

Associational VBS Clinic Options

Two associational VBS Team Packages will be available each year – LifeWay's Premier Theme for all ages including youth and adults, and Club VBS for preschoolers and children. They provide materials for faculty to conduct most of the conferences listed in each of the three options. Additional materials needed for certain conferences in Options 1 and 3 are available at the associational discount on the Team Package Order Form mailed to each association office in October. Conference plans will be available from state VBS promoters by contacting your state convention office.
