Warsaw, Poland

Area of Operations

Major Hazards

- Refugee Crisis
  - 300,000 refugees in Warsaw
  - Strain on healthcare, education, and housing
- Food Shortage
  - Ukraine is a breadbasket of the world
  - Russia exports major portion of world’s fertilizer
- Flood
  - Drainage from Carpathian Mountains
  - Warsaw corset narrows Vistula River

Recommotions

- Focus resources in the Northeastern area of the city
- 1 aid station on Western Side, 2 aid stations on Eastern side
- Establish food distribution points ensuring Ukrainian refugees have access
