Exposition leonard de vinci louvre visite guidee

- This event is no longer available to book in this room - Press Review Event Sheet 2019, the fifth centenary of Leonardo da Vinci's death in France, has a special meaning for the Louvre, which has the world's largest collection of Leonardo paintings, as well as 22 drawings. In this year of commemoration, the museum finds an opportunity to gather around the five essential paintings it preserves, namely the Virgin of the Rocks, the Belle Ferronnière, the Mona Lisa, which will remain in the room where it is usually exhibited - and the St. John the Baptist and the Holy Anne, most of the artist's paintings as possible, in order to confront them with a wide selection of drawings, as well as a small but significant set of paintings and sculptures. This unreleased retrospective of Leonardo's career as a painter will show how much he put painting above all else and how his research of the world, which he called the science of painting, was the instrument of his art, whose ambition was nothing less than to bring his paintings to life. The culmination of more than ten years of work, which saw in particular the renewed scientific examination of the Louvre's paintings and the restoration of three of them, which allowed a better understanding of his artistic practice and pictorial technique, the exhibition also helped clarify Leonardo's biography by taking all the file documents. She will paint a portrait of a man and an artist of extraordinary freedom. To find out: Do not buy tickets or reservations at the Louvre Museum. An extraordinary speaker who took us back in time and allowed us to discover the facets of Leonardo da Vinci. We learned a lot without it being boring, congratulations! Written on February 22, we saw this event with BilletReduc.com -President Confederate last Thursday, we visited Expo Vinci with Salina. She kept us on suspense from 11:45 a.m. to 3 p.m. without hunger or thirst that reminds us of order! We were a small group of 6 passionate about their comments that illuminate us far beyond paintings or drawings. Despite the crowds, we feel like an exhibition just for us thanks to its culture, its relevant analyses and its great availability. In short, a true happiness ... - written on February 22, he saw this event with BilletReduc.com -guided tour leonard da Vinci Excellent visit! A realistic and concrete vision of Leonardo's approach is built, coherent, interesting, always in the artistic and historical context of the time. A clear common thread keeps many things in memory. And also the particular touch of fantasy of Salima's colleague makes this visit outside the usual lot. Written on February 21, he saw this event with BilletReduc.com - Excellent visit! We enjoyed an excellent guided tour from Salina which was a lovely and professional guide. We've learned a lot. - written on February 17, he saw this event with BilletReduc.com -Very well The visit organized by Mrs Salina Coughou was very interesting. Yours and the way he presented this exhibition, which was sometimes difficult to follow in view of the extreme influx of visitors, gave us great satisfaction. We had come a long way, made some organizational efforts and were rewarded and admired, work and artistic commentary. - written on February 13, he saw this event with BilletReduc.com - Expo Leonardo da Vinci Passionate and therefore exciting person who knows how to make us live Leonardo da Vinci and make us discover from other angles as this exhibition wants! Thank you... we ask for more! - written on February 09, he saw this event with BilletReduc.com -passionate and passionate We went 5 to follow the explanations of our guide Salina and each of us drank his words. Without it we wouldn't have understood much about the very rich and complex exposure. Salina expresses hesitation with ease and simplicity and maintains attention and tension during the two and a half hours of the visit. He masters his subject and knows the Louvre as his pocket. We promised to take advantage of your knowledge and passion to request it again in other museums or streets of Paris. Thanks to her. - written on February 20 -Visit exhibition with Salina (top guide) Salina is a passionate and exciting speaker.
