Master of
Science in

Health Information Management

Broaden Your Depth of Knowledge

UIC's Department of Biomedical Health Information Sciences is excited to launch a new Master of Science in Health Information Management program starting in the Fall semester of 2020.

- 100% online to fit your busy schedule
- Graduate from a university with the nation's largest medical school
- Learn advanced skills in a growing industry
- Upon completion, allows you to sit for the RHIA exam (pending CAHIIM accreditation of the program)

Admission Requirements

- Bachelor's degree from a regionally accredited institution
- Cumulative GPA of at least 3.0 for the last 60 credit hours of an undergraduate degree
- Personal statement
- Resume
- Two letters of recommendation

Completion of the Master of Science in HIM prepares graduates who are knowledgeable of requirements for compliance, revenue management, clinical classifications systems, healthcare law, systems analysis and design, healthcare quality, and governance of clinical and administrative data and information systems, as well as the management of human resources employed in these areas. Course work emphasizes development of a state of the art skill set and knowledge base grounded in healthcare information sciences
