

RESTORING DIGNITY THROUGH EVERYDAY ESSENTIALS

Helping The Salvation Army Do More Good with Every Dollar

At DollarDays, we recognize the incredible responsibility The Salvation Army carries every day while serving those facing hardship. Every dollar donated represents the trust placed in your organization to maximize impact while continuing to provide people with compassion, dignity, and care.

Marc Winkelman serves as your dedicated DollarDays Account Specialist and considers supporting The Salvation Army both a professional privilege and a personal blessing.

Through conversations with officers, staff, and program leaders nationwide, Marc has developed a deep appreciation for the compassion and commitment your teams demonstrate every day. He'll go the extra mile to help you stretch your budget and reach more people.

"What inspires me most are your stories of how our products support your mission to offer care, dignity, and hope during some of life's most difficult moments. It is a blessing and honor to serve The Salvation Army."

OUR MISSION TO SUPPORT YOUR MISSION

"Dignity" is the word that fuels our shared mission. DollarDays strives to provide products that deliver just that, while keeping our prices as low as possible so organizations like The Salvation Army can stretch every donated dollar further and deliver hope to more people in need. To support that mission, we've intentionally developed proprietary product lines like America's Suppliers® and BigBox®, thoughtfully designed to balance quality, durability, and affordability for the communities you serve. As part of our partnership with Salvation Army locations nationwide, DollarDays provides:

- Fast, free shipping available on nearly all orders
- Dedicated company-wide support to simplify sourcing and fulfillment
- Affordable, high-quality essentials designed for real-world needs

AMERICA'S SUPPLIERS® WARMTH ESSENTIALS

Our America's Suppliers jackets, blankets, and sleeping bags were built to support the populations many Salvation Army programs serve daily, including individuals experiencing homelessness and families without reliable cold-weather protection.

Refined through direct customer feedback, no details are overlooked. For example, our jackets feature heavyweight construction, a detachable hood, elastic cuffs, a quick-dry outer shell and insulation, and warm fleece lining, making these roomy jackets ideal for necessary layering in frigid conditions.

BIGBOX® SCHOOL SUPPLIES

The same philosophy drives our BigBox line of backpacks and school supplies. These products rival popular name brands at a fraction of the cost while delivering the durability, quality, and style students are proud to carry. The result is greater value for your budget and greater confidence for the students receiving them.

Backpacks won't do any good if they fall apart during the first weeks of school. That's why we build ours with #10 industrial-grade zippers, heavily reinforced stitching to prevent shoulder straps from ripping, durable 600D polyester fabric, and other features to ensure they last.

We're committed to the life-changing work The Salvation Army performs every day and are honored to continue serving you.
