WITH STRENGTH COMES RESPONSIBILITY
Army ROTC provides Cadets with the character-building aspects of a diverse, self-disciplined civilian education with tough, centralized leadership development training. Interested students attending the University of Connecticut and other nearby colleges (e.g., Eastern Connecticut State University) may participate. High school National (4 year and 3 Year) and Campus-based scholarships (3 year and 2 year) are offered on a competitive basis. Qualified Cadets can serve in the U.S Army Reserve or Connecticut Army National Guard and receive additional professional experiences/financial benefits.
