Master of Health Administration
College of Health Sciences and Professions
Expand Your Impact.
Broaden Your Career.

You’re already a seasoned health care professional. Now develop additional skills for long-range career advancement. Our curriculum combines academic theory and practical learning to build upon your current experience. The result is a high-value education that qualifies you to lead in the business of health care.

WHY SHOULD YOU PURSUE THE OHIO UNIVERSITY MHA ONLINE PROGRAM?

• Complete coursework 100% online
• Interact with a diverse mix of seasoned health care professionals
• Learn from notable faculty with real-world experience
• Benefit from a leadership-driven curriculum
• Graduate in as few as two years
• Benefit from no residency requirement and no GRE for qualified applicants

Strike a Balance
Between Life and Learning

The Master of Health Administration Online program is designed so you can immediately begin applying concepts you are learning to your present work situation. The program is comprehensive and rigorous. The flexibility of the Ohio University MHA program helps you to earn your degree in as few as 2 years. In addition, family and personal obligations are more easily manageable when you complete the coursework according to your schedule — not ours.

Gain the Tools to
Lead Change in Health Care.

Your experience tells you what today’s health care systems need. Our MHA Online can equip you to use that knowledge to create positive change. Hone your expertise with a multi-disciplined approach to building effective health care organizations — an asset that can broaden your strategic leadership skills and further your career.
