HyDraw CAD® 2022 Hotfix 07 EN

Applicability: HyDraw CAD 2022 with Service Pack 2 installed.

Issues Resolved:

1. HyDraw CAD 2022 is compatible with VNLM 2.0.0.0.
2. Incorrect total license count shown when different license types are authorized under the same CLSID.

Date: Aug 06, 2025

HyDraw CAD® 2022 Hotfix 06 EN

Applicability: HyDraw CAD 2022 with Service Pack 2 installed

Issues Resolved:

1. When changing to a network license, the license is not released from the system.
2. After each consecutive hour of usage, HyDraw CAD is utilizing an additional license.
3. When closing one of the multiple instances of HyDraw CAD, the borrowed license is returned.
4. When closing one of the multiple instances of HyDraw CAD, the license should be picked up by the remaining open instance of HyDraw CAD.
5. External devices such as docking stations absorb the license upon activation.

Date: May 10, 2024

HyDraw CAD® 2022 Hotfix 05 EN

Applicability: HyDraw CAD 2022 with Service Pack 2 installed

Issues Resolved:

1. When authorized for a HyDraw CAD 2024 license, HyDraw CAD utilizes more than one license.
