abuse of power, severe and prolific child abuse, the murder of innocent people, the killing of millions of animals as they were burned alive in the fires they set, serious war crimes, the largest drug cartel in the world, and organized crime around the globe. These crimes have all been produced by one small group of people based in Los Angeles (who happen to be among the highest-ranking people at the CIA) and very close, long-time friends with Donald Trump. When I worked for them during the last half of the 1990s, they used to call him “The Donald.” As if this were not enough, they also created Jeffrey Epstein’s world of sexual abuse of young people. This abuse aimed to trap and tarnish the Royal Family in England (this family is at the top of the secret society pyramid). They also created and used Epstein to set up the Clinton’s who were ambitiously setting the stage for Hillary to make a run for President. They wanted to control the future president, and they hoped this Epstein trap might help them do this. I had a front-row seat to watch how this CIA family blackmails and manipulates power players in the new millennium.

Some say that Adolf Hitler was the last in line of adventure-conquerors in the tradition of Alexander the Great, Caesar of Rome, and the French Napoleon. That may have been true up until the birth of “King Al” (as he likes to be called). Hopefully, Al will be the last in that line of brutal tyrants and conquerors who seek world domination at any cost, including the butchered lives of millions of innocent people (these dead people were seen as roadkill on the highway to power). The Third Reich was the last organization to seek world domination - until the CIA came along, under the manipulation of “King Al.” That path to power was deliberate, intense, and littered with tens of millions of ruined lives around the world and millions of dead bodies killed with brutal calculation.

It is estimated that the wars King Al has manipulated around the world have caused over twenty-three million humans to be tortured and displaced from their homes. Twenty-three million people were made to become homeless refugees worldwide because one person (King Al) had a plan to create chaos worldwide. He also worked to frame President George W. Bush and Vice President Dick Cheney as war criminals. King Al was the mastermind behind “the war on terror,” which would have no end. King Al also gathered around himself a couple dozen people who were raised to heights of power that none of them had ever imagined. Power so great it warps the mind. For thousands of years, humans have observed that “power corrupts.” But rarely does anyone have a front-row seat as I have had - to watch this age-old-saying take root and flourish before my eyes into countless blossoms of death, corruption, and evil deeds.

In his later years, King Al has become so drunk with power that he has left his mental health behind. Al has a religious sense of his importance in the world. He has communicated this sacredness to his closest followers, and they are believers too. To those of us outside looking in, it appears they have been brainwashed in the same way cult members at “Jones Town” were who drank the Kool-Aid and died en masse. Like Hitler, Al sees himself as a genius on a mission. Like Hitler, Al cannot be held back by the ordinary man’s morals and laws. This belief helped both Hitler and Al commit the most brutal murders and the most gruesome crimes against humanity. A great man like Al shapes the world’s history. Hence, he is above the laws and morals of ordinary people. This is why he feels he is above the law. Hitler also felt this way about himself.
I last saw Al in 2015, and immediately I noticed that his eyes were different. His pupils were as small as the head of a pin. His eyes were preoccupied with worry and a hint of fear. He had a lot on his mind. He was in full "act-out" mode as he effectively updated me on his life. At this time, I did not know the real Al, that was a legend among his CIA peers. I only knew Al, who I naively thought was my close friend and adopted brother since 1995. Years later, the truth about Al and the whole family would slowly sink in and become sadly evident to me (emphasis on the word 'sadly').

I did notice in 2015 that Al's eyes were not the same eyes I knew in the 1990s. Jesus of Nazareth taught that the eyes of humans were the "windows to the soul." Something about Al's eyes told me that he had drastically changed inside his soul, his psyche. Al told me he had been in his home (a beautiful, massive house in Beverly Hills), without leaving (like a prisoner) for over two years. He was limping when he walked into the kitchen to greet me. He told me that a medical problem with his leg prohibited him from leaving the house. Following the doctor's orders, Al told me he was ordered to stay home. This was when Barack Obama was President of the United States. It was also after Al had killed Vice President Joe Biden's son (Beau) by having him injected with incurable cancer. In 1995 when I was first getting to know Al, I asked him dozens of probing questions – as one does when getting to know someone new. One of the questions I asked him was, "Who is your best friend?" Without missing a beat, he said, "A senator named Joe Biden." To this day, Al imitates some of the mannerisms of his old friend Joe. Deep down, Al must feel tremendous guilt for what he did to Beau and the Biden family.

As I sat with Al in 2015 at his kitchen table and exchanged stories of our lives since we had last seen each other, I didn't know about all this crime drama with the Chiechi family. What I would give to return to those naive days – before I knew the truth of who Al really was and the tremendous number of evil deeds he has done in this world. There's a saying about this sort of mental enlightenment: "Ignorance is bliss." I'd say that's about right. The truth of this CIA family would soon burn away, the good that I thought I knew about this family. Their real lives and the darkness of their mountain of evil deeds would soon shine as bright as the noonday sun in the summer heat – during the peak of climate change.
The information I have about this CIA family is also linked to some massive fires in California (August 18, 2020, thru September 2020). This CIA family intentionally set many fires around the country as retaliation because, on August 17, 2020, a federal judge gave the green light for this press release (copied below) to be released to the public. These fires on the West Coast were not exclusively created by global warming or "lightning strikes," as was reported in the media. Many of these fires were deliberate arson. No doubt they were sometimes specifically targeting the lives and property of secret society members. The CIA people behind these fires have burned many things down all over the world — it's part of their modus operandi. Read the document at the first link at the bottom: letter to "My Dear Fellow Americans and Other Interested Parties." It will tell you more facts regarding the fires they have set and why they are so upset to retaliate in this way.
This is a map of fires on the Canadian west coast simultaneously as the fires were raging on the American west coast in August-September 2020. There are a few fires in Canada but not nearly as many fires as there are in the United States. This fact alone - just from a common-sense perspective - would make most people think something is very fishy here. Something does not make sense with what’s going on here.

The attached letter (link below) to “My Dear Fellow Americans and Other Interested Parties” is full of important information that is very relevant today (this letter includes links to two free eBooks with even more information). If you aren’t allowed to click on strangers’ attachments or links, please let me know another way to get this information to you. I have also turned this writing into books on amazon.com/auth/authorlondonwoods. If this press release (copied below) is not pertinent to your focus or interest, please forward it to a journalist or newsroom that may be interested in it.

A brief note of interest: on August 17, 2020, the Cicotti family did try to have a court stop me from sending out this press release, but they lost, and the court said it was legal for me to do this. It should be noted that on August 18, 2020, Governor Newsome declared a state of emergency in
California as fires erupted overnight all over California and all over the country. The timing of these fires was not a coincidence. Please share this press release far and wide in the hope of saving the lives of both humans and animals (millions of animals have been burned alive in these massive fires that have burned billions of trees and over seven million acres—just in 2020).

If you are (or if you know) an investigative journalist, perhaps you can join me in trying to solve a mystery. Suppose I had more time to investigate further. I’d be asking more questions about the money trail—looking for connections between Checchi family donations & business interests (shell companies, front companies, start-ups) and how they possibly cross-polinate with Trump family businesses/companies (Trump, Jr., and Kushner, etc.)—with an emphasis on looking at businesses run by Russian nationals. I know for sure the Trump and Checchi families are EXTRAORDINARILY close since the 1980s and are, allegedly, very financially intertwined in very sneaky ways. The Latin phrase used to identify crime suspects may be useful here: “Cur
dono!” (who profits?) Not sure what the Latin phrase is for “who created all these thousands of shell companies to launder and hide their money?” But somehow, it feels like it might be appropriate—now more than ever. What’s going on with these high-level scandals in America is a huge deal and has international ramifications for many people—including all Americans.

Please read the press release below—it’s just the tip of the iceberg.

I TAKE NO PLEASURE IN UNCOVERING THIS RIDICULOUSNESS. IT’S A VERY SAD, UNFORTUNATE CIRCUMSTANCE—NOT JUST FOR ME, BUT FOR MANY PEOPLE.

FOR THE GREATER GOOD OF THE HUMAN RACE, THIS CHECCHI FAMILY MUST BE DEALT WITH, AND THE TRUTH MUST BE EXPOSED. FOR A LETTER TO “MY DEAR FELLOW AMERICANS AND OTHER INTERESTED PARTIES” EXPLAINING THE BACKGROUND INFORMATION AND THE FACTS OF THIS SITUATION—WHICH HAS INTERNATIONAL RAMIFICATIONS, copy & paste this link:

If you have wondered why 780 American Generals, Admirals, and National Security professionals (many of them Republicans) have supported Joe Biden for President, now you know why. They know what I am telling you is accurate. I have not taken an oath of secrecy. But, because of their oath of secrecy, they can’t tell you the details of what they know. They can just tell you for whom they voted. To read more about what these Generals have to say to the American people, read their open letter to Americans—go to their website: www.nationalsecurityleaders4biden.com

Thank you.
"The American people have this to learn: that where justice is denied, where poverty is enforced, where ignorance prevails, and where any one class is made to feel that society is an organized conspiracy to oppress, rob, and degrade them, neither person nor property is safe."

-Frederick Douglass

I have an incredible, real-life story to share. I share this story in hopes of saving lives. It's the story about a small group of wealthy people based in Los Angeles, California, who (some people would say) are pure evil in the flesh. Some religious people believe they communicate directly with demons and serve Satan.

The only thing I know for sure is that I've given them years to do the right thing and make amends for their crimes against me. Not only did they NOT do anything to make things right, but they did the exact opposite. They beat themselves with more threats, more harassment, more killing, more torture, and more abuse. They have no intention of stopping their abuse of power, the murder of innocent Americans, or harassing & abusing me. I feel disappointed in this family for their lack of taking responsibility for what they have done, and I am equally saddened that I am forced to engage this legal option.

Their new tactic that started in June 2020 has been to bully, threaten, and kill federal judges and attorneys who stand for equality before the law and "justice for all." They are now killing people who stand up to them. This CIA family feels they are above the law. After a three-year investigation by the state of California and the FBI, I have finally been granted the necessary permission to sue Al and Kathy Checchi of Los Angeles, California. Below is the press release with more details. A brief note of interest: on August 17, 2020, the Checchi family did ask a judge to stop me from sending out this press release to you—but they lost, and the court said it was legal for me to do this. So here it is... Please share it far and wide.

For Release — August 10, 2020

Former Personal Assistant Sues Family of California Gubernatorial Candidate for Murder of His Parents and more.

Billionsaires Alfred (Al) & Kathryn (Kathy) Dean Checchi of Los Angeles, California, face a lawsuit filed by a former personal assistant.

Los Angeles, California — August 10, 2020 — Dillon Woods, a former personal assistant to billionaires Al and Kathy (Dean) Checchi, is set to sue his former employer. Mr. Woods worked for the Checchis during Al Checchi’s run for Governor of California in the primary election of 1998. The list of crimes that Mr. Woods is alleging and seeking compensation for is very long—including the murder of his parents. Other crimes the Checchis allegedly have committed include (but not limited to):

1) Allegedly killing Mr. Woods’ cousin in Canada.

2) Alleged attempted murder of Mr. Woods himself (on multiple occasions).

3) Years of sexual harassment, invasion of privacy, and abuse, which allegedly includes illegal, undercover video recordings of Mr. Woods in his apartment and then releasing a sex video of Mr. Woods for blackmail purposes.

4) Religious discrimination (Mr. Woods is Catholic, the Checchis are Mormon. Kathy Checchi’s father was a well-known, popular, and beloved Mormon leader).

5) Abuse and harassment regarding Mr. Woods’ sexual orientation.

6) Illegally having Mr. Woods arrested and thrown into LA County Jail for eight months in 2016. Allegedly paying actor Andrew Keegan (Heying) to file a false police report and lie to a judge.

7) Illegally falsifying LA County jail documents concerning Mr. Woods. This allegedly includes multiple counts of manipulating and fabricating court records and doctors’ notes.

8) Denying Mr. Woods his constitutional right of due process by allegedly paying public defender Humberto Benitez to sabotage all legal court proceedings as Mr. Benitez represented Mr. Woods in LAX court. Mr. Woods tried to hire this attorney for not doing his job, but Judge Elden Fox illegally denied this motion.

9) It is alleged that Mr. & Mrs. Checchi paid Judge Elden Fox to order Mr. Woods to a state mental hospital for a 90-day observation because Mr. Woods told the judge the truth about Mr. & Mrs. Checchi’s involvement in his illegal incarceration.
10) While in the mental hospital, Mr. Woods was forced to take psych meds he did not need. These psych drugs caused permanent damage to his nervous system and nearly killed him. This fraudulent jail and mental hospital stay cost California taxpayers tens of thousands of dollars.

11) While incarcerated in LA County Jail, it is alleged that the Checchi's paid inmates to attack, harass, threaten, and intimidate Mr. Woods every day for eight months.

12) Intentional infliction of emotional distress (for decades).

13) Deliberate infliction of financial distress (for decades).

14) Conscious pain of psychological torture and abuse causing injury.

15) When released from jail, it is alleged that the Checchi's then set out on a four-year campaign to stalk, harass, threaten, intimidate, torture, and abuse Mr. Woods, his friends, and his family. This included hundreds of death threats allegedly delivered to Mr. Woods orchestrated by their son, Adam Dean Checchi, and his Harvard graduate partners Michael Fisher and David Kanuth (for two decades, Mr. Kanuth worked as a public defender in Los Angeles. He graduated from Harvard Law School and worked closely with Humberto Benitez in the Los Angeles public defender's office).

16) The theft and destruction of all of Mr. Woods' material possessions (including the ashes of his deceased father, 30 years of writing projects, generations of family photos, business files, legal citizenship documents, and more).

17) Denying Mr. Woods the right to health care when he tried to get the help he needed to rebuild his life.

Al Checchi is the former co-chairman of Minnesota-based Northwest Airlines. He started his career working for Marriott Corporation and then worked for the Texas-based Bass Brothers acquiring a 25% stake in Disney. During the 1998 campaign for Governor of California, Mr. Checchi was known for spending more money ($40 million) than anyone had ever spent on a gubernatorial campaign. Allegedly, Mr. Checchi earned that money back within one year by "working" stock market trades.

Pardon recommendation:
P.S. Update: On December 22nd, 2020, President Trump gave these CIA serial-child-abusers & serial-child-killers a secret pardon for their tremendous and horrendous crimes against the American people. These pardons were bought and purchased! I know they got a pardon from President Trump only because on the evening of 12/22, they attacked my computer and announced, “we’re back.” The CIA leadership had just fired them all earlier that same week because of their serious crimes. Newly pardoned, they intend to immediately accelerate the spread of tremendous chaos in America and throughout the world. BUT IT DOESN’T END THERE! On January 13, 2021, this same CIA family GOT ANOTHER SECRET PARDON from President Trump, before he left the Oval Office, for their part in organizing and funding the insurrection at the Capitol!!! The ridiculousness has no end with these people!!!

LETTER TO CHRISTIANS AND EVANGELICALS

Faith is the bird that sings when the dawn is still dark.
~ Rabindranath Tagore

February 16, 2021 (updated March 22, 2021)

Dear Brothers and Sisters in Christ,

I hope you will take the time to read this long email and the documents/essays at the links below/attached. The issues I am exposing are genuinely urgent because a CIA-cult of serial killers (that I naively got involved with) is killing Christian leaders all over the world. My writing seeks to expose this abuse of power and seeks to save the lives of innocent people. It is very likely they have already killed someone you know because they have been killing Christians and Christian leaders for the past few decades.
There is a common struggle among some modern-day Christians who seek a balance between two seemingly separate ways of living:
1) doing battle with the over-active forces of evil in this world.
2) passively sitting back from engaging in this battle with evil forces, knowing the Lord has already won and nothing we do can add or detract from that victory.

Along these lines, there is an old saying from old-school Jerusalem days which shows this debate has been going on for a long time: "Trust in God - bathe your camel." As one of my spiritual mentors used to say, the goal is to "avoid being so heavenly minded, you're no earthly good." These sayings reveal a tension between Christians' spiritual life and our earthly responsibility to DO SOMETHING and DON'T JUST SIT THERE.

In the United States and many other countries, there is an invisible, deadly cancer spreading through the lives of Christians and faith communities. A hidden CIA-cult has been working feverishly for over forty years to infiltrate, manipulate, and control all Christian denominations, all Christian pastors, all Christian leaders, all Christian seminaries, all Christian churches, and all Christian families. This CIA-cult was created by the Choczewski family in Los Angeles, and they are very connected to the Mormon faith (going back as far as six or seven generations—to the time when Mormons left the East Coast and traveled out west to Utah on horse and buggy).

Before I explain more about my perspective on this group and their activities, we must discuss why this infiltration of Christian churches happened and how it happened (which speaks to their motivations and tactics). By exposing this CIA-cult to the light, I hope to make sure it reduces the harm this cult can do to the lives of Christian leaders and Christian communities. This article serves as a warning and maybe even a type of instructional manual for seminarians, pastors, and Christians worldwide. People need to know what to look for and spot the cancer before it kills (more about this at the links below). The leaders of this CIA-cult are experts at brainwashing people with lies and manipulative duplicity. "Mind control" is real, and the CIA has spent its entire existence perfecting this art as a means of manipulation to gain power over leaders and communities worldwide. The Christian community is no exception to this manipulation and deceit.

The leaders of this CIA-cult see America in one way. The way they see things is by groups of families or tribes. There are many families in America, and everyone must choose which tribe they will be part of. For example, there is the Bush family tribe, the Clinton family tribe, the Johnson family tribe, the Choczewski family tribe (which Trump is part of), the Rockefeller tribe, the Jewish tribe, the Christian tribe, etc. In total, there are probably 15 or 20 tribes—maybe less, depending on how you count them. On many occasions, I have heard the Choczewski leaders say that they intend to kill every person in every tribe that does not join under their umbrella. "Join us or die," is their motto. This slogan has been repeated to thousands and thousands of leaders in America and around the world. It's enough to make someone be nostalgic for the good-old-days when a "death cult" meant that the people killed themselves. This CIA-cult is a grave danger to worldwide public safety.
The leaders of this CIA-Checcichi-tribe/cult have a hatred and disrespect for Christians that is so pure that they have figured out ways to bring Christians into their cult so they could more easily be destroyed and disconnected from their faith in Christ. It's almost painful for me to watch how many Christians still fight for Trump - when I know for a fact that this tribe of people seeks to draw Christians into their tribe, only to kill their leaders and destroy their faith. Christians join this club to their own demise.

Through their vast network of spies (tens of millions of people in America alone), the CIA-Checcichi-cult manipulates Christians to listen to specific radio and TV programs, follow certain preachers who are part of the CIA-Checcichi-cult and reads the propaganda of this cult. This propaganda is top-heavy with the lies and manipulations for which this cult is famous. Naive, gullible Christians are hooked into these programs & preachers as they get lost in lies and games. The aim is to get people hooked on these lies and games — as a heroin addict gets hooked on drugs. Both of these hooks lead to a certain kind of death.

For example, if you have seen the “QAnon” people, they are prolific promoters of this Checcichi-cult propaganda information. QAnon was created by the “three kings” - Michael Fisher, Adam Checcichi, and David Kunath, who are leaders of the CIA-Checcichi-cult for decades, these men have become notorious for working while they are drunk and high on drugs like heroin. I can attest from my own experience working with Adam Checcichi and Michael Fisher that they are prolific, dangerous addicts and irresponsible drunks. They lead the CIA-Checcichi-cult division that controls millions of Christians in America. The constant drugs and alcohol make them more akin to the “three stooges.” The drugs play an essential role in helping them numb the pain that comes with constantly slaughtering children and innocent men & women around the world. More about this in the writings at the links below.

When the insurrectionists broke into the D.C. Capitol on January 6, 2021, they stopped to pray inside the Senate chamber. It's all on video. Someone yells out, "Christ, we invoke your name." The crowd of all men yells back in response, "Amen." Then, Jake Angeli (the bare-chested, self-proclaimed "QAnon Shaman" who wore the horned headdress with coyote fur and red, white, and blue face paint) says to the dozens (or so) men who broke into the Senate chamber: "Hold it, hold it, let's all say a prayer, let's all say a prayer in our sacred space." Then he starts to lead a prayer, "Thank you, Heavenly Father, for granting us with this opportunity..." Then he stops and takes off his horn hat as a sign of respect. Then he starts leading his prayer once again... "Thank you, Heavenly Father, for this opportunity to stand up for our God-given, inalienable rights. Thank you, Heavenly Father, for giving the inspiration needed to these police officers to allow us to enter this building - to allow us to exercise our rights. Allow us to send a message to all the tyrants, the communists, and the globalists that this is our nation, not theirs. That we will not allow the American way and the United States of America to go down. Thank you, Divine, omniscient, omnipotent, and omnipresent, creative God, for filling this chamber with your white light of love, your white light of harmony. Thank you for filling
This video clip shows the child-like sincerity that was common with some who were manipulated to commit the various crimes that were committed on insurrection day. The entire insurrection event was created, organized, and paid for by the CIA-Chechic-cult (who else could get the police and military to stand down to allow these knuckleheads to breach the barricades except the CIA? Even Trump didn’t have the power to do that. Only the CIA-Chechic-cult could have done that). Why? Because they have their spies and slaves everywhere throughout government and civil society. They are the most extensive network of spies in the world, with over 500 million members worldwide. They even control most Christian churches and Christian schools in America and throughout the world.

I know for a fact that while the insurrection was going on, the leaders of the CIA-Chechic-cult had their people live-streaming everything going on in DC. The real leaders of this insurrection were back in their offices, in Los Angeles, watching everything live while they laughed and drank alcohol in celebration of the success of this long-planned event. These CIA-Chechic-cult leaders suckered thousands of gullible people to take part in the insurrection, while their brother, Donald Trump, cajoled on the participants in a speech before they charged the Capitol, “I’ll be there with you.” Trump said. (I knew Trump was lying when he said this because I know he is, and I know the scams he was really in DC to help execute while President. This entire CIA-Chechic-cult of leaders are con-artists and scam-artists. Everything they do is a scam. People trust them as their own peril. I learned this the hard way.)

The day of January 6, 2021, will live on in the history books for America and the world. One of the things that happened that day was Trump bad-mouthing his Vice President, Mike Pence, to his cult followers—which caused crowds of these cult followers to chant “TANG MIKE PENCE.” Many insurrectionists went to the Capitol to kill Mike Pence for betraying Donald Trump because Pence is a man of honor and fulfilled his oath to the constitution. The fact that Trump betrayed Mike Pence (who is a committed Evangelical and showed unquestioning deference to Trump for an entire four years during their administration) symbolizes the kind of loyalty Trump has to his evangelical base. Trump doesn’t care about religious people, committed Christians, or Evangelicals. Trump and the CIA-Chechic-cult leaders despise people in this demographic. Yet, many Christian leaders urged Christians to support Trump. Despite Trump’s ghastly show of constant unchristian, immoral, and unethical behavior (a documented 50,000 public lies in four years = 120 lies statement per day). The mobbing criminal mob came within 60 seconds of seeing Mike Pence on Jan. 6. And they were just 90 feet away from a small office where Pence was hiding with Secret Service agents before officer Goodman steered them away.

Christians who are part of the CIA-Chechic-cult were very present at the insurrection. To them, this was violence for the sake of righteousness. Christian nationalism. One of them said, “God sent Donald Trump to save America.” Forget that Americans had never elected a president who had tremendous undisclosed financial entanglements with countries hostile to our interests (a serious national security issue). If God tells you He wants leading the country... why doubt that? These people believe Christians must fight for what God wants. Get your guns and be part of a citizen militia to bring God’s will into existence. Violence motivated by religion. If
you read history books, violence in honor of religion is a common theme. Many wars have been fought for religion, by religious zealots. This is not the first time sincere Christians have been used by super-wealthy manipulators who sat back and laughed as all hell broke loose.

“Our world is not divided by race, color, gender, or religion. Our world is divided into wise people and fools. And fools divide themselves by race, color, gender, or religion.”

- Mohamad Saaf, human rights activist

Make no mistake about it: The CIA-Checchi-cult exists to destroy your church, destroy your marriage, destroy your family, so that they can force you to depend totally on them. This is a real cult that wants to totally dominate and control every aspect of your life. They will destroy your parents so they can be your parents, destroy your spouse so you will marry one of their people, destroy your family so that they can be your family.

I remember when the Checchi’s killed my parents in 1995/1996. Ali Checchi and I went for a jog together after my family had buried my mother and father. At the end of the jog, he put his arm around me and said, “You’re such a great guy, Kathy and I feel very bad that you have lost your parents to cancer. We want you to be part of our family.” I remember feeling so touched and so loved by them. It would take twenty years for me to find out the Checchis were actually the ones who paid to have my parents injected with cancers to have them killed. I never knew such a thing was even possible. Through the Checchi-CIA network, they have created a massive killing-machine using scientists who create the diseases to be injected and doctors/nurses to inject the diseases (more about this in the writings at the links below). They killed my parents as a warning to one of their “enemies” in Texas with whom I was very close friends (this is also explained more in my writings at the links below).

The goal of this CIA-Checchi-cult is to dominate people’s lives completely. Dominate your work, dominate your church, dominate your family, dominate every aspect of your life. Once this dominance is accomplished, you’re locked in, and you can’t leave. They control your money, they’ve hijacked your family support system, and they control your work. That’s what a cult does: it destroys your outside support, dominates your entire life, and makes you totally dependent on them.

BACKDROP
This focus of CIA leaders to control Christian leaders started in the 1960s when the Reverend Martin Luther King, Jr became the first Christian leader to mobilize Christians into a force that could defeat the evil 1960s CIA power that sought to create a white supremacist culture in America and beyond. This Christian force had the power to organize and "win" - defeating the CIA's forces that sought to control the culture in America at the time, Martin Luther King Jr, was a pest to those in authority. So those in power decided that they needed to infiltrate seminaries where pastors were prepared and trained for ministry. Getting pastors involved in the CIA network is one way to control future pests. Instead of being suspicious, Christian leaders welcomed this into their lives and became part of this CIA clandestine network. With this came financial support and financial stability for many churches and pastors. Sadly, they missed the point. The point of including pastors and Christian leaders in a clandestine network was to stop any of them from really being effective in their ministry. It was a trick. And it worked. Once pastors were controlled, they could guide the Christian church's entire ship, like grabbing a car's steering wheel. These days the forces that control Christian leaders will tell Christian leaders when and if protesting in public demonstrations is allowed. See how far we've come? There should be massive protests over what this CIA-cult is doing in America and beyond (for example, the prolific mass shootings, the killing of millions of unarmed men, women & children worldwide, and the slaughter of millions of defenseless animals in these wildfires). Instead of protests there is only silence. Why? Because this CIA-cult controls Christian leaders, Christian ministries, Christian schools, and Christian seminaries.

In 1960s America, these CIA leaders were part of a culture that believed in two things: 1) the excellence of secret society membership and 2) that God meant Caucasians to be supreme above all other races. In other words, to them, everyone should belong to a secret society, and God was a White Supremacist. The leaders of this CIA-cult today are a whole different family than those who ruled the CIA in the 1960s and 1970s (if you think the family of H.W. Bush, you'd be right. The Bush family and the Choechi family are fierce enemies. As you type this (February 2021), the Texas power grid has been shut down for two days throughout Texas during a winter storm. The CIA-Choechi family hijacked the Texas power grid a long time ago, and they have shut it down during this storm as an attack on the Bush clan network that is powerful and pervasive throughout Texas. This is modern-day clan warfare going on right before our very eyes! That's the truth, but you'll never hear the truth of what is going on in the evening news.).

Today's names and families that control clandestine groups (like the CIA) have changed in our modern-day. Still, they continue many of the same practices, tools, and tactics: a type of mind control, psychological manipulation, deceit, and duplicity. But since the 1960s, five decades have passed, and the tactics & tools have sharpened to become seriously successful tools and weapons of war. Since the 1960s, CIA scientists (many of them Harvard/Yale/Phi Beta Kappa graduates) have had another 50+ years to study human nature and conduct human experiments to perfect their tools of manipulation and control. Combine this with the advances in technology. This modern-day, worldwide CIA-Choechi-cult is the most powerful force for population control and dominance that has ever existed in the history of the human race. For example, they routinely spy on people through cell phones, televisions, and computers to get real-time data and pick-up conversations that reveal your innermost thoughts, ideas, and plans.
They have also been able to get hundreds and hundreds of their own satellites to circle the Earth in the sky above to spy on and collect information from every country in the world. Combine this with super aggressive people in the Chechen group that are hungry for power & wealth... and it also becomes ripe for severe abuse – which we have seen plenty of in the last couple of decades.

For many decades “power players” at the CIA have sought to control America’s culture and the entire world. Since the CIA is charged with knowing what goes on worldwide, organizations that are “worldwide,” like the Catholic Church, long ago became targets of the CIA for domination and control. If the CIA couldn’t control the Catholic Church (hard to control an organization of one billion people), it would be destroyed. The generation alive between 1980-2020 has seen the Catholic Church’s destruction happen right before our eyes. This disintegration of the Catholic church didn’t just “happen” randomly. It was a systematic, strategic, simultaneous manipulation of clergies, laypeople, and the media.

Fast forward to 2021, and we see that these CIA forces have, apparently, successfully destroyed a good portion of the Catholic church. With that mission accomplished, they are moving on to destroying other world-wide Christian ministries and denominations. The recent scandal and downfall within the ministry of the Christian evangelical apologist Ravi Zacharias – who created one of the most significant Christian ministries on Earth – is the most recent example of CIA interference in the modern-day Christian experience.

This CIA-Chechen group is an extremist, violent, ruthless CIA-cult responsible for the abuse, torture, and murders of thousands of children and millions of innocent, defenseless men, women, and animals worldwide. For the last four years, I have kept a factual journal of their slaughter and mayhem, which can be read in the books at the links below. You can judge this CIA family for yourself. The facts are clear. The information is all true. As I type this letter to you now, they kill more innocent people to protect my writing this article which exposes the ugly truth of what this cult has done. They want these facts kept secret from Christian leaders. But I won’t let their evil acts deter me. Writing to you is the right thing to do because many Christians are part of this cult. This evil empire can’t be stopped unless people know the truth.

“Locke wrote that all individuals are equal in the sense that they are born with certain “inalienable” natural rights. That is, rights that are God-given and can never be taken or even given away. Among these fundamental natural rights, Locke said, are ‘life, liberty, and property.’

The Declaration of Independence included these three major ideas: People have certain Inalienable Rights including Life,
Liberty and Pursuit of Happiness. All Men are created equal. Individuals have a civic duty to defend these rights for themselves and others."  
- Constitutional Rights Foundation

If Christians are going to battle this evil CIA-cult, will they need to be ruthless too? Is being ruthless compatible with Christian values and norms? Is being brutal consistent with the teachings of Jesus? Millions of Christian leaders have joined this CIA-Chechetti-cult (allegedly, even some of Billy Graham's family has joined). I literally could name dozens of famous pastors and Christian leaders who are willingly part of this evil cult. Is that moral for Christians to be part of a serial-killing cult? Is it wise? Can you be a Ruthless Christian, or can you be a Christian who is part of a ruthless cult of serial killers? Dr King had thoughts on ruthlessness regarding the violence in 1961: "The ultimate weakness of violence is that it is a descending spiral. Beggars the very thing it seeks to destroy. Instead of diminishing evil, it multiplies it. Through violence, you may murder the liar, but you cannot murder the lie, nor establish the truth. Through violence, you murder the hater, but you do not murder hate. In fact, violence merely increases hate. ... Returning violence for violence multiplies violence, adding deeper darkness to a night already devoid of stars. Darkness cannot drive out darkness; only light can do that. Hate cannot drive out hate; only love can do that."

The leaders of this CIA-Chechetti-cult have built an entire empire on lies and violence. They include Christians in their tribe because they intend to destroy Christians. Christians are the enemy. "Keep your friends close and your enemies closer." I once heard one of their leaders say. My biggest mistake was that I believed their lies. Maybe you have been told their lies too? Allegedly, Franklin Graham has believed their lies. Allegedly, even leaders at Liberty University have believed their lies. The CIA-Chechetti-cult controls vast portions of the state of Florida - one of their strongholds where they control lawmakers, law enforcement, violent gangs, first responders, educators, drug dealers, hospitals, coroners, and every critical office of power. That's why the whole Trump family recently moved to Florida after losing in the Biden in November 2020. In Florida, the Trump family is surrounded by members of this CIA-cult, and they are safe in Florida because many of the state leaders are also part of the CIA-Chechetti-cult.

The "pool boy" at the center of taking down Jerry Falwell, Jr. at Liberty University was in Florida when they met. See how it's all connected? Florida is a central hub of criminal activity for this CIA-cult. It has become a cesspool of drugs, gangs that traffic drugs, humans, and child pornography - all controlled and created by the CIA-Chechetti-cult. The recent ambush killing of two FBI agents in Florida was a CIA-Chechetti-cult hit job. These agents were ambushed and killed because they were causing problems for the CIA-Chechetti-cult. They needed to get rid of these problematic FBI agents so they could be replaced with FBI agents that are loyal to the CIA-Chechetti-cult. Now that the Trump family lives in Florida, they need more
control of the FBI agents that work in Florida so that the CIA-Checchi-cult can get away with even more crime in Florida. Having control of investigators in Florida is what has allowed the Checchi-cult to get away with a tremendous amount of crime – including numerous mass shootings (more about this in my writing at the links below).

Millions of evangelicals and Christians believe the lies told by the leaders of this cult – to their folly and destruction. Their goal is to destroy mainstream Christianity and make Mormonism the leading world religion. Why? The CIA-Checchi-cult fully controls (more than any other religion), Mormon families and Mormon leaders. This has been a reality for many decades.

One of the CIA-cult manipulations on the Christian community has been their intense effort to manipulate the Jewish leaders in Israel to “rebuild the holy temple.” The rebuilding of the holy temple is important to many Jewish leaders, and it is a central belief to those Christians who anticipate the “end times” – which happens right before Jesus comes back to Earth. The CIA-Checchi-cult is setting up their son, Adam, to be the second coming of Jesus. So, rebuilding the temple is an important part of their manipulation of both Jews and Christians. The CIA-Checchi-cult has been able to put tremendous pressure on the leaders within Israel to rebuild the temple. This would be the third rebuilding of the temple. The number three being special to the CIA-Checchi-cult as it refers to the three criminal leaders of the cult: Adam Checchi, David Kanuth, and Michael Fischer. The reason for rebuilding the temple is that it would help to convince Christians worldwide that those of us alive in 2021 live in “the end times.” Evangelicals are especially susceptible to these “end times” lies, games, and manipulations.

Please make no mistake about it: what is happening in modern-day Christian communities and dioceses through the world is an unprecedented attack on Christian leaders that needs urgent attention. Christian leaders need to know the truth about what is going on. Let’s discuss the recent story of Ravi Zacharias.

I was sad to read about the drama surrounding Ravi Zacharias before his death. Before I go further on this subject, I have to express my sincere feelings of respect and compassion to any people who genuinely felt victimized in this situation (I’m mindful of his family and co-workers as well). For over 30 years, I was a constant victim of intense Checchi-cult manipulation myself. Because of these experiences, I have become a bit of an expert in how they operate. I can relate to some aspects of Ravi’s tragic story. I have many questions that need to be answered before I could intelligently comment on Ravi’s specifics. But I can say, without hesitation and with complete conviction: Ravi was a target of this CIA-Checchi-cult, and he was “set up” in classic Checchi-cult fashion. Ravi and his ministry were surrounded by spies who served this CIA-Checchi-cult. Over ten years, they weaved a web of manipulation, duplicity, and deceit around Ravi. The job of these spies is to manipulate, exaggerate, and fabricate “information” and “data” regarding the target (in this case, Ravi).

If left alone, most targets of the CIA-Checchi-cult would never do the things with which they were set up. The cult looks for weaknesses and vulnerabilities in its targets. But once a group of spies set their sights on an inexperienced target, it’s nearly impossible for an innocent, unsuspecting person to stop the outcome. After many years of manipulation and deceit, they
trapped Ravi in multiple scandals and killed him with incurable cancer. This is their standard operating procedure for people who will not kneel at the CIA-Cheddi-cult throne of power. Ravi would never have knelt to cult leaders such as these because their tools are the devil's tools, and their ways are the devil's ways. This is an evil cult of elitists who seek world domination and personal glory. They want to be worshipped and adored for many generations yet to come.

It took me decades to realize that Al Cheddi (the founder of this CIA-cult) truly sees himself in religious terms. He actually believes he is a god here to save the entire world. Some people call his mental state one of narcissism. During the early 1990s, he infiltrated every Christian denomination. He saw to it that each denomination focused the Sunday community Bible readings on passages that emphasized Biblical verses which would point to his son, Adam. For example, "Anyone who believes in the Son has eternal life." "This is my son in whom I am well pleased." "Do whatever He tells you." "This is My Son, The Beloved. Listen to Him!" "Cut off from me you can do nothing." "Now I create new heavens and new earth." "Listen to my voice, and then I will be your God."

The Cheddi-cult prepared each denomination with readings that foretold the second coming of Jesus – which would be Al’s son, Adam. They prepared for a time when chaos would spread through the Earth like a wild fire – foretelling the “end times” and the second coming of Jesus – which would be Adam. Notice all the fires burning around the Earth in 2017-2020? That’s them. They are taking advantage of very dry environmental conditions worldwide, and they have set the world on fire. They have strategically burned hundreds of billions of dollars worth of businesses, homes, land, and at the same time: killed and tortured millions of defenseless animals by burning them alive. Then they pay Christian preachers who are part of their cult to preach the message that we live in the “end times.” This is the truth about what this cult has been doing in America and throughout the world.

I would not describe myself as a typical conservative Christian that populated Ravi’s fan base. But I liked him and found some nourishment in his work. Not only was Ravi human, but no doubt, he was heavily manipulated by the extreme CIA-Cheddi-cult that seeks to destroy Christian leaders worldwide. The leaders of this CIA-cult seek to destroy, especially those Christian leaders that teach an orthodox form of Christianity that also happens to repackage Mormonism in the process. So, anyone who is negative about Mormons will pay the price and be attacked. In recent years there have been attempts to bring peace between the Mormon faith and the Evangelical faith. Ravi taught an orthodox form of evangelical Christianity, which by definition excludes parts of Mormon belief. I believe this is possibly why Ravi and his ministry were targeted and set up for destruction. Whatever the reason, one thing is certain: he was definitely manipulated and “set up” by clandestine forces connected to this CIA-cult based in Los Angeles. The clues are abundant. When the leaders of this CIA-cult kill people, they often leave subtle clues. This is also true with the deaths of evangelists Luis Palau (who died in Portland, Oregon on March 11, 2021, and was known as the “Billy Graham of Latin America”) and David Wilkerson (who died prematurely in a car “accident” in Texas).

For many years it has been my firm feeling that what these CIA-Cheddi-cult spies do in manipulating and setting people up is very much akin to what predators and pedophiles do: they
take advantage of someone's naïve, gullible, trusting nature and use them to their selfish benefit. They should face the same punishment as pedophiles because what they do is nearly identical in taking advantage of a naïve, trusting soul and leading them to severe destruction. I don't know enough about legal matters to know if what the Cheechi-cult does is legal. But I'm sure it's immoral. It seems to be a very dishonest and corrupt form of deceitful entrapment – which has nothing to do with justice. It should be illegal what these duplicitous manipulators do to simple, unsophisticated people. They turn good people into bad people and trusting souls into criminals.

Many years ago, someone told me that the CIA could make anyone any kind of criminal they choose. At the time I was told this, my naïve self didn't believe this could be true. I remember confidently saying, "That's impossible" to the person who was telling me this. But after decades of watching the leaders of this CIA-Cheechi-cult work their brand of "magic," I can tell you it is absolutely true. And these spies are paid very well to do these things to gullible citizens. They laugh all the way to the bank. In many cases, this is pure criminal activity deceitfully polished to look civilized and respectable public service.

In the 1950s or 1960s, I heard the story of a government survey that was done throughout the American population to determine how many Americans would stand up and fight communism if communists came into America to take over our country. This study found that only one-third of the population would actually stand up and fight to stop communism. You can translate that information to this CIA-cult. This CIA-cult only has to kill one-third of Americans who would resist the cult as they work to take everything over. That would explain how President Trump has so many steadfast followers while clearly, he was doing things to kill his own followers – like having rallies during a deadly pandemic. At Stanford, a team of researchers has determined his rallies held between June 20, 2020, and September 22, 2020, were responsible for 30,000 more infections of Covid-19. Seven hundred of these Trump supporters with new infections died. The followers of Trump – many of them Evangelicals – are brainwashed and blinded by loyalty. Their common sense is disabled. They are part of the two-thirds that won't fight the cult as it attempts to take over America and the world.

Be on your guard against false prophets. They come to you looking like sheep on the outside, but on the inside, they are really like wild wolves.

— Matthew 7:15
cult, the more it becomes clear; they don’t care about freedom or liberty. They care about power, domination, and control of everything of importance in every country on Earth.

There’s a psychologist named Jordan Peterson who teaches and does lectures. The leaders of this CIA-cult have been following him and manipulating him because they liked some of the things he was saying. I think it’s possible they were going to recruit him into their cult. Then he came out with a lecture on tyrants and psychologically deranged people like Hitler. He totally described the leaders of this CIA-cult and hit the nail on the head by talking about their psychological profiles exactly. It’s not flattering what he said about them and people like them. I suppose that Dr. Peterson probably doesn’t even know this CIA-cult exists, but he nailed their profiles exactly and warned people about people like this.

When this lecture came out, the leaders of this CIA-cult began to totally circle their cult members around Dr. Peterson when he traveled. In his lectures, he would talk about experiences he was having with people when he traveled. Right away, I recognized from these stories that this was a pattern the leaders of this CIA-cult use and things they do to some people they want to control and manipulate. If you’re a naive person, you don’t realize these encounters could all be something that is being manipulated in your life. The cult leaders began filling up his speaking schedule with events to control his time, infiltrate his life, and the lives of his family and friends. This was all done in an attempt to control his message. Within a year, they convinced Dr. Peterson that he was mentally ill and apparently, he went on psych drugs. They decided Dr. Peterson could be a severe problem for their cult, so they are slowly shutting him down and discrediting him as someone who is mentally ill. If I understand this situation correctly and this is true, it shows that they can even fool, manipulate, and silence an educated psychologist. If this is true, ordinary people don’t stand a chance resisting this cult and the games they play to dominate someone.

That’s why many people feel the leaders of this cult must all be killed to stop them from what they are doing to this country and this world. The leaders of this cult will never back down. They will never give up their mission of world domination. They will never stop their mission of ruling the entire world. To date, they have killed around 4.5 million people. If they are not stopped by the end of 2021 or 2022, I predict they will be back in control like they were when Trump was president, and they will kill tens of millions more people who would never bend their knee to the leaders of this cult. If this happens, there will be one more push to shut them down by whatever leaders are still alive at that time.

Adolph Hitler was convicted of “high treason” for his role in an attempted coup. He was sentenced to jail for five years before he became a menace to the entire world. He ended up only serving nine months. When he was released, people said, he had learned his lesson. He was reformed and never repeated his ways. The truth is, sitting in jail gave him time to think about how he could improve and succeed in his plans for world domination.

What we learn from Hitler’s story: if American leaders don’t permanently stop this CIA-cult during their second attempt to shut them down, there will eventually be deaths in the hundreds of millions worldwide. By the time the leaders of this cult are done, it might be possible that they will have to kill one-third of the humans on planet Earth in order to dominate and take control of
the entire world. They might need to kill between 2 and 3 billion people when it's all said and done. It is not an exaggeration to say that this CIA-cult is one of the biggest emergencies the world has ever known. If the leaders of this cult have their way in this world, they will make Hitler's holocaust look like a minor catastrophe. Christians who are serious about living their faith in Jesus are at the top of the extermination list of this CIA-cult. Why? Because true Christians would never bend their knees to a cult like this. True Christians would see that the Cooch family are just ordinary humans who are mentally ill, not the second coming of Jesus (they claim the son Adam is the second coming of Jesus). True Christians would reject this death-cult and call it what it is: an abomination, an atrocity, an evil repugnant disgrace. It is very possible that we are on the verge of the biggest threat to Christendom that has ever existed since the founding of the Christian church two thousand years ago. The Christian church began in a blood bath of martyrdom. If this CIA-cult is not immediately stopped dead in its tracks, Christians will once again be ensnared in a sea of martyrs. The threat we face in 2021 and 2022 is that real, that dangerous, that evil.

Finally, a recommendation. Every Christian should learn and use sign language immediately. Communicating with each other in silence will become key to overcoming this cult. Instead of talking out loud, it is safer to communicate by writing things down or learning sign language. Even for the most mundane things of daily life. This CIA cult has listening devices and technology that transmits audio from the majority of homes in America. One of the reasons this cult has been so successful at dominating people is that they know what is being said and planned. They know plans being made in every home that has its computer, a television, a cell phone, or any new "smart" products available on the market today. All of these products have built-in microphones. Even watches these days come with built-in microphones. With all these recording devices everywhere and a push for broadband internet to cover every household in America, there will be absolutely no privacy in America. As Elon Musk is putting more and more satellites for this CIA-cult circling the Earth, it becomes essential to establish communication with each other that is private. As it says in the "Art of War":

"Strike at their gaps, attack when they are lax, don't let the enemy figure out how to prepare. This is why it is said that in military operations, surprise is the most effective. One of the great warrior-leaders said, "The most efficient movements is the one that is unexpected; the best of plans is the one that is unknown."

"Constitute your keenest energy, save up your extra strength, keep your form concealed and your plans secret, being unfathomable to enemies, waiting for a vulnerable gap to advance upon."

"If you are able to find out opponents' plans, take advantage of the ground, and maneuver opponents so that they are helpless, then even a large country cannot assemble enough people to stop you."

"Since it is desirable to win without battle, Master Tai says that it is best to overcome opponents at the outset by foiling their plans. Failing that, he recommends destroying opponents and rendering them helpless. Here again, it would seem that time is of the essence, but the point is made that speed does not mean haste and thorough preparation is necessary."
Please make no mistake about it: Christians and Americans of every religion are in a war today for the soul of the United States of America. The enemies of freedom and liberty are organized, strategic, and committed to win or die for their cause. They will not stop, they will not surrender, they will not give in. They have warned us all and they have been very clear: “Join us or die,” is their moto and their battle cry. Every Christian will need to decide on which side they fight. This is not about conservative vs. liberal, Republican vs. Democrat, or Protestant vs. Catholic. This is about good vs. evil and truth vs. lies. People from all backgrounds, persuasions, and commitments will need to decide for which side they will fight. There is not much time left to decide. The battle is already in motion. The death toll is rising. The Lord asks, “Whom shall I send into this battle?”

Truth is what I have shared with you in this letter. The information about this CIA-Cheechi-cult is not a theory. I experience constant death threats and harassment because I expose the truth of this information. I feel it is my duty to speak about what I know to be true — regardless of the consequences. Every day I pray, “Lord help me to do what is right — regardless of the consequences.” But I am only one person, and I can only do so much. I hope you will join me in this prayer and join me in exposing the truth of what is going on in America. If you do, I hope and pray that together we may save the lives of Christian leaders and other innocent people targeted by this dangerous, evil CIA-Cheechi-cult.

If we are to fix the ills in our society and world, we must address the root of these problems. As the Rev. Martin Luther King, Jr. said, “When there are lies, a false reality develops that cannot be defended with truth. And without truth as a foundation, those trying to protect a position ultimately built on lies will often resort to violence... That’s what we saw in Montgomery in 1961.” When a kingdom like this CIA-Cheechi-cult, which is built on lies, is challenged — they must resort to violence to protect their kingdom. The most powerful weapon in fighting this kind of evil is truth. Together we can destroy this evil kingdom and save the lives of innocent people — men, women, and children. The first step is exposing the truth. Join me in exposing the truth. I am not a conservative, and I do not share all the conservative Christian demographic values. But I can’t stand here and do nothing while I see conservative Christians being lied to and killed by a group of evil, vile CIA-cult leaders who have built an empire on lies and the murders of innocent men, women, and children. I just can’t be silent! Please join me in speaking out by sharing this letter with other Christian leaders.

That’s the end of my letter to you. Below are links to more of my writing about the CIA-cult that is destroying our country and world. And, below that are more links to other resource articles on various topics mentioned in this letter.

"Each time a man stands up for an ideal, or acts to improve the lot of others, or strikes out against injustice, he sends forth a tiny ripple of hope, and crossing each other from a million different centers of energy and daring - those ripples build a current which can sweep down the mightiest walls of oppression and resistance."

"First, they came for the journalists. Then we don’t know what happened after that."

Afghanistan’s drama has been intensively manipulated by one CIA family in Los Angeles for over 20 years. This CIA family has been criminally active in America and throughout the world for many decades. Politicians, in particular, have been extremely manipulated by this CIA family regarding Afghanistan - some to the doom of their reputation (for example: George W. Bush). From start to finish in Afghanistan, the leaders of this CIA-family-cult have been brutal & cruel - while making billions and billions of dollars for themselves with their “contractor companies” in Afghanistan and by hijacking the heroin business there and distributing heroin worldwide. My writing below (and at the links below) seeks to expose the truth of what is going on with this CIA-family-cult and their evil deeds. I know this is a dangerous thing for me to do - but Americans deserve to know the truth (For more information on the Afghanistan issue, read this: “Dear Commander and Other Military Leaders” at this link to my Google Drive: drive.google.com/file/d/1SXA13vdNBUgCML1h9qXMEyP74R9rR9Z and this important letter to Governor Scott at this link to my Google Drive: drive.google.com/file/d/142hQfhsMJO_Gf6zcyy-92dMK45DogU).

The bottom line is: there is a huge government scandal going on and I need your help. America needs your help. I have a very unique legal situation regarding a complicated CIA case which is explained more below. This situation has given me an opportunity to see firsthand what is going on behind the scenes in America. Please read this entire letter. I’m writing to you because I simply want to give you vital information and I hope you will share it with other Americans. This
is a situation in which journalists, editors, producers, politicians, public servants, attorneys, law enforcement, military personnel, and judicial professionals at all levels must be informed because there is a rogue CIA family that is killing judges, politicians, police, first responders, attorneys, and their loved ones throughout America. "Join us or die" is their motto. This is a very serious and very real situation that concerns the entire American community. The leaders of this CIA group are attacking those who uphold the rule of law in America because this CIA family believes they are above the law. Recently, federal courts have been ruling against them in various cases regarding my situation with them and this has broken their psychological defenses that they are above the law. In retaliation, they have been killing judges, attorneys, police, and their loved ones all around the United States which is their way of trying to intimidate judges, law enforcement, and attorneys who uphold the rule of law across the United States. This CIA-Cicchelli murder syndicate has been spreading throughout the world - so this has become a problem for the entire world community.

I got involved, unknowingly, with this CIA-family-cult (created by Harvard graduates based in Los Angeles, California) and discovered they are literally trying to dominate the entire world for their own glory and personal gain. First, they need to control America before they can dominate the world. So, they are working hard these past few years to create chaos and intimidate American political leaders, military leaders, and judicial leaders. I know the leaders of this cult because I used to work for them. My writing seeks to expose the truth of this evil, un-American group.

During the week of July 28, 2021, a court banned my writings for the links below starting on September 16, 2021. I have been ordered to drastically change the information contained in these writings since a court in August 2020 said I was allowed to name specific people and their specific crimes. I am no longer allowed to name these people or their crimes. So, I plan on redacting parts of these documents to see if these changes will be acceptable. I am told that some of these links below won't work after September 16, 2021. I hope Americans like you will know the whole, secret truth of what is going on and help tell this story if you can. No writing that tells the truth should be banned in America (for example, they want me to take out the fact that the leaders of this CIA-cult are shooting up heroin, snorting lines of cocaine, popping pills, smoking weed, and fully drunk WHILE THEY WORK on an almost daily basis! They abuse these substances while they are killing children, killing unarmed men and women, and attacking lawyers, judges, military personnel, and politicians in America and throughout the world). Al. Kathy & Adam Cicchelli - the founders and leaders of this CIA cult - have found that if they reward people with hard-core drugs these people are more likely to do things that are illegal and even horrific crimes against humanity. It is insane what they are getting away with. Since they use tax-payer dollars for their business, Americans have the right to know what is going on with these people and their drunken cult-of-death. Drugs and alcohol directly affect mental processing and sometimes even exacerbate mental illness, if such illness is present (which I believe is clearly the case with at least 5 of these leaders). What these CIA-promoted people are doing must be exposed and the truth must be told. Innocent people are being slaughtered in America and around the world. No one in government is holding these people accountable. The CIA has failed to monitor the mental health and mental stability of their people. These people have been off their rocker for a long time. They are out of control in every way possible. I hope
you will take the time to read what I have written - which amounts to a comprehensive journal of their activities.

As for current news, please read my letter below to President Biden regarding the murders of two former U.S. Senators at the end of July 2021 (one from each party was killed - Republicans and Democrats). The CIA-Checchi family must immediately be stopped from killing more people. They always kill in threes ... so there is one more Senator they are planning to kill if they are not stopped. They have killed so many people (read more details at the links below). They are killing children, federal judges, family members of judges, attorneys, military personnel, politicians, and average citizens. CIA-Checchi insanity must be stopped NOW. If you are the kind of person who takes action, please share this information with others and contact your elected representatives to demand they do something to stop this CIA-Checchi-cult nonsense immediately. They plan on killing everyone who does not "bend the knee" to their throne of power. This is a serious crisis that involves attacking & killing military personnel, attorneys, judges, and the rule of law in America.

This CIA-trained group of domestic terrorists has been busy organizing many horrible things. Just in the last 12 months, they have funded and orchestrated:
1. The George Floyd riots in the summer of 2020 - creating over 4,500 protests, chaos, and crime in many cities (mostly run by Democrats across America). More than 2,000 police officers were injured. Billions of dollars in damage to businesses.
3. The largest and most significant forest fires in America's (and Australia's) history.
4. They have distributed opioids/fentanyl nationwide, deliberately killing mass numbers of people (59,710 deaths in 2020 alone - the highest number ever).
5. They have organized the computer hacking of businesses to demand ransom.
6. They have manipulated state politicians in 40 states to enact laws that make voting harder for some people.
7. Just in ONE WEEKEND this past 4th of July 2021: they created over 400 shootings across America where 150 people died.
8. They were behind orchestrating the recent collapse of a condo building in Surfside, Florida - resulting in the death of many innocent people.

They do these sorts of terrorist events (there are more details regarding their shenanigans in the writing at the links below) as a way to create chaos and to punish authorities who are starting to crack down on their criminal behavior. They are able to successfully get away with serious criminal behavior because so many people who have the power to stop them are part of this CIA-cult. These cult members (who are supposed to serve the public) follow orders the CIA-cult leaders give them to cover up their serious crimes and turn a blind eye to serious corruption.

Their goal is to hijack American democracy. Then, after they successfully hijack American Democracy, they plan on dominating every country in the world - just like Hitler had planned. These people are literally another Nazi nightmare with plans for world domination at any cost. This is a very serious crisis. Please read the letter to President Biden below and read the articles at the links below, which I have written over the last four years to inform the public of what I know about this CIA-Checchi-cult menace to our democracy and world.
Best regards.

July 30, 2021 – 3 AM

AN OPEN LETTER TO: President Joseph R. Biden, Vice President Kamala Harris, Secretary Austin, Speaker Pelosi, Senator Patrick Leahy, Congressman Peter Welch, CIA Director Burns, Governor Phil Scott, Governor Gavin Newsom, Attorney General Merrick Garland, Attorney General TJ Donovan, Attorney General Rob Bonta.

With the recent deaths of two politicians this week (Michael Eazi, Former Senator From Wyoming, Dies at 77, and Carl Levin, Long-Serving Michigan Senator, Dies at 87), I want to take this opportunity to remind us all of some facts:

1. You know it is a fact the CIA Checchi family has been killing American children by organizing these school shootings for over 20 years. HUNDREDS of American children have been tortured, abused, psychologically scarred, and slaughtered by the Checchi family. We have TWO entire generations of kids who have severe mental stress (like PTSD) because they were forced to practice in school “active shooter drills” regularly – because of the Checchi family and the government officials who refused to stop them permanently. You can say it was only Adam Checchi who organized these school shootings, but the truth is: all the Checchi family leaders knew what he was doing, and no one did anything to stop him. That makes them all guilty of being serial-killers of children – not just serial-child-abusers (which they also are) but serial-child-killers. No one at the CIA, the DOJ, the military, or the White House has stopped the Checchi family – even though dozens of government officials know it is them that is behind these murders. This is one of the biggest scandals in American history.

2. You know it is a fact the CIA Checchi family has been killing HUNDREDS of innocent American men and women by organizing these mass shootings for over 20 years. HUNDREDS of American men and women – innocent, unarmed American citizens - have been tortured, abused, and slaughtered by this family – and no one stops them. I know that government officials know it is them behind all these killings because they have done many of these killing events lately in protest of one thing or another (for example, sometimes they lost their CIA badge over their disgusting behavior, but then they were given their CIA power back after organizing one of these mass shooting events. So, clearly, people at the CIA knew it was them behind these terrorist events that killed hundreds of innocent, unarmed Americans.)

3. You know it is a fact that the CIA Checchi family has killed millions of innocent people worldwide in various ways over the last 30 years. It is a fact that they have also been directly
responsible for at least 23 million+ people becoming homeless refugees. Yet, no one in the American military or the American government has stopped them from these crimes against humanity.

4. I have a very long list of facts regarding CIA Checchi crimes that I could remind you about and share with you here, but I will instead refer you to my writings (links below) which document their many crimes against the American people. Just what I have already written above should be enough to remind you that the CIA Checchi family is the most dangerous, murderous, brutal, cruel, undisciplined, out-of-control family of power-players in American history. They are routinely on an almost daily basis—drunk and high on drugs while they work. Yet, no one will stop them and protect the American people. This is completely unacceptable and cowardly.

As I write this to you it is now 4:04 AM (I can't sleep because I had another Checchi nightmare last night, which is becoming a nightly thing. I get these nightmares because I've been psychologically tortured, abused, and threatened by the CIA Checchi family for over 30+ years. American government officials have allowed this nonsense to go on for so many years. I now have a form of PTSD. These nightmares usually keep me awake all night.)—as I write this to you, a military plane (an F-35 I believe) just flew very low over the house where I live to remind me that the Checchi's are watching me write this to you, and they disapprove of what I'm doing. They do this "military plane thing" now and then to remind me they control the military. Again, they are threatening me with military action for standing on my right of Free Speech and my right as a journalist to Freedom of the Press.

The only reason the Checchi's have attacked me (and anyone who supports me) is because I was close, personal friends with Lady Bird and Luci Baines Johnson, who met and befriended in 1978. Friendship was my only crime. The Checchi family considers the family of LBJ to be their mortal enemy. I have been in and out of court this past year with the Checchi family many times. I have watched the Checchi family manipulate judges and attorneys like Mozart played the piano. There has been little justice and lots of Checchi manipulation.

It is a fact that the CIA Checchi family has been killing federal judges and attorneys all over the United States to protest federal judges who have been ruling against them in some of these court cases. Dozens of judges, attorneys, and their loved ones are dead—killed by the CIA Checchi family. This includes the last two Supreme Court Justices that died. They killed Justices in the highest court in the land, and they did not get punished for it. Instead, they bragged about these Supreme Court killings. They kill judges as a weapon of intimidation and to "demand respect" in the legal community—this strategy seems to be working. Apparently, the recent attorney I had was working for the Checchi family all along and not representing me properly or fairly. Apparently, he even "slept" a few weeks ago during an important proceeding that was held over "Zoom." I guess it will be no surprise if I tell you that I lost that court case. Clearly, he was being paid by the Checchi's to not do his job. Again, they are denying me due process.

Apparently, I can't get an attorney to represent me in court anymore. Everyone is afraid of the Checchi family. They are above the law in America. No one can touch them or hold them accountable. American politicians refuse to hold them accountable, and government officials or agencies refuse to hold them accountable. It's been suggested I might have to represent myself in
an upcoming court case against them because an attorney will help me out of fear of retaliation. I am a federally protected whistleblower, and I don’t get any more help than this!!!!!! That is Shameful Support. But I understand: this family of domestic terrorists has everyone worried they or their family would be next on the CIA Checchi kill list. I get it. Half my family is dead because of the Checchi family. Many of my family that is still alive today live in fear of the domestic terrorist Checchi family. Believe me - I get it. But it’s still my job to speak the truth, fight for justice and do what is right before God. This is my duty as a Citizen.

I don’t want to take up any more of your time. I just want to remind you that you have taken an oath to defend this country against foreign and domestic enemies. It is your job to protect American citizens, but these Checchi’s continue to kill innocent Americans every day! Kathy Checchi sent me a message last night. She told me she is the one who killed these Senators this week (Michael Enzi and Carl Levin). She’s doing this because some Senators in DC are coming together to try to stop her family from their terrorist activity. These Senator deaths are a warning from Kathy Checchi (who apparently is now operating under the CIA badge of Oprah Winfrey). This would be classified information, if it’s true, yet the Checchi’s tell me classified information all the time, and they don’t get punished for it. Why aren’t they punished for constantly disclosing classified information? Because they are above the law. It is a fact, apparently, that Oprah is now defending and giving safe harbor to the most prolific group of serial child abusers and serial child murderers in American history. Oprah defending and protecting child abusers?!!! This is an irony too painful for me to dwell on. It’s literally disheartening. Oprah protecting child abusers?!!! This is very symbolic of how sick and twisted this situation has become.) I’m just an average citizen who works as a writer & independent journalist, but it seems that not one of you is doing your job regarding the CIA Checchi family. It would be best if you stopped up your action to stop them permanently NOW. If you wait even one more month, it will be too late to stop them, and this American democracy is dead & gone. It will be the “United States of Checchi.” They have proven themselves above the law repeatedly. Their motto is “join us or die,” and they mean it. I will die before I join those terrorists. Your action or your inaction will have consequences around the world for decades to come. The time to stop them is NOW.

As I finish this letter to you, the rain begins to pour outside. Writing this letter to you has been a very sad task. Even the clouds are crying at this mess that weights so heavy in America. Innocent Americans and children continue to be slaughtered - you took an oath to defend America from enemies both foreign and domestic. PLEASE DO YOUR JOB! AMERICAN SENATORS, AMERICAN JUDGES & ATTORNEYS. INNOCENT MEN, WOMEN, AND CHILDREN ARE BEING SLAUGHTERED BY THE CIA CHECCHI FAMILY. IT IS YOUR DUTY TO STOP THEM PERMANENTLY. PLEASE DO IT NOW.

Respectfully,

Dillon J. Woods

************ Please note that a federal court permitted me to share these details of names and crimes committed by the leaders of this CIA-cult in August 2020. Just recently (July 28, 2021), another court has ordered me to stop sharing this writing as of September 16, 2021. My writing & books have been banned. Mr. Governor Cuomos, Attorneys:

I have credible information that the allegations against Governor Cuomo are orchestrated manipulations. A dangerous CIA group/cult (controlled by Al, Kathy, and Adam Cloochi in Los Angeles) is behind manipulating these allegations. I just tried to email the Sheriff in Albany, New York, to tell him what I know about this group, and my email to him was blocked. This blocking confirms I am on the right path. The Cloochi's often block my emails when they don't want me communicating with someone (Adam is a prolific hacker and graduate of Harvard's computer science department). I am sending this email to you in hopes that you will receive it and you can forward it to the Sheriff in Albany, New York.

I work as an independent journalist, and I get tips on crimes from various sources. I also piece clues together that are left at the scene of a crime (I specialize in reporting on crimes committed...
by a group of CIA people who get away with so much crime they arrogantly leave clues at all their crime scenes. It has become known to me that the CIA Checchi family is behind the attack on Governor Cuomo. They seek to take him out of power to put their people in power instead. The motivation behind the attack is:

1. Retaliation because Governor Cuomo has been standing up to their criminal activity in New York state.
2. Replacing him to get more of their people in power in New York state.
3. Protecting former President Trump from prosecution by the state of New York.

So, today I tried to contact the sheriff in Albany, NY to give him the information I have and was blocked from contacting him ("Sorry, we were unable to deliver your message August 9 at 2:54 PM - permanent failure for one or more recipients: blocked.")

Thank you,

Dillon Woods
Independent Journalist

I am 100% certain that I am correct about this because people were killed after reporting this to Governor Cuomo's attorneys. Adam & Kathy Checchi shot two kids in retaliation for my action in exposing the truth (Two Boys, 12 and 14, Shot In Albany Park, Chicago; One In Critical Condition). Oprah Winfrey is also a leader in this CIA Checchi cult. Since she was based in Chicago for many years, she was likely involved in orchestrating these attempted murders of innocent children. The Checchi cult leaders have a habit of killing children when they retaliate. Something is very wrong with the sick Checchi family cult leaders. They need to be permanently stopped - forever. They are not mature enough or sober enough to have this kind of power. They constantly kill innocent people.

UPDATE ON THE CIA CHECCHI TERRORIST FAMILY

September 1, 2021 (updated October 1, 2021)

This is a longer letter, but it's an incredibly important one. Leaders in America (and beyond) deserve to know the truth about one large CIA family that has used tax-payer money and severely abused their power by organizing terrorist events in America and worldwide.

With all the drama that the CIA Checchi terrorist family (based in Los Angeles) has created in Afghanistan (especially during August 2021) - the situation has turned into a genuine emergency for the world. This CIA Harvond family was behind orchestrating the horrible bombing on August 26, 2021, in Afghanistan that killed 13 American military professionals and at least 100 other people. The CIA Checchi family fully controls these terrorist groups in Afghanistan and uses them to exact punishment on their enemies (which sometimes includes attacking the
American military and friends of America—like NATO members. It's not the first time they have killed a dozen American military professionals. They need to be held accountable for their heinous acts. This latest bombing (on 8/26) was retaliation for what the military is doing to them. The U.S. military is finally hauling the terrorist Checciti family into military court for their war crimes and prolific terrorist activities in America and around the world. The truth is: because President Trump always gave them secret, formal pardons for their crimes, they were not able to be held accountable for their monstrous crimes over the last five years. President Biden said he would "not forgive" those behind these attacks. We can take that to mean this CIA family will be held accountable for killing innocent Americans, FINALLY! Many feel this out-of-control CIA family has been long, long overdue for a meeting with American justice.

When the bodies of the 13 soldiers who were killed came back to America, there was a solemn ceremony held as the caskets came off the plane. President Biden, some family members of the fallen, and military professionals gave their respects to each casket as it came off the plane. As each casket came off, some in the press have criticized President Biden for looking at his watch. One grieving parent said during a recent TV interview that President Biden looked at his watch as each casket passed by him. If that is accurate, let me interrupt and explain that gesture for you correctly. By looking at his watch as a casket passed by him, he was not being disrespectful or impatient (like he had somewhere to go). This gesture would have been a communication to the CIA Checciti family leaders who organized the suicide bomber that killed these soldiers. If he was looking at his watch repeatedly, President Biden was telling this CIA family that their time was almost up, and they would be held accountable for killing these soldiers. He would not pardon them; he would not forgive this crime (as Trump had pardoned them so many times). President Biden has said he will hunt the CIA Checciti family leaders down (they are on the run after this bombing), and President Biden intends to make them pay for what they have done.

Up until this point, I was very worried President Biden would be a Trump 2.0 in the pardon department for this CIA family. I know for a fact that President Biden has been close, personal friends with Ali and Kathy Checciti since the 1980s. What he is doing in standing up to them has to be heart-wrenchingly difficult for him. I was close friends with this family as well and I know how hard it has been for me to expose their criminal empire and stand up to their nonsense. In committing this situation and this CIA family to justice, President Biden has chosen to do the right thing for America and the world—putting his personal feelings for them behind him.

Finally, we have a President who will hold this criminal CIA family accountable. This is potentially very, very good news for America and the world. We'll have to see how it pans out in the end. (I'm cautious because the Checciti's are known for meticulous planning and what they have done is organized 27 high school students and some teachers from their jurisdiction in California—San Juan Unified School District—to visit Afghanistan during this time. As of today, these students are stuck in a war-torn country controlled by Talibain terrorists. The Checciti's will hold these students as bargaining chips in their negotiations with President Biden and the military if the military trial does not go as they want it to go. When I tell you the Checciti's are evil family this is an example of what I mean. They could not care less about the fate of these California students and teachers—even though most of them are probably part of the Checciti cult. They often kill their own cult members without hesitation, if it suits them to do so. This family needs to be permanently stopped.)
This Afghanistan situation is similar to the insurrection the CIA Cheechoi cult organized on January 6, 2021, in Washington, DC (more about this below). However, the difference was that this drama in Afghanistan was on the world stage and included abusing the trust of American allies and deceiving many friends involved in the Afghan war. Please read my letters below to the FBI and Governor Scott. As you see from the CIA-cult’s drama created in Afghanistan, the Cheechoi family are a brutal, calculating, evil family. They planned this Afghan fiasco to happen in August because everyone (in Congress, the Senate, and the Whitehouse) would be on vacation.

The groundwork for this drama was set when Trump was President and Pompeo was Secretary of State (both men are loyal CIA Cheechoi cult leaders). There is solid, undeniable proof that President Trump and Secretary Pompeo negotiated a “deal” with the Taliban that was deliberately meant to screw Joe Biden, the American people, and America’s allies. This is how the CIA cult leaders ordered things to be orchestrated. Around this time, President Trump demanded that the Afghan government release five thousand dangerous Taliban prisoners who were in jail. Check out this video (link below) where Secretary Mike Pompeo clearly shows his role in setting up this Afghanistan failure way back when he negotiated with the Taliban. Secretary Pompeo laughts at the Congressman questioning him when the Congressman describes the worst-case scenario that could (and did) happen when troops begin to leave Afghanistan. This is proof that the CIA Cheechoi cult has been in control of this whole thing from the beginning - controlling and manipulating the Taliban leaders and the Afghan government.
Former President Trump had a Taliban leader, Mullah Abdul Ghani Baradar, released from prison in 2018 (here pictured above with Secretary Pompeo on November 12, 2020), as the "negotiations" were being conducted. Since Trump had lost the election just days earlier, the CIA Chechen cult was determined to put the screws to Joe Biden in these negotiations. But who really got screwed? The American people and America's allies.

Mullah AGB had been captured by the United States in 2010 and put in "prison for life" because of the war crimes he had committed. Yet, the Trump administration insisted on negotiating with him along, with no one from the Afghanistan government present! Clearly, this was the beginning of the plot to betray America and her allies. This is the same man that many believe will likely become the new "president" of Afghanistan at some point in 2021. At this point, the Taliban have not said who will be leading their government or what this person will be called.

Watch this video of Secretary Pompeo being questioned by Congress (which has the Constitutional responsibility of oversight in this situation). Watch how the Secretary refuses to cooperate with Congress as he evades answering their questions with any meaningful answers:

This video at the link above shows a perfect example of how the CIA Chechen cult leaders "work their magic." It's clear that 75% of what the Chechen cult leaders do is selfishly for themselves as they build their own kingdom, and 25% (or less) is for the United States' national security interest. So, if they give the slightest impression they are doing something for America (in this Afghanistan case, what they are doing is creating the illusion that they could lure China, Iran, North Korea, or Russia to be partners with the Taliban – sucking these American enemies into a scam. This would be considered a "CIA operation," even though it's laughably transparent and weak.). If they do this sort of thing, the CIA Chechen cult leaders can get away with committing horrible crimes and use this situation to abuse, bully, and threaten world leaders into submission.
to their cult. This scam is why they can claim they are “working an operation” for the USA and get away with serious crimes and abuses which, in the end, bring the CIA Checchi cult personal gain and massive financial profit.

One of the serious crimes the CIA Checchi cult “got away with” in Afghanistan was in 2011 when they killed a man named Burhanudin Rabbani. Mr. Rabbani was President of Afghanistan from 1992 to 2001 (he was forced into exile by the Taliban from 1996 to 2001). When they killed him, he was showing good progress in negotiating peace with the Taliban, and many were hopeful the war would come to an end soon. But that progress came to a screeching halt on his birthday on September 20, 2011, when a suicide bomber killed President Rabbani at his home in Kabul. Four other members of the Peace Council were there with him when the bomb went off—killing all five peacemakers. He was considered invaluable to the peace process because he was the only official who had personal relationships with all the tribe leaders in Afghanistan. He knew them, and they trusted him.

The CIA Checchi cult needed the war to continue so they could make more money. The plan was to make at least one trillion dollars over twenty years. The CIA Checchi cult sent the suicide bomber to stop the peace process because they wanted more money for their own personal gain. They didn’t want peace in Afghanistan, they wanted money. They had set up a money-making machine in Afghanistan, and it needed to run for another ten years to reach their trillion-dollar financial goal. This money would be used to fund their terrorist operations around the world. Their goal: total world domination and control. President Rabbani was getting in the way of their plans to become multimillionaires (which was, in actuality, money stolen from American taxpayers). Financial greed is a basic, fundamental motive at the foundation of the CIA Checchi cult. They made ungodly sums of money in two ways: 1) with their various “contractor companies” that were working in Afghanistan for the Department of Defense and 2) the heroin business they had hijacked in Afghanistan (which made four billion dollars per year internationally).

The other important point regarding the assassination of President Rabbani is the most criminal aspect of this murder. In Islam, many believe that if the Islamic scholars decide together and agree on something not written in the holy writings, it is like being the Word of God or as if it were written in the Koran (or Hadith). Ironically, in the days before he died, Mr. Rabbani was conducting a successful campaign asking Islamic scholars to issue a religious decree (or fatwa) to ban suicide bombings. If he would have been allowed to finish this task, he would have rid the world of Islamic suicide bombers permanently—a task so noble and important for world peace. Maybe even worthy of a Noble peace prize. As punishment, the CIA Checchi cult should be forced to pay for damages that have occurred at every suicide bombing done by a Muslim since President Rabbani’s death because they stopped this peace from becoming reality on Earth.

The chart below is very telling on many fronts. Most notably, it shows the Afghan army was willing to fight and die for their country. So why did the Afghan army suddenly quit in August 2021? Because the CIA Checchi family controlled the leaders of the Army, and they were told to quit or (most likely) paid to quit. That’s what unexpectedly created this whole mess in Afghanistan.
A great example of how the CIA Checchi cult leaders pull off scams and make money is the “insurrection” attack at the Capitol in Washington, D.C., on January 6, 2021. They 100% organized that entire insurrection event to threaten, intimidate, and bully lawmakers and Vice President Pence into overturning the election and keeping President Trump in power. By many standards, President Trump was objectively the most corrupt President America has ever had. He made hundreds of billions of dollars for the CIA Checchi family during his four years as President. In return, the Checchi’s manipulated good financial deals for Ivanka and Jared, who made hundreds of millions on the side while working in the White House.

Through their vast network of slaves and their massive financial support, the CIA Checchi family helped Trump become President so that they could make ungodly sums of money off his power and influence. My writings (at the links below) outlined how they did this (hint: it has a lot to do with manipulating stock markets around the world by getting Trump to say or do certain things that would influence the way stocks would rise or fall. Since they knew what Trump was about to say or do, they could position themselves in the world of stocks accordingly — making billions and billions of dollars around the world for all their companies worldwide). Since President Trump had the power to pardon them, they could commit as many crimes as they wanted, and they would always get away with it. The Checchi cult leaders are very, very corrupt people, and what they did in this regard was a total & severe abuse of power.

However, regarding the insurrection, they also did lure violent criminals, white supremacists, and radicals from all over the USA to Washington, D.C. They organized a rally and told President Trump and others to speak to the crowd that gathered and stir them up to attack the Capitol while they were certifying the election results for the 2020 Presidential election. This was the 25% to justify a legitimate “government operation” that was meant to trap and set up legitimate criminals. Doing this is also very profitable because the government rewards those who stop or catch a criminal. So not only did the CIA Checchi cult get away with organizing the insurrection and intimidating lawmakers but they also got paid for it! They are experts at finding loopholes and making money as they exploit the loopholes.

The CIA Checchi group paid for the insurrectionist’s transportation to Washington D.C., paid for their hotels, and paved the way for them to enter the Capitol (you can see a video where police open the barricades to let the protestors in here at this link: https://twitter.com/nuevoavesavenger/status/1346920024310867968?s=20). This CIA cult will often ask their wealthy and well-connected members to pay the bill for different things. Allegedly,
even the wife of Supreme Court Justice Thomas helped pay for a bus to move these people into D.C. The military was called 14 times for help but never came — this was all a manipulated part of the CIA-Cocchi plan to threaten, harass, and intimidate lawmakers who were in the process of certifying the election for Joe Biden. William Walker was commanding general of the DC national guard on January 6, and he testified that there were “unusual Pentagon restrictions” implemented that day which helped to create a three-hour delay between when help was requested (even Vice President Pence called the Pentagon for help) and when help arrived at the Capitol.

Christopher Miller was President Trump’s “acting defense secretary” in the final two months of the Trump administration. He replaced Mark Esper who was fired after Trump lost the election because President Trump saw Esper as someone who was not loyal enough. In hindsight, what was really going on was a plan being put in place to help create the chaos that would unfold on January 6.

On the day of January 6, President Trump and other speakers enticed the mob assembled to “fight like hell” for democracy. Then they were told to march up to the Capitol when he gave his speech. President Trump promised to be with them, but that was another Trump lie. He was setting up many of his own supporters to eventually be arrested and jailed — just like he was killing many of his followers. He deliberately held political rallies during a pandemic that turned into “super spreader events” where his followers caught a virus that would kill hundreds.

According to a Stanford research study, eighteen Trump rallies held between June 20 and September 22 created over 50,000 new Covid cases and 700 deaths. Proving that Trump supporters may be passionate, but they are not good at critical thinking.

These people that were part of the insurrection got set up (which some of them have figured out by now), and President Trump would not give them pardons (he could have) because the 24% of this operation that legitimized the whole thing was for the CIA-Chocchi cult to hand over criminals to the Justice Department from all over America. So far, over 600 people have been charged with crimes, but the FBI says no “evidence” has yet been found that it was “organized.” Of course not: 1) The CIA-Chocchi cult leaders that organized the insurrection were given a pardon by President Trump before he left office, so the FBI can’t find any evidence that leads back to them because it has been forgotten already via the pardon President Trump gave them. Even when they do find that kind of evidence, they can’t say they did since it was a CIA government operation that has already been given a Presidential pardon. 2) These CIA-Chocchi people are sophisticated, smooth criminals — they don’t leave much hard evidence of their crimes. They often leave clues, but rarely do they leave evidence (the only time they leave evidence is when they are high from shooting up heroin and/or drunk while they work). From over sixty years of CIA experience — the Chocchi family knows how to cover their tracks and get away with serious crimes.

If President Biden would give the CIA-Chocchi family pardons as generously as President Trump had done, America and the world would continue to be in a lot of trouble because it means there would be no end to the terrorist acts which they prolifically commit in America and around the world. The coddling of domestic terrorists and playing footsie with them — by any politician — is a legitimate betrayal of the people. Being “diplomatic” with them never pays off. You cannot
negotiate with terrorists and win. They are brutal killers with no conscience. It looks as if President Biden may be set on a course to hold the leaders of the CIA Checchi cult accountable for their crimes, which are severe crimes that are also brutal and abundant. As I type this, the CIA family leaders are all hiding and “on the run” because they are being sought by the military for orchestrating the August 26 bombing at the Kabul airport in Afghanistan. Let’s hope for the sake of world peace they are found and arrested soon. This CIA Checchi cult nonsense has gone on for too long.

The bottom line is: The world is in a lot of trouble with this Afghanistan situation being organized and used by the CIA Checchi cult to blackmail and bully world leaders into submission. The CIA Checchi cult leaders are ready to kill any number of people who stand up to them and they will burn down the entire world to build their empire of greed and hate. Their goal is to fully control the entire world and turn it into a machine that serves them and makes them the wealthiest, most powerful people in the history of humanity. If they are allowed to come to extreme worldwide power, they will kill hundreds of millions of people worldwide and make Hitler look like he was an amateur. In addition, they will kill everyone who does not go along with them and join their cult. “Join us or die” is their motto, and they mean it.

Evil is fully alive in 2021, and the devil lives in Beverly Hills, California, 90210.

P.S. The latest CIA Checchi family trick: they used the “debt ceiling” to make federal authorities bend to their will and threatened to ruin the country economically if they did not get their way. In September 2021, Washington politicians had two issues to deal with: They had to fund the federal government (which includes funding the military) through December 3, 2021, and they had to increase the debt ceiling. Not doing this would force the government to shut down. They had to pass a budget by the end of September 2021. Through blackmail, bribery, and bullying, the Checchi family controls 70% of Republican politicians and a smaller percentage of Democrats in Washington, DC. They control politicians on both sides of the aisle. But they’ve specialized in tricking a lot of Republicans into being their slaves. These politicians must do whatever they are told to do by the CIA Checchi family because they are being blackmailed, bullied, or bribed. This CIA family threatened the Biden Administration with severe problems by giving no cooperation on the debt ceiling issue. This CIA family does not act in the betterment of the country but in pure self-interest. They were not elected to this position of power but seized this power through financial bribes, blackmail, or death threats on a very large scale. This CIA family has certain things they want (for example, they’d like the military to stop holding them accountable in court). If they don’t get what they want, they threatened to force their politicians to ruin the country by not raising the debt ceiling. For selfish gain, they are willing to ruin the country and destroy it economically. And the Biden administration would get the blame for this debacle. The Checchi family has experience at doing this sort of thing because they were also behind orchestrating the high stakes drama of the 2008 financial crisis—what Warren Buffet called “an economic Pearl Harbor.” The basis of this mess was the manipulation of certain people.
working at the prompting of the Chocchi family that made bad investments over a period of years. This was all preplanned to attack the Presidency of George W. Bush – which gave his presidency a massive embarrassment, tanking his public image and his way out of office. Even at that time the Chocchi family was able to get certain Republican politicians in Washington to support their attack of President Bush. I once again, the Chocchi family got what they wanted, and politicians passed the bill on September 30, 2021. Still, there is no doubt the Chocchi family will play this game again when politicians are forced to revisit this issue on December 3, 2021.

Playing games like this is how the Chocchi family has survived in power for so long. In a September 8 letter written by Maryland Representative Steny Hoyer, he wrote: "It would be a disaster for our economy and for tens of millions of American families if Republicans refuse to join Democrats in responsibly addressing the debt limit. I urge Senator McConnell to stop playing dangerous games with our economy and the well-being of so many Americans." What would you do if you were President Biden? He is faced with this terrorist CIA family threat of destroying the American economy and constant threats of mass murders as they orchestrate deadly mass shootings throughout America and explode fat bombs worldwide. President Biden knows what this CIA family is doing but he can’t come out and tell Americans what they are doing because he has taken an oath of secrecy. But I have not taken an oath of secrecy, and I happen to know what is going on because I am locked in a lawsuit with this family - so I get to see what is going on behind the scenes in American politics as they lash out at various court rulings in my situation with them. Many times, the leaders of the CIA Chocchi cult even brag to me about what they have "gotten away with" in some weird attempt to impress me or intimidate me into cooperation. I must be honest with you and say - I'm shocked at how bad things in America are. I'm shocked that no one can contain this evil, murderous CIA family of domestic and international terrorists. This is the truth - our leaders in America are dealing with (and are trying to contain) a brutal, ruthless CIA domestic terrorist family that controls the entire secret society world and an army of five hundred million spics worldwide. They have even created new terrorist groups (like the Proud Boys, Antifa, and ISIS-K) to carry out their terrorist plans. The CIA Chocchi family has so much power they have been able to get away with horrendous crimes against the American people and crimes against humanity for many decades (more details are available in my writing at the links below). Tens of millions of people have suffered tremendously because of the sins the Chocchi family has committed for decades. Some people feel there is some "Old Testament justice" that the Chocchi's deserve. I think most Americans would tell President Biden to finish them all off. Be done with this family and move on. But we'll see what happens. It isn't a situation with an easy solution - when you know the details. For more information on the issue of the debt ceiling, this is a well-written article from CNBC: https://www.cnbc.com/2021/08/17/debt-ceiling-vs-government-shutdown-2021-why-it-matters.html

Dear FBI -

Below is a letter I sent to Governor Phil Scott yesterday. For decades I have been an advocate for non-violence in the spirit of Dr. Martin Luther King, Jr. But, if you people don't kill the CIA Chocchi family, American democracy is done and hundreds of millions of people around the
world will be slaughtered by their hands. I have seen what is to come under their rule and they must be stopped. They will not surrender and they will not back down. They must be killed to save the human race. It seems that President Biden can not do the job that needs to be done to reign this family in and stop them from their killing spree. It appears as if they are blackmailing him. It seems that American leaders have abandoned the American people and will sacrifice the entire Republic for their own career and safety. The Vice President does not seem any better on this CIA Chechen issue, since she is from California. The military is under Biden’s control, and it seems they can’t do the job that needs to be done to save the United States, either. That is the situation, and it seems that you are the only hope America and the world have for freedom, justice, and democracy to prevail.

Sincerely,

"Note to readers: this letter below is long and if your time is limited, let me give you a short summary here because it may not be of interest to you. It deals with my own personal situation as a journalist being attacked, tortured, and abused by politicians and government agents. I know for a fact that American leaders DO torture and abuse journalists in the United States. I know this from many years of first-hand experience. President Biden is surprisingly among the worst I have ever experienced. It seems he is punishing me for exposing the truth of his friends at the CIA. I am dealing with government leaders and politicians who continue to play games with me as they psychologically torture me, physically torture me, financially abuse me, and continually harass me by keeping me homeless, refusing to give me money that is legally mine, and denying me due process in a judicial matter (more on this below). This money they are withholding from me would solve my homelessness. But the CIA Checchi cult wants to keep me poor because they are trying to pressure me to return to California and rejoin the CIA Checchi cult leaders as they produce terrorist events around the world. These politicians are doing things to hurt me because the CIA Checchi cult leaders are forcing them to do this by putting various guns to their heads with threats of violence and more terrorist events in their respective jurisdictions if they don’t cooperate in abusing & torturing me. In a six-page rant (below), I try to clarify to all these politicians that I’m not cooperating with this CIA Checchi nonsense, and neither should they. Through all this, I have lost respect for politicians who serve in their roles and play footsie with this prolific terrorist CIA Checchi cult. Politicians hope to gain the approval and support of these CIA cult leaders. But this is like chasing a rainbow to find a pot of gold. That game never ends. It makes me wonder if more laws need to be in place to protect citizens and journalists from such political abuse of power. There needs to be a way to stop politicians from such obvious coddling of terrorist networks and abusing journalists who are telling the truth to the public. Politicians live in fear of these CIA terrorists. Politicians should not have to put up with terrorist threats that are direct or veiled. Maybe we need more laws to protect politicians from groups like the CIA Checchi cult.

AN OPEN LETTER TO GOVERNOR PHIL SCOTT

Governor Scott,

Once again, money that was promised to me this week — money that is legally mine — has been denied and pulled away from me. I need money to rebuild my life on a path of healing instead of living on a path of toxic interactions, toxic experiences, and unhealthy living & work situations. As you know, this has been happening constantly for the last two years. I've been through enough, and these constant, unfulfilled promises of money are unprofessional, psychologically damaging, unjust, totally unreasonable, and thoroughly un-American.

I'm glad you look at the "data" as you serve the people of Vermont. But in my situation, the "data" is being heavily manipulated & fabricated by the CIA Checchi family, and this "data" cannot be trusted. Period. They just want money and they will twist the data to ensure they can kill people (and make money while killing those supposed "threats to national security.") Officials who believe the Checchi's are not looking critically enough at the data they provide. It is a fact that the Checchi family lies about everything, and they cannot be trusted in any way.

They look down on all politicians as fools who are always worried about their next re-election and fools who are easy prey for manipulation, blackmail, bribery, and sophisticated tricks of money, mind, and psychology. Masterfully manipulating politicians and military generals for the last 25 years is how they were so successful in the Afghanistan scam - reaping hundreds and hundreds of billions of dollars for their terrorist machine dedicated to world domination and selfish personal gain — while they kill thousands and thousands of innocent people along the way. The only way to break free of the illusions they create is to be a person grounded in common sense, common decency, and a commitment to do no harm to those you serve in humility.

For many years I have been severely burned out, abused, tortured, and abandoned to the whims of the story-tellers who lead the CIA Checchi terrorist network. I have multiple health problems because of so many years of abuse and non-consensual slavery. In addition, my health continues to decline because of the daily abuse and torture I experience in Vermont, on your watch. THIS ABUSE AND TORTURE HAS TO STOP!! You have the power to stop it.

I'm not allowed to have a trustworthy doctor, dentist, or attorney to meet with. I can't even take a ten-minute nap anymore without having a nightmare - as my PTSD kicks in to torture me. This is an example of how things are getting worse for my health. My life has been overloaded with abuses of every kind, torture, and daily death threats. The CIA Checchi family deliberately causes constant anxiety and stress in my life because they know it's scientifically proven that constant stress and anxiety will shorten someone's life. So, they don't miss one opportunity to
shorten my life and get authorities (like you) to join them in this persecution and "gentle assassination." ENOUGH IS ENOUGH!

This abuse and torture have been going on for many, many years—even decades. American Leaders have cooperated with the CIA Checchi family in such detail that it is clear death has become the only way I can escape this hell that has been created by government agents and government leaders for over 30 years of my life. This is institutional terrorism directed at an innocent citizen. This is how the Checchi's have organized things, and I appeal to you to stop cooperating with them immediately. I have been tortured and abused by my own government leaders for—no exaggeration—decades. ENOUGH IS ENOUGH.

I am being killed slowly—this is no exaggeration either. For what? So that people can make money off of me. FOR OVER FIFTEEN YEARS, I have been used and abused by the CIA Checchi family at bait for them to kill hundreds and hundreds of secret society people—Freemasons, etc. They bragged that have made over 5 billion dollars off of me as they used me without my consent. For many years I did not know that such deadly & profitable nonsense was going on. I just knew secret society people were attacking me, beating me up, stealing my things, telling lies where I worked, and threatening me daily. The Checchi's have not paid me one dime for this work they have forced me to perform. Who works for years and doesn't get paid? No one. Do you know anyone who has worked for a corporation for years and never gets paid? No, you don't—because it's illegal to do so.

Why is it legal for the Checchi's to defy me money that is legally mine? It should not be legal for them, you, or even the President of the United States to deny me money that is legally mine. I am also being denied due process. This is thoroughly unjust, unreasonable, and un-American! I have been denied justice in this situation for decades. This is totally un-American. For example, here in Vermont, I deserve justice with the legal claim I have against the Creamery Co-op, where I was attacked by secret society people and ended up in the emergency room. That should be settled NOW. Not next year or next decade. It's already been three years! How can you do this to someone? It's totally unfair and unjust to leave me here suffering as the CIA Checchi family destroys my reputation, relationships, and health. WHAT YOU ARE ALLOWING TO BE DONE TO ME IS WRONG!

It is a fact that THE CHECCHI'S LIED TO A JUDGE DOZENS AND DOZENS OF TIMES TO KEEP ME AS A SLAVE IN THEIR SERVICE. They illegally arranged for me to be taken hostage in a "conservatorship," which stripped me of freedom and stripped me from healthy living & work situations. What I have been through has been incredibly traumatic. I deserve compensation for this tremendous abuse—but you are keeping me from getting this money. I didn't even know about this conservatorship until a few weeks ago. Keeping this as a secret from me is double the abuse and betrayal! Luckily, the "conservatorship" has now all been exposed and canceled by a court. But I am still not free as long as I don't have any money to rebuild my life.

The Checchi's are lying to you about everything. The "data" they show you is manipulated, fake and fraudulent. However, the multiple levels of pain I suffer through every day are authentic. I
deserve to be freed from this nonsense. I am not just a prisoner— I'm a tortured prisoner! This is thoroughly un-American.

The truth is: they can use someone else in my place to play these games that trap secret society people because they tell these secret society people lies about me— that's why the secret society people gang up on me, stalk me, and attack me. THEY'VE BEEN TOLD LIES. This means anyone can take my place doing this "job." This nonsense "job" started in 2003. Eighteen years is enough of this stupidity. You cannot force me to do this— slavery is illegal in Vermont.

Also, the Chechhi's are not killing criminal secret society people— they are killing stupid, naïve, gullible secret society people. Do you want them to continue killing stupid, gullible, naïve Vermonters? They are also killing kids. They killed one kid in my town already. They tell me they are going to kill the kid next door as well. He's just a stupid kid. Stupidity needs to bring the death penalty. If the government starts killing stupid people, you're going to have a very, very, very long line because all humans take turns being stupid at one time or another. Neither wisdom nor justice is present in this nonsensical government CIA "operation" that is generally killing secret society people throughout Vermont and North America.

It was 2016 when I found out the Chechhi's were the ones who were killing people around me (it took me years to figure this out. They told me it was Lucas Barnes Johnson and her friends that were killing people. That was another lie— one of many lies she Chechhi's told me over the last 25 years.) As time went by I began to see that they were not killing criminals— they were killing stupid people. Not people who "deserved" to die (like serious criminals— unrepentant of their crimes). They were killing people who were not sophisticated enough to understand the games that were being played. They were killing people who believed lies. They killed people like my parents— simple and good people with no education or sophistication in the world of clandestine bounty. That is why I refuse to consent that my life be used to kill stupid people. I am not a slave that government agents, or even a governor like you, can hijack my life and tell me what I will do with the short time I have left in this world.

Did you know the Chechhi's injected me with a disease the last time I went to a dentist? This was done as punishment for exposing their criminal empire! I have been injected with "multiple sclerosis," a progressive, ugly disease with no cure. I already have many symptoms appearing in my body. They have shortened my life in this world because I exposed their criminal empire. Are you folks going to wait until I'm in a wheelchair to give me money that is legally mine? I deserve this money NOW. It's unfair and un-American to deny me justice. This money represents justice. I have suffered from injustice for almost three decades since they killed my parents— not to mention all the other crimes they have committed against me over these many years.

You have the power to stop this nonsense, and to the extent that you do, I appeal for you to support my health and not my further persecution, torture, and abuse. This is a matter of common sense— which I know you possess.
I deserve to have the money that is legally mine NOW so that I can begin to rebuild my life and live in a more healing environment. To continue to deny me money that is legally mine is to continue to torture and abuse me.

Do you see what the Checchi's just did to President Biden in Afghanistan during August 2021? They screwed him big time. The CIA Checchi's control both the Afghan "army" and the terrorist Taliban's. They made the Afghan army just up and leave to create this big problem for President Biden in August. And now the CIA-Checchi-Taliban controls 85 billion dollars' worth of US Government military equipment that was given to the former Afghan army. The Checchi's now have their own terrorist army they control and billions in American military war machines. That's quite a magic trick they just pulled off in Afghanistan. And it's not over yet. This is a big power trip for them. They will make this Afghanistan drama drag out for as long as they can and milk it for all the concessions they can get from President Biden. If they are not dealt with harshly and swiftly this nonsense will never end. They will do the same kind of betrayal to you, to Prime Minister Trudeau, and to any political leader who will appease their lust for control, money, and power.

Al Checchi despises politicians because he's still bitter about losing the governor's primary race in California in 1998. The Checchi's don't care about any politicians — including President Biden, you, or Prime Minister Trudeau. They just use politicians as long as they can, and then they will eventually screw you as you've never been screwed before. You dance with the devil — you will get burned. Period. It's better to live a life committed to integrity, doing the right thing with common sense, commitment to service of all people, and making harm toward none. Do not accept their threats and bullying that are implicit in all their interactions. After what you have seen them do over these last 4½ years, you probably fear crossing them and making them angry. This should not be. A governor or any public servant should not live in fear of CIA people who are very active in their jurisdiction. The CIA Checchi family should not be allowed to control as much as they do in Vermont. It allows them to get away with a tremendous amount of criminal behavior.

Al Checchi is almost 80 years old. He has nearly 60 years of experience manipulating politicians at every level, worldwide. He is more cruel, more brutal, and more unreasonable than Hitler ever was. He is Hitler on steroids, and he intends to entirely ruin this country and the world before he dies. In his ambitious pursuits, he, his son, and his wife have committed prolific, deliberate war crimes against the human race which make them eligible to be hanged, if I'm not mistaken. The death penalty is what they have earned.

I will never cooperate with anyone in this CIA family, or anyone connected to them. I invite you to do the same. Acquiescing to people who do constant evil deeds is to abandon affection for integrity, honor, and doing what is right. They killed Rep. John Lewis because he kept telling people, "If you see something that is not right, not fair, not just — you have to speak up! You have to say something; you have to do something. GET INTO TROUBLE — GOOD TROUBLE! NECESSARY TROUBLE." This is a mantra the CIA Checchi family hates. But this mantra must be the foundational commitment of all Americans and all human beings — otherwise, the tyrants will win and they will kill all who criticize them.
Everyone must push in the opposite direction of the CIA Chocchi cult... we must push all at one time - all the time. Never cooperate with these fools. If you do cooperate, they will turn you in the end. I've seen it happen a hundred times. They are not people of honor. If Al Chocchi and his empire are not shut down completely, hundreds of millions of humans worldwide will be killed as this family ascends to world domination. Cooperating with these corrupt CIA people is a nice fantasy, but it's not practical. They will cheat you, manipulate you, kill your loved ones, and lie right to your face - just to win. They cannot trust them in any way. They will never respect any politician; they will never back down from their goal of every knee bending to their throne of power, and they will never change.

Leaders like you must stand firm in doing what is right, just, and true. These people need to be taken down after what they have done to so many Americans and humans around the world. Resisting them is the only just and right thing to do. Any other vantage point that appeases them will never turn out well. Never. They are beyond being deeply flawed human beings. They are all intensely selfish and drunk on drugs daily. These Chocchi leaders have obvious and untreated mental illnesses that drive them every minute of every day. They are spiritually and morally malnourished. Al, Kathy, and Adam Chocchi have a bottomless pit of self-doubt that seeks to balance itself by dreaming of humans all over the entire world who praise and adore them. They kill people who won't kneel before their throne of power. Does that sound sane to you? They think that worldwide praise and adoration will validate or fill their profound feeling of deep insecurity. They are wrong. There will never be enough personal worship and adoration that can fill this hole that they have inside themselves because it's a bottomless, truthless swamp of psychological illness. When leaders like you submit to any of their demands, it feeds the wild, uncontrolled beast inside them. Resistance is the only cure that makes sense.

I hate to be alarming, and I hate to be the one to tell you this, but they will never respect you, they will never honor any agreement with you, and they will never do the honorable thing toward you or the honorable thing for humanity. They will burn down this entire world, if given the chance... and they won't feel one bit of remorse or sorrow for doing it. They are entirely unreasonable. They framed Donald Trump to be the fraudulent corrupt narcissist that he is. Trump and Al are temperamentally the same kind of narcissist: arrogant, delusional, ego-driven, bad-tempered, and irrational. That's what you are dealing with. They are con-artists, plain and simple. It is a fact that while the Chocchi cult leaders do their con-artist work - they are drunk and high on drugs WHILE THEY WORK! From shooting up heroin, popping pills, taking being hits, downsing shots of tequila, or snorting lines of cocaine... they do it all while they are working. Anyone else would be fired from their job for this behavior - but not them. Instead, they are promoted and given more power, more money.

People in authority let this Chocchi nonsense go on year after year - decade after decade. It's genuinely scandalous that this family is allowed to kill Americans and Canadians who are innocent and unsuspecting. They have literally killed millions of people around the world - with many millions more to die if they are not permanently stopped. Like stopping to take a butcher knife out of the hands of a toddler or taking matches away from a child - the CIA Chocchi cult leaders must be stopped immediately. Politicians live in fear of them because many of them are being blackmailed, bullied, or bribed - even President Biden seems afraid of them. The Chocchi's hold our democracy hostage, and the Secret Service should immediately arrest the
entire family. Serious and swift action must be taken to stop this CIA family from further destroying our democracy and our world.

This Checchi family is nothing but an international and domestic terrorist family. Period. America has a policy of NOT negotiating with terrorists. DO NOT NEGOTIATE WITH TERRORISTS BECAUSE IT WILL NEVER GO WELL IF YOU DO. They must be shut down permanently and totally. Otherwise, the killing of innocent people will never end. The problem is that politicians get involved in this process, and they mostly worry about their next election cycle.

This continued financial abuse (promising me money and then cruelly pulling it away—week after week, month after month) has gone on for too long. Denying me this money that is legally mine stops me from being able to rebuild a life with the most basic need of proper, healthy housing (the Checchi's moved me into a house with old asbestos tiles and a toxic, crazy secret society old lady who thinks Trump really won the last election!). The Checchi's want to kill her, so they manipulated her to buy a house with asbestos in it. Then they moved me in here because they want to kill me too. Denying me this money that is legally mine is literally placing my life in danger. It is cruel and inappropriate to treat me this way.

And finally: I will never consent to be used as bait so that secret society people can be killed. I will never consent to be part of anything the CIA Checchi family is part of. This is a matter of principle. It's just wrong to support a group of people who constantly repeat their past abuses. To put it simply: they are terrorists. I will never support them, and they will never change. They are drunk, mentally ill people, and their selfish pride will never allow them to admit they have done wrong. The Checchi's live in a distorted reality, and they are not sorry for the wrongs they have done. They will never be sorry or show regret. This is proof they are mentally ill. They are incapable of empathy. Psychologists have a word for this: psychopath. To deny the seriousness of this reality is to place the Vermonters you serve in harm's way.

I've been told that my work as a journalist has saved many lives by exposing this criminal family to the authorities. I've been told that something like 500+ billion dollars of their criminal empire has been shut down because of my writing and my constant work to expose this severe abuse of power. This criminal empire included a massive child pornography business, child sex slave operation worldwide, illegal gun sales, an international heroin business, and much more. I'll never understand why I'm the one being attacked and persecuted—it should be the Checchi family that is attacked and blocked from getting money. But instead, it's me being kept homeless and poor. I should be thanked and rewarded by leaders like you—not abused and tortured!

Something is very wrong with this situation and the way I'm being treated by you and President Biden. Please reconsider the money issue and give me the money that is legally mine—this week. ENOUGH IS ENOUGH!

Thank you for your time and consideration.

Sincerely,

Dillon Woods

Please note that a federal court permitted me to share these details of names and crimes committed by the leaders of this CIA-cult in August 2020. Just recently (July 28, 2021), another court has ordered me to stop sharing this writing as of September 15, 2021. My writing & books have been banned. So, I am told the links above will not work after September 15, 2021. You can download, print, and share the documents at those links above, and I encourage you to do so. The information in these documents is completely true, and Americans need to know the truth. No honest journalism - no genuine democracy. Sometimes the bad guys win in court, and this is one of those times.

UPDATE ON THE BAD GUYS WINNING IN COURT: September 14, 2021 - This second ruling (from July 28, 2021) that canceled the first ruling from August 2020 has been canceled by a higher judge! So, my writings are longer banned as of September 16, 2021. A big thank you to the attorneys and everyone who helped with this appeal - working diligently to make sure justice was done in this situation! I was told that the bad guys bribed my former attorney AND the judge to overturn the August 2020 ruling. With proof of corruption being presented to a higher court, their July 28th sham-ruling was reversed! THANK YOU TO EVERYONE WHO HELPED TURN THIS FRAUD AROUND!

*This is a long letter about domestic terrorism in America*

November 30, 2021 (updated January 1, 2022)

Dear Reader:

In 2021 I was sued several times for defamation and slander by the people I write about in this letter. I won 100% of these lawsuits because the courts knew I was telling the truth about these serious situations regarding domestic terrorists. These domestic terrorists are very wealthy with CIA badges that have shielded & protected them for decades. They are privileged beyond imagination, and they have abused this privilege & power. I am writing to let you know what is going on because leaders like you need to know the truth about these dangerous people that you (or someone close to you) may be involved with. As the courts have said numerous times: I am telling the truth, and as a journalist, it is my job to inform the public about what I know to be true in an attempt to protect citizens and advance the public good. The courts have also allowed me (you could say even given me a mandate) to expose the names of these domestic terrorists (explained more below). So, please read this entire letter.

We have a serious problem with domestic terrorism in the United States. It’s the worst kind of terrorism because it’s masked and covert - so that it’s not obviously an orchestrated murder or a planned attack. This comes to us compliments of the most influential and most prosperous CIA-Harvard-Mormon family in America. They have exterminated hundreds of thousands of people in America and killed millions worldwide. Between the “accidents” they manufacture, the mass shootings and bombings they
orchestrate, diseases they deliberately inject into their targets (deliberately spreading
diseases like cancer & HIV/AIDS), and using the opioid crisis & Covid19 as fronts/tools to
kill people - this CIA family cult has become a severe menace to society and a threat to
public safety & world peace.

With a fresh new batch of (secret) Presidential Pardons from President Biden (for the
cries listed below from November 2021), this terrorist group has a new seal of approval
from the U.S. Government. Pardoning terrorists and prolific serial-child abusers/killers is a
very bad message to our friends around the world - likely resulting in America eventually
being listed among "terrorist states." In celebration of these new Christmas pardons (in the
early morning hours of December 14, 2021), the Chocchi cult leaders killed 50+ people in
Haiti by incinerating them in a massive gasoline explosion "accident." If this CIA family
cult is not permanently stopped, they will soon continue to kill innocent Americans as well.
This is the most prolific group of domestic & international terrorists in American history.

How I got involved in exposing this extreme CIA family corruption was what you might call
"fate" or maybe even a calling from God (if you believe in such a thing). In short, I used to work
for this CIA family in the mid-1990s, and I'm a writer with a predisposition for helping others.
So naturally, I turned my awareness of what was going on with this corrupt CIA family into
journalism for Americans to read. I knew deep down within myself that if I didn't share what I
knew with the public - I would be allowing this evil to grow unchallenged. As someone once
said, "The only thing necessary for the triumph of evil is for good people to do nothing." There
are more important details about this situation in my writing below and at the links below - so
please keep reading. You will see for yourself that truth is stranger than fiction.

As a journalist, I have been exposing this CIA family cult that has been behind organizing many
terrorist events over the last twenty years. The leaders of this CIA family cult are very criminally
active throughout the entire country and the world. From organizing school shootings and
mass shootings throughout America... to the recent November 2021 mass casualty events in
Texas, Wisconsin, and Michigan - which killed a total of nineteen people and injured hundreds. This group is not only a threat to national well-being - they have manipulated,
blackmailed, bullied, and bribed leaders whose job it is to stop them. Unfortunately,
America is filled with leaders and politicians who are compromised. This makes many of
them unable to deal appropriately with or even acknowledge the reality of this serious
threat to national security and public safety.
The leaders of this Checchi cult (Ali Checchi, Kathy Checchi, David Kanuth, Oprah Winfrey, Adam Checchi, Michael Fisher, and Kate Checchi) refuse to back down from their evil ways. It's one thing to do stupid or evil things and stop because you've come to your senses. It's another in double down and continue doing stupid things. To save the lives of innocent people, the leaders of this CIA cult need to be taken out of power – quickly and permanently. THE MURDERS OF INNOCENT CITIZENS THAT HAVE BEEN ORGANIZED BY THIS ONE CIA TERRORIST GROUP IS A TWENTY-YEAR DRAMA THE WORLD HAS ENDURED. As a result, millions of innocent people are dead. ENOUGH IS ENOUGH.

IN THE NEWS OUTLINED BELOW: the CIA Checchi cult leaders were behind all these recent (November 2021) headlines. The cult leaders always leave clues when they kill people. These events below have codes or clues left behind within the event's details. Doing this is their way of bragging about the crimes they have gotten away with. It also sometimes serves as a warning to those who know how to decode this kind of communication. Furthermore, they contacted me on November 23, 2021, and warned me that on “Black Friday” (November 26, 2021), they had planned many terrorist events around the world. They also went on a killing spree on November 30 when authorities began taking steps to shut them down because of their killing spree on November 26. They also tend to brag to me about the crimes they get away with committing – which is another way I know about who is behind crimes in the news headlines. By the end of day on November 26 and November 30, I was saddened to see all crimes they had committed and all the people they had killed in their revolutionary activity:

November 20, 2021
Student Nathan Valencia, 20, died from brain injuries after taking part in Kappa Sigma fraternity's Fight Night in Nevada on November 19. The Chocchi group created the movie "Fight Night" and then created secret "Fights Night" events with students and gangs throughout the county. These events were one way to find and recruit young men who were gifted fighters in order to use them for the operations of their "revolution." But, unfortunately, these "Fights nights" which began to take place throughout the country also became a way they could punish and kill people and families on their enemies' list.

The leaders of this CIA-Harvard family cult are highly cunning. This cult was created by Alfred Checchi, based in Los Angeles. As of 2021, this Checchi cult is presently managed and overseen by Hollywood celebrity Oprah Winfrey (the Checchi’s lost their CIA badge due to corruption and are now operating off Oprah’s badge). Attorneys David Kanner & Kathy Checchi are running the Checchi cult today. Adam Checchi and Michael Fisher go in and out of leadership based on their extreme substance abuse and severe mental health issues. They have pulled Fisher out of rehab several times to return to work in an “all hands on deck” act of desperation to save their cult from damage as the news spreads about their terrorist activities. Every time the Checchi’s pulled him out of rehab, it constantly revealed how deeply selfish and uncaring they are even about the health and well-being of their closest allies. For decades, the CIA Checchi cult leaders have manipulated lawmakers in DC to keep domestic terrorism off the federal crime books. You heard that right: domestic terrorism is not against any federal law in the United States. THIS NEEDS TO CHANGE VERY SOON. Individual states will have to make their own laws against domestic terrorism.

This whole CIA Checchi drama started for me in 2016. I eventually became involved in a lawsuit regarding their many attempts to kill me. So, what I am sharing with you is not some crackpot theory I heard about online. Far from it; my writing about this situation was told I could only use the initials and first names of the leaders of this Checchi cult. I followed those rules. However, in many occasions, these Checchi cult leaders soon crossed a sinister line of terrorism. They became domestic terrorists as they continually killed many innocent, unarmed Americans in protest of how they were being held accountable for their actions by federal judges. Then the Checchi cult leaders started killing judges, attorneys, politicians, and their loved ones in retaliation. They began attacking people who upheld the rule of law in America. This was a horrible and self-destructive idea on their part.

In August 2020, the courts responded to these attacks on federal judges and made a different ruling regarding my work as a journalist. The courts made it clear they wanted me to name these terrorists fully. It is a gigantic responsibility to know that I am literally the only person on Earth with the legal standing (given to me by the courts) to speak the truth about what is going on with this dangerous and deadly group of domestic terrorist serial killers. By taking this extreme action, the courts were saying that if someone has the privilege of a CIA badge, it does not give
them the right to do wrong. Having the protection of a CIA badge is not a license to kill innocent Americans and act as if you are above the law. In addition, this unusual ruling by the court was an attempt to publicly shame the leaders of this evil CIA cult into better behavior. Eventually, this ruling by the courts did seem to work and, in some ways, helped to save the lives of innocent citizens. The leaders of the Checchi cult continued to kill people, but in much smaller numbers and on a much less frequent basis. The CIA Checchi cult leaders knew they were on notice.

The most shocking thing for me to come to terms with has been the number of politicians who are part of this CIA cult and thus refuse to do their job and protect the people they are elected to serve. Then there are the politicians (from all parties) who are part of this CIA cult unwillingly — they were bribed, bullied, or blackmailed into submission by these unethical and deadly Checchi cult serial killers.

The most important thing for Americans to realize now as we start a new year in 2023 is that we don’t live in a country where it matters if you are a Republican or Democrat. It no longer matters if you are a conservative or liberal. It no longer matters if you are a male or female politician. These distinctions are virtually irrelevant to the extreme and deadly situation in which we find ourselves. What matters is: are you free and independent from the CIA Checchi cult or are you a supporter and puppet of this deadly CIA family cult? There was a time in America’s history that people were worried about politicians being communists. The Checchi cult is as dangerous as communism. This cult is a new type of communist threat to our Republic. This CIA cult has infiltrated all political parties and all government agencies. They are male, female, transgender, and have every color of skin. So, it no longer matters if a politician is a traditional person or an open-minded person as they serve in their role — because all parties have been hijacked to serve the evil, selfish, greedy, and duplicious purposes of this deadly, serial-killing cult.

Once someone is serving the purposes of this cult, they cannot serve the people who elected them. Instead, they must serve the agenda of the Checchi cult or pay the severe price for disobedience. The way things are now: very few politicians get into political office unless they are part of the CIA Checchi cult. That is not how American politics should be working. This cult is so big that they can sway elections by getting their people to vote for the Checchi cult candidate. It’s too scary that for decades people at the CIA have worked hard to manipulate elections and influence politicians worldwide. People at the CIA are the leading experts on how to interfere in elections. It was only a matter of time until someone with experience at the CIA would turn this experience with election interference on their homeland of the United States of America. With movies like the “Manchurian Candidate,” we were warned about the possibility of CIA interference many years ago.

The United States of America was not created so that one family or one king would rule over the people or politicians — concerned only with the wishes and orders from this one family or one king. That was the whole point of the American Revolution, which was fought against the English Monarchy from 1775-1783. This country was created so that the people would be in charge — free and independent from any one king or one reigning family. With this CIA Checchi cult in power as it is now, we are far from the intentions of America’s founding
fathers. This is no longer the United States of America but has become the United States of Checchi. How did this extreme situation come about? Like many things, it started with good intentions gone bad.

It all started more than fifty years ago when Alfred Checchi decided that secret societies and leaders at the CIA were too powerful in America. I was told by the Checchi’s that these groups were too powerful in the 1960s they got away with killing many good people — including President Kennedy. This was unacceptable to Al and his friends. Al slowly gained the support and help of many people as he quietly set out to create a revolution that would destroy the power of secret societies worldwide. Working from within the CIA, I was told Al and his group created ways to kill those people (and destroy entire families) who had a hand in killing JFK or covering up that assassination. I was told that the people involved in this assassination also had deeper plans to kill democracy and create an international “One World Order” in which secret societies would rule the entire world. In those days of the 1950s, 1960s, and 1970s — if your family was not in a secret society, you were screwed. The CIA Checchi cult sought to change this and started a group dedicated to stopping these secret society plans. They started killing and destroying secret society families in North America and beyond.

That sounds very heroic to some people. But as the years turned into many decades, the CIA Checchi cult became a haven for mentally ill, drug-addicted leaders who acted more like brutal dictators of their own country. They created their own customs and their own laws. They claim to be above the laws of the United States. They have their own king (Al Checchi) and queen (Kathy Checchi). They have killed many people who disagreed with them and stood in their way. They created their own country within a country. Thus, the Checchi cult leaders became as much of a danger to the people of Earth and to American democracy as secret societies had been a menace. As with almost all diseases, if some mental illnesses go untreated, they only grow and worsen. Eventually, mental illnesses can dominate the entire person and subtly influence all of their actions and perceptions. This mental illness reality was (and continues to be) a strong element in the inner workings of the CIA Checchi cult.

The Checchi cult turned from wanting to save American democracy to oppressing, attacking, and controlling it thoroughly. The Checchi cult leaders became focused on authority over and oppression of The United States, Canada, and Mexico. They eventually set their sights on dominating the entire world population — rather than serving humans in humility. The cult became a tyrannical, brutal force of prolific unjust murders — ultimately killing millions of dead people and nearly 100 million homeless refugees that were created by wars that King Al had started in various countries around the world over many decades. The Checchi cult leaders became known for extreme terrorist events, prolific criminal enterprises, inexhaustible abuse of children, and cruel tyranny. They have created the biggest fires in human history — killing millions of animals by burning them alive. That’s where we find ourselves today, in December 2021. The CIA Checchi family cult leaders rule over American politicians, and they are behind most of the tragedies we see in the news. They are the world’s leading professionals at bringing sadness and suffering into the world.

My writings at the links below amount to a journal of the “revolutionary events” the leaders of this group have orchestrated in the last five years. You can judge for yourself if
they are terrorists. The facts are clear: just in the last few years they have killed, tortured, and abused hundreds of thousands of people in America and beyond. Many people feel they are a threat to national security, a danger to our reputation on the world stage, and a menace to public safety. Please don't hesitate to contact your representatives in Washington DC and demand they make domestic terrorism illegal in America. We need to put laws on the federal books punishing those who plan, pay for, organize, and execute terrorist events in the United States. The reason the Chechichi terrorists so brazenly plan these many terrorist events in America is that they know there is no law forbidding it. As I explain more in my writing at the links below, they have manipulated it all to be this way.

Both President Trump and President Biden have been close personal friends with this CIA Chechichi family since the 1980s. Unfortunately, both Presidents have appeared incapable of unwilling to be honest about this situation and deal with it as a serious threat to American democracy and world peace. It's looking like President Biden is following President Trump's lead by putting his close, intimate personal friendships with the Chechichi family above his oath to protect the American people. If you can, please join me in asking President Biden to arresting and permanently stop the CIA Chechichi group behind these terrorist events that have gone on for over 20 years. He knows what they have been doing, and he has the power to stop them - yet he refuses to stop them permanently.

President Biden's refusal to stop them will create international drama that puts America in a bad diplomatic situation. He's putting his personal friendships before his oath to protect Americans and to protect America's interests worldwide. I don't mean to make his job harder by exposing this preposterous situation, but the American people deserve the truth about this situation. Truth is not only an avenue of spiritual connection to the transcendent and to psychological well-being, but it is also fundamental to genuine democracy.

I'm not sure which is more repugnant: the vile actions of this CIA family cult that kill innocent children & unarmed citizens... or politicians who are complicit in helping them continue and expand their terrorist actions. They are all on the side of wrong. They are all on the side of dictatorship. They are all on the side of abuse, terrorism, and prolific criminal activity. The Chechichi want a civil war in America for others to die. They whine, whine, and whine at the thought they would die. They are a group of cowards, drunks, and addicts. They believe in ending the United States of America and replacing it with their country. Once they control America's courts and political offices, they eventually intend to rule the entire world. "Join us or die" is their motto - and they mean it.

Looking at the future: Americans must ensure that no more politicians get into office who are servants, puppets, and supplicants of the CIA Chechichi family cult. And politicians who are part of this cult must be voted out. Get them out of office if they refuse to protect and serve the American people. They have put their commitment to this CIA family above their oath to uphold the Constitution. If politicians from any party are not serving the American people, they serve themselves or this sinister cult. The most concerning thing in America is how this Chechichi group attempts to control everyone who even thinks of running for political office. The Chechichi cult is known for recruiting slaves from the fringes of society to do their dirty work. But they also have thousands of celebrities, attorneys, and business leaders whom they have been
grooming for political careers over many years. They are waiting to take the reins of power at all levels of political office. This is profoundly un-American, and it must be stopped before it's too late. The Checchi's claim that it is already too late to stop them. They are fully in control. But, we'll have to wait and see if this is true.

From 2016-2021 I've been in a unique position to learn who is part of this CIA Checchi cult by watching politicians and how they treat me and my writing as a journalist. I've contacted every state and federal politician in America to inform them of what I have uncovered with this dangerous CIA cult. As things have evolved over these five years, I have contacted all these politicians multiple times. Let me explore just two politicians and my experiences with them: Elizabeth Warren and Bernie Sanders. Before this drama began in my life, I was a fan of both Senator Warren and Senator Sanders. But as my writing about this CIA cult began to spread throughout the country, they both became hostile toward me and extremely unsupportive.

Elizabeth Warren is from Massachusetts — the home of Harvard, which the CIA Checchi cult dominated many decades ago. Apparently, once the Checchi's took control of the Harvard institution, they sought to control the entire state of Massachusetts. That means controlling all levels and organizations of law enforcement, all aspects of the judicial system in Massachusetts, including law firms & law schools in Massachusetts. "Full control" includes infiltrating all large businesses, religious institutions & places of worship, hospitals & emergency rooms, all first responder organizations, politicians at every level, and all educational institutions. It takes many spies to infiltrate each of these pillars to control the entire state. If you can control all these pillars of Massachusetts (or any state), you have control of the entire state.

Somehow Elizabeth Warren (a renowned Harvard law professor of many years) was given significant control over the money I am to receive as a whistleblower. She has constantly refused to give me the money because she is a friend of the CIA-Harvard Checchi family. The Checchi's have been trying to blackmail, bully, and bribe me into dropping my lawsuit against them. It would be hard to bribe me if Senator Warren gave me the money coming to me as a whistleblower. So, to help her friend Kathy Checchi, Senator Warren steadfastly cooperated with a plan to keep me homeless, vulnerable, and financially poor. This, of course, is an abuse of power and also crosses over into obstruction of justice — which you think would bother a law professor from Harvard. Clearly, corruption runs deep with this one politician.

The story of Vermont Senator Bernie Sanders is the story, in my view, of a good, naive man gone astray. Like his friend Senator Warren, he has also refused to help me. Allegedly, they are both members of the same CIA Checchi club. Bernie is my Senator, and he's been a total disappointment in my situation with the CIA Checchi family. I'm not asking him to be on my side in this battle. I'm just expecting him to be fair and unbiased. He has not been reasonable and independent of the Checchi cult. He has done whatever they told him to do. After being denied a meeting with him at his office, I even went to one of his rallies — hoping I could just talk with him for two minutes and personally ask for his help. The rally was small (less than 75 people), but access to him was fully controlled. It was like being in the presence of a rock star — rather than a public servant or a servant of the people. You'd expect an elected
official to take time to talk to his supports after a rally. Not Bernie. Not even a handshake or a hello.

Bernie has played an essential role in the CIA Checchi cult, and he has been paid well for his part in their manipulation of the American voters. As a Vermont politician (he’s not originally from Vermont but from his native New York City), it was common to hear him criticize the millionaires and the billionaires publicly. But, once the CIA Checchi cult made him a millionaire from tremendous book sales, he changed his complaining and only criticized the billionaires. The CIA Checchi cult leaders made Bernie a household name, told their vast numbers of cult followers to buy his book, and guided him to call himself a “democratic socialist.” This enabled the manipulative Checchi cult leaders to divide the country and create the talking point about the evil “socialists.”

This “socialism” storyline is a complete illusion and trick of the mind. Socialism provides substandard housing and substandard health care. Socialism brings economic oppression. Bernie is not a socialist. He is simply fighting for the poor in America to have simple things like basic health care, fundamental vision & hearing care, and rudimentary dental care. This is not socialism. If anything, Bernie is promoting a Christian perspective because Jesus was always on the side of those who were suffering and poor. Unfortunately, uneducated and inexperienced Americans are being tricked into thinking Bernie is a socialist. It seems clear to me that Bernie is not a genuine “socialist” as he has been branded on TV shows like Fox News. But the Checchi cult leaders were able to get Bernie to use language (like calling himself a “democratic socialist”) that they could, in turn, manipulate in the media they control (on channels like Fox). This “socialism” talking point would be used to misinform Americans. It would be used to drive a wedge in political conversations and divide the American people. Bernie let himself be used in this way without thinking it through thoroughly. And he was paid well for this role — just like an actor.

The other thing Senator Sanders was used for was to attack Hillary Clinton. The Clintons are solemn enemies of the CIA Checchi cult going way back to when Bill Clinton was President. Bill Clinton was a friend to George H.W. Bush, whom he defeated in a bid for the White House. Barbara Bush once said President Clinton was like another son. Because of this affectionate relationship with the Bush family, the Clinton family has been continually attacked by the Checchi family. The Checchi’s paid Bernie to get into the race against Hillary and divide the democratic vote. This would ensure that Hillary did not get into the White House. The Checchi’s wanted their long-time friend, Donald Trump, to become President. Once Trump won the White House, the Checchi’s contacted me and said, “we have the power.”

They used this power to make hundreds of billions of dollars for themselves and their companies. They used Bernie to make sure this could happen. Without Bernie in his key role, Hillary would undoubtedly have become the 45th President of the United States. The Checchi’s control a vast number of many millions of young people throughout America. They manipulated these young people to support Bernie and promised Bernie that they would make him President of the United States. But they never intended to follow through on their promise. The Checchi’s make broken promises to their followers all the time. Lying is what they do best, and they do it
to everyone all the time. When I finally realized how much they lied to me, I began to see the
taste of the truth. The smaller and more pathetic they appeared as individuals.

Senator Sanders is known as an autonomous politician. How did such an independent
person become a slave to an evil cult of Checchi tyrants? They bullied him. They gave him a
heart attack in Nevada while he was campaigning. Nevada is another state the Checchi cult
leaders totally control. This heart attack was a warning to Senator Sanders that they could and
would kill him if he did not do everything they told him to do. Then days later, they killed his
daughter-in-law (a doctor of neuropsychology and mother of three) as another threat to him.
She died two days after being diagnosed with cancer at the young age of 46. Most humans with a
family and children would fall in line after such threats. Bernie is only human.

These experiences point to the fact that politicians in America are not protected from
terrorists like the Checchi family. Bullying, blackmail, and covert bribery are Standard
Operating Procedures for them. In order to defeat people like the Checchi family in the
future, Americans need to do a complete overhaul of the system that is supposed to protect
politicians from such nonsense. Our republic depends on protecting good public servants from
such manipulation, terrorism, and threats. We have much work to do in order to protect the good
politicians. But we must also get to work and eject the bad ones from both parties who have
turned from serving the people. If we don’t better protect politicians from manipulators and
scoundrels like the CIA Checchi family, our Republic of the United States is history.

This conversation is very relevant in States like Vermont, where a congressional seat will
open up if Congressman Peter Welch replaces retiring Senator Pat Leahy. Some people are
pushing for a woman to take that Congressional seat, but women in politics today are
almost always connected to the CIA Checchi cult. Kathy Checchi has a vast network of
millions of women who do her bidding and carry water for her. It is a bad idea to give any
more political power to anyone connected to the Checchi family cult. The leaders of this
Checchi cult have proven themselves to be enormously corrupt, pervasively dysfunctional,
pathologically greedy, and exceedingly selfish. It’s time for ordinary, objective, hardworking
people with solid integrity and a commitment to justice to run for public office at every level. If
ordinary citizens of courage and honesty don’t rally to get involved in public services, it will
be overrun with corrupt, power-hungry slaves loyal to the agenda of one cult or
another. Yes, politics and journalism have become very dangerous occupations. But
America is the home of the brave. I am confident we are up for this challenge, and we can
meet this present crisis with success.

What has happened when Oprah Winfrey and the Checchi family got caught creating these
domestic terrorist events? The leaders of this CIA group only receive financial penalties,
and then they go on to kill more innocent people the following week. The stupidity of it all is
shocking. The Checchis have accumulated so much money that they don’t care about how much
a fine is. For example, at the Travis Scott Festival in Texas this past November, they
organized and pre-planned the chaos that killed ten people. Once it became clear to
authorities that the CIA Checchi leaders were behind this mass casualty event, they were
charged eight billion dollars as a fine. When you have billions of dollars hidden away in
offshore accounts, you don’t care about petty fines given by the American government. This
news never hit the newspapers because this horrid group is now protected by Oprah’s CIA badge, which keeps them cloaked and invisible from the public.

The “war” that the Checchi’s have started with the Bush family, the family of LBJ, and the Clintons is a modern-day “Hatfield and McCoy’s”-style feud of tribalism that we, who are alive at the turn of the new millennium, get to witness firsthand (lucky us!). As if this “war” wasn’t insane enough. I know for a fact that when the Bush, Johnson, and Clinton families would not retaliate after being attacked by the Checchi’s, the Checchi family would create a retaliation of their own to make it look like their opponents were engaged. This would allow them to attack the Bushes or Johnsons or Clintons again and justify it as a response of “self-defense” — even if, in fact, they were manufacturing the entire war scenario on both sides, just like a Hollywood movie. This clandestine “war” has dragged on for decades. Many think it’s time for this nonsense to end — and end now in 2022. It may have started with good intentions on the part of the Checchi Family but quickly veered off into a massively parasitic, greedy, unjust endeavor.

Would you please read more detailed information about this CIA group below? Please also read the letters and documents at the links below. Please keep reading and share this information with others. Honest journalism is essential to a healthy and fully functioning democracy. People must know the truth about this situation. As President Clinton once said about CIA experiments that harmed some Americans, “When the government does wrong, we have a moral responsibility to admit it. The duty we owe to one another, to tell the truth, and to protect our fellow citizens from excesses like these is one we can never walk away from.”

American democracy is a light and example to the world. If American democracy is not genuine and solid, the world will suffer because of it. I do indeed risk my life to share the truth that I know about this CIA Checchi cult situation. But I know there are tens of millions of people who would do the same as I am doing — because exposing this kind of extreme criminal, un-American behavior is the right thing to do, no matter the consequences to me personally. But I cannot do this by myself. So please join me in shining a light into the darkness of this sinister and toxic CIA cult. What we do in America matters to the world.

Sincerely,

Dillon Woods

There is a dangerous CIA-Harvard cult that is extremely criminal and active in every school district and on every campus throughout the entire country. They are known for recruiting students into their cult, and then they use students to commit crimes. For example, they use/abuse students to sell drugs to their peers. They also use/abuse students to help fuel their massive child porn
business. They get students to take sexually provocative pictures and videos on their phones. Then they hack into those phones—stealing these sexual pictures and videos to share them online. The leaders of this CIA cult also routinely get teachers and school administrators to be part of their cult. When people join this cult, they usually have no idea this group is one of America’s most prominent criminal organizations. All Americans, especially educators, administrators, and PTA leaders, must be informed about this dire situation going on behind the scenes in America today. If you’ve heard the news that both Oprah and Donald Trump have been taken off the Forbes billionaire list this year, it’s because they have both lost hundreds and hundreds of millions of dollars because of financial penalties imposed for being part of the prolific crimes which the CIA Checchi family initiated. The leaders of this cult have killed thousands of innocent Americans to bully political leaders. They have been illegally manipulating and interfering in elections in many states to tilt legislative power and political power in their favor. Furthermore, they have been killing judges, politicians, and attorneys nationally to protect federal courts that have been ruling against them—attacking those who uphold the rule of law in America.

For over twenty years, the CIA Checchi cult leaders have been working hard to destabilize the United States government at every level by funding and organizing riots & mass shootings. They have created and promoted Bitcoin (and other cryptocurrencies) in order to undermine and compete with the U.S. dollar. Their hope is to “overturn the financial infrastructure” that rules the world and disrupt global finance. If they can manipulate the government leaders in America to print too much money and cause inflation to rise dramatically, they can create a massive financial crisis that would bring the American financial system (and the US dollar) crashing down to its death. They have also created a massive illegal drug cartel that has made billions of dollars internationally. They use illegal drugs (cocaine, heroin, etc.) as a reward to give to their followers. It turns out people who are high on drugs become easier to manipulate for the evil operations of this death cult. They simultaneously have been using illegal drugs (like fentanyl) to kill people and ruin the lives of their enemy’s loved ones in America.

They are highly focused on destroying any family that has been supportive of or connected to their enemies. For example, among their biggest political enemies are the Bush family, the family of LBJ, and the Clintons. Anyone who even SPEAKS positively about these families will be attacked and maybe even killed. Because Texas is home to many supporters of the Bush family and the family of LBJ, citizens in Texas have been under attack. For example, the CIA-Harvard Checchi family orchestrated the shootings and the “sudden surge” of chaos that ended up injuring over 300 people & killing ten people in Texas at the Travis Scott Astroworld Concert on November 6, 2021.

Furthermore, they have been behind the scenes making sure that the state of Texas has had more deaths from Covid 19 than any other state in America (Texas has half of the number of people that South Korea has—but it has had even five times more deaths. This fact is not a coincidence—it is a CIA Checchi family manipulation). Their ultimate goal is to destroy the family unit and destroy families that are not part of their cult. They want to be your ONLY family. They intend to destroy all tribes & families except their tribe & family. “Join us or die” is their motto—and they mean it. They are a thoroughly un-American organization and a severe threat to national security, public safety, and world peace.
They have gotten away with this prolific criminal activity because their CIA badge has protected them for many decades. For example, throughout the U.S., they have organized their activities around controlling police and gangs. They provide both drugs and guns to gangs nationally. In turn, these gangs distribute their drugs throughout the United States and also carry out prolific, violent murders of innocent citizens. While all this nonsense goes on, the leaders of this CIA cult manipulate the police and other law enforcement agencies to stand down and let this stupidity go on. Then, when it is all done, they laugh all the way to the bank - making billions of dollars. This goes on in dozens and dozens and dozens of cities in America and throughout the world. There is one rational conclusion to such darkness: this evil, un-American group must be permanently stopped. For decades politicians have been negligent and irresponsible in refusing to stop this dangerous CIA cult (politicians fear them because they are prolific serial killers and they have such a large group of followers they can often vote people out of their political office quickly. They are known for attacking politicians who don't "turn a blind eye" to their criminal empire.). After reading this entire email, please take time to read my most recent letter to President Biden regarding this violent group. I have uploaded this letter to my Google Drive at this link: drive.google.com/file/d/1G7JAN9S5KbncvNSF32ae9pajyf0VukROF.

There is a NEW DEVELOPMENT in the CIA Checchi family's attempt at obstruction of justice in my case against them. I am exposing serious CIA corruption and abuse of power - that even, allegedly, involves Oprah Winfrey who is now protecting the CIA Checchi family with her CIA badge. If this is true, it would be classified information and they should not be telling me classified information. I am just an ordinary citizen journalist. But they do tell me classified information all the time without getting in trouble for it! They feel they are above the law and can do whatever they want - including killing mass numbers of men, women, and children. The Harvard Checchi family recently lost their CIA badge due to extreme corruption and murders of innocent Americans (even killing many children) but now they continue to abuse power under Oprah's banner!!! Who gets fired from a job and then gets immediately rehired under a different department?? That is insanity!!! Oprah has become a massive disappointment. Something is wrong with her. For example, apparently, they were recently behind orchestrating the school shooting in Texas on October 6, 2021, where four were injured. This time the knuckleheads were protesting the fact that President Biden was going to give me the money I have coming to me as a reward for being a whistleblower. This money will allow me to stop being homeless and I will be able to pull my life together on a path of healing. For eighteen years the Checchi's have forced me into homelessness and tremendous stress that has created many health problems of mind and body. It's been scientifically proven that stress kills. The Checchi family has deliberately sought to constantly stress me out in an attempt to shorten my life.

Whenever I am about to get this money (which apparently is enough money to buy a house), it is announced by the authorities, and the Checchi family creates a mass shooting or other deadly drama that kills innocent Americans. President Biden and authorities should stop announcing that they are going to give me money and just give me the money. By making these prolonged announcements they are inviting murders of innocent citizens through terrorist events created by the Checchi family. These terrorist events are done as threats to officials like President Biden not to give me the money. The Checchi's want to keep me in poverty but at the same time, they offer me huge money so that I will drop my lawsuit against them. If I have my own money, they can't
bride me to drop the lawsuit. The Secret Service should be all over these threats to President Biden, but they are silent for some reason. EVERY TIME the Checchi family creates these terrorist events the officials (like President Biden) give in to these Checchi terrorists and do not give me the money that is legally mine. Obviously, President Biden feels threatened by these Checchi-created terrorist events where innocent Americans are killed. That’s what terrorists do: instill terror and fear. That’s the whole point of terrorist events and it’s working — yet the Secret Service lets this nonsense go on as the Checchi’s threaten a sitting President.

Literally, dozens and dozens of people (over one hundred people) have been killed in an effort to stop me from getting this money. I’ve been told that now Oprah Winfrey is the person stopping me from getting this money. I want to buy land and a house with the money. I am still homeless and have been this way for over 15 years. But now, apparently, I must deal with Oprah attacking me — since the Checchi family now operates under her CIA badge. No “public servant” (especially unelected Oprah Winfrey!!!) has the legal standing to take away my right of owning property. The Constitution of the State of Vermont (where I was born and raised) says that I have a natural, inherent, and inalienable right to possess and protect my own property.

“That all persons are born equally free and independent, and have certain natural, inherent, and inalienable rights, amongst which are the enjoying and defending life and liberty, acquiring, possessing, and protecting property, and pursuing and obtaining happiness and safety.”

Vermont State Constitution

I’m not a legal scholar but it seems to me that whoever is keeping me from having this money that is legally mine — is keeping me from owning my own property. Therefore, they are breaking the law.

Furthermore, I just found out this past summer that the Checchi’s paid for a court order that gave them a legal “conservatorship” over me (just like Britney Spears had). But in my case, the reasons for this conservatorship were fraudulent and illegal. They had illegally and secretly taken total control over my life, and I didn’t even know it! That’s what kind of people they are — creepy screamers. When I found this out, I sued them and won my release from their illegally acquired power over me. The conservatorship was rescinded by the court, and I am no longer to be kept as a slave to them or their CIA cult. Knowing Al & Kathy Checchi (and their kids) has been a total nightmare for decades. They even killed my parents (which I didn’t know at the time that it was them who killed my mom and dad). When they died, Al and Kathy told me they felt sorry for me because I was an orphan and asked me to join their family! What a family of psychopaths!!! They are completely obsessed with me.

The Checchi’s are now refusing to accept the court order that the conservatorship has ended. The Checchi’s are forcing President Biden and other authorities to keep me illegally, as a slave to the whims of the terrorist Oprah-Checchi network. Government officials must protect the rule of law and follow the order of the court that has canceled the conservatorship. The Checchi’s are to have no say about anything regarding my life.

By giving in to the tantrums of the terrorist Oprah-Checchi cult leaders, officials are literally killing innocent Americans and making this nonsense drag on. Over one hundred Americans
would still be alive if the money had been given to me years ago when it first came time to give me the money. But these psychopaths (enabled by politicians) keep killing innocent Americans!!!

Keeping me enslaved to poverty is not only an experience of torture both physically and psychologically, but it is keeping me locked into a state of life that is unhealthy, unsafe, and un-American. They are trying to kill me with stress. Literally, this constant stress is a form of attempted murder. In June 2021 a jury in a court where evidence was presented found the Choechi's guilty of THREE COUNTS of attempted murder against me. They actually have tried to kill me at least seventeen times (all were very traumatic experiences) but there was documented proof for only three of these attempts.

In December 2021 they have the final phase of these court proceedings in which the court will tell them what their punishment is for these crimes. That's why they are trying to bribe me so that they can get out of this punishment in December. At the same time, the military has hauled them into court to face charges of "crimes against humanity." As you will see from my writing below, what they have done is manipulate government leaders like Mitch McConnell and Nancy Pelosi into making the debt ceiling and funding the government happen in December so that they can use this as leverage to cancel the court proceedings against them - as they threaten to ruin the United States economically if their demands are not met. They obviously control enough politicians to make this happen and destroy the United States economically.

I swear this story just gets weirder and weirder as time goes on. Oprah being a civil supporter of child abusers/child murderers was not on my BINGO card for 2021. Please read my letter to Secretary Austin below. If this topic has interest to you, I am including links to all my writing about this situation below. Secretary Austin somehow has responsibility for the CIA and has some sort of jurisdiction in this matter. So, I wrote him asking for his help. But I think I really need the help of an attorney qualified to work on federal cases. If you can, please forward this email to an attorney you know who might be able to work on this case. The more people who know what is going on, the more likely I will find the legal help I need. They continue to try to force me as a slave to serve their evil CIA cult.

This new development involving the debt ceiling and funding the government is clear obstruction of justice. I am very, very sophisticated maneuver by the Choechi family. They are as evil and as creepy as humans can be. But no one will ever accuse them of being dumb in political matters. This was a very slick move but clearly, it is obstruction of justice.

Thank you for your time and consideration.

Dear Secretary Austin,

I just learned that the Democrats have "made a deal" with the Republicans to delay things with the Debt Ceiling until this coming December. This is not good. This is a trap. This is the same time that they will have to re-do the funding of the government - which they just did last week to be revisited on Dec 5. And December is the same month that is the conclusion of my trial with the CIA Chechti family, where they will be told their punishment for being found guilty (in June) of three attempts to murder me. These three things all happen in December, and there is a 100% chance that they will vow to ruin the United States economically if they are not let off the hook of any punishment, in my case against them. They are horrified at being held accountable for these crimes. This will be a permanent record to stain their reputation.

My court case against them must be moved up a month to November, or all hell will break loose in December, and they will evade justice again. They can't be allowed to hold my case against them hostage, or they will sink America's economy. They control Mitch McConnell and enough Republicans to destroy America economically. They must be cut off before they can do this damage. So many people (judges, attorneys, me, my family, and many others) have sacrificed so much and risked our lives to hold these Chechti's accountable for their crimes. I am the first person to ever bring them to court after all the thousands of crimes they have committed over the last fifty years. It would be another crime to let them get away with no severe punishment.

I know you are not in charge of the courts. But, maybe there is something you can do to lobby "the powers that be," to move this final court date to November instead of December. This has become a matter of national security - now that the Chechti's will use the Debt Ceiling and the Funding of the Government as hostage over justice in this case. So many people have sacrificed so much. Something must be done to stop this nonsense, or they will get off scot-free again. Someone must hold this family accountable. No one in America should be above the law. But if this continues on course, they will get away without any meaningful punishment.

Thank you for your time and consideration.

P.S. Below is a letter I sent to some leaders. This letter contains information you should know:

Dear Governor and Attorney General:
(THESE EMAILS HAVE BEEN REVISITED FROM THE LAST ONE I SENT YOU.)

As Nobel Peace-winning journalist Maria Ressa has recently said: "You cannot have integrity of elections if you do not have integrity of facts." The full truth of what is going on in American politics is being hidden from the American people because it involves a family (or cult) of CIA
people. The only reason the courts have allowed me to explain details of what is going on is because I have had a long, drawn-out battle with this CIA family in court over the last 18 months. The situation has become very serious for the American people. I receive daily death threats and harassment from this CIA family for exposing the truth. Please take the time to read this entire email.

The CIA Checchi cult has gotten away with a lot of crime - including killing many citizens and interfering in elections. You (and all fifty states in America) will need to come up with new state laws to stop them from their criminal activity in your jurisdiction. The leaders of this CIA cult are famous for tricking people into committing crimes and then enslaving them into their cult based on the 13th Amendment where slavery is illegal EXCEPT as a punishment for crime. In Vermont, for example, they have recently made all slavery illegal in an attempt to stop the CIA Checchi cult from enslaving people in Vermont (especially students and young people under twenty-one years of age). The Checchi family has gotten away with a lot of crime throughout our country and throughout the entire world. Recently they have been on a killing spree of judges, attorneys, politicians, police, and their loved ones nationwide. Just recently it was announced that the wife of Florida Governor DeSantis has contracted cancer. There is no doubt that this was a CIA Checchi hit job. I know for a fact that Governor DeSantis and his Attorney General have been standing up to the CIA Checchi cult leaders in Florida (which includes standing up to former President Trump who lives in Florida). Governor DeSantis has been standing up to CIA Checchi corruption in his state of Florida (which includes abolishing their massive child pornography business in Florida and massive cocaine & heroin business in Florida). They are punishing Governor DeSantis for doing the right thing by attacking his wife with cancer. This corrupt CIA family cult must be stopped from destroying our democracy, killing innocent people, and attacking those who uphold the rule of law.

Dozens and dozens of judicial killings throughout the country are being done in retaliation because federal judges have been ruling against the CIA Checchi family and this is their attempt at intimidating those who are committed to the rule of law (more about this in my writings at the links below). This CIA family is a danger to national security and a threat to public safety because many citizens, law enforcement personnel, business leaders, and politicians have joined this dangerous CIA death cult - without knowing how corrupt they are. My writings seek to expose the ugly truth of what is going on. Please read this email and the documents at the links below. Leaders like you should know the truth. Governor: To confirm what I am telling you is the truth, I encourage you to contact my governor in Vermont, Phil Scott (R). He has been dealing with a lot of nonsense and abuse from this CIA family for the last several years and he can confirm this is a very dangerous and very serious situation confronting our democracy.

One of the serious crimes the CIA Checchi cult "got away with" in Afghanistan was in 2011 when they killed a man named Burhanuddin Rabbani. Mr. Rabbani was President of Afghanistan from 1992 to 2001 (he was forced into exile by the Taliban from 1996 to 2001). When they killed him, he was showing good progress in negotiating peace with the Taliban, and many were hopeful the Afghan war would end soon. But that progress came to a screeching halt on his birthday on September 20, 2011, when a suicide bomber killed President Rabbani at his home in
Kabul: Four other members of the Peace Council were there with him when the bomb went off – killing all five peacemakers. President Rabbani was considered invaluable to the peace process because he was the only official who had personal relationships with all the tribe leaders in Afghanistan. He knew them all and they trusted him.

The CIA Chechchi cult needed the Afghan war to continue so they could make more money. They planned to make at least one trillion dollars over twenty years. The CIA Chechchi cult sent the suicide bomber to stop the peace process because they wanted more money for their own personal gain. They didn’t want peace in Afghanistan. They wanted money. They had set up a money-making machine in Afghanistan, and it needed to run for another ten years to reach their trillion-dollar financial goal. This money would be used to fund their terrorist operations around the world. Their goal: total world domination and control. They were successful because they had their CIA badge to protect them. No one could stop them. But, President Rabbani was getting in the way of their plans to become trillionaires (which was, in actuality, money stolen from American taxpayers). Financial greed is a basic, fundamental motive at the foundation of the CIA Chechchi cult. They made uniquely sums of money in two ways: 1) with their various “contractor companies” that were working in Afghanistan for the Department of Defense and 2) the heroin business they had hijacked in Afghanistan (which made four billion dollars per year internationally).

The other important point regarding the assassination of President Rabbani is the most criminal aspect of this murder. In Islam, many believe that if the Islamic scholars decide together and agree on something that is not written in the holy writings, it is like being the Word of God or as if it were written in the Koran (or Hadith). Ironically, in the weeks before he died, Mr. Rabbani was conducting a successful campaign asking the leading Islamic scholars to issue a religious decree (or fatwa) that would ban suicide bombings. If he had been allowed to finish this task, he would have permanently rid the world of Islamic suicide bombers – a task so noble and vital for world peace. Maybe even worthy of a Noble peace prize.

As punishment, the CIA Chechchi cult should be forced to pay for damages that have occurred at every suicide bombing done by a Muslim since President Rabbani’s death because the Chechchi cult leaders are the ones who stopped this peace from becoming a reality on Earth. If you have not read this yet, please take time to read this letter I recently sent to Governor Scott and the FBI regarding the CIA Chechchi cult & Afghanistan. I uploaded the letter to my Google Drive at this link:

Please consider sharing this information with other Americans in your life. As one independent journalist, I can only reach so many people. Americans (especially politicians and public servants) deserve to know the truth about how this CIA family organized & funded terrorism – with taxpayer dollars. How they manipulated (bribed, bullied, seduced blackmailed) military professionals to cooperate in this crime against humanity should be studied within the military and exposed so this kind of manipulation is harder to get away with in the future. The leaders of the CIA Chechchi cult could not have been so successful without the cooperation of politicians and military leaders. This is also the same CIA family that orchestrated the suicide
bombed in Kabul on August 26, 2021, killing 13 soldiers and over 100 civilians. This bombing was done as retaliation to American military leaders who, that week, announced they were hauling the leaders of the CIA Checchi cult (Kathy, Al, and Adam Checchi) into a secret military court on charges of crimes against humanity. Finally, military leaders in America are waking up to the plight of crimes this CIA family has been committing — including the constant murders of military professionals. This is the same CIA Checchi cult that has also been behind the scenes orchestrating school shootings and mass shootings throughout America for the last 20 years. They need to be stopped, and it won’t happen unless American leaders know the truth and demand something is done to stop this CIA Checchi family cult. My job has been to expose the truth that I know. Please join me in exposing this CIA abuse of power so that Americans and leaders worldwide know the truth about what is going on in our country and our world. Together we can stop this CIA terrorist network from killing more innocent people.

Thank you for your time and consideration,

P.S. The latest CIA Checchi family trick: they used the “debt ceiling” to make federal authorities bend to their will and threatened to ruin the country economically if they did not get their way. In September 2021, Washington politicians had two issues to deal with: They had to fund the federal government (which includes funding the military) through December 3, 2021, and they had to increase the debt ceiling. Not doing this would force the government to shut down. They had to pass a budget by the end of September 2021. Through blackmail, bribery, and bullying, the Checchi family controls 70% of Republican politicians and a smaller percentage of Democrats in Washington, DC. They control politicians on both sides of the aisle. But they’ve specialized in tricking a lot of Republicans into being their slaves. These politicians must do whatever they are told to do by the CIA Checchi family because they are being blackmailed, bullied, or bribed. This CIA family threatened the Biden Administration with severe problems by giving no cooperation on the debt ceiling issue. This CIA family does not act in the best interest of the country but in pure self-interest. They were not elected to this position of power but seized this power through financial bribes, blackmail, or death threats to politicians’ family members. This CIA family has certain things they want (for example, they’d like the military to stop holding them accountable in court). If they don’t get what they want, they threatened to force their politicians to ruin the country by not raising the debt ceiling. For selfish gain, they are willing to ruin the country and destroy it economically. And the Biden administration would get the blame for this debacle. [The Checchi family has experience at doing this sort of thing because they were also behind orchestrating the high stakes drama of the 2008 financial crisis — what Warren Buffet called “an economic Pearl Harbor.” The basis of this mess was the manipulation of certain people working at the prompting of the CIA Checchi family that made bad investments over a period of years. This was all preplanned to attack the Presidency of George W. Bush — which gave his presidency a massive embarrassment, tanking his public image on his way out of office. Even at that time, the Checchi family was able to get certain Republican politicians in Washington — like Senator Mike Pence — to support their attack of President Bush.] Once again, the Checchi family got what they
wanted, and politicians passed the bill on September 30, 2021. Still, there is no doubt the Checchi family will play this game again when politicians are forced to revisit this issue on December 3, 2021. Playing games like this is how the Checchi family has survived in power for so long. In a September 8 letter written by Maryland Representative Steny Hoyer, he wrote: "It would be a disaster for our economy and for tens of millions of American families if Republicans refuse to join Democrats in responsibly addressing the debt limit, urge Senator McConnell to stop playing dangerous games with our economy and the well-being of so many Americans."

What would you do if you were President Biden? He is faced with this terrorist CIA family threat of destroying the American economy and constant threats of mass murders as they orchestrate deadly mass shootings throughout America and explode fatal bombs worldwide. President Biden knows what this CIA family is doing but he can't come out and tell Americans what they are doing because he has taken an oath of secrecy. But I have not taken an oath of secrecy, and I happen to know what is going on because I am involved in a lawsuit with this CIA family - so I get to see what is going on behind the scenes in American politics as they lash out at various court rulings in my situation with them. Many times, the leaders of the CIA Checchi cult even brag to me about what they have "gotten away with" in some weird attempt to impress me or intimidate me into cooperation. I must be honest with you and say - I'm shocked at how bad things in America are. I'm shocked that no one can contain this evil, murderous CIA family of domestic and international terrorists. This is the truth: our leaders in America are dealing with (and are trying to contain) a brutal, ruthless CIA domestic terrorist family that controls the entire secret society world and an army of five hundred million spies worldwide. They have even created new terrorist groups (like the Proud Boys, Antifa, and ISIS-K) to carry out their terrorist plans. The CIA Checchi family has so much power they have been able to get away with horrendous crimes against the American people and crimes against humanity for many decades (more details are available in my writing at the links below). Tens of millions of people have suffered tremendously because of the sins the Checchi family has committed for decades. Some people feel there is some "Old Testament justice" that the Checchi's deserve. I think most Americans would tell President Biden to finish them all off. Be done with this family and move on. But we'll see what happens. It isn't a situation with an easy solution - when you know the details. For more information on the issue of the debt ceiling, this is a well-written article from CNBC:

An Open Letter to Secretary Austin and CIA Director Burns:

On Sunday, January 9, 2022, I emailed former Governor Cuomo. I let him know I would be including a letter I sent to his attorneys (on August 9, 2021) in my book, "Reporting Child Abuse and CIA Abuse of Power." This book details the crimes of the CIA Checchi family cult leaders in Los Angeles. This past August, I had credible information that the Checchi's were behind attacking Governor Cuomo and orchestrated the allegations that took him out of power as Governor of New York state. They sought to take him out of power to put their people in power instead. The motivation behind the attack:

1. Retaliation because Governor Cuomo had been standing up to their criminal activity in New York state.
2. Replacing him to get more of their people in power in New York state.
3. Protecting former President Trump from prosecution by the state of New York.

Unfortunately, within hours after sending this email to Governor Cuomo on January 9, 2022, the Checchi cult leaders (led by Oprah Winfrey) retaliated by starting a massive five-alarm fire in a Bronx, NY apartment building. At least 19 people died, including nine children. They injured more than 63 people, with dozens seriously injured:
- Thirty-two suffered life-threatening injuries.
- Nine people were seriously injured.
- Twenty-two people suffered non-life-threatening injuries.

Mayor Eric Adams called the Bronx apartment fire “one of the worst fires in city history.” This new Bronx domestic terrorist fire attack happened just a few days after nine kids died in a fire in Philadelphia - which was another Checchi fire they created as they (once again) protested my work as a journalist.

These CIA-Checchi cult domestic terrorist leaders must be permanently stopped before they kill more innocent people. Once again, Americans must endure another President who gives unethical Presidential pardons for serious crimes and terrorist behavior. Another President is giving tens of millions of dollars in financial support to these same domestic terrorists who constantly kill innocent children and terrorize the defenseless public. If this is the best we can do, American democracy is in serious terminal disorder. The public needs to be warned our leaders at the highest levels have sold out in the darkness of tyranny, personal financial gain, and supporting domestic terrorists who have a reputation for being drunk and high on drugs on a daily basis - while they "work" and kill scores of innocent citizens week after week.

In another act of retaliation, on January 11, 2022, the CIA Checchi terrorists killed David Sassoli, who was a voice for democracy and human rights worldwide. He was president of the European Parliament from July 3, 2019, until his death on January 11, 2022. Both NATO and the United Nations are aware of this situation with this Checchi group of CIA-trained international terrorists. The killing of Mr. Sassoli was an attempt to intimidate and bully European leaders. This CIA-Checchi family drama has become an international concern. American leaders will be seen as weak and ineffective if they do not permanently stop these terrorists from killing more people.
All hands on deck. Our country and our world are in serious, serious trouble, and it’s not getting better - it’s getting worse.

Dear Reader:

Below is a letter I recently sent to American military leaders. When you have time, please read the letter, and contact me if you have any questions. The CIA-Harvard-Mormon Chocchi family has created a terrorist cult, which I am exposing to the public. They are criminally active throughout America and they are busy recruiting spies for their death cult from among law enforcement personnel, state employees, politicians, business leaders, journalists, artists, teachers, administrators, and even students as young as ten years old! They are killing, stalking, harassing, and abusing many innocent citizens in the United States and worldwide. In addition, they are guilty of heinous war crimes and crimes against humanity throughout the world.
This cult controls many trucking companies throughout the country. They have been using truckers to create chaos, commit economic terrorism, and other terrorist events. For example, recently, in Massachusetts, they killed State Trooper Tamar Rudej in an attempt to create a terrorist event. The trucker-terrorist that hit her patrol car was carrying gasoline that they hoped would explode on impact. Luckily, the truck’s load of gas did not explode. Sadly, the crash did kill the dedicated State Trooper. This was a threat of intimidation to political leaders in Massachusetts who recently stood up to the leaders of this dangerous Checchi terrorist cult.

The leaders of this terrorist cult are attempting to control and destroy democracies worldwide (including in America as they interfere in elections and intimidate politicians with their terrorist acts). Their goal is to create their own global dictatorship. Their “America First” policy is more than what it seems. It is a code to insiders of the cult. It refers to the fact that they have to entirely control America first before they can completely dominate the entire world. Al Checchi (the founder of this CIA-Harvard-Mumon Checchi family terrorist cult) calls himself “the king of the world.” This is his narcissistic ambition.

The leaders of this Checchi family cult do not believe in Freedom of Speech or Freedom of the Press. I know this firsthand as they attack me daily for exposing their criminal empire to the public. They are tyrants. Any politician who supports them is betraying their oath to uphold and defend the Constitution. The Checchi cult leaders must be stopped before they destroy American democracy entirely and kill more innocent people. While they create national and worldwide chaos, they simultaneously attack the rule of law by killing judges, attorneys, and police who uphold the rule of law. These Checchi cult leaders insist they are above the law and demand that the Governors and Presidents give them pardons for all their crimes. This is a genuine crisis for America and the world.

After reading this entire letter, please do what you can to help spread the word. Since many politicians are compromised and not doing their job to stop these terrorists, it will be up to the American people to stop this terrorist group from their assault on democracy and the rule of law.

Thank you for your time and consideration.

Dear Secretary Austin, General Milley, and CIA Director Burns

136
Thank you for upholding your oath to defend the country against the CIA Cheechi terrorists and other enemies of democracy. I must admit I am baffled today why the CIA Cheechi terrorists are continually allowed to contact me every five minutes with threats & harassment while I'm working on my computer. This week they are out of control - no doubt drunk on high on drugs the entire time.

I went to vote today in my little town, the Cheechi's even interfered with my voting and had me stalked & harassed from the time I left my house to the time I returned. I understand this is a complicated situation, but they are masters at drawing things out "just three more months" and doing this over and over until the months turn to years. For me, the years have turned into over three decades of Cheechi physical abuse, harassment, murders, financial abuse, and psychological torture. ENOUGH IS ENOUGH!

You would know better than me if there has ever been such a danger to our democracy, such as the Cheechi terrorists. But from where I stand, I can't think of any more dangerous terrorist group than this EVER in American history. They are a severe threat to our democracy and democracies around the world. I can't understand why they are still alive and actively attacking people worldwide. If they are still active this summer 2022, our democracy is doomed. They have been recently negotiating hard for "three more months" for a reason. If they are given more time, they will win this war, destroy American democracy, and kill everyone who has opposed them.

I have recently learned that the Cheechi terrorist cult leaders have manipulated legal policy in New York state (a state where they commit a lot of crime and kill many innocent people). Now when they are caught committing a crime in New York, it is a felony. Some people may think this is a good change because it will bring a harsher punishment. But what it actually means is that it will be easier for them to get a pardon since every President of the United States for the foreseeable future will be a Cheechi puppet. Everyone (from both parties) who recently ran for President in 2020 and stood on the debate stage was a loyal CIA Cheechi cult member. Some were bullied into submission, some were blackmailed, some were bribed. No matter how they got on that stage, they have a proven connection to this evil cult of terrorists. To run for President of the United States, you must be a member of this dangerous, unconstitutional cult of serial killers. This is not how the Constitution says America should be functioning. This is a threat to America's national security.

It's not a good idea to make crimes committed by them only a felony because this will enable them to get out of every punishment. States are the last hope to punish these Cheechi terrorists and keep America a place of "justice for all." Senators and leaders in Congress need to put a leash on a President's ability to hand out pardons like they are giving out candy to monsters on Halloween. Both Trump and Biden have supported the Cheechi terrorist network by handing them continual pardons for very serious crimes against the American people - including the deliberate slaughter of many innocent men, women, and children.

Giving these Presidential pardons is a serious betrayal of the President's oath of office because the CIA Cheechi family cult punishes people daily for practicing their right to Free Speech and Freedom of the Press. I know this is true firsthand as they threaten and punish me daily for
writing the truth and sharing it with the American people. By supporting this terrorist network, President Trump and President Biden both betrayed their oath to uphold and defend the Constitution. Daily the Chechhi terrorists do not uphold their oath to protect the Constitution because they punish people who practice their Constitutional rights. Since the Chechhi cult leaders control everyone who will be running for President for the foreseeable future, this is a big problem for justice in America. This means they will be given unlimited Presidential pardons for whatever crimes they commit. This cannot be allowed to continue.

Today I just got a message from the Chechhi terrorists telling me they are planning a significant terrorist event for July 4th, 2022. How can they make these plans for domestic terrorism, and it goes undetected by leaders at the CIA? The fact that they keep telling me the crimes they will commit is beyond me. Obviously, they are drunk – AGAIN. Clearly, they need to be permanently stopped. If you military leaders don’t stop them, no one will. They must be taken out NOW. There is no time to wait and no time to waste. This is an emergency for our democracy. Sadly, President Biden seems to be hypnotized or severely compromised by the Chechhi’s.

This week I’m sending the email below to American military leaders worldwide. The Chechhi’s have successfully blocked my emails going out from 7 am – 3 pm. This is not good because this is the peak time when people look at their emails. If I send emails after 3 pm they are easier to delete from an inbox while people are sleeping at night or not checking their email until the next day. The Chechhi’s are also hacking into my main mailing list and changing email addresses so that they won’t work. I wish more could be done to secure correct email addresses for military leaders. If anyone should know the truth of what’s going on with the Chechhi cult leaders as they seek to destroy our democracy – it’s military leaders that should know the truth.

For some reason, the courts have only allowed me to spread this message. That’s a lot of pressure. I can’t get any newspaper to help me spread the word on this corruption. This news is more significant than Nixon’s Watergate. Americans deserve to know the truth that I know… yet I have been blocked by President Trump and now President Biden from reaching the American people with this important news. I’ve tried to get newspapers to hire me just for this issue, but no response. It’s like putting brand new tires on a brand new race car but not giving any oil or gas for the engine. Something is very screw up with this, and I’m sure the Chechhi’s are behind the scenes manipulating it all. If you can do anything to help me reach military leaders with my writing, I welcome the help.

I thought it was the policy of the United States NEVER to negotiate with terrorists. What happened to that? The Chechhi’s are confirmed terrorists and guilty of heinous war crimes and crimes against humanity for many decades. Yet not only are American leaders negotiating with these Chechhi terrorists, but President Trump and Biden have been funding them with billions of dollars AND pardoning them for monstrous crimes. The Chechhi terrorists get their way by violent actions of intimidation. As Prime Minister Thatcher once said, “politics demands and the national interest requires that violence does not pay and is seen not to pay.” For years what we have seen from this Chechhi situation is that being a bully and being violent DOES pay. American leaders must never give in to violence - never give in to terrorists. Their actions prove they are the foe of democracy. They are trying to eradicate democracy for their own self-centered ends and narcissistic needs. Democracy must dominate the dictators’ lust for power.
Something must be done to stop this kind of terrorism and intimidation from happening in the future - in case another crazy terrorist family picks up where the Checchi's left off. Americans can only hope and pray the Checchis will be permanently shut down and permanently taken out of power very, very soon. Otherwise, they will destroy our democracy and the rule of law.

God bless you in your work to keep America's democracy strong and free.

Dear Commander and Other Military Professionals:

Much of the gun violence throughout the United States has been rooted in the CIA-Harvard-Mormon Checchi family cult based in Los Angeles (Oprah Winfrey has been manager of this cult). The leaders of this dangerous cult of terrorists have been provoking riots and violence all over the country for many years in order to bully politicians to give-in to their demands. They even create terrorist events on military bases throughout the world (more about this in my writings attached). A recent example of their domestic terrorism was on February 22, 2022, when they killed four people in a helicopter crash at a U.S. naval facility in Hawaii. Creating terrorist events within the military is their way of intimidating and threatening military leaders to fulfill their demands. This cult has become a severe menace to society and a threat to public safety - even on military bases around the world.

Even the "truckers protest" in February 2022 was their creation as a threat that they would shut down the economy if they did not get their demands met. The Checchi family also controls thousands of American companies (including gas and oil companies), giving them the power to raise prices and single-handedly create a national inflation crisis unseen since 1972. On top of this economic attack, I know for a fact the leaders of the Checchi cult are trying hard to control many political leaders throughout America. Checchi spies are working hard to infiltrate and control all political offices as they blackmail, bribe, and bully political leaders and the people who work for them.

In 2021 I was sued several times for defamation and slander by the people I write about in my writings (links below). I won 100% of these lawsuits because the courts knew I was telling the truth about these serious situations regarding domestic terrorists. These domestic terrorists are very wealthy with CIA badges that have shielded them. They are privileged beyond imagination, and they have constantly abused this privilege & power. I am writing to let you know what is going on because leaders like you need to know the truth about these dangerous people that you (or someone close to you) may be involved with. As the courts have said numerous times: I am telling the truth, and as a journalist, it is my job to inform the public about what I know to be true in an attempt to protect citizens and advance the public
good. The courts have also allowed me (you could say even given me a mandate) to expose the
names of these domestic terrorists (explained more in my writings at the links below).

In 2020 I sent an important email to California State Senators and Assembly members. In that
email, I exposed the corrupt CIA-Harvard-Mormon Checchi family cult in California that was
behind a lot of criminal activity in California. They had been setting massive wildfires in
California that killed millions of defenseless animals and orchestrated mass shootings & school
shootings in California which tortured, abused, and killed thousands of people. Mysteriously,
my emails to these political leaders were "disappearing" in thin air and not arriving at
their destination.

I decided to call each office, talk to a staff member of the public servant and make sure the email
had arrived. Since the emails were disappearing from email inboxes. I had to ask staff to print
out the email for the public servant. One time I was talking to a staff member on the phone, and
she said, "yes, we got the email. I am looking at it right now... silent pause... WOW. That's
weird. It just disappeared from the inbox. It's gone. It was here. I was looking at it, and it just
disappeared."

After each phone call in each office, I would take notes on my conversation with the staffer,
noting their tone and level of helpfulness. Twenty months later, I had to contact these politicians
again to expose even more criminal activity of this same CIA "family." I immediately noticed
that almost every person I had taken notes on was gone from their job working for the public
servant. Further study of this strange occurrence found that the staff of Senators I had talked to
had almost all been replaced — especially the people who had been helpful to me and printed out
the email for the Senator. Most of the staff of the Assembly members I had taken notes on had
not been replaced. So, I conclude that Senators in California are being targeted and manipulated
by this CIA family. This family is controlling the information that gets to the Senators.

I can't help but think it was the same CIA-Harvard-Mormon family behind these staffers
disappearing from their jobs. They made these staff changes to make sure that the Senators’ staff
in California worked for their CIA cult and not the Senator. Staffers who were too committed
to working for the Senator had to be replaced with spies who would serve this CIA family
cult instead.

The Checchi family cult leaders have also been doing this prolific infiltration of political
offices in important "swing states," "strategic states," and "states of interest" throughout
the entire country. States like Alaska, Michigan, Wisconsin, Pennsylvania, Texas, Florida,
Massachusetts, Maine, Nevada, Arizona, Georgia, Colorado, Iowa, Vermont, New Hampshire,
New York, Minnesota, Tennessee, Virginia, and Utah have all been subjected to tremendous
manipulation and infiltration by the corrupt CIA-Harvard-Mormon Checchi cult of terrorists.

Hoarding and controlling political power has given the Checchi family cult leaders the ability
to control and manipulate the entire country in direct contradiction of their oath to uphold the
Constitution of the United States. For decades, they have planned to overthrow the government
of the United States and set up their own Constitution, their own laws, and their own
government. The Chocchi family does not only want to control the United States, they want to replace the family of Queen Elizabeth as the Royal reigning world power.

For decades they have been working hard to overtake Canada so that they can combine the two countries of America and Canada as their one country. They plan to steal Canada from Queen Elizabeth, who includes Canada as one of her "commonwealth" countries. The present Prime Minister, Justin Trudeau, has been manipulated by the Chocchi cult leaders for decades — since he was young (his father was former Prime Minister of Canada from 1968-1979). Prime Minister Justin Trudeau has been public (yet clear) in his lack of affection for the custom of the Monarchy. For example, when he was first elected, he took down the picture of the Queen in the HQ of the foreign affairs office and replaced it with paintings by Canadian artists. Then his government announced it would not be mailing free copies of the Queen's portrait to the public. Then when it came time to fill the position of the Canadian secretary to the Queen, it remained vacant for nearly three years.

This lack of support for Monarchy tradition is not only happening in Canada but in many commonwealth countries like Australia, New Zealand, Barbados, etc. "This year Barbados Breaks With Elizabeth II to Become the World's Newest Republic." What most people don't realize is that for over 40 years the Chocchi cult leaders have been quietly killing supporters of Queen Elizabeth all around the world. Now when the Monarchy conversation comes up in some of these commonwealth countries, a growing majority of people see the Queen as irrelevant. Many of those who loved her are now dead. This cooling support has left the Monarchy extremely weak and unpopular worldwide. With the addition of various Royal scandals coming out of Windsor Castle, the trajectory for Queen Elizabeth II and her family is unstoppably downward. Soon countries like Canada, New Zealand, and Australia will follow in the footsteps of Barbados and break with Queen Elizabeth II as head of state.

In America, the present high turnover of public servant staffers seems unlikely to be normal — except for interns: "Government employment historically has one of the lowest separation rates compared to most industries due to its job stability." Therefore, Senators, Representatives, Mayors, Governors, and all public servants must be cautious who they have working for them. In 2020s America, there is a big push to control the information that public servants receive. There is a corrupt, evil force working overtime as they manipulate and block information that leaders hear. This is a whole new level of conspiracy, and it might be time to create a new law to make it illegal to manipulate the staff of public servants.

Since this corrupt Chocchi family is trying hard to control politicians, they are no doubt attempting to infiltrate the offices and staff of all politicians. Unfortunately, their spies are only loyal to the Chocchi cult agenda. These spies cannot be trusted. As much as leaders like you can control your stuffing decisions, it would be wise NOT to hire these Chocchi spies. Discerning who these spies are is the hard part. Since Chocchi cult members number over one hundred million in North America, I'm suggesting there may need to be some new kind of background check to find out who is part of this dangerous terrorist cult. They don't carry membership cards. The leaders of this cult of terrorists are a menace to society and a threat to public safety. For the last four years, my writings (at the links below) have detailed the threat they pose to Americans,
Canadians, and to humanity worldwide. Leaders need to take seriously the danger they pose to our democracy and our world. It is impossible and unwise in attempts to negotiate with these selfish, drunk, and delusional Checchi terrorist leaders. There is a reason why the United States has had a policy of not negotiating with terrorists. I hope you will be a leader in exposing and extinguishing this destructive CIA-Harvard-Mormon Checchi family cult. It will take many of us to end this threat to our country and our world.

Below are some of the details of my notes that exposed this new development with political staffers. At the very bottom, I have added many links to my Google Drive, which will take you to more of my writings that explain their crimes against humanity, their disregard for human rights, their disdain for Freedom of Speech, and their contempt for Freedom of the Press. The CIA-Harvard-Mormon Checchi family cult of terrorists remains a dangerous cult of death. They have unjustly killed millions of innocent people and billions of defenseless animals worldwide - they must be permanently stopped.

Sincerely,

P.S. I am still in need of a competent attorney(s) able to work in the Supreme Court. The CIA-Harvard-Mormon Checchi family terrorist leaders (Harvard attorneys) appeal all my victories to the Supreme Court and the Chechis have been bringing new WEEKLY fraudulent lawsuits against me for many months now. Every Thursday it's a new corrupt lawsuit and another lie. They are clogging the court docket with fraudulent nonsense and I'm not sure why this is being tolerated by the Honorable Judges. In the last week, they filed THREE dishonest lawsuits against me (one on Thursday, one on Saturday, one on Monday). All three were deliberately fabricated and knowingly dishonest lawsuits. Add to this the fact that the Chechis have bribed two of my attorneys to not do their job and you can see I have my hands full with these corrupt CIA-Harvard-Mormon terrorists.

I'm attaching two PDFs to this email because I was recently informed that to access my writing via the links below you have to sign-in to Google Drive and I think that is sketchy. I'm no legal scholar, but it seems to me that Freedom of Speech doesn't just mean I get to write freely - it means you get to read freely, without being tracked (which is obviously what they are now doing with my Google Drive). In the recent past, you didn't have to sign-in. If I did not attach to this email a specific document that you would like to read from the list below, just let me know which document you want to read and I'm happy to email the PDF of that document to you.

Dear FBI:

For many years the Checchi family has sought to control the Supreme Court. It is a fact that the last two Justices who have died were directly and deliberately killed by the Checchi family so that they could get someone who is part of their cult into that powerful position. Recently, Ginni Thomas (wife of Supreme Court Justice Clarence Thomas) was naïve ly set up by the CIA Checchi terrorist cult in order to put pressure on her husband to obey orders coming from them. They manipulated her to support a group of people who attended the Insurrection riot on January 6, 2022. The Checchi's are aggressively trying to bully her husband into submission so that he will rule in their favor. On one level, they are attacking another Catholic and another black man for being black and Catholic. On another level, they are attacking the Supreme Court - AGAIN. The Checchi family is attempting to overthrow the United States government and they need to be stopped. Below is my letter written today for the Justices of the Supreme Court in a new court case brought against me by CIA General Al Checchi.

This week, I provided evidence to authorities that the CIA Checchi family cult of terrorists has been infiltrating state Senators' offices in California. (They have also been doing this in many other states). Their goal has been to subvert democracy and stop elected officials from getting emails I was sending them to warn them about the prolific crimes and terrorist acts being committed by the Checchi cult leaders in California. From the massive forest fires that the Checchi cult leaders deliberately set - killing millions of defenseless animals and orchestrating many mass shootings & school shootings in which thousands of people were affected by being psychologically tortured, abused, and even murdered.

The Checchi family cult leaders have also been doing this prolific infiltration of political offices in important "swing states," "strategic states," and "states of interest" throughout the country. States like Alaska, Michigan, Wisconsin, Pennsylvania, Texas, Florida, Massachusetts, Maine, Nevada, Arizona, Georgia, Colorado, Iowa, New Hampshire, Vermont, Minnesota, New York, Tennessee, Virginia, and Utah are among the states that have all been subjected to tremendous illegal manipulation by the Checchi cult leaders.
This has all been done so the Checchi family can control political outcomes and put their people (members of their CIA cult) into positions of power. From Governors, Mayors, State Senators & Representatives, and City Council Leaders - the CIA Checchi cult has been manipulating and interfering in elections for decades. Hoarding and controlling this political power has given them the ability to control and manipulate the entire country in direct contradiction of their oath to uphold the Constitution of the United States. For decades, they have planned to overthrow the government of the United States and set up their own Constitution, their own laws, and their own government.

In an act of petty, vindictive retaliation, it has come to my attention (if I understand things correctly) that this week Al Checchi has brought to the court dozens and dozens of pages of video and audio he illegally obtained of me over more than 20 years of invasion of privacy and manipulated situations where he recorded me. It feels extremely unfair that I don’t get to see the details of his claims about me. Attorneys who don’t understand the context of these videos and audio recordings will have no idea the depth of Checchi’s deceit and manipulation in which I lived for decades. But, from past experience, I can tell you with certainty that whatever Al Checchi or his cult leaders are claiming about me is fabricated, being taken out of context, and has been wholly manipulated to the point that if Checchi spies had not been in my life, entrapping me in situations, those situations never would have happened. It is that simple. "Government agents may not originate a criminal design, implant an innocent person's mind the disposition to commit a criminal act, and then induce commission of the crime so that the Government may prosecute." (From https://www.justice.gov/archives/ju/criminal-resource-manual-645-entrapment-elements)

At this point in my life, I look back at these situations feeling stupid for my gullible foolishness. But as my mother used to say, "I'd rather be the one who bought the Brooklyn Bridge than the one who sold it" (Al Checchi also killed her for no reason except that I was friends with their enemy, the family of LBJ). I comfort myself by realizing a person from the simple, trusting, naive background from which I came could never have imagined the sort of evil, duplicious, deceitful, and manipulative web in which I was entrapped by the entire Checchi family cult of terrorists for over three decades.

I'm not a Doctor of Psychology, but when I was a student at University, I took many formal classes in psychology - as I once entertained the idea of being a therapist or psychologist. Even with my basic education in this science, it is evident that the CIA Checchi cult leaders all suffer from various forms of untreated mental illnesses. I have been told by people closest to Al Checchi that they wish they had understood the obvious signs of his schizophrenia earlier. CIA and military leaders famously ignored his extreme narcissism and grandiose Messiah complex for over fifty years. Ignoring the signs of Al Checchi's mental illnesses has resulted in the deaths of millions of people and serious crimes against humanity worldwide.

The constant fraudulent lawsuits I have been experiencing - which the Checchi cult leaders are bringing weekly for many months now - must be stopped. They are nothing but a form of harassment and a waste of time for judges in the highest court of the land. For many months, the Checchi cult leaders have been clogging the Supreme Court docket with nonsense.
I suggest that these lawsuits will be stopped once the CIA or military leaders deal with the untreated mental illnesses of Al Checchi and all Checchi cult leaders (including Oprah Winfrey who is obviously suffering from untreated mental illness and substance abuse as well). They need to undergo anonymous study by qualified and experienced mental health professionals. I say "anonymous" so that the Checchi cult leaders won't be able to kill the psychologists/psychiatrists for speaking the truth about their prolific and monstrous mental illnesses. These Checchi cult leaders are very sick with serious mental illnesses that have resulted in the deaths of millions of innocent people around the world. The quicker these illnesses are diagnosed and treated, the more likely the Checchi cult leaders will stop wasting the court's time by bringing these constant petty, fraudulent lawsuits filled with manipulated, dishonest nonsense.

Forcing these Checchi leaders to get treatment for their mental illnesses will also save countless innocent lives from abuse and death. These Checchi cult leaders are notorious serial killers. Politicians and judges throughout the country are afraid of standing up to this evil and powerful family because they fear for their lives and the lives of their loved ones. Leaders at the CIA and the military have been delinquent over many decades in spotting the severe mental illnesses of the Checchi family leaders. For example, Kathy Checchi has suffered serious abuse by her husband Al Checchi. This abuse has created in her many psychological maladies and has helped in creating pathological insecurity. She has been brainwashed into being part of a culture of abuse of power and serial killing atrocities that have resulted in the deaths of millions of innocent people. No doubt she must have feared for her own life as she watched how many people her husband got away with killing over so many decades. Maybe there needs to be better screening and attention given to people's mental health at the CIA? The court would be wise to act with swiftness on this issue of Checchi's mental health and force the Checchi cult leaders into immediate sessions in which they are studied and treated. Without this intervention, the court's time and resources will continue to be wasted with these ridiculous, counterfeit lawsuits. The lives of thousands of innocent people will also continue to be killed and abused, if the court does not act on this issue of Checchi leader's mental health.

During the last thirty years, it is true I have occasionally done unwise things. It is true the Checchi cult leaders have easily manipulated me to do these things for over three decades. It is true I am innocent of doing anything criminal. It seems unavoidable that humans often obtain good judgment by having bad judgment. It is true that, at times, I have been one of these people. I have been unable to find any human being, for which this reality is not true. To say it simply: it is true that at times, I have learned good judgement from having bad judgement.

But my gullible, naive, trusting mindset is not what is important here today. I urge the court to immediately use its power to protect innocent people from the dangerous and deceitful CIA Checchi Family cult of terrorists. They are confirmed terrorists and have committed horrendous crimes against humanity for decades. Not only have they killed millions of innocent people, but over these decades they have also caused nearly one hundred million people to become refugees by starting many wars worldwide. Without your intervention, innocent people worldwide will continue to be harassed, abused, and killed by the CIA Checchi cult leaders.
It is my most fervent prayer and hope that you will take the action needed to protect innocent people and uphold your oath to the Constitution. It is time to defend the United States of America from enemies, both foreign and domestic. The Checchi family cult leaders have proven themselves repeatedly to be a domestic terrorist organization. They are an enemy to democracy and civility worldwide. The world is waiting for Americans to take actions that will stop this insane Checchi abuse of power permanently.

Sincerely,

This letter below is regarding a crisis in the judicial community: the killing of attorneys and judges throughout America in an effort by the CIA Checchi family cult leaders to destroy the rule of law and American democracy.

March 19, 2022

Dear Reader:

This link below will take you to a bar association county website in Washington state that has been keeping track of the deaths of judges and attorneys in Pierce-Tacoma County, Washington (the information is also copied below for those who do not click on links). From this memorial list (from 2008 to 2021), you can see for yourself that starting in 2018, the deaths of judicial professionals have been increasing in this county. This is not a coincidence. This has been happening throughout the entire country. The leaders of the CIA-Harvard-Mormon Checchi family cult of serial killers are injecting judicial professionals with cancers and other diseases (explained more in my writings at the links toward the bottom of this letter).

These judicial victims of CIA Checchi family abuse of power are Americans who uphold the rule of law on which our democracy is founded. Unbiased judges and attorneys dedicated to the rule of law are absolutely essential for democracy to function properly. Unfortunately, the Checchi cult leaders are also poisoning the food & drinks of these professionals to create heart attacks & strokes. They also create "accidents" that kill people dedicated to the rule of law - this includes judges, attorneys, politicians, and police officers. I found this memorial page and this website because I was writing to Pierce County Sheriff's Department leaders to express my sincere condolences on the recent death of Officer Calata, who was also recently killed by the CIA Checchi cult of terrorists.
These targeted murders of judges and attorneys are acts of domestic terrorism meant to suppress and control American democracy. They are attacking those who uphold the rule of law as an act of retaliation because federal judges have been rulings against the Checchi family in federal courts in my legal cases against them. I am the first person to ever be successful in suing this prolifically criminal family of serial killers and terrorists. THESE TARGETED MURDERS OF JUDICIAL PROFESSIONALS ARE HAPPENING IN EVERY COUNTY THROUGHOUT THE ENTIRE COUNTRY.

Even if they only kill an extra 2 or 3 or 4 judicial people per county, that adds up to many people when you count the national total of judicial deaths per year. The CIA Checchi cult leaders are killing people who have been upholding the rule of law and those leaders who are a threat to their plans to dominate and hijack American democracy for their own profit and glory. Their goal is to overthrow the United States government to dominate/control America first, then the entire world. This is another kind of Hitler/Nazi plot for world domination at any cost.

It is no secret that the CIA Checchi family cult controls around 70% of politicians in Washington, D.C. This gives the Checchi family tremendous power to create laws in their favor. So, for example, in December 2020, when the Daniel Andret Judicial Security Bill came before politicians in D.C. (this bill was created to address threats to judicial security and give more protection to federal judges), it was not supported by politicians. Obviously, the Checchi family is trying to kill judges so they did not want this bill to pass that would give judges more protection.

On top of these targeted murders of judges and attorneys, the Checchi cult leaders have also been putting their gatekeepers into law schools, controlling who is accepted as a new law student at law schools. This allows them to keep people out of the law profession who are not part of their evil cult. They can also keep people out who would likely do a great job being unbiased as they uphold the rule of law. By manipulating both ends of this judicial spectrum (keeping out certain people from entering the law profession and killing certain people who are already in the law profession, upholding the rule of law), they are attempting to set the stage of total control in the courts. This will make the cult leaders invincible in court battles for years to come.

Too many political leaders are compromised by the leaders of this terrorist, serial killing cult. These political leaders become compromised through blackmail, bribery, and bullying so they are not doing their job to protect the American people from terrorists and serial killers. If the CIA Checchi family cult leaders have their way, the same will soon be true in the courts, and we will have compromised judicial leaders who are afraid to do their job. The American people must be informed of what is going on with this attempt to hijack and control American democracy. The American people must terminate this CIA Checchi family cult and their plans to control and hijack American democracy for their own profit and glory. The link to the Washington county memorial website for judges and attorneys is here (the information is also copied below): www.tpcba.com/about/in-memoriam/.
I didn't discover this memorial page until the middle of March 2022. I know these judicial murders are going on all over the United States because I closely watch many news outlets and spend my days doing research. The Cheeschi family cult leaders have declared war on the judicial community. More judges and attorneys have died in that one Washington county in the first 2 months of 2022 than virtually the entire years of 2008, 2010, 2011, 2013, and 2014. This is a crisis for people in the judicial community, and we all need to be disturbed by these facts. This is a direct attack on American democracy and the rule of law. This sinister plot has been going on for several years. The leaders of this CIA Cheeschi family cult of terrorists & serial killers must be permanently stopped. You can read more details about the dangers this CIA Cheeschi family cult poses to our democracy at the links below in articles and books I have written & uploaded to my Google Drive.

Subject: HERE IS THE TRUTH

Dear Reader:

After six lawsuits in 2021 that tried to stop me from sending this letter to Americans like you, the courts have denied all attempts to stop my work as a journalist. Also, the courts have gone one step further by permitting me to use the full names of these domestic terrorists in the hopes that exposing their names will publicly shame them and stop them from killing more innocent people. This strategy seems to have slowed down the terrorists because deadly attacks have become less frequent, and fewer innocent people have died.

In this letter, the people I write about have been behind-the-scenes orchestrating and manipulating violent extremist individuals & groups to create chaos in America and worldwide. Because they are CIA people, they have been protected and have escaped any real punishment (they are fined a financial penalty as a punishment). However, because they are exceedingly wealthy, the fines mean nothing to them, and the fines have not deterred them from orchestrating more domestic terrorist attacks in America). Please take time to read this entire letter and share it with others who believe in democracy and the rule of law. Many of us are fighting every day to stop America from becoming the land of the hateful and the violent. America is the land of the free and the home of the brave. As long as we all do our part, it will stay that way.

The subway shooting in New York City (on April 12, 2022) was orchestrated by the CIA Checchi cult leaders (David Camu, Kathy Checchi, Al Checchi, Adam Checchi, Oprah Winfrey, and Michael Fisher. Their motto is "where we go one, we go all" — so that even if only one of them plans a terrorist event, all of them support it and are involved in one way or another.) Shockingly, President Biden gave them all a recent promotion with more powerful badges. President Trump also supported this terrorist network and helped them secure hundreds of billions of dollars and numerous Presidential Pardons to absolve their criminal actions. This high-level support has enabled them to take their domestic terrorism to the entire world. President Biden knows they are confirmed, experienced, dangerous terrorists. It really makes you wonder: What is his thinking?? What is the truth?

The truth is: on the morning of the NYC subway shooting, the CIA Checchi family terrorists lost a case at the Supreme Court because I refused to lie to the Justices about something. This shooting was their way of throwing a childish tantrum. This is the same
CIA Checchi family cult that has been orchestrating mass shootings & school shootings (torturing and killing many innocent citizens and students nationwide). They are also the biggest producers of child porn in the world. They are a real classy bunch from Beverly Hills. They orchestrated the killing of two FBI agents last year when the agents showed up in Sunrise, Florida, to shut down one of their child porn producers (more about this in my writing attached).

I feel sorry for President Biden. It's starting to look very obvious that he lives in fear of the Checchi terrorists, or he is being threatened/blackmailed by them. I am 100% certain that Al Checchi is the one who orchestrated the killing of Biden's first wife and children when he was first entering politics in 1972. This was done to bully the young Biden into submission as a politician. Add a blackmail situation that Checchi orchestrated several years later and this sort of un-American Checchi-sponsored terrorism and control of politicians seems to have worked out very well for the Checchi family terrorists. Clearly, the Checchis are still tormenting the poor guy. Years later, Al Checchi would also kill Biden's son Beau with incurable cancer as punishment for something Biden did when he was Vice President. Al Checchi is a brutal, cruel dictator, and this entire family needs to be taken out of power. Unfortunately, they have no self-control to stop themselves from destructive terrorism. They take pride in killing many children & other innocent people.

Part of the problem in this situation is that the CIA Checchi terrorists only pay a fine when they get caught committing crimes. For example, on one weekend, when they went on a killing spree - killing the son of a federal judge, wounding her husband and assassinating two journalists in New York, they only paid a two billion dollar fine. They have billions of dollars at their disposal. If the Checchi terrorists only pay a financial penalty for committing a crime (in some cases, grave crimes of terrorism and slaughtering in cold blood hundreds of harmless children and thousands of other innocent, unarmed citizens), then the law only exists to punish people who are too poor to pay a fine. Financial punishments are meaningless and barely an annoyance to those who are wealthy. All the Checchi cult leaders belong in jail for a very, very long time for the heinous crimes they have committed for over three decades. They are an unceasing threat to public safety, a remorseless menace to society and a danger to world peace.

For more information about what this dangerous CIA Checchi family cult has been doing, keep reading below (and attached to this email). If you are short on time, I have put some sentences in bold and highlighted the main points so busy people can read and get the gist of what is going on with this dangerous terrorist group. Americans need to know the truth about what is going on. Because of my lawsuit against them (which still drags on), the courts have granted me permission to expose this nonsense. God help us all. Law enforcement has their hands full with these prolific terrorist criminals.

Sincerely,

Dear Citizens and Leaders:

As the Russian Nobel Laureate Aleksandr Solzhenitsyn once said:

"Truth eludes us if we do not concentrate our attention totally on its pursuit... Truth seldom is pleasant... It is almost invariably bitter."

Many of my rights as an American-Canadian citizen-journalist have been unjustly denied and stripped from me for several years. Sometimes it feels like I'm living in a third-world despotic, dictatorial country. It seems necessary that I now need to leave North America to seek asylum in a country where my human rights and democratic rights of Free Speech and Freedom of the Press will be respected. Because of my work as a journalist, the attacks, harassment, and psychological abuse against me have reached an unbearable and relentless pitch of daily attacks and constant death threats—even attacks on my family and friends. Last week a friend contacted me to say his entire family was receiving death threats if they did not fabricate a story of criminal behavior on my part. The people attacking me are fabricating stories so they can have me arrested and silenced.

The CIA-Harvard-Mormon Checchi family (people I used to work for) is orchestrating all of this harassment and abuse. Supposedly they took an oath to uphold and defend the Constitution of the United States. In truth, they are attempting to overthrow the republic of the United States and start their own country that combines Canada and America into one nation. They are supported and encouraged by powerful politicians from both political parties who also took an oath to uphold and defend the Constitution. This extreme abuse of power started when President Trump was in office, and it continues with the Biden-Harris administration. Obviously, these "public servants" don't take their Constitutional oaths seriously. But where do you report such treasonous, sleazy conduct? I report what I know to citizens and hope it will spread from there. Eventually, seeking asylum abroad may involve the necessary step of remanding my American and Canadian citizenship—all because I'm a writer of ideas and facts.

The CIA-Harvard-Mormon Checchi family cult leaders may attack any country where I seek asylum. This is a game they play in an attempt to force me to kill myself. Already my health has drastically declined from over 30 years of Checchi family abuse and torture (they poisoned me three times over the years, which has severely weakened my heart). They did this to me because I was friends with their political enemies in Texas (more about this in the writing at the links below). The Checchi's are a brutal, cruel family of CIA-trained terrorists and psychopathic tyrants. In 2021 I was sued several times for defamation and slander by the people I write about in this letter. I won 100% of these lawsuits because the courts knew I was telling the truth about these serious situations regarding domestic terrorists.

The Checchi cult leaders have also injected a disease (Multiple Sclerosis) into me via a dentist. I mistakenly trusted him as he injected Novocaine into my jaw, which was laden with this disease (using dentists or doctors are standard ways they inject diseases into their targets). I let my guard
down, and the dentist took advantage of it when my eyes were closed. I had told him I didn’t want any shots and trusted he would conform to my request. Instead, he made pretend that he had forgotten my request. They gave me this disease as a punishment for exposing their criminal empire to the public. No one can accuse me of avoiding sacrifices in my work as a writer and journalist. According to my research, Multiple Sclerosis will confine me to a wheelchair in approximately ten to fifteen years. It already ravages my body as I slowly lose the bodily control I am used to having.

During these years of battle with the CIA-Checchi family cult, I have learned that (for many decades) democracy and the rule of law in America and Canada have been systematically attacked and deliberately destroyed by this one family. They have done this through their own massive network of cult members. The CIA-Harvard-Mormon-Checchi family cult - based in Los Angeles - boasts 200 million followers worldwide. Many of these followers are sports celebrities, political leaders, entertainment celebrities, business leaders and their large networks of relatives & associates.

In 2019 (before the COVID-19 pandemic), Checchi cult businesses were making 11.5 trillion dollars per year. They are heavily involved in controlling oil and gas companies, including Saudi Arabia. Saudi Arabia’s decision to enter the stock market was conceived and manipulated by the Checchi family. For decades this family has dominated and controlled companies on Wall Street. They are also heavily involved in Russia’s oil and gas business, where Putin & Zelensky are their loyal, obedient puppets. Over the last twenty years, they have made Putin excessively wealthy for his obedience and help as they seek his assistance in dominating the entire world.

This CIA-Harvard-Mormon-Checchi family network is the wealthiest cult in human history. But it is also the deadliest, the most dangerous, the most demonic, and the most anti-democratic. They have killed billions of innocent people and created chaos worldwide that has affected billions of people in one way or another. The wars they have started have made over 100 million homeless refugees—severely impacting Europe. The Checchi family cult leaders do not believe in Free Speech, Freedom of the Press, or Voting Rights for the poor, uneducated and underprivileged. The leaders of this cult are behind all these new voting restriction laws promoted by Republicans throughout America. The CIA-Checchi family cult leaders believe they are above the law. Hence, cult leaders like President Trump will most likely NOT be held accountable for his role in any criminal activity - including orchestrating the January 6, 2021, insurrection at the Capitol because he was doing this attack in service to this cult, attempting to keep the cult (and him) in power. President Biden helps the Checchi cult leaders as a matter of personal survival and personal friendship. But he’s not pushing through the cult leader’s agenda as passionately as President Trump did. It’s unclear what the cult leaders got away with during the Trump administration (more about this in my writings at the links below). They were committing serious crimes (making hundreds of billions of dollars) and then quickly receiving secret Presidential pardons at an alarming rate.

The leaders of this cult are guilty of massive amounts of abuse of power and murders of millions of innocent people worldwide. President Biden is being blackmailed and refuses to help me in my situation with them. He helps the terrorist Checchi family instead. Virtually every
politician with any real power in America and Canada is helping this CIA terrorist family. Democracy and justice are in a sad state of affairs.

Recently, the Checchi terrorists have been successfully stopping some of my emails from going out to the public. At the same time, they are bringing almost daily lawsuits against me with fraudulent claims. They do this as a game to stop me from receiving whistleblower money that was supposed to come to me over two years ago.

The CIA Checchi family cult of terrorists has successfully hijacked portions of democracy and the rule of law in America and Canada. North America struggles to be a home of democratic values. The Checchi family has proved that they are above the law time and again. Politicians such as President Biden, Vice President Harris, President Trump, Vice President Pence, Prime Minister Trudeau and scores of Senators, Representatives, and Members of Parliament are loyal members of the CIA Checchi family cult. Even Pope Francis and many bishops of all Christian denominations have joined this dangerous terrorist cult. Many leaders join because they are afraid of what will happen to them (or their loved ones) if they oppose the cult. The cult leaders (A) & Kathy Checchi, Adam Checchi, David Kanuth, Michael Fisher, Kate Checchi, Oprah Winfrey, Kristin Checchi, and other cult leaders) have received constant Presidential pardons for their grave crimes against the American people. The leaders of this cult are known for high levels of daily drug abuse, alcohol abuse, emotional instability and severe patterns of mental illness.

Once again, last weekend (April 3, 2022), the CIA Checchi terrorist family created a mass shooting in Sacramento, California (killing six innocent people and injuring a dozen more). They created this terrorist event in protest of the Supreme Court and other leaders ruling against them days before this mass shooting. They do these terrorist events whenever the government plans to give me money that will make me independent from the Checchi's oppressive control over my life. They are obsessed with controlling the details of my entire life. Again, this terrorist event has caused the money to be pulled away from me for no just cause. This is the same terrorist family that has been behind many atrocities, war crimes, and crimes against humanity for decades. For example:

- 20 years of school shootings, mass shootings and bombings that have killed, injured, tortured and traumatized tens of thousands of people - children, unarmed men and women worldwide.
- Manipulated political leaders and military leaders worldwide to start wars that have created over 100 million refugees, which have flooded Europe with tremendous suffering and chaos.
- Deliberately spread the COVID-19 virus worldwide, killing over six million people in 2020 & 2021. In addition, this virus caused approximately 20 trillion dollars in financial losses to economies worldwide.
- Killed two Supreme Court Justices in the United States in an attempt to hijack and control the rule of law in America. Their aim is to hijack the entire American political system to fully control the American military. Then they plan to use the military to dominate the entire world. Like Hitler before them, they attempt nothing less than total world domination at any cost.
In 2016 they installed Donald Trump (who is a long-time member of the CIA Checchi family terrorist cult) as President of the United States in order to create more chaos in Afghanistan, attack China, divide NATO, continue their war against those who believe in a God (assaulting and killing Christians, Jews & Muslims worldwide) and attacking the family of Queen Elizabeth II and the secret society families that support her.

With Putin as their loyal puppet, the CIA Checchi family cult now pulls his strings raging a brutal war against innocent Ukrainians. By creating this war, they intend to kill many innocent civilians and threaten NATO (an organization they despise and seek to destroy because it stands in the way of their plans to dominate the entire world).

The Checchi terrorists threaten nuclear war and play games with nuclear powers as they direct the war in Ukraine and hijack Ukrainian nuclear facilities.

The Checchi terrorists do all this while being funded by American government taxpayer dollars allegedly, they just got another two billion dollars in funding this week. On a daily basis, they are drunk and high on drugs (like heroin, crack, cocaine, and ecstasy) while they work!

For all of these crimes and atrocities, they have zero feeling of remorse or sorrow. This lack of regret is one of the signs exhibited in psychopaths. To be clear: we're dealing with a group of mentally ill drunkards, and no one will stop them permanently.

Many people ask: WHAT DOES IT TAKE TO ARREST OR KILL ALL, CHECCHI AND HIS TERRORIST CULT LEADERS? Everyone knows they are behind all this terrorism and worldwide chaos described above—but there is a lack of solid “proof” because they are smooth criminals. If leaders can’t prove the Checchi terrorist leaders are behind these events (for example, the mass shooting in Sacramento this past weekend), why is their power given back to them after these terrorist events? I have watched this dance of terror go on for many years, and no punishment sticks. There are no consequences for bad behavior when it comes to the CIA Checchi family cult leaders. In fact, just the opposite happens! They have often been rewarded with more money and more power after creating terrorist events. They demand everyone treat them as if they are above the law. The foundation of every democracy is that NO ONE IS ABOVE THE LAW. They keep killing innocent people until Presidential federal pardons, and State Governor pardons are given to them for crimes committed. Obviously, political leaders know they are behind these terrorist events. Leaders repeatedly back down from punishing them out of fear of reprisal.

Many prominent American and Canadian leaders have lost their courage. Where courage would reside inside the human personality, other things can be found taking up that space: attachments to material possessions, fear of retaliation, addictions to drugs, alcohol, or any number of sentimental attachments, indulgences, or creature comforts overshadow courage of character.

Many of today’s leading politicians have spent so much of their time seeking “compromise” between various groups in their community that it seems they have become compromised in the essence of who they are—exhibiting themselves as weaklings towards in the face of grave crisis. As a result, leaders are as quarantined from courage as the desert sands are isolated from the rain. A “decline in civil courage” would be an understatement.
The opposite of courage isn’t cowardice; it’s conformity. As psychologist Rollo May once said, “The opposite of courage is not cowardice; that, rather, is the lack of courage. To say a person is a coward has no more meaning than to say he is large; it simply tells us that some vital potentiality is unrealized or blocked. The opposite to courage, as one endeavors to understand the problem in our particular age, is automation conformity.” (1953, “Man’s Search for Himself” by Rollo May Ph.D., Chapter 7)

This reality of conformity and cowardice in leadership can trickle-down into the overall culture of a business, a country, or the Continent of North America. In this environment, we find self-comfort placed before principle. Self-indulgence overtakes discipline, and selfish pleasure comes before service to others. An example of this in the United States can be seen in the current attempt to get politicians to stop trading stocks while they are working as a public servant (S.3494: Ban Congressional Stock Trading Act and H.R.336 & TRUST in Congress Act - Transparent Representation Upholding Service and Trust in Congress Act). The leaders trying to stop this shady practice are courageous and keen on genuine public service. “U.S. Senators Jon Ossoff (D-GA) and Mark Kelly (D-AZ) introduced the Ban Congressional Stock Trading Act, legislation based on U.S. Representative Abigail Spanberger’s Transparent Representation Upholding Service and Trust (TRUST) in Congress Act. Both Bills Would Require All Members of Congress — and their Spouses — to Put Certain Investment Assets in a Blind Trust During their Time in Office.” (spanberger.house.gov)

Because of this tendency toward conformity and lack of courage, many leaders today don’t know how to handle international and domestic terrorists such as the CIA Chechic family extremists.

As Prime Minister Thatcher once said, “darkness and the national interest requires that violence does not pay and is seen not to pay.” For decades what we have seen from this Chechic terrorist situation is that being a bully and being violent DOES pay. American and Canadian leaders must never give in to violence - never give in to terrorists. The Chechic terrorist leaders are the enemies of democracy. They are trying to eradicate democracy and the rule of law for their own selfish ends. Democracy must prevail over the lusts of tyrants for power.

Something must be done to stop this Chechic family terrorism. Their intimidation and threats to American and Canadian leaders must not be tolerated. Recently, when President Biden stands up to this dangerous group, the Chechic cult leaders rattle the cage and threaten Biden’s son with decades behind bars as they have craftily set him up so that they can exact and stop President Biden from acting against them. When Prime Minister Trudeau stands up to the cult leaders, mysterious and deadly “accidents” begin happening throughout Canada — killing innocent people. The Chechic family cult leaders also threaten to hijack the upcoming elections as they have so craftily done before in America and worldwide. These cult leaders have decades of experience and practice in corrupt election shenanigans. For example, manipulating the electoral college is an easy way to win an American election. To win an American presidential election it only requires manipulating 270 people - which is the number of electors in the college needed to win an election. This is much easier than manipulating millions of voters. There are many ways for corrupt people to unfairly win an election. Leaders must now move swiftly to
contain and permanently stop this entire terrorist network of Cheachi cult cheats, scammers and killers.

American leaders have recently voted for a new Supreme Court Justice, and the Cheachi terrorists have worked hard to get someone in that seat they can control. The Cheachi's tell me that the new Justice Jackson, who is newly elected for the Supreme Court, has a daughter who is part of Kathy Cheachi’s CIA group of CIA women (via Oprah Winfrey). If this is true, this is not good! The CIA Cheachi terrorists hold the health and well-being of children over the parents to conform to orders they give to judges and politicians.

More must be done to protect Supreme Court justices and politicians from this corrupt CIA family that has already killed many politicians (recent examples: Rep. Dan Young R-Alaska and Rep. Jim Hagedorn R-Minnesota) and the last two Supreme Court justices who died. They are replacing politicians and Supreme Court justices with more obedient people who are more easily controlled via blackmail, bullying (threats) or bribery. This is an attempt by the CIA Cheachi family to dominate politics and the Supreme Court so they can get away with hijacking American democracy and the rule of law for their own selfish ambitions & financial gain. The rule of law and American & Canadian democracies are in a lot of trouble. The CIA Cheachi family cult must be stopped NOW.

There are only a few weeks to act as the Cheachi's continue to stall for more time heading into summer vacations and a fall election. At this time, they are planning more terrorist events over the summer of 2022 and into the Autumn weeks leading up in the November 2022 election. They plan to grab more political power by forcing some politicians to retire and installing more of their cult members into political offices across the country. The Cheachi terrorists will win - destroying American democracy - if leaders don't act swiftly and with the same intensity the Cheachi’s have when they create terrorist events. Their games must be matched with responses of equal passion and leaders must think ahead with assertiveness and creativity. If they only spend their time responding to each crisis the Cheachi terrorists create, they will never be able to outsmart and stop them. They will spend all their time just putting out fires.

Manipulating humans to get them to do what they want them to do is a “sticks and carrots” game to the CIA Cheachi terrorists. In the “carrots” category; drugs of every kind. The CIA Cheachi terrorists are the biggest drug dealers on planet Earth. Cocaine and Ecstasy are their primary bread and butter worldwide. You can get people to do just about anything if they are given drugs they crave. Even among their highest leaders, drugs are used as a daily reward for loyalty and obedience.

In the “sticks” category: illegal sex with teenagers. One of the games they play to obtain power over business and political leaders is tricking them or ordering them to have illegal sex with underage teenagers. It is simultaneously disgusting and sad how the Cheachi cult leaders misuse and abuse young people worldwide. The Cheachi's are creating teenage prostitutes in America and worldwide by teaching them how to make money with sex. At the same time, the Cheachi cult leaders provide adult customers. The Cheachi's make having sex with teenagers a mandatory step to being promoted within their CIA family cult organization.
From what the Cocchi’s have told me, they have done this to many people. Allegedly, from the motivational speaker Tony Robbins to Florida Congressman Matt Gaetz (and thousands of other people). The Cocchi’s sometimes trick adults and other times “order” adults to have sex with teenagers. I know this firsthand as the Cocchi’s have “ordered” me to have sex with five teenagers they have prepared for me in California as punishment for what I have done in exposing their criminal empire to the public. They guide the teenagers as they “groom” and train thousands of young kids to participate in their world of the child sex industry. They do this illegal activity as a way to blackmail and control leaders in business and politics – making these leaders obedient servants to their CIA Cocchi family cult. If these leaders are not obedient to orders given, they are reported to authorities for having sex with a teenager. All these sexual encounters are recorded on video or audio.

Every year the Cocchi cult leaders “groom” thousands of kids for sexual encounters with adults in America and worldwide. When these kids reach 18 years of age, they find more kids who are 12 and 13 years old, and the grooming machine continues with another large group of kids. They have operated this “grooming machine” for decades like a conveyor belt. It is a well-oiled machine and is constantly used. Sometimes they involve the parents who are Cocchi spies, and those parents give their consent to the misuse (and even abuse) of their children. Sometimes the Cocchi cult leaders do this “grooming” behind the parents’ back and keep it a secret from the parents. Some parents turn a blind eye to this corruption. Since the 1980s, Al Cocchi played a “transformational role” at the Walt Disney Company. Since that time his cult family has had continuous and direct access to millions of innocent children. Because of this, there is no doubt that for many decades, the Cocchi family cult leaders have owned and operated the biggest “grooming” machine in the world for the child sex industry. That child sex grooming machine is still operating in 2022.

The infamous child predator Jeffrey Epstein was a Cocchi creation – that’s why they had him killed while he was in jail. He was able to talk and identify how they directed him. At the same time, they tarnished the entire Jewish community with this scandal by using someone with an obviously Jewish name like “Epstein.” (They also attacked the Jewish community when they set up Harvey Weinstein with the sexual assaults of which he is accused. They could have done this to any number of producers in Hollywood. But they chose a Jewish producer with a very Jewish name because they wanted to attack and tarnish the entire Jewish community.)

Al Cocchi has orchestrated this sort of teen sexual abuse for over 50 years, and the CIA let him do this? I don’t understand how this could be allowed to go on for so long within a government agency. Kathy Cocchi has also known about and condoned this child abuse. She has participated in teen sexual abuse for decades. She has allowed it to go on for many decades without speaking up and putting an end to this prolific abuse of children that has long been out of control in the Cocchi family business.

I realize that in some countries where the CIA works (and even in some American states), the age of consent for sex with teenagers can be between 14 and 18 years of age. Stop one in stopping this child abuse is making one consistent age on this issue. The Cocchi’s are taking advantage of norms and using this inconsistency to cause confusion and set people up. Anyone
who cares about the health and safety of children should work to close these “family businesses” that use and abuse children in this way. It should also be a priority to make one age of consent in America that makes sense for the entire country. This would close the door on people like the Checchi family terrorists who deliberately seek to abuse children for their own power and profit. The Checchi family cult leaders are professional child predators and prolific groomers for child sex encounters. They need to be taken out of power permanently, or this disease will continue to spread — ruining countless lives.

This CIA-Harvard-Mormon Checchi family cult dominating democracies and the rule of law is a very serious crisis that is already many years along in maturing and advancing the agenda of the dangerous terrorist family cult.

From the beginning of my battle with this dangerous cult, I have prayed that God gives me the strength, courage and wisdom to do what is right — regardless of the consequences. Please join the fight against this corrupt Checchi tyranny and abuse of power. Help spread the word about what is happening. The Checchi cult leaders seek to destroy Freedom of Speech and Freedom of the Press. I know this first-hand as they attack me every day for exposing their criminal empire and their plans to destroy and control democracies worldwide. Together we can change the course of this evil empire and their plans for world domination at any cost.

Thank you for your time and consideration.

Sincerely,

Dear LTG Williams:

Thank you for your letter dated 3 March 22. I very much appreciate your reference to our common bond as parents, and I was touched by your “profound concern” for my daughter’s health. Your letter was the first written response to her application for reinstatement, which was submitted over three months ago on 16 DEC 21. Previously to this, we had been provided a one-word verbal response to Julianne’s 24-page request for reinstatement: “No.” This response was relayed to Julianne by her A4 Tactical Officer, Captain Jana Burdick, without further explanation or expression of compassion concerning the end of my daughter’s four-year journey to graduate West Point and serve her country.

We respectfully disagree with your conclusion that her condition was not suitable for her returning to USMA to complete her academic courses and graduate. Our disagreement is based upon the information which was provided in Julianne’s two requests for reinstatement (dated 16 DEC and 18 DEC) submitted last year. These requests clearly document previous cases of service academy cadets with Type 1 Diabetes thriving, graduating, and commissioning (in 2016 and in May of 2021). This included medical evidence presented by my daughter’s board certified endocrinologist that she has done “remarkably well” with her condition. That a Diabetic can perform in demanding environments was certainly demonstrated by West Point’s own former Chief of Staff, COL Wayne Green, who had also been a Type 1 Diabetic since 1993 and also while using an insulin pump had matriculated through the military in an Army Combat Arms branch, finally retiring in 2018 after 30 years in the Army. While I understand the limitations of deploying military personnel with Type 1 Diabetes, there are world class athletes with this condition, including professional football players and Olympic champions. Julianne herself completed the arduous CLDT training last summer with her undiagnosed condition, and has since participated in strenuous crossfit activities. She certainly would have been able to attend and complete her few remaining academic classes and march in the mess hall. If there was concern for her completing the few athletic or military exercises during the academic year, she could have been put on a medical profile as is the case with many cadets with medical issues during the academic year.

As a parent, you can understand my request that a more transparent procedure be developed and followed in cases where cadets are medically disqualified. I do not believe that you would have wanted your son, who I understand is also a graduate of USMA, to have undergone the treatment that my daughter was subjected to when within four days of her initial diagnosis with Type 1 Diabetes at the Martin Army Community Hospital at Fort Benning, she was informed in a telephone call by the USMA Regimental Surgeon that she would be separated from West Point. During this initial period, in the undue haste to separate Julianne, basic standards of medical care were not followed as she was not provided with any written or verbal instruction on how she would obtain, once separated from her duty station of West Point, the medical treatment needed by someone with a newly diagnosed chronic disease. Following her only written orders, those from the Martin Army Community Hospital to return to West Point to receive medical treatment, upon reporting to her A4 Company Tac, Capt Jana Burdick, she was issued a written counselling statement that she had to leave West Point within 48 hours or would be prosecuted under LCM. Upon informing Capt Burdick that she was unsure of where she would live given she had been stationed at West Point for the last four years (having also spent an additional year attending the USMA Preparatory School), she was told that “Leaders figure it out.” Thankfully, Julianne was able to seek out and establish contact with (through her own initiative in the brief few hours she was allowed to remain at West Point and after a visit to the Keller Army Community Hospital) Mr. Bradley Men, the Nurse Care Manager at the Mologne Cadet Health Clinic. He set up approval and direction for Julianne to seek the needed civilian medical attention. Following this near disastrous demonstration of the failure of your command to be concerned about the welfare of one of your soldiers, we were forced to engage legal counsel so that we could forge an avenue to engage with your command and receive direction from the West Point Staff Judge Advocate, COL.
Sewell. This was critical, as Julianne only learned of her opportunity to submit a request for reinstatement through our lawyer’s communication with Colonel Sewell’s office.

From the above description of the events following a diagnosis of a chronic disease, my daughter, an honor graduate of USMAAPS and a senior cadet who, before her diagnosis, was proficient in the three required pillars of academic, military and physical performance, was provided with no assistance with her medical care. She was shown no compassion and the leaders at West Point, who are charged with taking care of the soldiers in their care, failed her at every instance, actually threatening her with judicial punishment if she did not leave her duty station for an undetermined destination, being informed that the Administrative Leave that she was placed on (in accordance with AR 150-1), the same leave that cadets who are accused of honor or conduct violation are placed on, was without any pay. To summarize, Julianne was told to leave her duty station without any concern for where she was headed and without concern for her medical care or how she was going to financially support herself while still on active duty in the U.S. Army.

It is clear, General Williams, that how Julianne was treated both initially, and throughout this entire ordeal does not meet the standards of the world’s premier leadership institution. When it became apparent that she may not be allowed to complete her last few academic classes, she requested but was provided with absolutely no assistance by the academic authorities in your command to transfer to a commensurate academic institution. Upon inquiry at Georgetown University, she was told that she would have to complete at least two years of additional academic credits in order to graduate. Finally, upon contacting the West Point Association of Graduates for assistance in finding employment as is offered to graduates, the sum of the assistance provided was to be sent as an example of a resume.

Form the above brief description, it is woefully clear that procedures need to be implemented to assist medically disqualified senior cadets, some of whom have spent four years pursuing a degree at West Point, transition, therefore, have submitted to the West Point Board of Visitors, to be considered at their next meeting, recommendations for how cadets who are medically disqualified should be assisted (End 1).

Finally, it has also come to my attention that some medically disqualified cadets are being allowed to graduate and apply for waivers to commission, as is within your discretion as provided in AR 150-1. Despite your concern for Julianne’s medical well-being, the question still remains as to why Julianne was not given the opportunity to graduate. I therefore request your assistance in making a Freedom of Information Act request for details concerning the underlying facts used to ultimately deny my daughter’s request to be allowed to graduate (a distinctly separate process than that of being found “unit” for service in the Army by the MEB/PEB). In addition, I understand that there are medically disqualified cadets who have been allowed to graduate, including two cadets that Julianne has personal contact with, one who is a medically disqualified cadet who graduated just last December and another medically disqualified cadet being allowed to pursue a commissioning waiver while progressing to graduation next month. Given these cadets are also medically disqualified, what is unique about their circumstances that they have received consideration that Julianne has not received?

I stand ready to work with you and the West Point Board of Visitors to assist medically disqualified senior cadets to receive the assistance they need and deserve. It is the least that we can do for their willingness to serve.

Sincerely,

Dr. Frank Albright

Re: Separation of Medically Disqualified First Class Cadets

Date: March 16, 2022

Dear Members of the West Point Board of Visitors:

I write to you not only as a father of a medically separated former senior cadet ("Firstie") at the United States Military Academy, CDT (Ret.) Juliana Albrighton (and), but also as a figurative representative of the up to thirty cadets a year who are separated for a medical disqualification from West Point during their senior year, sometimes just weeks before graduation.

In August of 2021, just after completing the arduous military capstone course, Cadet Leader Development Training (CLDT), my daughter was envisioning throwing her hat up at the May 2022 West Point graduation ceremony. Instead, she was separated from West Point one week after completing CLDT and within four days of learning that she may have a disqualifying medical diagnosis. She was ultimately disqualified and retired from the U.S. Army on March 10, 2022.

My daughter was separated from West Point despite several appeals which included her board certified (in the field of my daughter's condition) physician submitting evidence that she was capable of completing her last two remaining academic semesters. In her appeals, she cited evidence as to her ability to graduate and commission including cases of a West Point cadet with the same condition as my daughter being graduated and commissioned into the Army's combat engineers in 2016 as well as an Air Force Academy cadet with the same condition being allowed to graduate and cross-commission into the Space Force just this last May. Her request was ardently supported by her USMA nominating authority, U.S. Senator Marco Rubio.

My daughter's case is not an isolated incident. The policy of separating medically disqualified senior cadets seems to have reached a certain level of public notoriety including with the West Point Board of Visitors. Disenrollment of senior cadets due to medical disqualification was mentioned at the last meeting of the West Point Board of Visitors in December of 2020. From the minutes of that meeting (https://tinyurl.com/1j5865ld, p. 9), it is recorded that LTG (Ret.) H.R. McMaster asked the question as to whether the current medical waiver process at West Point was, "meeting the standards and not excluding people that may deserve a waiver?" The answer provided, unfortunately, was vague.

West Point medical and the command, using their interpretation of the 2019 changes to AR 40-501, prevented my daughter from completing her last year at West Point. Her separation is despite Juliana having completed four years at West Point, including the USMA Preparatory School, and all of her summer military training required for graduation. The West Point interpretation of AR40-501 is also in conflict with AR 150-1, under which the Superintendent has the full authority to allow graduation for medically disqualified senior cadets. As outlined in paragraphs 5-3 and 7-13 of AR 150-1 (publication date of 12 January 2021), the USMA Superintendent has the full authority to allow medically disqualified senior cadets to continue at USMA and ultimately graduate.

Unless it is affirmed that the intent of AR 40-501 is to both improve the force readiness as well as to bar medically disqualified senior West Point cadets from not only commissioning, but even graduating, I respectfully request that the practice of summarily dismissing first class cadets who are medically disqualified be ended, and a formal appeal process be instituted, perhaps one developed through the office of the Assistant Secretary of the Army (Manpower & Reserve Affairs). In my daughter's case, there was no formal appeal process for asking for a waiver from the Superintendent to allow my daughter to graduate, and we were forced to spend thousands of dollars on legal fees just to engage with the West Point Command
on which procedures were to be followed. To this day, my daughter has not been provided a reason as to why her request to be allowed to graduate was denied. In addition, no guidance or assistance was provided by USMA for a medically disqualified senior to be assisted in transferring to a competitive university to complete her degree nor was there a program established through the Association of Graduates (AOG) to help a disabled veteran find employment. This must be changed.

Given my lifelong association with West Point and the Army, I have had the opportunity to speak to many graduates of West Point about my daughter’s situation. To a person, none are in agreement with how my daughter’s case was handled, and all are in support of a program which would allow medically disqualified but medically stable senior cadets to graduate. I appeal to the West Point Board of Visitors to advise the President and the USMA Superintendent to end the practice of summarily dismissing medically disqualified senior cadets and preventing their graduation and possible further service to the federal government. Specifically, I request that:

1. A formal process be developed to allow medically disqualified seniors to apply for graduation and the opportunity to either cross-commission into another military service or work for a federal agency in order to fulfill their service obligation.

2. Barring the ability to graduate and commission, senior cadets should be able to utilize an articulation agreement that West Point will establish with a handful of top-tier universities which would be willing to accept the West Point academic credit of medically disqualified seniors in order to allow for an orderly transfer and completion of a college degree, and

3. The Association of Graduates (AOG) should officially recognize medically separated seniors as eligible for assistance in all career assistance programs offered to West Point graduates.

The above three steps are the minimum that should be done for medically disqualified senior cadets who faithfully volunteered to serve their country and, as in the case of my daughter, became medically disqualified to commission while on active duty in the service of their country. Separating medically disqualified cadets without the opportunity to apply for a waiver to commission or even to graduate is a tremendous waste of the taxpayer investment that has been made in over four, and sometimes even five, years in these cadets.

Doing what is right and necessary for these medically disqualified senior cadets would help fulfill West Point’s mission of providing “leaders of character” to the country as well as allowing, as every cadet at West Point is continually reminded, that it is their duty to “accomplish the mission and take care of your soldiers.”

Sincerely,

Dear Dr. Albritton:

The Secretary of the Army referred your letter to me for review and reply. I appreciate the opportunity to respond to you concerning your daughter, CDT Julianna Albritton.

As a parent and the Superintendent of the United States Military Academy (USMA), I understand your quest for your daughter's return to USMA to complete her academic semesters and graduate. I recognize CDT Albritton's medical diagnosis has drastically impacted her and changed the trajectory of her military career.

Our medical experts discussed CDT Albritton's case with the Army Surgeon General's consultant for Endocrinology prior to initiating her Medical Evaluation Board (MEB). I know you are aware the MEB and the Physical Evaluation Board determined CDT Albritton as "Unfit for Duty" based on how her medical condition will impact her ability to perform at USMA and in the Army. I acknowledge that under Army Regulation 150-1, paragraph 5-3, part c., I may approve the graduation of a first-class cadet who does not meet medical fitness requirements to perform all duties but otherwise completes all graduation requirements, in appropriate cases.

After extensive consideration of CDT Albritton's matters, including her school records and requests for readmission and consulting with my advisors, I determined her condition is not suitable for returning to USMA to complete her courses. I did not come to this decision lightly, as my most profound concerns lie with CDT Albritton's health. The United States Military Academy's Registrar Office is available to assist CDT Albritton to explore her educational options and support the course transfer process.

If you have any further questions regarding this issue, you may contact Lieutenant Colonel Connie M. Lane, Secretary of the General Staff, by phone at (845) 938-4200.

Sincerely,

Re: Background Information Supporting Statement of “Separation of Medically Disqualified First Class Cadets”  
March 16, 2022

Dear Senator Duckworth:

I write to you as the father of a separated senior cadet at the United States Military Academy, CDT (Ret.) Julianne Albright (Excl 1), and as someone with a long association with West Point. My daughter, who was proficient in all three required pillars (military, academic, and physical), was separated from the United States Military Academy this year due to a diagnosis of Type 1 Diabetes and retired from the U.S. Army on March 10, 2022. I appeal to you, in your capacity as a member of the West Point Board of Visitors, to advise the President and the USMA Superintendent to end the practice of summarily dismissing medically disqualified senior cadets and preventing their graduation and possible further service to the federal government. This would exemplify West Point’s mission of providing “leaders of character” not only for the Army but for the country. I use the following detailed account of my daughter’s case as an example of where a medically disqualified senior cadet was unjustifiably not allowed to graduate.

West Point medical and the command, using their interpretation of the 2019 changes to AR 40-501, prevented my daughter from completing her last year at West Point, separating her from West Point within four days of her initial diagnosis under a policy known as “No Golden Handshakes” which has the intent of not allowing medically disqualified cadets graduate from West Point unless they can commission. This policy and phrase was publicly discussed by the USMA Commandant, BG Mark Quander, as recently as last August graduation. This “No Golden Handshake” policy is unfair and does not serve the national interests of our country, and I respectfully request that it be reviewed. Unfortunately, most hurtful and disappointing of this entire situation is the lack of empathy and compassion, given the onset of my daughter’s lifelong medical condition, demonstrated by the entire West Point chain of command. Throughout this ordeal, there has not been one word of compassion, whether spoken or written, directed at my daughter by anyone in her chain of command, from her Tactical Officer (TAC) through to the Superintendent, LTC Darryl Williams, expressing any empathy for a soldier who had served in the command for over four years! Is this how the world’s leading military leadership institution takes care of its soldiers?

My daughter was quite capable of completing her last two academic semesters. Her board-certified endocrinologist, Dr. Voeet Patel of the Florida Center for Endocrinology, confirms that she has done “remarkably well with the insulin pump and CGM [continuous glucose monitor]” (Excl 2). Given her excellent control of her condition, I find her separation from West Point unwarranted and unjustified, but she is not the only senior cadet being separated. The policy of separating medically disqualified senior cadets seems to have reached a certain level of public notoriety including with the West Point Board of Visitors. Disenrollment of seniors due to medical disqualification was mentioned at the last meeting of the West Point Board of Visitors in December of 2020. From the minutes of that meeting (https://pawweb.st.usmilitary.edu/minutes.pdf, p. 13), it is recorded that LTC (Ret.) H.R. McMaster asked the question as to whether the current medical waiver process at West Point was, “meeting the standards and not excluding people that may deserve a waiver.” The answer provided, unfortunately, was vague.

The current changes to AR 40-501 were instituted after my daughter began at West Point in 2018. Her separation is despite Julianne having completed four years at West Point, including the USMA Preparatory School, and all of her summer military training required for graduation. The West Point interpretation of AR 40-501 is also in conflict with the long-standing tradition of allowing first class cadets who are medically disqualified to graduate. As per AR 150-1, the Superintendent USMA has the full authority to allow graduation for medically disqualified senior cadets.
Unless it is affirmed that the intent of AR 40-501 is to both improve the readiness of the force and bar medically disqualified senior West Point cadets from not only commissioning but even graduating, I respectfully request that CDT Juliana Albrighton immediately be allowed to return to classes this fall to finish her last two academic semesters and graduate.

Our family’s association with West Point began at the end of the 19th Century, with my great-grandfather who was a member of the Army Band at West Point, continued with my membership in the West Point Class of 1983, my older daughter’s graduation from West Point in 2015, and Juliana’s membership in the West Point Class of 2022. Given this long association with West Point and the Army, I have had the opportunity to speak with many “old” and recent graduates of West Point, as well as many active duty and retired members of the military, and without exception, all have voiced their opinion that West Point senior cadets who are medically disqualified, but medically stable, should be allowed to graduate.

Shortly after her diagnosis, my daughter requested, in the form of a Memorandum to the Superintendent dated August 17, 2021, her immediate reinstatement to West Point. The memorandum requested that she be allowed to continue her studies even if medically disqualified by the Medical Examination Board. Her attorneys, Mr. Gerald Healy and Mr. Josh Hill of Military Justice Attorneys, also requested in a letter dated September 2, 2021, her reinstatement to be allowed to graduate. As demonstrated in these appeals, during the four years at West Point, she proved her value as a member of the community and as a cadet. In the words of Chaplain M.S. (Maj) David Frommer (Encl 3), “She has become an integral member of our Jewish community and is appreciated as a supportive teammate of Jewish and non-Jewish Cadets alike.” Additionally, according to LTC Terry N. Hildebrand, Maj, Deputy Director of the Department of Military Instruction (Encl 4), “…she has consistently displayed the desire to strive for excellence” and he gives her “strongest recommendation” for her to remain at the United States Military Academy and be given the opportunity to graduate. All written requests from the fall of 2021 were denied and a subsequent request by the Office of the West Point Staff Judge Advocate directing then CDT Albrighton to submit a request for reinstatement, which was duly submitted on December 16, 2021, was also denied. No reason for the denial of the December request has been given.

While AR 40-501 requires cadets be referred to the MEB/PEB process as it bars cadets from continuation in commissioning programs who do not meet the ascension standards of Chapter 1, which includes Diabetes, it does not mandate that cadets be removed from West Point while the MEB/PEB process continues, nor does it preclude the Superintendent from allowing medically disqualified first class cadets from returning to graduate. In fact, in accordance with paragraphs 5-3 and 7-13 of AR 150-1 (publication date of 12 January 2021), the USMA Superintendent has the full authority to allow medically disqualified cadets to continue at USMA and ultimately graduate.

There is ample evidence that cadets with Type 1 Diabetes can thrive. Holly Harrington, a 2016 West Point graduate who was diagnosed with Type 1 Diabetes as a sophomore (Encl 5), was allowed to graduate and commission in the Army combat engineers. While at West Point, she wrote, “I divided on the platoons, ate my meals in the mess halls, and completed summer training as both participant and leader.” In addition, she participated in the Sandhurst military competition and was a triathlete, competing all across the country. In summary, the gradate stated “I never required accommodation.” This is not surprising given that athletes from professional football to Olympic gold medalists have competed and excelled with the same condition.

Just as recently as this past May, Lt. Tammy Johnson, who was diagnosed before his senior year as a Type 1 Diabetic, was allowed to graduate from the Air Force Academy and cross-commission into the Space Force. In an address to the Space Force on September 21, 2021, Chief of Space Operations, GEN John W. Raymond, said about Lt. Johnson, “He’s a fighter. He’s a gamer. He’s smart...He will have a full career. He can grow up to be the chief of space operations because of the virtue of our force and what we do” (Encl 6).
Senator Duckworth, how can the application of the Army’s regulations be so out of line with what was allowed at the Air Force Academy with Tanner Johnson, who before his senior year had an onset of Diabetes Type 1 so severe that his organs were shutting down? He was not only allowed to continue his degree and graduate but allowed to cross-commission into the Space Force. With Juliana’s dismissal from West Point as a senior, she was not only precluded from seeking a waiver to commission in another service but has not been given any assistance to transfer to another university. Upon contacting several competitive universities (e.g. Georgetown University), she was evaluated to be placed as a sophomore, losing more than a year of college credit. Had she taken the Army ROTC scholarship she had been offered after graduating from high school, which the university combined with full coverage of room, board and books, she would have at least been able to finish her university education had she been medically disqualified from commissioning in the Army. She is distinctly worse off having accepted her appointment to West Point now that she must start as a sophomore at a competitive university. If this truly is the intent of AR 40-501, it must be communicated to all West Point appointees who are considering West Point versus an ROTC scholarship. At a minimum, the academic leadership at West Point must take measures to develop relationships with competitive universities that will facilitate their acceptance of medically disqualified West Point seniors.

Senator Duckworth, I value and thank you for your service to our country and for the leadership that you have provided to the Army and our country as well as your own personal sacrifice. It is disheartening to see how my daughter was treated as a member of the active duty military, especially in one letter from West Point in response to a Congressional inquiry which stated that someone with the condition of Diabetes may lead to “negatively impacting the strength and wellness of other cadets in their company.” This quote from Army Regulation 40-501 is taken out of context given it is in reference to a “carrier of a communicable disease” and not Diabetes and, as demonstrated by former cadets Holly Harrington and Tanner Johnson, is clearly not the case.

Dismissing seniors in their final year at a Service Academy is not a good use of the investment that the taxpayer has made. Congressional inquiries from Juliana’s Congressional representatives have also questioned this practice. If this interpretation of AR 40-501 continues, I am certain that other members of Congress will question this policy when it is used against their appointees, weakening support for the institution. Shouldn’t these senior cadets who have a possible medical disqualification, who have proven themselves medically stable, be afforded the opportunity to continue their attendance, in contrast to my daughter’s immediate separation, until the final resolution of their case? In appropriate cases, these cadets should be allowed to apply for a waiver to commission, if not in the Army then in another service branch. Alternately, they should be allowed to graduate and fulfill their obligations with a federal agency, for instance, the Army Corps of Engineers. I request this change not only for my daughter, but for cadets in the future who face similar circumstances.

Dear Sir/Madam,

This letter was written as a request from the patient Ms. Juliana Albritton for her military services and training. Ms. Albritton is a newly diagnosed Type 1 Diabetic, and her Insulin pump with CGM, with a new technology where the insulin pump is technologically advanced to keep her blood sugars at a present target level. Ms. Albritton has done remarkably well with the insulin pump and CGM. Her sugars are under excellent control. Her last HgbA1C is 5.6 and her Continuous Glucose monitor (CGM) is very stable with out any fluctuations in her sugars throughout the day. She is in the best of her health given her diagnosis. I cannot see any hindrances with any activity or training as far as my knowledge goes. I am not aware of the expectations at the military facility. Please feel free to contact me with any specific concerns or questions.

Thank you,

MEMORANDUM FOR Superintendent, US Military Academy, West Point, NY 10996

SUBJECT: Character Statement for CDT Julianna Albirton, 2022, Company A4

1. The purpose of this memorandum is to provide a character statement on behalf of CDT Julianna Albirton.

2. I have known CDT Albirton since I was first assigned to West Point in 2020. In that time, she has attended Sabbath and Holiday services at the West Point Jewish Chapel, and my family and I have hosted her at our house on post. She has become an integral member of our Jewish community and is appreciated as a supportive teammate of Jewish and non-Jewish Cadets alike. During our personal interactions, she has repeatedly expressed and demonstrated her absolute dedication to the mission of the US Army and her advanced intellect in conversation and analysis.

3. Beyond the Jewish community, CDT Albirton has distinguished herself since the day she first arrived on post. As a Cadet Candidate, she was named Honor Graduate of her USMA Class of 2018. During the following three years, she completed Air Assault School, participated in competitive fencing, and served as a PSG in SGR for her leadership detail. She has embodied the values of Duty, Honor, and Country to the fullest during her time at West Point.

4. I am confident that CDT Albirton would serve as exactly the leader of character needed by our Army if she were to graduate and commission from West Point. It would be easy for her to accept a medical separation and walk away with three free years of college credits, but she is determined to serve this country in the most demanding way possible. Her commitment and resilience will earn her the trust and respect of the Soldiers she leads.

5. The point of contact for this memorandum is the undersigned at x0777 or email: david.frommer@westpoint.edu. Please feel free to contact me if there are any further questions. Thank you for your time.

MEMORANDUM FOR SUPERINTENDENT OF THE UNITED STATES MILITARY ACADEMY, WEST POINT, NY 10996

SUBJECT: Letter of Recommendation for Cadet Julianna Albright

1. The purpose of this memorandum is to give my strongest recommendation for Cadet Julianna Albright to be allowed to remain at the United States Military Academy and be given the opportunity to graduate. I served as Cadet Albright’s MS300: Platoon Operations instructor during 1st Semester, AY21 and was impressed with her dedication to improving her military knowledge. She was the only cadet during the semester that approached me for additional instruction and she consistently displayed the desire to strive for excellence. At the end of the semester, Cadet Albright executed an impressive OPORD brief and had designed a terrain model and map overlays that displayed perfect clarity and comprehension. I truly envisioned her as a future Military Intelligence Officer.

2. I understand that Cadet Albright has developed a medical condition that will limit her options upon graduation however, I still feel that she will make a positive impact on any unit or organization that she is given the opportunity to serve in. I believe this because Julianna has spent 3 years here at West Point, learning and developing to be a leader and, as a former Battalion Commander, I would be happy to have 2LT Albright on my staff. Additionally, I feel that Cadet Albright’s unbreakable determination, combined with her impressive character, would serve as inspiration for other soldiers who have unfortunately developed the same condition.

3. Please feel free to contact me at 770-371-3414 or terry.n.hilderbrand2.mil@mail.mil

Dear Lieutenant General Williams,

Thank you for the opportunity to write a letter on behalf of Cadet Julianna Albritton. I am a graduate of the Class of 2016. I was commissioned as an Engineer Officer and served as a Platoon Leader and Executive Officer of a Combat Engineer Company. I was also diagnosed with Type One Diabetes just before my second year commenced in 2014.

Throughout my time at West Point, I successfully fulfilled all military, academic, and physical requirements. Although my diagnosis commenced the Medical/Physical Evaluation Board process, the PEB concurred that I could continue to satisfy all cadet requirements. My diagnosis did not inhibit my cadet experience. I did not request, need, or receive any accommodations.

My military experience did not differ from my classmates—I drilled on the plain, ate my meals in the mess hall, and completed summer training as both participant and leader. Firstie year, I was especially lucky to be assigned a CTRF position in the field at the Joint Multinational Readiness Center in Germany. I also supported my cadet company as Company XO, and joined my Sandhurst team as the only female member.

I enjoyed fulfilling much of the physical pillar as a member of the Triathlon Team. I practiced for around four hours every day and competed in races across the country. Again, I satisfied all other physical requirements, from DPE classes to APFTs, with no accommodations.

I am sure that Julianna will find similar success in her Firstie year. I look forward to hearing about her continued contributions to the Corps of Cadets. If you have any questions, please contact me at hharr@pennlaw.upenn.edu, or (856) 746-4497.

Very Respectfully,

Raymond describes Space Force achievements, plans, challenges ahead

By Charles Pope, Secretary of the Air Force Public Affairs | Published September 21, 2021

PRINT | E-MAIL

NATIONAL HARBOR, Md. (AFNS) --

Chief of Space Operations Gen. John W. "Jay" Raymond used a list of "firsts" and achievements across the service’s brief history Sept. 21 to illustrate how the nation’s newest military service is "purpose built" for success at a time when the nation “can no longer take space for granted.”

"Space is clearly a warfighting domain and we’re convinced that if deterrence were to fail, we’re going to have to fight and win the battle for space superiority," Raymond told an audience of more than 2,000 during his keynote address at the Air Force Association Air, Space, and Cyber Conference. "Let me be clear, we don’t want to fight in space. We want to deter that from happening."

Since the Space Force was born Dec. 20, 2019, Raymond said there has been a singular focus for the nation’s newest military service — being lean and fast, innovative and unified. He also said that Space Force had embarked, from its earliest days, the "One Team, One Fight" ethos, popularized by Department of the Air Force Secretary Frank Kendall.
"We have been building this service from Day One purpose built to compete, deter and win against a growing threat," he said.

The reasons — and the need — are evident, he said.

The Fight

While space was once considered "benign," and was a place largely uninhabited by every nation except the United States and Russia (and the Soviet Union), today it is far more crowded and dangerous. There are currently 30,000 objects and space junk orbiting the Earth at high speed. More than 90 nations are currently operating satellites of varying sizes and capabilities. Most ominously, there is a growing number of satellites and other space capabilities that are being designed for warfighting and to intercept and defeat U.S. operations.

At the same time, Raymond pointed out that the ability to operate in space is critical not only to protect U.S. security, but also to power the U.S. and global economy, communications, transportation and other essential functions of everyday life.

"I am convinced that if we can protect our critical capabilities and deny an aggressor benefit, or impose a cost they cannot bear, we may prevent war for extending to other domains," Raymond said.

"I am also convinced that adversaries are increasingly using space for their own long-range kill-chains. So the ability to protect our own capability and generate space superiority despite attack is critical. Space underwrites the success and survivability of our joint force."

The Threat is Real

"I've seen consistently in war games and exercises that adversaries understand our dependence on space and cyber, and are likely to attack them," Raymond said. "Difficulty in attribution, combined with the tremendous speed of the space domain, provides ample incentive for an adversary to initiate attack in space."

China, he said, has deployed satellites with a robotic arm that could be used in the future to "grab" other satellites. Russia has a co-orbital anti-satellite weapon it referred to as a "nesting donut satellite" that is specifically designed to kill U.S. satellites.

"Bottom line, we must protect space," he said. "It underpins every instrument of national power — diplomatic, information, military and economic."

The Team

Building a new service from scratch has benefits, he said. Raymond has been determined to keep the organization lean and the talent level high. As examples, Raymond said that initial plans suggested a headquarters staff of 1,035 people. The actual number is 600.

Space Force has only three major commands — Space Operations Command, Space Systems Command, and Space Training and Readiness Command. The number of active-duty Guardians
currently stands at 6,490 and 6,206 civilians. Demand for the jobs is strong, Raymond said, noting that there were 3,700 applications for 400 positions available for transfers from other services.

"Rather than growing, to gain new functions, we’ve empowered Guardians to be effective, re-organized them to be efficient and equipped them to use our small size as an enduring advantage," he said.

To underscore his point about the kind of person Space Force needs and seeks, Raymond highlighted three new Guardians, each of whom is a recent graduate from the Air Force Academy.

Second Lt. Ayeris Brown, he said, will make a major contribution but it will have to wait until he completes his study in England as a Rhodes Scholar.

Second Lt. Mahalia Norris, likewise, is a newly commissioned Space Force officer from the Air Force Academy who ran collegiate track and broke the Academy record four times in the steeplechase, where she culminated her track career by winning a national championship in the event.

He also highlighted 2nd Lt. Tanner Johnson, another Academy graduate who wrestled at the collegiate level. Before graduating, however, he was diagnosed with Type 1 diabetes, a condition that in every other point in history would have disqualified him from accession into any branch of the military.

"It’s not allowed because you can’t deploy," Raymond said, who noted he had Johnson’s permission to speak about his case.

"What we call in the Space Force is, we’d love to take him. He’s a fighter. He’s a grappler. He’s smart. He will have a full career. He can grow up to be the chief of space operations because of the nature of our force and what we do.

"We look at the whole person, and we seek out opportunities for diversity not just in gender, ethnicity and race, but in ability. Second Lt. Johnson is an inspiring Guardian and we are a better, stronger force thanks to him," Raymond said.

While the Space Force continues to evolve, Raymond said he is pleased with progress so far. A space doctrine has been written, the process and procedures to recruit well and squeeze every bit of potential from "Britain capital" have been written and refined. A space curriculum has been developed and processes for working efficiently with the other services, and especially the Air Force, have been honed.

Ret: Separation of Medically Disqualified First Class Cadets

Date: March 16, 2022

Dear Members of the West Point Board of Visitors:

I write to you not only as a father of a medically separated former senior cadet ("plebe"") at the United States Military Academy, CDT (Ret.) Johanna Albrighton (cadet), but also as a figurative representative of the up to thirty cadets a year who are separated for a medical disqualification from West Point during their senior year, sometimes just weeks before graduation.

In August of 2021, just after completing the arduous military capstone course, Cadet Leader Development Training (CLDT), my daughter was envisioning throwing her last lap at the May 2022 West Point graduation ceremony. Instead, she was separated from West Point one week after completing CLDT and within four days of learning that she may have a disqualifying medical diagnosis. She was ultimately disqualified and retired from the U.S. Army on March 10, 2022.

My daughter was separated from West Point despite several appeals which included her board certified (in the field of my daughter’s condition) physician submitting evidence that she was capable of completing her last two remaining academic semesters. In her appeals, she cited evidence as to her ability to graduate and commission including cases of a West Point cadet with the same condition as my daughter being graduated and commissioning into the Army’s combat engineer in 2016 as well as an Air Force Academy cadet with the same condition being allowed to graduate and cross-commission into the Space Force just this last May. Her request was adamantly supported by her USMA nominating authority, U.S. Senator Marco Rubio.

My daughter’s case is not an isolated incident. The policy of separating medically disqualified senior cadets seems to have reached a certain level of public notoriety including with the West Point Board of Visitors. Disenrollment of senior cadets due to medical disqualification was mentioned at the last meeting of the West Point Board of Visitors in December of 2022. From the minutes of that meeting (https://www.usma.edu/366426, p. 8), it is recorded that LTC (Ret.) C.R. McMaster asked the question as to whether the current medical waiver process at West Point was, “Meeting the standards and not excluding people that may deserve a waiver.” The answer provided, unfortunately, was vague.

West Point medical and the command, using their interpretation of the 2019 changes to AR 40-501, prevented my daughter from completing her last year at West Point. Her separation is despite Johanna having completed four years at West Point, including the USMA Preparatory School, and all of her summer military training required for graduation. The West Point interpretation of AR40-501 is also in conflict with AR 150-1, under which the Superintendent has the full authority to allow graduation for medically disqualified senior cadets. As outlined in paragraphs 5-3 and 7-13 of AR 150-1 (publication date of 12 January 2021), the USMA Superintendent has the full authority to allow medically disqualified senior cadets to continue at USMA and ultimately graduate.

Unless it is affirmed that the intent of AR 40-501 is to both improve the force readiness as well as to bar medically disqualified senior West Point cadets from not only commissioning but even graduating, I respectfully request that the practice of summarily dismissing first class cadets who are medically disqualified be ended, and a formal appeal process be instituted, perhaps one developed through the office of the Assistant Secretary of the Army (Manpower & Reserve Affairs). In my daughter’s case, there was no formal appeal process for asking for a waiver from the Superintendent to allow my daughter to graduate, and we were forced to spend thousands of dollars on legal fees just to engage with the West Point Command
on which procedures were to be followed. To this day, my daughter has not been provided a reason as to why her request to be allowed to graduate was denied. In addition, no guidance or assistance was provided by USMA for a medically disqualified senior to be assisted in transferring to a competitive university to complete her degree nor was there a program established through the Association of Graduates (AOG) to help a disabled veteran find employment. This must be changed.

Given my lifelong association with West Point and the Army, I have had the opportunity to speak to many graduates of West Point about my daughter’s situation. To a person, none are in agreement with how my daughter’s case was handled, and all are in support of a program which would allow medically disqualified but medically stable senior cadets to graduate. I appeal to the West Point Board of Visitors to advise the President and the USMA Superintendent to end the practice of summarily dismissing medically disqualified senior cadets and preventing their graduation and possible further service to the federal government. Specifically, I request that,

1. A formal process be developed to allow medically disqualified seniors to apply for graduation and the opportunity to either cross-commission into another military service or work for a federal agency in order to fulfill their service obligation.

2. Easing the ability to graduate and commission, senior cadets should be able to utilize an articulation agreement that West Point will establish with a handful of top-tier universities which would be willing to accept the West Point academic credit of medically disqualified seniors in order to allow for an orderly transfer and completion of a college degree.

3. The Association of Graduates (AOG) should officially recognize medically separated seniors as eligible for assistance in all career assistance programs offered to West Point graduates.

The above three steps are the minimum that should be done for medically disqualified senior cadets who faithfully volunteered to serve their country and, as in the case of my daughter, became medically disqualified to commission while on active duty in the service of their country. Separating medically disqualified cadets without the opportunity to apply for a waiver to commission or even to graduate is a tremendous waste of the taxpayer investment that has been made in over four, and sometimes even five, years in these cadets.

Doing what is right and necessary for these medically disqualified senior cadets would help fulfill West Point’s mission of providing “leaders of character” to the country as well as allowing, as every cadet at West Point is continually reminded, that it is their duty to “accomplish the mission and take care of your soldiers.”

Sincerely,

Dear Ms. Ghostlaw:

I respectfully request that the attached correspondence from and to the USMA Superintendent be added to the packet I have submitted for consideration to the West Point Board of Visitors meeting scheduled for July. I request that this be submitted to all members of the West Point Board of Visitors.

In addition, to be added to the three points (below) of discussion submitted in my letter of March 15 to the BOV,

1. A formal process be developed to allow medically disqualified seniors to apply for graduation and the opportunity to either cross-commission into another military service or work for a federal agency in order to fulfill their service obligation.

2. Barring the ability to graduate and commission, senior cadets should be able to utilize an articulation agreement that West Point will establish with a handful of top-tier universities which would be willing to accept the West Point academic credit of medically disqualified seniors in order to allow for an orderly transfer and completion of a college degree.

3. The Association of Graduates (AoG) should officially recognize medically separated seniors as eligible for assistance in all career assistance programs offered to West Point graduates, and

I would like to add a final point,

4. Medically disqualified senior cadets should be allowed to transfer credits from another accredited institution of higher education to complete the Bachelor of Science degree requirements at West Point. This would expand on a program that currently allows credits from outside institutions to be substituted for courses at West Point that cadets have been unable to successfully complete at West Point.

In the case of my daughter, former Cadet Julianna Albrighton, this would allow her the opportunity to submit credits she has earned from the University of Maryland to complete her degree at West Point.

Dear Board of Visitors,

Please consider the following case of a West Point cadet recently medically discharged because of a misdiagnosis by a West Point doctor. Samuel Prather was medically separated from West Point, effective May 21, 2022, after being misdiagnosed by West Point dermatologist Major Love. In the Fall of 2021, Samuel visited Major Love at West Point because he had an itchy scalp. Major Love heard about Samuel’s pediatric diagnosis of urticaria pigmentosa and wrongly extrapolated that Samuel’s itchy skin was a flare-up of this childhood skin condition. Medically speaking, that is not even how the disorder works. Urticaria pigmentosa is a temporary, childhood skin disorder of mast cells. It does not come and go through one’s life and does not have lasting effects. However, Major Love, and the other leaders at West Point who discharged Samuel because of this, do not understand the disorder and basing their discharge of Samuel on wrong information instead of facts.

Samuel was examined by Harvard Medical School Instructor Dr. Michael Giannetti, a specialist in mastocytosis at the Mastocytosis Center in Brigham Women’s Hospital. Dr. Giannetti did numerous tests to determine if Samuel had the systemic form of mastocytosis – both genetic tests and blood work. First, he said that Samuel’s itchy scalp was just that – itchy scalp, or dandruff – and was not a flare up of mastocytosis. Second, blood work showed that Samuel does not have the gene for systemic mastocytosis, so absolutely no further issues with the condition. Third, his tryptase levels were normal. Abnormal tryptase levels indicate active mastocytosis, but Samuel’s are normal.

Samuel was accepted into The Academy with West Point medical staff and leaders completely aware of his full health history, including the urticaria pigmentosa he had as a child. He was never asked about it then. But now, suddenly, West Point leaders want to discharge him for this childhood condition when it is a non-issue. The Harvard expert in the disorder has cleared Samuel, giving him a clean bill of health. West Point leaders, and their unqualified medical staff, refuse to change their mind about Samuel’s condition, despite being presented with the truth.

I ask that leaders of this board stop this unjust medical discharge of Samuel Prather – a discharge which was approved by the Superintendent of West Point. However, when presented with a letter from the Harvard mastocytosis specialist who thoroughly examined Samuel and determined he had no health problems, this same Superintendent said there was nothing he could do. I am asking you to do something. Something must be done to prevent the leaders at West Point from putting inaccurate medical diagnoses on cadets just so they can medically discharge them and decrease the numbers of cadets in a class. Samuel is 100% healthy and fully able to deploy, but West Point is treating him as a risk. They are treating him as if he has a disease when he is fully healthy. According to a representative from the EEOC, that is discriminatory. Under such scrutiny, many cadets that are and will remain in perfect health
could be medically separated for some minor issue.

For validation of Samuel’s good health, please read the attached letter by Dr. Giannetti. Also attached are the West Point memo to Samuel explaining why he was being discharged – reasons which are completely contradictory to Dr. Giannetti’s expert diagnosis – and a list of the two doctors who examined Samuel. Both found him to be perfectly healthy and determined that mastocytosis is a non-factor for him.

Samuel Edwin Prather should be reinstated to West Point, effective immediately, so he can continue his education and military training. At the very least, his medical record should be cleared of any medical separation and misdiagnosis so that, even if not at West Point, Samuel can serve in the Army in any other capacity and not be barred because of a misdiagnosis from a West Point dermatologist.

Samuel has never in his entire life missed a moment of school or any activity because of any mastocytosis-related health problems. Not even at West Point. Furthermore, Samuel has not had any disciplinary issues while at West Point and is in the top 15% of his class, majoring in Russian, and Defense and Strategic Studies.

Samuel’s medical discharge is wrong, based on wrong information and misdiagnosis, not to mention failure to accept the correct diagnosis. West Point leaders are affecting this young man’s entire life and career goals because of a misdiagnosis and refusal to accept the facts and change their decision. This should not be!

I appreciate all you can do to help get Samuel Edwin Prather reinstated to West Point. Please let me know if you need further information about this situation.

To Whom It May Concern,

I recently evaluated Mr. Samuel Prather (8/30/2002) for a history of cutaneous mastocytosis. I agree with the diagnoses of cutaneous mastocytosis in childhood. It is established that approximately 80% of children with cutaneous mastocytosis undergo spontaneous resolution of the disease, particularly during puberty and early teenage years. He is currently undergoing this process.

His evaluation was reassuring. His CBC and differential are normal, baseline tryptase is normal, and he does not have the D816V mutation in peripheral blood. Therefore, he does NOT have any evidence of systemic mastocytosis.

Regarding therapy, he does not need any special precautions. He does not need to carry an epinephrine autoinjector. I have no concerns should he be deployed overseas. My opinion is that he is fit to carry out all job-related tasks.

I am happy to discuss his case in more detail (with his permission). Thank you.

MEMORANDUM FOR Commandant of Cadets, United States Corps of Cadets, West Point, New York 10996-1602

SUBJECT: Medical Separation – Cadet Samuel Prather, Company C4, Class of 2024

1. Cadet Prather is a 19-year-old male with a history of cutaneous mastocytosis. This is a rare genetic skin disease where there is an increase of mast cells at the skin which can cause persistent itching, especially triggered with heat and irritation. Cadet Prather had this diagnosis as a child, but was not symptomatic in High School. His symptoms recently flared in the fall of 2021 and are currently managed by Dermatology. The case was discussed with the OTSG Dermatology consultant who recommends against a commissioning waiver. When symptoms flare as an adult, the disease can be persistent and flare from trauma, heat, and skin irritation such as wearing an IOTV; this will affect his ability to deploy.

2. Cadet Samuel Prather will be separated from USMA and receive an Honorable discharge pursuant to AR 150-1, paragraph 8-2 and Table 8-2 (Rule 1). Cadet Prather entered USMA from civilian status and has no service obligation.

3. Cadet Prather will receive a separation history and physical examination that meets all the requirements of the Department of Defense Instruction 6040.46 and Headquarters, Department of the Army Executive Order 162-15, attachment 3, paragraph 3.

To Whom It May Concern,

Greetings, sir/ma’am. My name is Samuel Prather, and on May 21, 2022, I was wrongfully separated after my second year as a cadet at West Point. West Point medically separated me because the on-post dermatologist and the Office of the Surgeon General dermatology consultant (OTSG) misdiagnosed symptoms which I experienced last fall and misunderstand a rare medical condition which I had in childhood. Consequently, I am writing to request that the Board of Visitors review the matter, in the hope that such action would lead to my reinstatement as a cadet at West Point, and that I would be able to graduate and commission as an officer in the United States Army. However, should that prove impossible, I hope that the conduct of West Point medical personnel, as well as those with whom they conferred outside of the Academy, be scrutinized, and the necessary corrections made in order to prevent other cadets from experiencing what I have endured. It is with this dual purpose that I will now begin to present the facts of my case.

To provide context, I will now relate my medical history as it is relevant to the matter at hand. The in-text citations I include are in reference to the accompanying letter from Dr. Matthew Giannetti, a mastocytosis expert at Harvard Medical School and Brigham and Women’s Hospital in Boston, MA. I have also included the curriculum vitae of Dr. Giannetti.

The condition in question is mastocytosis, which has two primary variants: cutaneous mastocytosis and systemic mastocytosis. I had cutaneous mastocytosis for the duration of my childhood, but all symptoms resolved in early adolescence, which aligns with the disease’s typical pathology (Giannetti). Last fall, I experienced itching sensations on my scalp and upper chest, which the Army dermatologist at West Point misdiagnosed as being connected to cutaneous mastocytosis. In reality, I have not had symptoms of cutaneous mastocytosis in several years (Giannetti).

Last fall, I was experiencing dry skin. Because cadets must see a doctor to get any kind of medication, I went to see the dermatologist, who saw my history of mastocytosis. The dermatologist was not very experienced in mastocytosis, and was unsure as to how the Army should handle it. She thought I needed a medical waiver to commission, so she passed my case up the chain of command. However, because the disease is so rare, no one was sure how it should be handled. Eventually, the matter reached the OTSG, who recommended against allowing me to commission.

OTSG feared that I would manifest symptoms severe enough to prohibit me from wearing protective equipment and which would render me undeployable. This concern stemmed primarily from their belief that I was liable to develop, or may have, systemic mastocytosis. However, I do not have the disease and will not develop it (Giannetti).

I was informed that I would be separated on January 5th, 2022, only a day after I was informed that the West Point Brigade Surgeon was looking into the matter. Over the course of the last semester, I tried unsuccessfully to oppose the separation. That attempt was repeatedly frustrated by the West Point doctors’ refusal of specialty care. Despite the disease’s rarity and the lack of Army knowledge regarding it, my repeated requests that I be given time to see an expert were denied. Furthermore, I requested genetic testing - which is standard practice for diagnosing systemic mastocytosis - but was denied by multiple levels of the chain of command within Army medical at West Point.

Eventually, I was able to see a mastocytosis expert - Dr. Giannetti - on my own time and at my own expense. While there, genetic testing and blood work were done at Dr. Giannetti’s recommendation.
The genetic testing showed that I do not have the gene marker for systemic mastocytosis, and that my tryptase levels are normal (individuals with active mastocytosis have elevated tryptase levels). The West Point dermatologist had previously done bloodwork which also showed normal tryptase levels, but they either did not attribute importance to tryptase in relation to mastocytosis, or simply did not inform me of it. Due to their admitted unfamiliarity with the disease, I believe the former explanation to be accurate. Throughout the process, Army medical admitted that I may very well be fine; that the possibilities they used to justify separating me may never occur. The doctors argued that they needed to “mitigate risk to the Army” by separating me based on even the slightest possibility that I would have serious mastocytosis symptoms in the future.

Of course, that same justification could be used to separate a large portion of cadets. Minute possibilities exist for many people to develop serious medical problems - for example, those with family history of cancer, or who have had broken bones. There is a tremendously significant difference between there being a remote possibility that something might occur and there being actual reason to believe that it will.

In my case, this distinction is irrelevant; as Dr. Giannetti’s testing showed, such complications will not occur. Not only do I not have systemic mastocytosis, but I do not have active cutaneous mastocytosis. West Point medical grossly misrepresented the possibilities of my future, and misdiagnosed my present condition.

I believe that West Point completely mishandled my case. The foundation of their medical argument is conjecture, and they can point to no debilitating symptoms or conditions which I currently have or am likely to have in the future. Army medical displayed a pervasive unwillingness to take the time or effort necessary to discover the truth, instead basing their decisions on vague, incalculable possibilities, refusing to gain any sound medical expertise on my condition. Finally, when an expert opinion was received on the matter, it entirely contradicted the Army’s beliefs regarding my condition - and they promptly excluded it from consideration. Thus, I ask that my separation be further investigated by your office, so that a proper, fact-based, medically-sound decision may eventually be accepted, and so that steps may be taken to prevent others from enduring an ordeal akin to mine.

Thank you for your time and consideration. Please reach out at samuelprather@yahoo.com or (214) 709-0223 if there are any questions I can answer or additional information I can provide.

Very respectfully,

Samuel Prather

Dear Board of Visitors,

To Whom It May Concern,

I recently evaluated Mr. Samuel Prother (8/30/2002) for a history of cutaneous mastocytosis. I agree with the diagnosis of cutaneous mastocytosis in childhood. It is established that approximately 80% of children with cutaneous mastocytosis undergo spontaneous resolution of the disease, particularly during puberty and early teenage years. He is currently undergoing this process.

His evaluation was reassuring. His CBC and differential are normal, baseline tryptase is normal, and he does not have the D816V mutation in peripheral blood. Therefore, he does NOT have any evidence of systemic mastocytosis.

Regarding therapy, he does not need any special precautions. He does not need to carry an epinephrine autoinjector. I have no concerns should he be deployed overseas. My opinion is that he is fit to carry out all job-related tasks.

I am happy to discuss his case in more detail (with his permission). Thank you.

Unique bone marrow phenotype of hereditary alpha tryptasemia (2019-2021)

Mastocytosis Tissue Repository (2020-)

I developed a 6-hour protocol to desensitize patients with mast cell disorders and life-threatening anaphylaxis to hymenoptera stings (hypotension, hypoxia) to hymenoptera venom. Previously, this process was 3+ months of weekly injections and led to unnecessary risk for patients with high-risk occupations. We perform 1-2 desensitizations annually at BWH.

I defined unique histopathologic conditions in the bone marrow of patients with hereditary alpha tryptasemia. Previously, patients with elevated tryptase underwent a bone marrow biopsy to rule out systemic mastocytosis. These criteria now allow pathologists to raise alternative diagnoses and encourage clinicians to perform more definitive diagnostic testing (tryptase copy number variant genetic testing) for diagnosis of hereditary alpha tryptasemia.

Working with a multidisciplinary team including gastroenterology, oncology, pathology, and basic science colleagues, I developed an IRB-approved protocol to collect tissue from patients with systemic mastocytosis. This biobank includes bone marrow aspirate, bone marrow core, stomach/mucosa/nodule tissue, skin, and peripheral blood. All patients are clinically phenotyped and relevant medical records are available to correlate with laboratory findings.

Narrative Report
I am an Associate Physician in Allergy and Clinical Immunology at BWH and an Instructor in Medicine at HMS. I also serve as an Attending Physician in Pediatrics at Boston Medical Center for 4 hours per week. My area of excellence is Clinical Expertise and Innovation and my significant supporting activity is Investigation. My clinical and research interests focus on anaphylaxis and mast cell disorders.

As a clinician, I am the Associate Director of the BWH Mastocytosis Center, where I receive local, national, and international referrals. I diagnose and treat a variety of mast cell disorders, including systemic mastocytosis, cutaneous mastocytosis, hereditary alphamyloidemia, and mast cell activation syndrome. I have received national recognition in the diagnosis and management of mast cell disorders and received invitations to speak at the local, regional, and national level. I have also been recognized as an expert clinician by the national advocacy group for mast cell disorders, The Mast Cell Disease Society.

My work has also led to advances in care in patients with systemic mastocytosis. I was the first to report a rapid desensitization protocol for patients with systemic mastocytosis and life-threatening anaphylaxis to hymenoptera venom. This innovation decreased the time required for venom immunotherapy dose escalation from 3 months to 6 hours. I typically perform 1-2 venom
desensitizations annually. I have developed the first Mastocytosis tissue repository in the United States. This includes an IRB-approved registry consisting of over 1200 patients. A subset of this registry includes tissue samples from bone, marrow, skin, GI, and peripheral blood. This has directly facilitated translational research on this orphan disease.

I am also actively involved in clinical research. I am a sub-investigator in the PIONEER trial: the first randomized, placebo-controlled clinical trial of a tyrosine kinase inhibitor for patients with indolent systemic mastocytosis. I am the principal investigator of the PROSPECTOR trial: an observational study aiming to define the incidence of clonal mast cell disorders and hereditary alpha-tryptasemia in patients with severe anaphylaxis. Finally, I am a co-investigator for two additional trials: HARBOR study of BLU-263 in indolent systemic mastocytosis, and the SARS (Systemic Allergic Reactions to SARS-CoV-2) vaccinations.

My scholarship includes pioneering work characterizing hereditary alpha-tryptasemia, a genetic trait which predisposes patients to symptoms of mast cell activation such as anaphylaxis. I was the first to report a unique bone marrow phenotype as well as define the high incidence of anaphylaxis and efficacy of omalizumab in this patient population. This work has led to increased diagnostic accuracy of this disorder as well as treatment advances which have significantly improved quality of life in patients throughout the world. I have spread awareness of these advances to physicians via national speaking engagements as well as directly to patients via invited virtual lectures sponsored by patient advocacy groups.

I am also a clinical educator and preceptor to fellows from BWH, Boston Children’s Hospital, and Boston Medical Center in my ambulatory clinics. I am a core faculty for the allergy and immunology ambulatory rotation for BWH internal medicine residents and HMS students. This includes a basic introduction to the clinical practice of allergy and immunology and laboratory evaluation of the immune system. I provide more than 100 hours of education to trainees annually.
Ms. Ghoslaw,

Good evening, ma'am. I am writing with the hope that the matter of my recent wrongful separation from the United States Military Academy at West Point may be considered by the Board of Visitors. In support of that end, I have attached several documents to this email:

1) A letter detailing the circumstances surrounding my separation and the sound medical opposition to West Point's argument against me.

2) A letter by Dr. Matthew Giannetti, who is an expert in the condition I was separated for and is referenced in Item 1; this letter provides Dr. Giannetti's medical opinion on both my condition and the Army's diagnosis.

3) Dr. Giannetti's curriculum vitae.

4) A completed and signed DD2870 in reference to the Board of Visitors.

5) A signed letter stating my understanding that the documentation I submit to the Board will, in addition to the matter itself, become public record following their meeting on July 1, 2022.

Thank you for your time, ma'am.

Very respectfully,

Samuel Prather
To Whom It May Concern,

Greetings, sir/ma'am. My name is Samuel Frather, and on May 21, 2022, I was wrongfully separated after my second year as a cadet at West Point. West Point medically separated me because the on-post dermatologist and the Office of the Surgeon General dermatology consultant (OTSG) misdiagnosed symptoms which I experienced last fall and misunderstood a rare medical condition which I had in childhood. Consequently, I am writing to request that the Board of Visitors review the matter, in the hope that such action would lead to my reinstatement as a cadet at West Point, and that I would be able to graduate and commission as an officer in the United States Army. However, should that prove impossible, I hope that the conduct of West Point medical personnel, as well as those with whom they conferred outside of the Academy, be scrutinized, and the necessary corrections made in order to prevent other cadets from experiencing what I have endured. It is with this dual purpose that I will now begin to present the facts of my case.

To provide context, I will now relate my medical history as it is relevant to the matter at hand. The in-text citations I include are in reference to the accompanying letter from Dr. Matthew Giannetti, a mastocytosis expert at Harvard Medical School and Brigham and Women’s Hospital in Boston, MA, I have also included the curriculum vitae of Dr. Giannetti.

The condition in question is mastocytosis, which has two primary variants: cutaneous mastocytosis and systemic mastocytosis. I had cutaneous mastocytosis for the duration of my childhood, but all symptoms resolved in early adolescence, which aligns with the disease’s typical pathology (Giannetti). Last fall, I experienced itching sensations on my scalp and upper chest, which the Army dermatologist at West Point misdiagnosed as being connected to cutaneous mastocytosis. In reality, I have not had symptoms of cutaneous mastocytosis in several years (Giannetti).

Last fall, I was experiencing dry skin. Because cadets must see a doctor to get any kind of medication, I went to see the dermatologist, who saw my history of mastocytosis. The dermatologist was not very experienced in mastocytosis, and was unsure as to how the Army should handle it. She thought I needed a medical waiver to commission, so she passed my case up the chain of command. However, because the disease is so rare, no one was sure how it should be handled. Eventually, the matter reached the OTSG, who recommended allowing me to commission.

OTSG feared that I would manifest symptoms severe enough to prohibit me from wearing protective equipment and which would render me undeployable. This concern stemmed primarily from their belief that I was liable to develop, or may have, systemic mastocytosis. However, I do not have the disease and will not develop it (Giannetti).

I was informed that I would be separated on January 5th, 2022, only a day after I was informed that the West Point Brigade Surgeon was looking into the matter. Over the course of the last semester, I tried unsuccessfully to oppose the separation. That attempt was repeatedly frustrated by the West Point doctors’ refusal of specialty care. Despite the disease’s rarity and the lack of Army knowledge regarding it, my repeated requests that I be given time to see an expert were denied. Furthermore, I requested genetic testing - which is standard practice for diagnosing systemic mastocytosis - but was denied by multiple levels of the chain of command within Army medical at West Point.

Eventually, I was able to see a mastocytosis expert - Dr. Giannetti - on my own time and at my own expense. While there, genetic testing and blood work were done at Dr. Giannetti’s recommendation.
The genetic testing showed that I do not have the gene marker for systemic mastocytosis, and that my tryptase levels are normal (individuals with active mastocytosis have elevated tryptase levels). The West Point dermatologist had previously done bloodwork which also showed normal tryptase levels, but they either did not attribute importance to tryptase in relation to mastocytosis, or simply did not inform me of it. Due to their admitted unfamiliarity with the disease, I believe the former explanation to be accurate. Throughout the process, Army medical admitted that I may very well be fine, that the possibilities they used to justify separating me may never occur. The doctors argued that they needed to "mitigate risks to the Army" by separating me based on even the slightest possibility that I would have serious mastocytosis symptoms in the future.

Of course, that same justification could be used to separate a large portion of cadets. Minute possibilities exist for many people to develop serious medical problems - for example, those with family history of cancer, or who have had broken bones. There is a tremendously significant difference between there being a remote possibility that something might occur and there being actual reason to believe that it will.

In my case, this distinction is irrelevant, as Dr. Gianetti's testing showed, such complications will not occur. Not only do I not have systemic mastocytosis, but I do not have active cutaneous mastocytosis. West Point medical grossly misrepresented the possibilities of my future, and misdiagnosed my present condition.

I believe that West Point completely mishandled my case. The foundation of their medical argument is conjecture, and they can point to no debilitating symptoms or conditions which I currently have or am likely to have in the future. Army medical displayed a pervasive unwillingness to take the time or effort necessary to discover the truth, instead basing their decisions on vague, in calculable possibilities, refusing to gain any sound medical expertise on my condition. Finally, when an expert opinion was received on the matter, it entirely contradicted the Army's beliefs regarding my condition - and they promptly excluded it from consideration. Thus, I ask that my separation be further investigated by your office, so that a proper, fact-based, medically sound decision may eventually be accepted, and so that steps may be taken to prevent others from enduring an ordeal akin to mine.

Thank you for your time and consideration. Please reach out at samuelprather@yahoo.com or (214) 703-0223 if there are any questions I can answer or additional information I can provide.

Very respectfully,

Samuel Prather

Clinical Innovations

I developed a 6-hour protocol to desensitize patients with mast cell disorders and life-threatening anaphylaxis to hymenoptera stings (hypotension, hypoxia) to hymenoptera venom. Previously, this process was 3+ months of weekly injections and led to unnecessary risk for patients with high-risk occupations. We perform 1-2 desensitizations annually at BWH.

Unique bone marrow phenotype of hereditary alpha tryptasemia (2019-2021)

I defined unique histopathologic conditions in the bone marrow of patients with hereditary alpha tryptasemia. Previously, patients with elevated tryptase underwent a bone marrow biopsy to rule out systemic mastocytosis. These criteria now allow pathologists to raise alternative diagnoses and encourage clinicians to perform more definitive diagnostic testing (tryptase copy number variant genetic testing) for diagnosis of hereditary alpha tryptasemia.

Mastocytosis Tissue Repository (2020-)

Working with a multidisciplinary team including gastroenterology, oncology, pathology, and basic science colleagues, I developed an IRB-approved protocol to collect tissue from patients with systemic mastocytosis. This biobank includes bone marrow aspirate, bone marrow core, stomach/duodenum/colon tissue, skin, and peripheral blood. All patients are clinically phenotyped and relevant medical records are available to correlate with laboratory findings.

Narrative Report
I am an Associate Physician in Allergy and Clinical Immunology at BWH and an Instructor in Medicine at HMS. I also serve as an Attending Physician in Pediatrics at Boston Medical Center for 4 hours per week. My area of excellence is Clinical Expertise and Innovation and my significant supporting activity is Investigation. My clinical and research interests focus on anaphylaxis and mast cell disorders.

As a clinician, I am the Associate Director of the BWH Mastocytosis Center, where I receive local, national, and international referrals. I diagnose and treat a variety of mast cell disorders, including systemic mastocytosis, cutaneous mastocytosis, hereditary alpha-tryptasemia, and mast cell activation syndrome. I have received national recognition in the diagnosis and management of mast cell disorders and received invitations to speak at the local, regional, and national level. I have also been recognized as an expert clinician by the national advocacy group for mast cell disorders, The Mast Cell Disease Society.

My work has also led to advances in care in patients with systemic Mastocytosis. I was the first to report a rapid desensitization protocol for patients with systemic mastocytosis and life-threatening anaphylaxis to hymenoptera venom. This innovation decreased the time required for venom immunotherapy dose escalation from 3 months to 6 hours. I typically perform 1-2 venom
desensitizations annually. I have developed the first Mastocytosis tissue repository in the United states. This includes an IRB-approved registry consisting of over 1200 patients. A subset of this registry includes tissue samples from bone marrow, skin, GI, and peripheral blood. This has directly facilitated translational research on this orphan disease.

I am also actively involved in clinical research. I am a sub-investigator in the PIONEER trial: the first randomized, placebo-controlled clinical trial of a tyrosine kinase inhibitor for patients with indolent systemic mastocytosis. I am the principal investigator of the PROSPECTOR trial: an observational study aiming to define the incidence of clonal mast cell disorders and hereditary alpha-tryptasemia in patients with severe anaphylaxis. Finally, I am a co-investigator for two additional trials: HARBOR study of BLU-263 in indolent systemic Mastocytosis, and the SARS (Systemic Allergic Reactions to SARS-CoV-2 vaccinations).

My scholarship includes pioneering work characterizing of hereditary alpha-tryptasemia, a genetic trait which predisposes patients to symptoms of mast cell activation such as anaphylaxis. I was the first to report a unique bone marrow phenotype as well define the high incidence of anaphylaxis and efficacy of omalizumab in this patient population. This work has led to increased diagnostic accuracy of this disorder as well as treatment advances which have significantly improved quality of life in patients throughout the world. I have spread awareness of these advances to physicians via national speaking engagements as well as directly to patients via invited virtual lectures sponsored by patient advocacy groups.

I am also a clinical educator and precept fellows from BWH, Boston Children’s Hospital, and Boston Medical Center in my ambulatory clinics. I am a core faculty for the allergy and immunology ambulatory rotation for BWH internal medicine residents and HMS students. This includes a basic introduction to the clinical practice of allergy and immunology and laboratory evaluation of the immune system. I provide more than 100 hours of education to trainees annually.

Subject: Re: Letter to West Point Board of Visitors

Hello Madison,

I am contacting you today to reiterate my request that the USMA Board of Visitors include on the agenda for its upcoming meeting in July 2022 the issue of this letter. I firmly believe that the BOV should seek an update from USMA on any actions taken by (or still to be taken) USMA in response to the allegations and demands made in my letter of June 2020.

Since the July 2020 BOV meeting in which the Superintendent addressed the letter as having been received and that he had initiated an IG investigation, nothing further has been made available by USMA on this matter – neither publicly nor to my repeated requests for such information. Nor has the Board been further updated by the Superintendent, nor have they further requested such an update. There are no minutes available for any meetings of the BOV since Dec 2020.

I have twice previously (below attachment and Dec 2021) written to Congressman Warnack as the BOV chair, and to other BOV members without reply or any comment on this matter.

Additionally, I have sent the same to the Federal Designated officer to the BOV requesting this be an agenda item most recently in preparation for the upcoming July meeting. This too remains unanswered. I am lead to believe that my requests are and will be a matter of public record; however, I have no oversight of that being the case because there are no publicly available minutes to be viewed.

Kindly present my request to Congressman Warnack and other BOV members again.
I note that the superintendent is to be reassigned shortly and thus if this is not addressed in the July meeting their will be no oversight into his actions on this matter. This I submit should not be allowed to occur as addressing this matter falls in Nader the purview of the Boy mission. Needless to say I am disappointed that the Boy has not exercised its responsibility to re-address this topic.

Kindly feel free to call me with any questions that you may have on this and my previous requests.

Hello Madison,

Thanks for taking my call and providing me your email. This attached letter should be forthcoming via the USPS soon. Was mailed on Friday or Saturday. Since my emails to have also gone unanswered (June and July) I decided I should write directly to Congressman Womack. Thanks for getting it into his hands.

The issue is one of great concern for me and my attempts at getting answers directly from West Point have been fruitless. Without belaboring that, I would be happy to also share those details with the Congressman
if desired. My emails to provide some of that, in that they share the email strings with the Public Affairs office at West Point.

Good day Mr. Ghostlaw,

I do not find meeting minutes yet posted for the 2 March 2022 meeting. I note too that the meeting of 2 March 22 was listed as an "organizational meeting". I am unsure what that means vis a vis the designations of "summer Meeting" currently scheduled for 1 July at West Point, or the "Fall/Annual Meeting" yet to be scheduled. Your email below indicates that my statements were included in the packet for the 2 Mar 2022 meeting. Since I was unable to attend the meeting, and since there are no minutes yet posted, I am unsure of what exactly was in the packet and came before the BoV.

Consequently, I wish to reiterate that I request the BoV to include in its agenda for the upcoming Summer meeting on 1 July 2022 an update on the actions already taken, or still to be taken, by USMA that are the result of, and in response to, the allegations and demands made in the "Anti-Racist West Point Policy Proposal" letter of June 2020.

I ask that you kindly provide me with that portion of the packet for the 2 March 2022 meeting that related to my statements. Also, kindly include again my request above for the 1 July 2022 meeting.

Thank you,

Walter Heinz

Dear Mr. Heinz,

Thank you for your e-mail dated February 17, 2022, regarding the United States Military Academy (USMA) Board of Visitors (BoV) meeting of March 2, 2022, specifically, your questions regarding the process of determining the agenda for BOV meetings.

Both USMA and the BOV develop the meeting agenda to provide information sufficient to allow the discovery of those items the BOV is statutorily required to inspect. There have been no "differences" in the briefing requirements that would require a reconciliation of agenda items.

Have a very good day.

Subject: Re: March 2, 2022 USMA BoV meeting

Ms. Ghostlaw,

Having received your email below I must say I am disappointed that this topic has not been re-addressed since July 2020, and will not be an agenda item. As you know I have twice submitted it for an agenda item. Once for the cancelled Nov 2021 meeting and now for the currently scheduled Mar 2022 meeting.

Your email raises questions for me to which I'd like have answers to better understand the process and mechanics of having the BoV countermand this as an agenda item.

The following are questions to which I seek a reply:

How is the agenda developed? Specifically, does USMA first prepare a suggested / draft agenda for the BoV? Or does the BoV independently develop the agenda?

Does the BoV develop its own agenda for the meeting? And then reconcile that with USMA?

If both USMA and BoV develop the agenda in concert, how are differences reconciled?

Were my requests (both for the cancelled Nov 2021 meeting and the Mar 2022 meeting) directly seen by the BoV members, or rather by supporting staff?

Where are my requests that are "public record" to be found, and how might I access them?

Since the Nov 2021 meeting was cancelled is / was my request for that meeting a matter of public record? Or did the cancellation nullify that request and it being a matter of public record?

Am I currently listed as a party with access to the March 2022 meeting? I assume that my prior submission requesting that before the formal scheduling of the current Mar 2022 meeting is still valid. Is that true?

3
If I need to resubmit my information for access to the Mar 2022 meeting kindly consider this again as my request. I will be representing myself. Also provide any specific access/clearance protocols that I need to be aware of, and meet, for such access.

I also wish to point out that BoV seems to be in violation of the governing law (10 USC 7455) in that:

The BoV is supposed to visit West Point at least once annually, and can visit more frequently. This has not happened as the BoV has not visited West Point since Dec 2020. I take that to be the case as there are no minutes of any meeting posted since Dec 2020, nor do I find their required report to the President.

The composition of the BoV is not fully in compliance with the law as the President has removed previously appointed designees and has not designated replacements as required.

The meeting in DC vs West Point (see above) seems too to not be in compliance with the law.

I'd appreciate your answers to all my questions above, and a confirmation that I have fully met the requirements to be able to attend the 2 Mar 2022 meeting.

Further, if there are changes to the 2 Mar 2022 meeting (e.g. date, time, location), that someone kindly advise me in sufficient time. As you might recall, I was unaware of the BoV meeting cancellation until I was attempting to log into the meeting. Since this meeting as currently scheduled will not include virtual access and thus require travel and other expenses, I trust you can appreciate my request and accommodate that.

I will look for your detailed reply to the foregoing.

Thank you,

Walter Heinz,

Hi Madison,

Just checking back in re: to my email below. Has my mailed letter been received? Can you provide an update on it and how the BOV will address this?

Thank you,

Hello Madison,

Thanks for taking my call and providing me your email. This attached letter should be forthcoming via the USPS soon. Was mailed on Friday or Saturday. Since my emails to have also gone unanswered (June and July) I decided I should write directly to Congressman Womack. Thanks for getting it into his hands.

The issue is one of great concern for me and my attempts at getting answers directly from West Point have been fruitless. Without belaboring that, I would be happy to also share those details with the Congressman...
if desired. My emails to provide some of that, in that they share the email strings with the Public Affairs office at West Point.

Thank you again,
