

INTERMOUNTAIN UTAH

July 25, 2017

Utah Tennis promotes tennis. It is our goal to get players of all skills and ages to play.

So, it is with a tinge of pride, we share Utah's status as top 10 districts in the country for most new league players. This is attributed to new leagues added in 2017, such as 65+, 39&Under, St. George and the new 2.5 Summer League. We've also enjoyed a healthy boost in mixed doubles leagues.

So far, 670 new league players have joined the ranks of those having fun throughout the year on Utah tennis courts. Lots of tennis and lots of competition.

Nice Job, Utah!

Keep it up!
