

**What:** X-Team Tennis (recreational competitive tennis in its purest form)

**When:** June 25th to September 2nd (10 weeks)

**Where:** Various locations in Rockingham County, Page County and New Market

**Cost:** \$20 per player (make checks payable to PVCTA)

**Registration Deadline:** Monday, June 11th

**Contact:** Kirk Comer 540-742-1323 ([kirkcomer@gmail.com](mailto:kirkcomer@gmail.com)) or Page County, East Rockingham or Spotswood High School Girls Tennis Coaches for more details.

**Team Details:** An X-Team has 2 team members. Teammates can be both male, both female or mixed. Ages of players can be mixed as long as the players are both rising 9th graders (advanced middle school age players can also inquire as to if they can participate) to adult. For example two high school teammates can be a team... so can a mother and son... boyfriend and girlfriend, etc. Any combination will do. Considerations for divisional skill level grouping will be given based on the combined NTRP (National Tennis Rating Program) of the team. The more teams that register the more divisions we can offer.

**Schedule Details:** A date, time and location will be scheduled each week (most likely a Monday). If you can not play at the scheduled match time, you will need to contact the other team to set up another day, time and location to play. If you can't get the match in during that week simply skip that match and proceed to next week's match.

**Match Details:** Each player will play 1 six game doubles set and 1 six game singles set with traditional scoring. Whichever team wins at least 2 out of the 3 matches is the "X-Team Winner" for the day. All scores will be posted at [www.pvcta.usta.com](http://www.pvcta.usta.com) Each player brings a unopened brand new can of balls to the match. The winners of the singles matches take home the unopened can of balls and the losing singles players take home the opened can of balls.
