

HyDraw® CAD 2026 Hotfix 02 -EN

Applicability: HyDraw CAD 2026.0.0.16– EN and above.

Issues Resolved:

1. Editing and Saving a Master Symbol Reduces Its Original Image Resolution or Size.
2. Item ID and its balloon become detached after replacing the symbol.
3. SQL database login fails in HC 2026 when using a password longer than 15 characters.
