MAJOR REGULATION CHANGES FOR 2016 MID-ATLANTIC

USTA LEAGUE TENNIS RULES

Rule 7 – The time was adjusted from seven days to fourteen days to allow for a more flexible window of time to make up local league matches. The deadline for completing local league match play must still be followed.

Rule 8a – Remove the language that states “Matches will remain in TennisLink; the coordinator will manually adjust the standings prior to certifying advancing teams.” Coordinators will utilize League Setup to remove matches from the standings where needed. Matches will continue to count for ratings purposes.

Rule 10 – Adjusted the language to clarify that a player may not be added during local league playoffs or any championships and that players may be added to the roster at any time up until the second to last regularly scheduled or rescheduled local league match. As mentioned this does not include local league playoffs or at any championships.

Rule 11d Player limitation for leagues which advance to Sectional Championships – Relax restrictions for player limitations which advance to Sectional Championships:
- Teams are allowed to move up an NTRP team level and play in the same Division, within an age group during the same season.
- The rule states that “only three players may be members together on another team in the same Division, within an age group, at the same team NTRP level, during the same season. It is the same season if there is an overlap in the local league scheduled match dates. The infraction occurs at registration.”

Rule 12 – Adult 65 & Over players will need to meet the two (2) local league matches, with one default counting, match requirement in order to be eligible to compete at the Adult 65 & Over Championships. This is in line with National recommendations.

Rule 18 – Teams that withdraw less than ten (10) days prior to the start of a Regional or Sectional tournament will lose the refundable deposit required to hold their spot for Regional and Sectional Championship events.

Rule 19 – Removed the words “at least 3 days before the start of the tournament.” Those players that do not declare prior to the start of a Championship will have the team of their first match played or captained for determine their declaration.

Rule 20 – Teams that depart a Regional or Sectional tournament without the approval of the Tournament Director will lose the refundable deposit required for Regional and Sectional Championship events.

Rule 22 – Added “except for illness or injury” to be in line with National Regulations.

Please Note: Regional and Sectional Tournament Policy Change - In order to participate at a Regional or Sectional Championship teams must put down a $150 refundable hold to secure their spot. Teams that withdraw less than ten (10) days prior to the start of the tournament will be charged the $150 hold required to secure their spot (see tournament notes). Teams that do not complete the entire match schedule of their respective Championship will be charged the $150 hold required to secure their spot (see tournament notes). As stated this hold will not be charged as long as teams withdraw within the required time frame.
Regulations for USTA League Tennis Play
USTA League Tennis play is governed by four sets of rules and regulations:
USTA National League Tennis Regulations, and
Mid-Atlantic Section Rules, and
Section Rules for Local Leagues (below), and
Friend At Court, and
Local League Procedures.

RED marks changes for 2016.

1. The 2016 USTA League Tennis Regulations, together with the Section Rules constitute the rules of USTA League Tennis in the Mid-Atlantic Section.

2. Each local league must use the Section Rules for Local Leagues (see page 5) provided by the Section League Committee. No changes/additions may be made without the approval of the Director of Leagues. Each local league must prepare a Local League Fact Sheet, and also Local League Procedures for their league, i.e. how to score timed matches, rain plans, payment of court fees, play-off information, etc. Neither the Fact Sheet nor the Procedures may include any league rules without first being approved.

3. Players with a valid computer rating established according to USTA-approved computer methodology must enter a USTA League Tennis division at that rating or 1 level higher. Any individual who circumvents this requirement by acquiring multiple, false or misleading (e.g., variants on the same name) USTA membership numbers shall be disqualified from further participation in any USTA League Tennis program for a period of 12 months from the date of disqualification and all matches played by such persons will be declared forfeit, or any other appropriate penalty determined by the Section League Committee.

4. When first entering the Leagues program, players without a computer rating are required to answer questions online regarding their player history and then declare a self-rating on TennisLink of 2.5 or higher. In making their self-rating decision, players must consider the NTRP Guidelines posted on the TennisLink website; their on-court performance against established league players; relevant tennis history including frequency of play and instruction; and general fitness. Once made, the self-rating declared by the player shall apply to all Divisions until superseded by a computer-generated rating established according to USTA-approved computer methodology.

5. TennisLink is the official and exclusive system for registering teams and players, and reporting match scores and standings for the USTA League Tennis program. No person may participate on a League team, and no local league may commence, without first registering via TennisLink. All local league seasons must start and finish in the same calendar year. No local league winner may advance to championship level competition until all scheduled matches have been recorded in TennisLink.

6. Match results must be reported on TennisLink within 48 hours of the completion of the team match. This may be done by either the winning or losing team captain, or their designee. The non reporting captain, or designee, must log in to TennisLink and confirm or dispute the reported match scores within 48 hours after they have been reported. After that time, TennisLink automatically blocks any attempt to edit or otherwise contest reported results, which are deemed final and complete with no further right of challenge.

7. A team match should not remain uncompleted for more than fourteen days after its scheduled date or the deadline for completing local league match play, whichever occurs first. (This does not preclude a local coordinator from formally re-scheduling a match date/time where local circumstances require, so long as established dates for completing local play are not violated.)
8. Local League Play.

8a. A team cannot advance to championships if they are in a position to do so as a result of being the recipient of a full team default. It is the coordinator’s responsibility to check for full team defaults when determining a team’s eligibility to advance. If a team is advancing because they are the recipient of a full team default then all matches played by the defaulting team must be removed from the standings (but will remain in TennisLink) of the round robin where the default occurred. The exception of this rule applies to two team leagues. A team in a two team league cannot advance to a championship if they have defaulted a local league match.

8b. The full match schedule for any local league must be published in TennisLink prior to or within seven days following the first match.

8c. For each team match, a majority of the individual matches must actually be played by the 2 teams to constitute a valid team match. In accordance with National Regulation 2.01C(2), if 2 teams arrive to play a match, and they each have 1 or more defaults at different positions which prevents them from playing a valid team match, then they should adjust their line ups, remembering to default from the bottom up. If the teams cannot agree on which courts to play, then the match is scored as a double default.

9. Player Dynamic NTRP ratings are automatically recalculated in the national database on a daily basis throughout the season unless some unforeseen technical problem prevents it. As a result, inputting match results in proper chronological order (the order in which they are played) is essential. If as a result of system-driven recalculations, a player’s Dynamic NTRP rating reaches disqualification level three times, and if that player has an A, S, M, T or D rating:

9a. During local league: all matches played at that level shall be forfeited. The exception being the Plus (+) leagues e.g., if either a 4.5 or 5.0 self rated player competes at the # 1 position on a 4.5+ or 5.0+ team respectively and subsequently receives 3 strikes and is disqualified, those matches will stand, assuming the team is still in compliance with National Regulation 2.01A(1). Matches played at lower positions will be forfeited. The player may register on a team at the higher level if otherwise eligible to do so. The Sectional office shall issue notice of NTRP disqualification promptly to the player and the Team Captain as designated on the TennisLink team roster, with a copy to the League Manager and Local League Coordinator (Captains and players are encouraged to provide e-mail address information when registering on TennisLink, and to update such information as necessary, to facilitate timely notice in the event of disqualification.)

9b. During Regionals or Sectional Championships: computer calculations shall be run and new ratings produced after each team match. Players who accumulate their “third strike” (considering all matches reported in the database to that point) shall be immediately disqualified, and the championship tournament matches played by such players shall be considered 6-0, 6-0 wins for the opposing player or doubles team pursuant to Rule 2.04E(2)a. In the event that the Scorekeeper is unable to connect to TennisLink in "real time" during a championship event, upon notice to that effect the Tournament Committee may make an irreparable election to suspend Rule 2.04B(2)a and instead follow the procedure outlined in Rule 2.04B(2)b for the event in question. Whenever such an election is made, 2.04E(2)c shall likewise be in effect.

10. Roster Limits: All Divisions will have a roster limit of no more than 20 players, excluding all levels of Tri-Level which will be limited to 22 players. Local Leagues may limit roster size further if they so choose. Players may be added to the roster at any time up until the second to last regularly scheduled or rescheduled local league match. This does not include local league playoffs or at any championships.

11. USTA League Tennis Regulations: Rule 1.04G authorizes players and captains to participate on more than one team under certain conditions. Specifically in Mid-Atlantic Section and for any Division, whether or not that Division results in Sectional Championship competition:

11a. Same league, same level: a player/captain may not captain a second team or play on a second team within an age group in the same local league.

11b. Same league, different levels: a player/captain may play on or captain more than one team within an age group in the same local league, so long as each team is at a different NTRP level.

11c. Different local leagues: a player/captain may play on or captain more than one team within an age group, regardless of the NTRP level, if each team is in a separate local league.

11d. Player limitation for leagues which advance to Sectional Championships: only three players may be members together on another team in the same Division, within an age group, at the same team NTRP level, during the same season. It is the same season if there is an overlap in the local league scheduled match dates. The infraction occurs at registration.
Where violations of this rule occur, penalties are established as (a) immediate disqualification from the second (or any subsequent) team of all players who are members together on another team, except for the first three such players, the order of registration as recorded in TennisLink being the determinative factor, unless one or more of the players subject to disqualification has not played a match for either team, in which case any one of them may select which team to be removed from to cure the violation; and (b) forfeiture of all matches played by the disqualified players on behalf of the second (or any subsequent) team. The disqualified players may continue to participate on their other team(s) without penalty, and to register for additional teams consistent with Rule #11 and any registration deadlines.

12. Two (2) local league matches, with one default counting, must be played prior to participating in any Regional or Sectional Championship. Three (3) matches, with no default counting, must be played prior to participating at any National Championship and the BNP Paribas Tri-Level Open. The match requirement for player eligibility to compete at the Adult 65&Over Championship is two (2) local or Section Championship league matches with, one default, counting.

13. For Tri-Level Leagues, a minimum of three players per level must be on the team roster, the exception being in Mixed Tri-Level Leagues there must be 2 players at each level for each gender. Match play must be in order of strength – no player may play above a player with a higher rating. Defaults do not have to be from the bottom up if players are not available for a particular level. Note: At Tri-Level Section Championships all players must at the correct level and no players may play up a level. If teams do not have enough players or combination of players to compete and meet this requirement, then they may request a waiver through the Section League Committee.

14. For Combo and Combo Mixed leagues, a 1.5 rating differential is allowed. For example: In the 8.5 level, partners can be a 4.5 and a 4.0 or a 5.0 and a 3.5. In any case, the partners’ combined ratings shall not exceed the level entered.

15. The Mid-Atlantic Section will use the scoring format described in Rule 2.01C(3) match tiebreak in lieu of a third set at all League Championships, including the Coman tiebreak procedure. In addition, the League Championships shall be organized using the combined ratings for the Divisions and age groups listed in the below chart.

| Mixed 18&Over       | 6.0, 7.0, 8.0, 9.0 & 10.0 |
| Mixed 40&Over       | 6.0, 7.0, 8.0, & 9.0    |
| Mixed 55&Over       | 6.0, 7.0, 8.0 & 9.0    |
| Adult 55&Over       | 6.0, 7.0, 8.0, & 9.0   |
| Adult 65&Over       | 6.0, 7.0, 8.0, & 9.0   |
| Combo               | 5.5, 6.5, 7.5, 8.5, 9.5 |

16. For Sectional Championships: The team(s) certified by each League Manager as its Regional Championship winner on, where the Director of Leagues has determined that it is appropriate, the 2nd place team at each NTRP level is entitled to advance to the Sectional Championship. The areas must certify their winning teams to the Director of Leagues in accordance with the 2015 Championship Dates and Deadlines document. Further, the League Managers must certify that their teams will attend Sectionals with a full contingent of players, and that their teams have abided by all National & Sectional Rules and Regulations.

The Mid-Atlantic Adult 18&Over Section Championships will have 6 teams at each gender and level, where appropriate. Of the 6 teams eligible to participate, if the Director of Leagues has determined that it is appropriate, then 2 shall come from Virginia, 2 from Maryland, 1 from DC and 1 from West Virginia.

No area may receive the benefit of more than one "wildcard entry" per level, except where the Tournament Director has determined that it is appropriate. In that case, a wildcard entry may be extended to an area based on a random draw being made proportionately to the number of teams at that level in each area, until the draw is filled. To be eligible to advance to Sectional championship competition, a team must have registered the minimum number of players required by Rule 1.04D(4), and played the minimum number of matches required by Rule 2.01C(1) in accordance with the 2015 Championship Dates and Deadlines document.

17. For Regional Championships: All local league winners, except for the Singles Division, will advance directly to Regional Championships. No playoff with other local league winners will be required. Only one team per level, per gender, per area will advance to the Singles Regional Championships.
Representation at the Regional Championships will be determined by the number of teams in the league. An additional slot will be extended after every ten (10) teams, ex: 1-10 – 1 team; 11-20 – 2 teams; 21-30 – 3 teams, and so on. The only exception will be Virginia’s Adult 18&Over Regional Championships. For that event, an additional slot will be extended after every twelve (12) teams due to court constraints, ex: 1-12 – 1 team; 13-24 – 2 teams; 25-36 – 3 teams, and so on. If wildcards need to be offered to fill the draw it will be extended based on the procedures noted in rule 16 where it pertains to wildcard entries.

The Local Leagues must certify their teams to the League Manager in accordance with the Championship Dates and Deadlines document. The LLC must certify that their team(s) will attend the event with a full contingent of players and that they have abided by all National & Sectional Rules and Regulations.

18. Winning teams not able to participate in the corresponding League Championship tournament must notify the Director of Leagues and League Manager of their intention not to participate at least ten (10) days prior to the start of the Tournament. In order to participate at a Regional or Sectional Championship teams must put down a $150 refundable deposit to hold their spot. Teams that withdraw less than ten (10) days prior to the start of the tournament will lose the refundable deposit required to hold their spot (see tournament notes). Upon notification that a winning team is unable to advance, the second place team may advance if it has been determined that it is appropriate. If the second place team is unable to participate, it shall be determined whether that Region shall retain its right to place an entry in that specific level or flight.

19. Mid-Atlantic Section follows national league regulation 1.04(G)7 governing players who qualify to compete on more than one team at the same league championship, that is: players may compete for only one team. They may file a Declaration specifying the team they will compete for, or in the absence of a filing, the first match played by the player will determine which team he or she will represent. In the event that a person is a captain of more than one team at the same level in the same Division and age group advancing to the same Championship event, that captain shall transmit written notice in advance to the Region or Section office (as appropriate) declaring which ONE team (s)he will represent at that event. Such declarations are binding only for the duration of the event where the conflict arises. In the event no Declaration is received and a person captains 2 teams, or a player competes for 2 teams at the same level, in the same Division and same age group, then all matches played/or captained for the 2nd team will be disqualified.

20. Players/teams leaving a Championship tournament before completing their entire schedule of assigned matches, and without the Tournament Director’s approval will lose the refundable deposit required to hold their spot (see tournament notes) and a grievance may be filed.

21. At all League Championships, match line-ups are due to the Tournament Desk 30 minutes prior to the scheduled start of each team match. Failure to turn in line-ups on time shall result in an automatic $50.00 cash fine for each such occurrence. Any such fine must be paid before the offending team will be allowed to play its scheduled match. Match times are tentative and play will be on a “followed by” basis. The Tournament Desk has the right to call a match to begin play up to 30 minutes before the scheduled start time, assuming courts are available to do so. Once a match has been called, the USTA’s Point Penalty System applies and will be strictly enforced.

22. In the event that a player is not notified of his/her disqualification before the deadline for submitting the team’s next line-up, and the Team Captain has scheduled the disqualified player to participate in that next match, the Team Captain may substitute an eligible player into the position vacated by the disqualified player. No other line-up adjustment (reorganizing doubles teams or repositioning players, etc.) is permitted except for injury or illness.
RULES FOR LOCAL LEAGUES

1) General League Rules
   a) All leagues must abide by and enforce the rules listed in the 2016 USTA League Tennis National Regulations and the Mid-Atlantic Section Rules, for all USTA League play. These can be found on the following websites:
      http://www.usta.com/Adult-Tennis/USTA-League/Information/Regulations/
      http://www.midatlantic.usta.com/USTA-Leagues/Regulations/Mid-Atlantic/
   b) Since USTA league matches are unofficiated, the most current edition of Friend at Court, “The USTA Handbook of Tennis Rules & Regulations” and The Code: The Players’ Guide for Unofficiated Matches shall apply in any situation not covered by the rules.
      http://assets.usta.com/assets/1/15/2.%20The%20Code.4.pdf
   c) League Registration: Local League registration dates are set by each Local League Coordinator and may be found on TennisLink and on some Local League websites. Late registration is subject to the discretion of the Local League Coordinator. Late entries will not be accepted after the scheduling process has begun.
   d) Home teams provide USTA approved tennis balls if not provided by the facility/other party.
   e) Team captains handle all team administrative matters and represent their team in USTA League Tennis matters. All communication with the League Coordinators must go through the team captain.
   f) Team captains must be familiar with all Regulations, Policies and Procedures in 1) a) above, TennisLink, Section and the local league website, if available.
   g) Team captains are responsible for fielding a complete team for each match of the league season. Team defaults may affect the final league standings. Therefore teams should play all matches regardless of whether they are in contention for post-season play.

2) Team Rosters
   Players may play only one NTRP level above their current computer rating or self-rating. (USTA National Regulation 1.04G(5)). There is no limit to the number of players per team who “play up”, unless it is a 2 team league, in which case each team must maintain its roster with at least 40% of its players at the designated level of play. (USTA National Regulation 1.04D(5). The exception is the Adult 55&Over Age Group that uses combined NTRP rating levels and will not be required to comply with this Regulation. The Section allows the same exception for the Adult 65&Over Age Group.

3) Match Schedules and Match Times
   a) Matches are scheduled according to court availability.
   b) If due to court constraints timed matches are necessary, the minimum allowable match time is 1.5 hours. See Local League Procedures attached for timed match information.

4) Match Rescheduling
   a) Match Schedules are firm. Matches are to be played on the scheduled date with the following exceptions, and at the discretion of the Local League Coordinator:
      i) Facility issues or weather (rain, heat, visibility, etc.)
      ii) USTA Local Playoff or post season Championship (Regionals, Sectionals, Nationals).
      iii) LLC sponsored tennis events.
   Note: Delays or cancellations due to weather/facility issues are common; therefore, captains are expected to cooperate in the rescheduling process.
b) Either the Local League Coordinator or the home team determines court playability if weather/court conditions or facility issues are questionable on the day of the match. See attached Local League Procedures for your local league policy.

c) Inclement weather make up matches must be played within 14 days or the deadline for completing local league match play, whichever occurs first. See MAS Rule 7. This does not preclude a local coordinator from formally re-scheduling a match date/time where local circumstances require, as long as established dates for completing local play are not violated.

d) If inclement weather or a facility issue occurs after a match has begun, completed individual matches will stand as played and incomplete matches must be resumed by the same players at the exact set, game and point when play was halted. If line-ups are exchanged and no matches have begun, different players can be presented at the make up match.

5) **Match Format & Courts**

a) The Local League Coordinator may schedule any combination of hard courts, clay courts, or indoor courts for league matches.

b) Warm ups are limited to no more than 10 minutes. If a player arrives late, but before the 15 minute default time, the player is entitled to a 5 minute warm-up. See MAS Rule 8.

c) It is recommended that match play will consist of best of two sets using regular scoring and a set tiebreak (first to 7 points by 2 points) at six games all in each set. In the event of split sets, a match tiebreak (first to 10 win by 2) in lieu of a third set shall be played immediately following the end-of-set rest period. The Coman tiebreak procedure will be used for all tiebreaks, unless stated otherwise for indoor matches in the attached Local League Procedures.

d) In leagues where there are timed matches, refer to the attached Local League Procedures for specific instructions to follow.

6) **Line-up Exchange**

a) Team captains must simultaneously exchange line-ups 5-10 minutes before the match start time. Printed TennisLink scorecards (showing rosters) may be used.

b) If a team knowingly begins a team match without a full complement of players for the line-up, they must forfeit from the bottom up. (#2 singles before #1 singles; #3 doubles before #2 doubles.)

b) If a match is postponed after line-ups have been exchanged, all line-up positions may be changed except for any positions that already started their match (first service attempt). (USTA National Interpretations, Page 6)

7) **Team Defaults and Individual Match Defaults**

a) Captains should notify opposing team captains (by email) of known individual match defaults in advance (USTA National Interpretations, Page 5) Once defaulted, players do not need to show to play and the team receiving the default will be awarded a 6-0, 6-0 score for the court. If unplayable conditions exist (weather, facilities, etc.) and the match is rescheduled, the default is void.

b) If a player arrives 15 minutes after a scheduled match time, his/her individual match is a considered a default. Below are the penalties for lateness::

5 mins. or less late, loss of toss and 1 game;
5:01 – 10:00 mins. late, loss of toss and 2 games;
10:01 – 15:00 mins. late, loss of toss and 3 games;

More than 15:00 mins. late, default. If a player arrives late for a match, local league penalties for lateness apply. However, the player is still entitled to a 5 minute warm-up.

See Table 16 in Friend At Court
c) **Team Defaults:** For Leagues with 5 courts, a team may default a maximum of two positions in a match without defaulting the entire match. For leagues with 3 courts, a team may default a maximum of one position in a match without defaulting the entire match.

8) **Score Entry**

If a team match is split up or interrupted by rain or other situation, use the date of the last outstanding individual match for entering the score in TennisLink.

9) **Post Season Play**

If Local League playoffs are required, playoff formats will be determined by the Local League Coordinator and will be contained in the Local League Procedures.

10) **Captain/Player Conduct**

a) All players and captains are expected to exhibit the highest levels of sportsmanship along with courtesy and fairness. Each league participant is expected to know, and is bound by the league rules listed in Rule 1) a).

b) All matches should be played in good faith and to the benefit of tennis and fair play. Teams are expected to compete to win.

11) **Grievances**

There is a standard process in the National Regulations: National Regulation 3.00 Grievance Procedures. Grievance and Grievance Appeal Committee members must be approved by the Section. Grievance and Grievance Appeal Committee members will be listed on the Local League Fact Sheet.

12) **Miscellaneous Rules**

a) Medical Time Outs: No more than one (1) medical time out is allowed per player, per injury. Diagnostic time is 2 minutes. The medical time out can be up to three (3) minutes in duration after treatment supplies are on court. The maximum time allowed is 15 minutes. If the injured player is unable to continue after the medical time out due to the injury or illness, the match will result in a retirement. Bleeding time out is 15 minutes.

b) Cell Phones: All players’ cell phones are to be turned off during all matches. Any match disruptions caused by a cell phone will result in the opposing team being awarded one point.

c) Spectators: No communication and no coaching is allowed between spectators and players.

This document incorporates all local league rules.
