A lot of issues with CPAP equipment is that it takes a long time to clean and must be cleaned on a regular basis.

[VirtuCLEAR](#) CPAP cleaner is a small, lightweight and portable CPAP equipment sanitizer that uses ozone to kill all germs and bacteria that are commonly found in CPAP machine . [VirtuCLEAR CPAP cleaner](#) uses ozone to disinfect your tubing, mask and humidifier chamber.

You may manually use VirtuCLEAR to assist clean a few troubling issues by way of connecting your CPAP tubing to a machine called VirtuCLEAR, then you have to put the mask in the VirtuCLEARING bag and also the area would be boosted by the ozone, then press the button on it and keep it working for 30 minutes. Automatic shut down of VirtuCLEAR occurs once the Thirty minutes of sanitizing is already done. Just simply pour out the water in the chamber if you want to clean the humidifier and then link the tubing which is connected to the mask to the humidifier chamber. In another, 30 minutes your tubing and humidifier will be cleaned. Every detail would be managed by this contemporary CPAP Cleaner.

VirtuCLEAR CPAP cleaning device sanitizes without water, chemical compounds or soap. VirtuCLEAR CPAP cleaning and sanitizing machine is not only an effective CPAP cleaner but is also great in keeping the cleaning extremely quiet. When compared to the other loud and troubling cleaning machine, VirtuCLEAR CPAP cleaner and sanitizer offers a soundless feature with.

Choosing between VirtuCLEAN and SoCLEAN

VirtuCLEAN and SoCLEAN are using Ozone to disinfect the 99.9% CPAP equipment and water or chemicals are no longer needed. VirtuCLEAN comes in two procedure since it is small as well as portable (it begins cleaning the mask and also the tube and lastly the device while SoCLEAN is just a 1 step cleaning equipment because of its size. SoCLEAN needs a change of filter every 6 months that costs \$30 as well as prewash of the CPAP equipment. SoCLEAN completes its cleaning procedure in two hours while the VirtuCLEAN two-way steps can reach upto an hour. In VirtuCLEAN, there is no need to use an adapter in any CPAP models. Battery is of no use with SoCLEAN since you need to plug it onto work. If you need a portable cleaner ideal for travelling, select VirtuCLEAN over SoCLEAN. VirtuCLEAN is extremely cost-effective than SoCLEAN.
