

Venice Family Clinic

2025 National Health Center Week

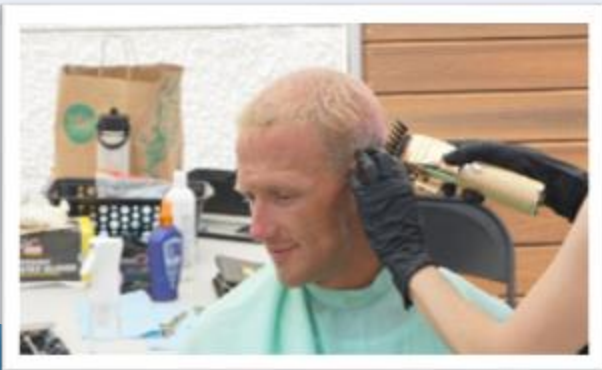

August 4 – 8, 2025

Join us for a week-long celebration of **National Health Center Week (NHCW)**, a nationwide initiative that highlights the important role community health centers play in advancing health equity. At Venice Family Clinic, we're proud to serve over 45,000 individuals and families across Los Angeles, and this week is our opportunity to shine a light on the comprehensive care and outreach we provide every day.

Throughout the week, we'll host events across the Westside through the South Bay, offering free health care services & screenings, COVID-19 & pediatric vaccines, HIV testing, mental health support, dental check-ups, oral health education, free food markets, school supplies & books for children, CalFresh & health insurance enrollment assistance, and more.

Why Sponsor?

Show your commitment to community wellness by sponsoring a powerful week of care that changes lives. Your support will not only provide essential health services to thousands of individuals and families, but also offer high-impact visibility across digital, print, and on-site communications—with opportunities to engage your team through volunteer opportunities.
