

NATIONAL HEALTH CENTER WEEK 2025

From August 4–8, 2025, Venice Family Clinic joined thousands of community health centers nationwide in celebrating National Health Center Week 2025 (NHCW) — a week dedicated to honoring the important role community health centers play in building healthier communities.

During this week, we hosted four days of free public events across Los Angeles County, connecting individuals and families to essential health services and resources. We also recognized our team with a staff appreciation day.

Our public events included:

Free Food Market + Resource Fair in Inglewood

Homeless Connect Day in Venice

Wellness Day in Culver City

Children's Health Day in Hawthorne

None of this would have been possible without our sponsors, in-kind partners and volunteers. Thanks to their combined commitment, children are better prepared for school, families have access to health services, and individuals experiencing homelessness have received life-changing resources and compassionate care.

A WEEK IN REVIEW – BY THE NUMBERS

Community Reach

1,114

community members
served

94 volunteers and
26 community partners

The Impact Doesn't Stop Here

While National Health Center Week has ended, our work continues year-round.

Venice Family Clinic provides comprehensive care to more than 45,000 people each year across the Westside, Inglewood, the South Bay and everywhere in between – regardless of their ability to pay.

We invite you to stay engaged, continue partnering with us, and help us advance health equity for all.
