Simona Halep

Press Conference

S. HALEP/A. Sevastova

6-4, 6-3

THE MODERATOR: Questions, please.

Q. It's looking like it's easy. You're playing very, very simply, very quickly. Do the matches feel quite tough?

SIMONA HALEP: No, the match felt quite tough. Was not easy at all. I can say that I'm not playing my best tennis in this moment, but winning, even if I play less good, I think it's a big plus for me. It gives me a little bit more power, inside power that I can handle it.

So I won against 15th player in the world playing not as I want. It's a big thing, and I'm really happy about it.

Q. What's stopping you from playing as you want?

SIMONA HALEP: I don't know. If I would know, I would have changed something. But maybe just a little bit, like, tough days, it's normal.

I had a big run before, so now I'm just working harder, I can say. Just believing that it will come fast.
