THE UNITED STATES MILITARY ACADEMY  
SEEKS  
ACADEMY PROFESSOR  
DEPARTMENT OF ELECTRICAL ENGINEERING AND COMPUTER SCIENCE

The United States Military Academy is accepting applications for two Academy Professor positions in the Department of Electrical Engineering and Computer Science (EECS). Principal responsibilities of the first position (immediate fill desired) include academic leadership, teaching, and scholarship in the fields of Computer Science and/or Cyber Science. Strong applications will show clear potential as a future Director of the Core Program in EECS, Computer Science Program, Cyber Science Program, or Cyber Research Center. Candidates for this position should hold a Ph.D. in Computer Science (or a closely related discipline). The second position (Summer 2023 start desired) is the Director of the Robotics Research Center, the Academy's premier resource for expertise and academic scholarship in the field of robotics that enables interdisciplinary cooperation and concentrates Academy-wide research efforts in robotic systems. Strong candidates will hold a Ph.D. in the field of Electrical Engineering (or a closely related discipline), demonstrate potential to lead research in fields such as artificial intelligence, machine learning, and autonomous systems, as well as a vision for engagement with academia, industry, and the government science and technology community. For both positions, specific duties will include teaching undergraduate courses within the Academy’s Core Program and Computer Science, Cyber Science, and/or Electrical Engineering majors; developing and supervising military and civilian faculty; leading academic programs, including curriculum development; serving on faculty committees; and conducting scholarly research. Applicants should have previous professional teaching experience at the college/university level with demonstrated capacity for further academic achievement and scholarship. Dedication to excellence in teaching and a strong commitment to the educational, military, physical, and ethical development of cadets both inside and outside the classroom are essential requirements for these positions. Officers should have an exemplary military performance record, including successful key developmental experience at the field grade level, recent experience in an operational unit, and completion of Intermediate Level Education at a minimum. Minimum rank to apply is major.

Officers interested in applying for this position should contact MAJ Nathan Hedgecock, Search Committee Secretary, United States Military Academy, West Point, New York 10996 by mail; email nathan.hedgecock@westpoint.edu; commercial telephone (845) 938-5206; or DSN telephone 688-5206. Completed applications must be received by 28 October 2022.

The United States Military Academy is an Equal Opportunity, Affirmative Action Employer. Women and minority officers are encouraged to apply.
